WOMAN IS SENT TO HOSPITAL FOR INSANE

Found Wandering Aimlessly About the Town of Waconda and Claims to Have the Sum of \$3,500,000.

SAYS EVERY MAN WHO MEETS HER FALLS IN LOVE QUICKLY

Has Been Leading Fast Life for Past Ten Years, She Says, and Was On Her Way to Frisco.

Every man that I get acquainted with, falls in love with me," was the somewhat startling remark made to Sheriff Esch last Sunday afternoon by Doris LaBlanche, a woman about 32 years old who was found wandering aimlessly about the town of Waconda Saturday.

The authorities at Waconda placed the woman, evidently deranged, on the train and sent her to this city at the request of the sheriff. Examination before Judge Busby resulted in the finding that the woman was insane and she was committed to the asylum yesterday.

Miss LaBlanche's case is a curious one. She shows no outward appearance of being mentally unbalanced, talks freely and well and displays good breeding. She told the court where she was born and how she had lived for the past ten years, the latter information being nothing to her credit as yet. Her story to the waconda authorities was that she was on her way to San Francisco where she was to receive \$3,500,000 which had been left her in one of the San Francisco banks.

ATTACKS VALIDITY OF CALUMET INDICTMENTS

[UNITED PRESS LEASED WIRE.] Houghton, Mich., Jan. 27.—Attorney H. W. Kerr, of counsel for the Western Federation of Miners yesterday introduced a motion in circuit court here that all indictments against 33 officials and members of the federation for alleged conspiracy in connection with the copper miners' strike be quashed. He argued that the grand jury which returned the indictments was illegally drawn, that its sessions were not secret inasmuch as Attorney General Grant Fellows and Governor Ferris had visited the jury room and conferred with

the jurors during deliberations and that the employment of a special prosecutor in the grand jury room was in violation of the state laws. Judge P. H. O'Brien deferred decision on the motion until Monday.

The federation attorneys also moved for a change of venue in all strike cases, alleging that impartial juries could not be obtained in Houghton county. Again Judge O'Brien reserved decision.

Attorney Kerr announced in court yesterday that President Charles H. Meyer, from the federation, Vice President Mahoney and the four other indicted federation officials who are outside the state would come voluntarily to Houghton when they are wanted. All defendants have been cited to appear before Judge O'Brien next Monday.

SEEKS TRACE OF LOOT SECURED BY MURPHY

[UNITED PRESS LEASED WIRE.] New York, Jan. 27.—With the bank accounts of sixteen politicians including Charles F. Murphy, "Chief" of Tammany Hall, and James E. Gaffney, alleged "bugman," now in his possession, District Attorney Whitman yesterday started a search of the records of every bank in the state in an effort to obtain evidence showing the existence of a plot to loot the state of vast sums of money.

Whitman expects to get his hands on the bank accounts of many other politicians. If legal obstacles are put in his way, James W. Osborne, special investigator for Governor Glyn will aid the district attorney. Osborne has statewide authority so that if Whitman may wish accounts outside his jurisdiction Osborne, will order them produced.

Whitman does not expect to find all of the alleged graft money in the state. He is said to believe that some was banked in Canada, New Jersey and Pennsylvania, and some even sent to Europe. The names of eleven men, a record of whose transactions Whitman has in his possession are known. The identity of five others has been kept secret.

LIKELY VICTIM OF SLAVERS.

[UNITED PRESS LEASED WIRE.] Boston, Mass., Jan. 27.—That Miss Eleanor Arlin, Brooklyn girl who has been missing since January 13 is the victim of white slavers, is the belief of Mrs. Catherine Dolan, of Detroit, who arrived in Boston today to direct the search for the missing girl.

Stretch the truth and it will fly back and sting you.

MARRIAGE LINES SHOWS THEIR GOOD FAITH

[UNITED PRESS LEASED WIRE.] New York, Jan. 27.—If those score of affinities, soul mates, etcetera, who have been turned back from Ellis Island, had several trunks of marriage linen to show their good faith, they would have got by if the experience of Miss Held Naas, of Oakland, Cal., and her husband-to-be, Gustave S. Bohlin, is any criterion.

"More soul mates, eh?" said the inspectors when the two landed from the steamer Cedric. But an examination of the bride-to-be's trunks disclosed great piles of household linen, given her by the women of Jemmland in the Arctic circle, where the Oakland girl and boy, childhood sweethearts, met again on a visit. So Uncle Sam said "O. K."

Today the two are speeding westward to the coast city where they will be married with Miss Naas' brother, an Oakland merchant as witness.

SICK, SOUR STOMACH, INDIGESTION, OR GAS

Take "Pape's Diapiesin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

SAYS PROSECUTORS HOLD UNTIL 1916

Attorney-General Crawford in an opinion today, holds that, under the county attorney act, no district attorneys can be elected until 1916. All vacancies, no matter how they occur, says the attorney-general must be filled by appointment by the governor until 1916. The terms of the district attorneys will expire January 1, next, and the man elected governor at the coming election will fill the vacancies, according to the opinion.

The attorney-general rendered the opinion at the instance of the clerk of Baker county.

THIS LOOKS LIKE DELIBERATE MURDER

The report of the Masterson-Norling tragedy published in various papers last week convey the impression that the shooting occurred in a drunken row; the evidence at the inquest does not show that there was any row or quarrel at all.

The men were returning from Holland on foot and being tired and wet from the long tramp through the snow, stopped at the Osborne cabin to spend the night. Norling had gone to bed after hanging his wet clothes near the stove that they might be dry in the morning. His body when found was in the bed with the hands clasped together, the face burned with powder indicating that the gun had been held almost against the head and everything indicating that he was asleep when shot and that he never awakened.

The face of Masterson was also powder burned and the position of his body when found indicates that he had been outside the house and just as he entered the gun was thrust in his face and fired. The story about the giving up of Alexander to the officers is only partly true. That he attempted to get away is proven by his tracks which led up in the mountains to the deep snow where finding escape impossible he returned and surrendered.

The only reasonable theory of the killing is that the slayer was insane and possessed of a homicidal mania.—Lockport Post.

BRIEFS ARE FILED IN THAW HABEAS CORPUS CASE

[UNITED PRESS LEASED WIRE.] Concord, N. H., Jan. 27.—Briefs in the Harry K. Thaw extradition and

habeas corpus case were filed with the United States district court at four o'clock yesterday afternoon. Copies were delivered from the printer to the Thaw attorneys shortly before four. The brief is some thirty-five or forty pages in length and is a summary of oral arguments made in various Thaw hearings. The federal court hearing on the habeas corpus case may be held the last of this week.

A NEW BREED OF HENS.

A new breed of poultry has been developed by Frank James, of Gresham. He calls the new fowl the Buff Quinto. It is a cross between the Buff Rock and the Buff Leghorn and is the result of six years' experimenting.

For 1913 one of the selected hens of the new strain made a record of 200 double-yolked eggs and 27 with single yolks. This hen is not two years old. None of the other hens approached this one on this record, but did fairly well. The chickens have five toes generally, although some have come out of the shells with four toes.

Mr. Jones is still experimenting and does not intend to dispose of any of the eggs for hatching purposes this year.

ACCUSED OF SMUGGLING.

[UNITED PRESS LEASED WIRE.] New York, Jan. 27.—Lucius N. Littauer, former congressman and his brother, of the firm of Littauer Brothers, of Gloversville, N. Y., have been indicted by the federal grand jury charged with the smuggling and receipt of a diamond necklace valued at \$40,000, it was learned today. It is charged that Littauer brought the necklace to this country in December, 1913, without payment of duty.

BATTLESHIP QUARANTINED.

[UNITED PRESS LEASED WIRE.] New York, Jan. 27.—Because one seaman had diphtheria and 19 of his mates are complaining of sore throats, the battleship Arkansas yesterday was quarantined at the Brooklyn navy yard.

CONSIDER STRIKE PROBE.

[UNITED PRESS LEASED WIRE.] Washington, Jan. 27.—Consideration of the Ashurst resolution calling for a national investigation of the Michigan copper strike situation was begun yesterday afternoon by the senate committee on education and labor. Secretary of Labor Wilson was requested to have his report on this subject briefed for the benefit of the committee, after which it will probably be referred to a sub-committee for action. The Thomas resolution for an inquiry into the Colorado situation was not reached.
