TANGO IS EVERYTHING AND EVERYTHING TANGO

Milliners, Dressmakers, Jewelers, Corsetiers, and Hairdressers Have Been Exceedingly Busy.

SOMETHING WHICH HAS RESULTED FROM LABORS

Creations Which Are in Favor Because of Craze Over Latest Popular Dance Are Numerous.

BY MARGARET MASON.

(Written for the United Press.) There was a tango maiden And she had a tango smile, She wore a tango bonnet And she danced a tango mile; She met a tango teacher And became his tango wife; And ever since they've lived, I hear A tangled tango life.

New York, Feb. 6.—There's a tang in the tango that has gotten into everyone's blood. The tango is everything, and everything is tango.

Strong men and fair actresses have had stronger cigars and weaker perfumes named after them but nowadays everything from tobacco to tooth paste, from hardware to haberdashery is done in the name of the tango. Certain it is that the little milliners and dress-makers and boot makers and corsetiers and hairdressers and jewelers have gotten busy and brought forth enough tango togs to cover us from top of our tango heads to the tips of our tango toes.

First and foremost of all is the new tango hair which is of the most hectic of hues dubbed tango red. Perfectly good tango hair may also be done in equally riotously radiant shades such as cobalt blue, mauve, Nile green, or orange. Then your tango dyed locks should be done in the tango coiffure which means that it must all be loosely waved, drawn neatly back from the face and the back hair fastened and tucked under at one side of the head with a jeweled tango comb or two jeweled tango pins. Perch on top of all is one of those fascinating little lace tango caps exploited by Mrs. Vernon Castle and the tango head is fashionably complete.

Tango Corset Should Be Start.

The tango corset should be the start and foundation of your tango toilette de luxe. The accepted model is of silk tricot with but one band in the front and back. It allows the figure full play and yet is so admirably constructed that it confines and holds well in its proper place any undue embodiment.

Over this foundation you may take one of three choices. The tango jacket, which starts from the waist and fastens snugly with elastic about your ankles the tango garter pantaletts which are dainty lace and chiffon ruffles fastened either to the knee with a satin garter, or the dainty lace incrustated tango petticoat, scant and diaphanous and slit at either side to allow your legs and glide full sway.

The favored tango frock of the moment is of the softest taffeta. It almost invariably boasts a tunic a la Minoire although a model simply dubbed "Tango" which is being exploited by a well known Paris firm has a decided pannier in its first and original form.

JURIES CONTINUE PROBE.

[UNITED PRESS LEASED WIRE.] Redwood City, Cal., Feb. 6.—California's first women grand jurors, those of San Mateo county, like their work so well that they are going to keep it up, even if they must do so in an unofficial capacity. As a preliminary step, plans were completed today for the organization of a county committee of women to investigate everything that looks like it needs investigation. The leader in the movement is Mrs. Elnora McCroskey, who was a member of the jury. The other jurists are also included as are many well-known San Mateo county women who had not the good fortune to serve on the inequitable body. While the women's future investigations will be extra legal, the leaders say they will be extremely thorough and that by the time they are concluded San Mateo county will be thoroughly purified. Judge Beck suggested such an organization when he discharged the jurists recently.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel and Pills Act on Liver and Bowels Like Pepper Acts in Nostrils—Danger!

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. This condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty. Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

seductively at every tango twist and turn.

It is with just these fascinating and expensive touches that the jewelers get in the dance. They have you by the ears with lovely long and bobbing tango earrings, glistening with semiprecious gems that scintillate with every toss and quiver of a lovely tango head. Charming waist long strands of varicolored tango beads they offer also and their latest chef d'oeuvre is the tango ring.

It is of a large design, the dimensions of a dinner ring, barbarically Oriental in effect and always composed of sparkling stones that fail not to catch the light and twinkle even as the twinkling toe.

These rings show up well on either hand whether it be the one coyly held out stiffly at right angles to the body in the tango partner's clasp or the one that rests coyly upon his manly tango shoulder.

Of course as the last essence of tango perfection you must spray your hair and hankly with the newest Tango perfume and there you are a finished tango product. Oh there's no doubt but that it clothes and all, we're not merely tangoing mad we're already tangoing.

CAPITAL HOUSEWIVES PLAN SERVANT REFORM

[UNITED PRESS LEASED WIRE.] Washington, Feb. 6.—"An ignorant mistress makes an indolent servant." Holding this truth to be self evident the Housekeepers' Alliance of Washington has undertaken the education of its 200 members in household economics, as a part of its general scheme to solve the servant problem and incidentally keep the cost of living with bounds. It has organized a "reference circle," which will meet once a month. Here each member will bring her domestic problems for analysis and the bride may learn from the experience of the woman who has celebrated her silver wedding.

Eventually the Alliance will establish a school for housekeeping, where girls, especially those from the country will be trained as cooks, dining room girls, and nurse girls," said Mrs. Guion Miller, president of the organization, in an interview with a United Press correspondent today. "In the meantime, however, we believe that the average wife and mother has much to learn in the way of proper management and the reference circle was organized to meet this particular need. Its meetings are open to every woman interested in running a household and its discussions are most informal."

One of the objects of the circle is to stop the abuse of "references" by servants. Every reference presented to a member of the circle is religiously followed up and they have promised to issue no laudatory references to incompetents. A card index showing the records of several hundred girls is one of the features of this work.

The Alliance also devotes much attention to retail grocers and butchers. It takes the position that the middle-man is a necessity but that his profits should be reasonable and his products clean and wholesome. Mrs. Harvey W. Wiley is one of the leading members of the Alliance.

WASHINGTON SHOCKED BY DEATH OF BREMNER

[UNITED PRESS LEASED WIRE.] Washington, Feb. 6.—President Wilson was deeply affected by the death in Baltimore yesterday from cancer of Representative Bremner of New Jersey. The latter was one of the original Wilson boosters. Bremner was known as the most cheerful man in the house despite his affliction.

Physicians were astonished by Bremner's vitality. Only his optimism, they said, kept him alive recently. Radium worth \$100,000 was twice buried in the cancer in his shoulder but Dr. Kelley of Johns Hopkins hospital said he was too far gone to cure.

After his treatment started, Bremner issued the following statement through a friend:

"Radium is a wonderful thing. If experimenting on me has added any new facts to science my life has not been in vain but has helped our race. My life is not worth one tenth the effort that has been made to save it. The question is not whether I will recover but whether I am going to live up to the ideals of dying gamely. Some day science is going to conquer cancer and I think I had rather be among those who were in the fight than one who placidly reaps the benefit."

UNION PACIFIC TO SPEND MILLIONS IN NORTHWEST

[UNITED PRESS LEASED WIRE.] Portland, Ore., Feb. 6.—President J. D. Farrell, on his return yesterday from New York, announced that the Union Pacific system's directorate had authorized an appropriation of between \$5,500,000 and \$6,000,000 to be spent in improvement and extension of the O. W. R. & N. lines in Oregon and Washington.

This means, Farrell said, that the Olympia extension will be built, the Spokane terminal project pushed, and the Vale extension into central Ore-

Recipe Department

Caramel Filling.

2 cups granulated sugar. 1/2 cup cream. 2-3 cup butter. 1 1/2 teaspoonfuls Mapleine. Mix the sugar and butter and cream, boil ten minutes and add the Mapleine. Beat until just right to spread. Enough for two cakes.

Mapleine Taffy.

2 cups granulated sugar. 1/2 cup vinegar. 1 heaping teaspoonful mapleine. Boil sugar, vinegar and water until it snaps, take from fire, add the mapleine and pull. Cut in pieces to suit.

Fig Layer Cake.

1-3 cup butter. 1 cup sugar. 1 egg. 1 cup milk. 1/2 cup finely chopped figs. 2 cups flour. 1-3 teaspoon salt. 1 teaspoon Crescent baking powder. Beat the butter and sugar till creamy and add the beaten egg and milk; that the figs, and, lastly the flour, salt and baking powder sifted together. Bake

Crescent Loaf Cake.

3-4 cup butter. 1 cup sugar. 2 eggs. 1 cup milk. 2 cups flour. 1 1/2 teaspoons Crescent baking powder. Pinch of salt. 1/2 cup Chopped Nutsmeats. Cream butter and sugar; add with beaten eggs; sift flour, salt and baking

Winning Its Way

True merit is creating a demand in Salem for our genuine Arabian Mocha that is not equaled by any other coffee. Its superb flavor is unsurpassed. A trial proves it.

FOR PARTICULAR PERSONS 30c, 35c, 40c, & 45c the pound

A Delicious Sauce for Brown Betty

Here's a perfectly delicious way to serve this pudding. Use your own recipe for Brown Betty—serve with it.

Mapleine Sauce

Dissolve 1 cup sugar, 1 dessert-spoonful cornstarch and 1 tablespoonful butter in 1 1/2 cups of boiling water. Cook till thickens. Stir in 1 teaspoonful Mapleine.

This is one of the many ways in which Mapleine adds a "dash of deliciousness" to desserts and dainties. Grocers sell it. If yours don't, we'll supply you.

Send 2c stamp for "Mapleine Dainties" recipe book.

CRESCENT MFG. CO.
Seattle, Wash.

powder and add alternately with milk. Add nut meats and flavoring last. Let stand ten or fifteen minutes before baking in moderate oven. Bake one hour.

Crescent White Loaf Cake.
1/2 cup butter. 1 cup sugar. 1/2 cup sweet milk. 1 1/2 cups flour. 1/2 cup corn starch. 1 teaspoon Crescent baking powder. Whites of 3 eggs. Lemon or orange flavoring. Cream and sugar; add milk; sift the baking powder and flour and add alternately with whites of eggs, which have been beaten stiff.

Maplemecha Cake.
1/2 cup butter. 1 cup sugar. 1 whole egg. 4 yolks. 1 3/4 cups flour. 3-4 teaspoons Crescent baking powder. Cream and sugar thoroughly; add well beaten eggs and yolks. Sift three times, flour and baking powder, and add alternately with milk. Bake in three layers and put together with Maplemecha Frosting.

Cream together one cup sifted confectioner's sugar, one heaping tablespoon butter, two teaspoons cocoa and eight drops Mapleine. Add gradually two tablespoons strong coffee. It not thin enough add drop by drop more coffee. If too thin add more sugar.

JANUARY BUSY MONTH IN EDUCATIONAL WORK

The rapid growth and development of the state is reflected by a report made yesterday by Superintendent Churchill. January was the busiest month in the history of the department and February may set a new record, Mr. Churchill says.

"New districts are springing up and new school houses being built in many places where a few years ago there were no settlements at all," says the report. "Each month there is a gradual increase in the routine work of this department. In January we received 3065 letters, making an average of 115 letters a day. These letters came from all sections of the state and often we had letters from persons in the East who wish first to know about the schools of this state."

"In addition to the correspondence, this department issued the following bulletins: Two bulletins on 'Industrial Education,' one to teachers giving directions as to how to organize the boys' and girls' industrial clubs, and the other to the school children of the state, giving them full details of the plan; a bulletin on 'Fire Prevention,' consisting of 18 chapters on as many different subjects; a bulletin on 'Parent Teachers' Associations,' giving suggestions for organizing and directing the work; another bulletin to teachers, giving the laws of certification; one giving the reading circle list and another giving a teachers' directory of the state and a bulletin on the teachers' examinations. "The state board of examiners was also in session at the beginning of this month and graded the manuscripts of 1169 applicants.

"Besides the office work, the field workers were busy in January. General Villa is one of the most talented financiers since the days of Captain Kidd.

Paris says new gowns will be more decidely. Well, that's better than taking any more off the other end. Radium still costs a little more than beef, but the new tariff is working to the advantage of beef in the race.

It sometimes happens that a girl who

May Help You if Lungs Are Affected

Proper diet, fresh air and temperate habits are beneficial in persons suffering from Lung Trouble, but in a great many instances reports show that the addition of a medicine for this affection has materially helped in bringing about recovery. For more than fifteen years, Eckman's Alternative, a medicine for Throat and Lung Trouble, has accomplished good results. Read what it did in this case:

"Gentlemen: In December, 1908, March, 1909, and September, 1910, I was taken with hemorrhages of the lungs which continued for several weeks, such time as I had, my doctor advised me to go West. In November I started for Denver, Colo. After my arrival at the Hotel Broadway, who, upon learning of my condition, urged me to take Eckman's Alternative. I kept on taking the medicine and improved fast. In March, 1911, I returned home. I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 120 pounds, I now weigh 165, my normal weight. I thank God and your Alternative for my health."

PAUL L. PARNACHT.
(Above abbreviated, note on request.) Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomachic and in upbuilding the system. "Cautions to be observed: Do not use habit-forming drugs. Ask for booklet telling of preparation, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

J. C. Perry, Druggist.

MISS LAWLER FOUND

IN CHICAGO Y. W. C. A.

[UNITED PRESS LEASED WIRE.] Chicago, Feb. 6.—Miss Florence Lawler, aged 16 years, who disappeared from her New York home, was located here today at the Chicago Y. W. C. A. She was not told that relatives were en route fearing she would run away again.

Miss Lawler was found here Tuesday evening at LaSalle station. She appeared to be lost and consented to go to the Y. W. C. A. while employment was being sought for her. "I quarreled with my parents," she said, "and determined to run away. The report that I was involved in any love affair is untrue."

DANISH PRINCE A BOY SCOUT.

[UNITED PRESS LEASED WIRE.] Copenhagen, Feb. 6.—Crown Prince Frederick, who with his younger brother Prince Knud, joined the Danish Boy Scouts last year, today was appointed "English Translator" for that organization. He won the job by fulfilling three tasks: writing a long and really clever essay in English on the boy scout movement, translating an article from a London newspaper, and in conversing in English for an hour.
