# "DON'T TELL YOUR BOY DON'T", SAYS BELL

**Show Him Something to Do and Give Him an Opportunity to Show His Real Worth.**

**BIG SECRET IS TO GIVE THEM WHOLESOME WORK**

**Every Church Should Be Provided With Gymnasium in Basement Where Boys Can Gather.**

[UNITED PRESS LEASED WIRE.]

Denver, Colo., Jan. 21.—"Don't say, 'Don't' to the boy. Give him something to do." This was the keynote of an interview given the United Press today by Professor John R. Bell, resident manager of the West Side Neighborhood House and principal of the Edison school here. Professor Bell, because of his success in handling lads of all manner of dispositions has earned the soubriquet of "boy-tamer."

"I pity the boy who has no chores to do around his home, I do not see how he can develop and I fear for his future. For the chores are what occupy the boy's mind and give him an opportunity to show his real worth," said Prof. Bell.

"A few years ago the boy could easily walk into the country, pick up a friend and go fishing. Now his pleasures must be found in less wholesome surroundings. I believe the country is good for the boy and the movement to the city must be studied and watched so that it will not work harm in that way. One of the big secrets of handling boys lies in furnishing them with wholesome work or recreation. It is a mistake to restrain any lad too much; instead his energies should be directed into proper channels.

"Every church shuld be equipped with a gymnasium in its basement so that children of the neighborhood can congregate there for their recreation. I believe in pool halls and billiard tables. One of the greatest things accomplished in our Neighborhood House has been in installing a pool room. I discovered most of the boys we were trying to help knew how to play pool and had played in the back of a saloon or in some other place where they had no business to go. So I decided to give them a chance to play pool in the Neighborhood House. And to a boy, they recognized the advantage of this and not one of them used indecent or vulgar language during the hours they have played there.

"We have given over to the forces of evil everything except what we should, it seems to me. Only a few years ago there was a terrible howl when it was suggested that we put poolrooms in the Y. M. C. A. buildings of the country. But that very thing has been the means of saving hundreds of young men."

### TO DRIVE OUT MIDWIFERY.

[UNITED PRESS LEASED WIRE.]

Philadelphia, Jan. 21.—Alarmed at the reports of investigations, the Bureau of Medical Inspection and Licensure, today is planning a vigorous warfare to be waged on the 800 or more illegal midwives who are practicing in Philadelphia. The majority of these women, according to officials, have never taken any course that would fit the mfor the medical profession or even to act as nurses in obstetrical cases. In the coal regions, investigators learned, there are hundreds of these "midwives" who advertise in the various languages "and ply their trade with no knowledge of the most important and physical and medicinal laws they should understand." According to the investigators, Pittsburg is the center, even more than Philadelphia, of illegal midwifery.

# IF KIDNEYS AND BLADDER BOTHER

**Take a Glass of Salts to Flush Out Your Kidneys and Neutralize Irritating Acids.**

Kilney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

### LONDON PRESS PRAISES CLARK, AMERICAN BARITONE

Charles W. Clark, the American baritone, whose European successes have matched those gained in this country, is to sing here Friday, January 23 at the Armory. The appearance of this sterling artist is more than interesting because he is regarded as the first of American baritones and ranked with the greatest living singers. Some of the London critical opinions show the extent of the triump lately achieved by Clark in the British metropolis.

The London Times' reviewer wrote "Mr. Clark returns to London with a program remarkable in many ways, particularly for the variety and emotional range of songs. It was as eventful a program as it was possible to give. Mr. Clark's intensity of dramatic perception and his extraordinary power of expression made the whole recital a most vivid musical experience."

The London Daily Mail said: "Mr. Clark is a fine artist and in emotional climaxes his singing was really thrilling."

"Mr. Clark sang through a varied selection of songs with all his accustomed power and knowledge of effect," said the critic of the Pall Mall Gazette. "His method is undoubted, while his voice remains as appealing as ever." In the London Daily Telegraph the reviewer wrote: "Mr. Charles W. Clark's recital in Aeolian Hall was completely delightful, for the singer is a fine artist. Only a few lieder singers are in the same rank with him."

### TO TANGO ON STREETS.

[UNITED PRESS LEASED WIRE.]

Denver, Jan. 21.—An old fashioned "Stockmen's Masquerade Ball" will be tonight's feature of the National Stock show celebration in progress here this week. Under the auspices of the Denver Press club, arrangements have been made for the dancing to take place not only in the big City Auditorium but to extend for four blocks along Champa street, downtown. There will be music on every street corner from Fourteenth to Eighteenth streets so that those desiring to tango or turkey trot in the open may do so. It is expected that several thousand persons will participate in the ball.

# BE PRETTY! TURN GRAY HAIR DARK

**Look Young! Nobody Can Tell If You Use Grandmother's Simple Recipe of Sage Tea and Sulphur.**

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also end dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark thick and glossy. Local Agent, J. C. Perry.

### DOG VALUES VARY WITH COUNTY LINES

If you are a resident of Union county and if you own a dog, and if it is an average Union county dog, that dog is worth $50.83.

But if you live in Clatsop county and own an average dog there, your canine property is worth only $2.

These respective valuations are set by the respective Assessors of the two counties named and equalized by their respective Boards of Equalization. The figures are taken from the summaries of assessment rolls of Oregon counties, as compiled by the State Tax Commission. They represent the two extremes of canine valuation in Oregon. Between these extremes of highest and lowest there are a lot of interesting highs, lows and intermediates.

Average value of a dog in Multnomah county, for instance, is $11.58; in Tillamook, $22.65; in Washington, $6.25; in Yamhill, $5.02; in Marion, $29.05; in Lincoln, $28.57; in Malheur, $4.06; in Curry, $50; in Lane, $16.82.

According to the Assessors there are more dogs in Yamhill than in any other county of the state. They number 1828. Union county pays taxes on the fewest—six. Multnomah pays property taxes on but 76 dogs, while Curry, the most sparsely populated county, pays taxes on 312 dogs. Clackamas, which adjoins Multnomah on one side, pays taxes on 1756 dogs, and Hood River, which adjoins Multnomah on another side, pays taxes on but 108. Next to Yamhill and Clackamas, Linn pays taxes on the greatest number of dogs—1141.

### ARKANSAS WANTS CONVENTION.

[UNITED PRESS LEASED WIRE.]

Memphis, Tenn., Jan. 21.—Arkansas delegates to the twelfth annual convention of the Hardwood Manufacturers' Association, which opened here today, planned to put up a determined fight to have the next year's meeting held in some Arkansas city. They said today that since this year's convention is the first held in the south since 1907 when Memphis was the seen of the gathering, there should be a second southern convention next year.
