

SPORTS

WILL ENLARGE BALL DIAMOND AT VARSITY

At a recent meeting of the "W" club, one of the strongest undergraduate organizations at the local university, it was decided that since the baseball diamond was much too small they would start a movement to completely cover the mill race by the side of the diamond and move the east grand stand back so as to give increased playing space. At the same time they intend to extend the track east, making a 220 straight away that will terminate right in front of the big center stand.

The need of more room for a baseball diamond has long been felt as has also the need of the 220 straight away. The changes will require considerable work the most of which will be student labor.

DUGDALE NOT SURPRISED BY FEDERAL'S OFFER

[UNITED PRESS LEASED WIRE.]
Seattle, Wash., Jan. 22.—President Dugdale of the local Northwestern league club declared today that he was not surprised to learn that Manager Mike Lynch of the Spokane club had been offered a three year contract to manage one of the Federal league clubs.

"The Federals have been after a number of players in our league but I am not in a position to give out any names. It does not surprise me that Lynch has been approached."

At the request of a representative of the Federal league, a Tacoma baseball man has today offered Lynch a three year contract calling for \$6,500 the first year with an added \$1000 for each successive year.

PITCHER AND SHORTSTOP SIGN WITH SACRAMENTO

[UNITED PRESS LEASED WIRE.]
Sacramento Cal., Jan. 22.—Manager Harry Wolverton of the Sacramento Coast League club announced yesterday that he had received the signed contracts of Pitchers Klawitter and Stroud and Shortstop Young. It had been rumored that all three of these players would be holdouts.

RULE WORKS BOTH WAYS.

[UNITED PRESS LEASED WIRE.]
Chicago, Jan. 22.—"If the courts," said President Weegham of the Chicago Federals, yesterday, "knockout our contracts with players they will by the same ruling, declare National and American league contracts void. Our contracts are similar to those of the older leagues except we do not have a reserve clause. Such a decision by the courts would give the Federals an opportunity to deal with players like Christy Mathewson and Ty Cobb."

BOTH SIGN WITH PHILLIES.

[UNITED PRESS LEASED WIRE.]
Philadelphia, Jan. 22.—President Baker, of the Philadelphia National league club, announced today that Catcher Killifer and Pitcher Brennan had signed a three years contract here to play with the Phillies, thereby repudiating their contract with the Chicago Federals. Brennan's contract was signed by Killifer, the twirler having given Killifer power of attorney.

RIVERS AND CROSS TO MEET FEBRUARY 21 OR 23

[UNITED PRESS LEASED WIRE.]
Los Angeles, Cal., Jan. 22.—Joe Rivers and Leach Cross will continue their general feud at Vernon arena February 21 or 23. Announcement to that effect was made today by Promoter McCarey.

Rivers and Cross met twice in New York in decision bouts. The battle scene then shifted to Vernon, where the Mexican easily won a 20 round decision.

McCarey caused a throb in the heart of Los Angeles fandom recently when he announced that he would try to bring Champion Willie Ritchie here for the Washington birthday date. But the hope died when Ritchie set April 3 as the date for his possible meeting with Tommy Murphy.

SAVYOUZ OUT FOR AWHILE AS RESULT OF REMARK

[UNITED PRESS LEASED WIRE.]
Los Angeles, Cal., Jan. 22.—Kid Williams, of Baltimore, who meets Eddie Campi at Vernon January 31, has joined the flag-waving class today, his victim being Frenchy Savouz, of Bordeaux, a sparring partner. During yesterday's training stunts, Savouz unfortunately muttered "vive la France" as he called into Williams, and the kid being a good American, even if his real name is Gutenko, did the rest. Savouz was out for ten minutes, and as a result Williams is nursing a sore right hand.

Both Williams and Campi are in fair shape for their bout, but Campi is reported to have found the weight difficult. Each boy boxed 10 rounds yesterday, and spent some time on the road.

TELEPHONE SERVICE FELL TO EVERYONE IN COMMUNITY

So far as telephone service in Days Creek and vicinity is concerned, according to information received by the state railroad commission today, an Utopian condition exists. The commission was notified that at the annual meeting of the stockholders, January 11, a resolution was adopted by an unanimous vote "to make our line free to all subscribers and non-subscribers."

The company's plan of meeting fixed charges, the cost of upkeep and other expenses has not been divulged to the commission.

A California priest predicted that earthquake and big wind storms, and the time of their occurrence, couldn't be weather bureau hire him!

JABS AND JOLTS

All men may be born free and equal, as per U. S. Constitution, but some of them drift into organized baseball.

Looking over the Federal Circuit, one is convinced that it will be a great little league for a player who is fond of travel.

Possibly the Federal League Circuit makes know their business, but they have overlooked the fact that it is a fine little jump from Vladivostok to Cape Town.

Charles Herzog is one of the youngest big league managers, but it is estimated that he will have aged at least ten years before the Fourth of July.

I do not care for athletes who go jumping on their skis and ride about a mile or so upon the Wintery breeze.

I do not care to ride upon a tall toboggan slide and skim about a mile or so across the countryside.

But I remember when I felt a wild, ecstatic thrill— When belly-flopping with my sled on good old Tory Hill.

One might call Gunboat Smith the world's championship white hope—that is, if one were not afraid of insulting him.

Wolgast's victory over Redmond shows that he has come back to such an extent that he can whip any wooden man in captivity.

I thought the glad new year would be devoid of woe and pain, But now, alas! full plain I see Bat Nelson's back again.

Mr. Murphy refutes the story that Heine Zim is on the market. Mr. Murphy had the said refutation in mind when he gave out the story that Heine Zim was on the market.

Gustave Fristensky, the Bohemian wrestling champion, is said to be working in a bathhouse, thereby demonstrating that he is not one of the Bohemians we read about.

A report from the American Association shows that King Cole was the iron man in that organization. He was the same in the National League, but the iron settled in his head.

Geography has much to do with life. Joe Birmingham got a motor car from his slave owner, whereas if he had been working in Cincinnati he would have been presented with a can.

There is a rumor a-wing that Johnny McGraw intends to buy a bakery—just as if he hasn't enough buns on his ball team.

Bob Fitzsimmons has been barred and yet they allow Carl Morris and Jess Willard to fight.

Ben Tincup has been signed by a big league club, but it goes without saying that it is not the Cincinnati club. In that case he would have to change his name to Stein.

"I never cared for baseball," said a stranger unto me, "But when I hear it mentioned now my heart is full of glee."

"Oh, welcome to our midst," said I. "Have you become a fan? And have you watched the pellet as it shoots across the pan?"

"And have you seen the wondrous feats of Speaker and Cobb, Or seen an extra inning game with Matty on the job?"

"Oh, no," the stranger answered me. "A game I've never seen, Nor have I seen a baseball as it coursed across the green."

I never gazed on Tyrus Cobb or Matty or McGraw; I merely love the grand old game because I practice law."

If the baseball question is carried to the supreme court we hope the decision will be handed down before our grandchildren have succumbed to old age.

Sing a song of baseball, Pockets full of kale, Four and twenty magnates Baise an awful wail.

When a new league opens They sing in accents loud: "Isn't that an awful mess To set before a crowd?"

Having heard of a riot at a Y. M. C. A. basketball game, we shall not be startled if there is a rough house at the next croquet tournament of the Epworth League.

TERMS OF MATCH ARE FIXED.

[UNITED PRESS LEASED WIRE.]
Chicago, Jan. 22.—The Paeky McFarland-Mike Gibbons boxing match today was set for February 12. The men will meet in New York, weigh in at 145 pounds at 4 o'clock, and will fight for 60 per cent of the gate receipts.

INSURES AGAINST RAID.

Los Angeles, Cal., Jan. 22.—In addi-

Make This and Try It for Coughs
This Home-Made Remedy has no Equal for Prompt Results.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

This simple remedy takes hold of a cough more quickly than anything else you ever used. Usually conquers an ordinary cough inside of 24 hours. Splendid, too, for whooping cough, spasmodic croup and bronchitis. It stimulates the appetite and is slightly laxative, which helps end a cough.

This makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasant.

Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in quinal and other natural pine elements which are so healing to the membranes. Other preparations will not work in this plan.

Making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful mixture has never been equaled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

tion to insuring his players against sickness and injury, President Maier of the Venice Coast league club will insure them against raids by the Federal league, he announced today.

ROSS BOYS JAILED.

South Bend, Wash., Jan. 22.—Earl Ross and Frank Ross, sons of Mrs. Marguerite Ross, the woman politician who was driven from her home a week ago by neighbors, were arrested today on a charge of assault. It is alleged that they felled a tree, intending to kill Mrs. Vanderpool, her son, Claude Vanderpool, and Miss Vera Howard, all of whom were in a cabin just below the tree.

The Ross boys were tried once before on an assault charge, growing from the homestead quarrel. Two more residents of the section, Joseph Axford and Earl Timmons, were arraigned today on the charge of having participated in the intimidation of Mrs. Ross. Eleven men are now under bonds, aggregating \$1500. The Ross boys were placed under bonds of \$1000 each.

GALLANT AND BURNS MATCHED.

[UNITED PRESS LEASED WIRE.]
San Francisco, Jan. 22.—Gilbert Gallant, Boston lightweight, was matched today to fight 20 rounds with Frankie Burns Friday, January 30.

PRESIDENT OF W.R.C. FILES ANNUAL REPORT

The following is the yearly report of the president of the W. R. C.:

"To the officers and members of Sedgwick Relief Corps No. 1: I beg leave to submit the following report of work done during the year of 1913. On January 4, 1913, I was installed into the office and assumed the duties of president of Sedgwick Relief Corps No. 1. I have tried to perform the duties of that office to the best of my ability, and with the help of so many sister members, who are always ready and willing to assist in time of need, I have found the year to be one of pleasure. I have attended 24 regular meetings and one special meeting of the corps during the year (the special meeting being held for inspection). I also have attended every sewing society meeting during the year, attended the department convention at Newberg, also two relief corps picnics, one with our home corps and one in Portland. I have made 53 visits to the sick, also a number of social visits among our members. I have attended the funerals of 12 comrades of the Grand Army, and of two of our own corps members, and the funeral of the mother of one of our members. Have held two memorial services for comrades of the Grand Army, also two burial services for two members of our order. I have taken in by transfer six members and initiated 12 new members, a total gain of 18 members; have lost one by honorable discharge and two by death; have paid for flowers for funerals and for the sick \$30.05; have paid for relief in cash \$17.35, and have answered many calls for relief in other ways than money. With the closing of this year's work, I want to extend my heartiest thanks to the officers and members who have helped to make this year's work what it has been.

"Respectfully yours in F. C. & L.,
"MARY B. LICKEL,
"Corps President."

SAYS SEX TEACHING IS BOUND TO COME

[UNITED PRESS LEASED WIRE.]
Champaign, Ill., Jan. 22.—Sex hygiene can never be taught successfully in the public schools until the minimum age and wage of the country girl school teacher is raised, in the opinion of Prof. W. B. Miller, secretary of the school of education of the University of Illinois. Reviewing the recent action of the Illinois State Teachers' Association in voting to create a section in the association for the "discussion of moral and religious subjects," looking toward sex education, and the contrary action of the Board of Education of Chicago in voting out sex lectures after four months trial, Miller declared his belief that sex education eventually must come, but that it probably will have to be preceded by distinct preliminary changes in the school system.

"Of course, at the bottom of the question lies the primary fact that the parents ought to instruct their children," said Miller today, agreeing with Governor Dunne and other speakers before the recent state teachers' convention. "But so long as they do not, and there appears no likelihood that a majority of them will soon, the school system ought to provide for such degree of the education as seems desirable. Just how far such education should go will first have to be determined. It must be plain to every one that any course in physiology and hygiene which entirely neglects the reproductive or productive organs and functions is incomplete. Educators must decide to give boys and girls the same knowledge of these organs and functions as they do of the heart or stomach or eye.

"Despite the unfavorable start made in Chicago, it seems probable that a few more years of study and experimentation will develop the methods best applicable to the city schools. But country schools have a peculiar difficulty. In Illinois, for example, and I believe the average of states will show the same condition, there are over three thousand school teachers receiving a salary of less than \$300 a year. I do not argue the merits of higher salaries here, but it is obvious that no persons of great experience and skill in teaching or great tact in the handling of children can be secured for this salary. What is the fact? Most of the teachers in the country schools are girls, barely past the minimum age for teachers and with absolutely no experience beyond the grades or perhaps a year or so of high school or normal work. It will never do to trust the teaching of the sex problem to these girls. The blind should not lead, and the unlearned cannot be expected to teach well.

"It all means then, that there must be a special training for teachers in the sex course. It will come doubtless with the general tendency toward better teaching of teachers, through the enlargement of normals and colleges and university courses in education."

The less a man has to say the less he may have occasion to retract.

MAKES PENITENTIARY VERY PLEASANT PLACE

[UNITED PRESS LEASED WIRE.]
Columbus, Ohio, Jan. 22.—"There's a spark of good in every man; the 'blood will tell' idea is bunk; if a man isn't a thorough criminal he can be trusted; normal men have honor and they can be relied upon to a certain extent, some more, some less." Thus prefacing an explanation of Ohio's new "make man" policy, Warden P. E. Thomas, the first expert criminologist ever in charge of Ohio's famous old penitentiary, today told the United Press correspondent that the honor system among convicts is a success. Warden Thomas has experimented with the honor system in Ohio a little over a year today. Here are a few plain facts about the system as explained by the warden:

About 360 men are working in the open air on their honor. A big percentage of the men are building roads for the state. Guards aren't needed; an overseer bosses the work. The largest per cent of "honor men" are life terms. They wear blue overalls like ordinary laborers and have Sunday clothes. They go to church on Sundays. They work eight hours a day. They are paid five cents an hour; ninety per cent goes to their dependents, the rest to them. Less than one per cent have tried to escape in a year. Honor men have all served from one to fifteen years behind bars. One prisoner who was recently sent out to work "on his honor" after sixteen years behind bars, was badly frightened by a passing automobile. He is serving a life sentence for murder. "The long term men are best," said Warden Thomas. And Warden Thomas is said to know his men from "A to Z."

"Criminals are classified in four divisions," declares Ohio's warden. "They are the feeble minded, criminal by choice; criminal by circumstances and criminal by environment. The theory that 'blood will tell,' 'like father like son' is all wrong. Men are good for three reasons: Those of higher mentality do right because it is right to do right; a second class do right through hope of reward; a third class do right through fear of punishment." It is the first class and second divisions from which Warden Thomas recruits his honor men. Warden Thomas has accomplished other things aside from succeeding with his honor system. He has eliminated stripes and substituted a light grey material for prison uniforms; abolished inhuman punishments, such as water cures, chain stings and whippings; put into operation the theory that a full stomach contributes to discipline; built new and better ventilated cells and established a dormitory for "good" prisoners where several hundred of them will soon have their own tables, chairs and beds with no bars in sight.

On the Poacatello forest, Idaho, 230,000 trees were planted during the past year, and almost half a million in the past three years, fully three-fourths of which are alive and doing well.

SALT LAKE GIRL HELD IN CASE OF MORMON

[UNITED PRESS LEASED WIRE.]
Los Angeles, Jan. 22.—Miss Hawthorne will be held as a witness against Thomas Major, the Mormon arrested yesterday on a white slave charge. Mean while she will be cared for at the home of James F. Robinson, head of the Mormon church in Southern California. Robinson also will question Major as to his reported connection with the church.

Secret service operative John Bowen, who arrested Major at a cozy bungalow which he declared the pair occupied here, said that Major has a wife and two children at Glasgow. He met Miss Hawthorne, the officer said, while she was living at the Joseph Smith house at Salt Lake.

"On December 17," Bowen said, "Major came to Los Angeles, having arranged for the girl to follow him on January 9. He paid her fare. She arrived here January 11 or 12. The couple lived for a short time at Venice, later coming to the bungalow, they occupied here."

LOYAL WHETHER HERDING SHEEP OR IN HIGH OFFICE

In his address at Portland yesterday Governor West said, in part, in regard to the Copperfield affair:

"I've been criticised for sending Miss Hobbs up there. But Miss Hobbs has a way of going at a job and bringing back the goods. If there is any crime on which I would make an exception as to capital punishment, I would say it should be the crime of bringing back an excuse and not the goods.

"There is one thing I can truthfully and honestly say, and that is that I have always been loyal to my employers, whether it was herding sheep, working in a butcher shop, working in a bank, on the railroad commission or on this job, I try to give my employers the best there is in me. I hold myself responsible to the people of this old state and to God Almighty, and I'm trying to do what I believe is right, and what I consider good service. Men have said that I am trying to fish for votes. I'm running away from them. And I'll get out of this job just as soon as I can."

TELEPHONE SERVICE FELL TO EVERYONE IN COMMUNITY

So far as telephone service in Days Creek and vicinity is concerned, according to information received by the state railroad commission today, an Utopian condition exists. The commission was notified that at the annual meeting of the stockholders, January 11, a resolution was adopted by an unanimous vote "to make our line free to all subscribers and non-subscribers."

The company's plan of meeting fixed charges, the cost of upkeep and other expenses has not been divulged to the commission.

A California priest predicted that earthquake and big wind storms, and the time of their occurrence, couldn't be weather bureau hire him!

Modern Conveniences

LENGTHEN THE LIFE OF YOUR RUGS

The dirt below the surface doesn't show. It soon destroys the fabric of a rug. A broom of carpet sweeper won't touch it. The Frantz Premier will get it all, surely, quickly and easily. Weighs but a few pounds. Costs cent an hour for current. Fully guaranteed. Priced for the smallest home. Phone for free demonstration.

There was a time when few people had bathtubs, or hot and cold water in their homes. Now nearly every home is equipped with these modern conveniences. There was a time when the old corn broom was wielded with a great deal of satisfaction, but no well informed housekeeper now believes that a room swept with a corn broom is clean.

The Premier Suction Cleaner

Is a modern convenience which should be in every home. It saves labor, saves dust, saves the carpet and cleans them better than any other method. The annual housecleaning is unknown to a home with a Premier, as the house is always clean. Let us send our man to show you one in your own home.
