

WEST SALEM WOULD LIKE TO JOIN CAPITAL CITY

Movement on Foot and Favored by Many Residents of Both Places, According to Attorney.

SLOGAN IS SELECTED BY SALEM COMMERCIAL CLUB

"In the West, Salem Best" Is Voted Satisfactory and Will Be Used in Boasting From Now On.

According to Attorney Ernest Blue, the well known local booster, who resides across the river in West Salem, a move is now on foot to annex the prosperous little community over the steel bridge with the capital city proper.

Attorney Blue said that all that is needed now is an up-to-date bridge across the Willamette to connect West Salem with Salem permanently.

He declared that the people of West Salem are desirous of joining hands with the city and that in the event a decent bridge is erected between the two points that they will take steps to annex themselves with their big sister across the river.

The speaker informed the club members that the churches of Salem want to lend a hand in boosting and that they should be given some encouragement.

President Rodgers responded by saying that the churches are welcome to join in the game and extended a hearty welcome to take part in the work which is being carried on by the club.

Other Matters. It was suggested last night that an electric sign be erected at the Southern Pacific passenger depot to inform the travelers that Salem is on the map.

President Rodgers announced that, providing the petitions are accurate, the road bond issue election will be called about the middle of next month.

A short talk was given by Attorney H. H. Turner in which he said that there should be more factories in Salem. He pointed out the necessity of manufacturing plants and what advantages the industrial city has over the city which depends solely upon its adjacent agricultural territory.

They Love to Take it and it Doesn't Harm the Tender Little Stomach Liver and Bowels.

If your little one's tongue is coated it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs" and in a few hours all the clogged-up, constipated food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child tomorrow.

A Skin of Beauty is a Joy Forever

Dr. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

Removes Tan, Pimples, Freckles, Moth, Patches, Rash, and Skin Diseases, and every blemish on the face. It is so delicate, it has been used for 40 years, and is so harmless that it is used to beautify a properly made Accept no imitations.

and that the city should take them over. Rev. Avison also said that Salem should have a better market for the farmers. He declared that the market should be extended to such an extent that a ready sale for all of the produce raised in this vicinity could be disposed of right here.

The speaker informed the club members that the churches of Salem want to lend a hand in boosting and that they should be given some encouragement.

President Rodgers responded by saying that the churches are welcome to join in the game and extended a hearty welcome to take part in the work which is being carried on by the club.

Other Matters. It was suggested last night that an electric sign be erected at the Southern Pacific passenger depot to inform the travelers that Salem is on the map.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

They Love to Take it and it Doesn't Harm the Tender Little Stomach Liver and Bowels.

If your little one's tongue is coated it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs" and in a few hours all the clogged-up, constipated food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup company." Don't be fooled!

ACID STOMACHS ARE DANGEROUS

Common Sense Advice By a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisulphated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause greatest distress may be eaten with impunity if the meal is followed with a little bisulphated magnesia, which can be obtained from any druggist, and should always be kept handy.

INSTALL PASTOR ELLIOTT

SERVICES OF MUCH INTEREST ARE HELD AT THE PRESBYTERIAN CHURCH.

Rev. Carl Elliott was installed as pastor of the First Presbyterian church last evening. The charge to the pastor was given by Rev. Charles T. Hurd, of Newport. The charge to the people was given by Rev. A. N. Thomson, of McMinville. Rev. John H. Boyd, of Portland, preached a splendid sermon on the occasion. Early in the evening Miss Alice Judd sang beautifully "Lord, Thy Glory Fills the Heavens" (Burdette). Rev. E. M. Sharp, of Albany, presided.

CROWD GOES FROM HERE

COMMITTEE ARRANGING TO SEND MANY BOOSTERS TO EUGENE GATHERING.

A committee was appointed by the president of the board of governors of the Salem Commercial club last night to arrange for the excursion of local business men who will attend the big booster meeting at Eugene this month. August Kohrberger, H. H. Turner and Fred S. Bynon compose the committee, and these gentlemen are out today collecting a crowd to make up the train. According to the committee this morning, the business men are responding nicely, and it is expected that a big delegation will join the Eugene boosters in formulating plans to advertise Oregon, and the Willamette valley, especially.

GETS SERVICE TOMORROW

PAPERS IN THE DAMAGE SUIT AGAINST GOVERNOR AND LAWSON RECEIVED BY SHERIFF.

Because today is a legal holiday, Sheriff Each will not serve papers in the damage suit brought by William Weigand and Stewart & Warner, Copperfield saloonkeepers and town officials, in Baker county for service upon Governor West and Colonel B. K. Lawson until tomorrow. The suits are for \$4,500 and \$3,500 respectively, for alleged damages resulting from the closing of their saloons and confiscation of their saloon equipment. The papers arrived today.

RECRUITS ARE HALTED

ATTEMPT TO RUSH MEN ACROSS THE BORDER BRINGS OUT THE AMERICAN TROOPS.

The attempt was made about 11 o'clock. News reached General Scott in an excited telephone message from the Yaleta road. The telephone operator at Yaleta, 13 miles east, estimated that there were 30 automobiles loaded with armed men.

The American troops concentrated at Yaleta, but trace of the automobiles was lost. Meanwhile word came from Juarez that the rebels had captured some of the would-be federalists down river and were bringing them back to their headquarters.

Horses are said to have been kept in waiting for the recruits since Sunday, hidden in the tall weeds on the Mexican side of the Yaleta district.

WOMAN IS CANDIDATE

Burlingame, Cal., Feb. 12.—Mrs. Belton Rhodes, a prominent club woman, today announced her candidacy for city treasurer. Three other women have already announced their candidacy for city trustees of San Mateo. "I believe a woman is as capable of handling the funds of a town as a man," said Mrs. Rhodes.

MAY BE 'RITUAL MURDER' IN DARKEST RUSSIA

London, Feb. 12.—What looks like another "ritual murder" case was reported by the Central News today in a dispatch from St. Petersburg, telling of the arrest near Kiev of a Jewish tailor named Pashkoff on a charge of killing a boy of the name of Tarantsevitch, a Christian. Local Jews at once interested themselves telegraphing for full information to correspondents of their own race near the scene of the alleged crime.

CATS, DOGS, COWS AND HORSES GOING MAD

Baker Much Alarmed By Situation in County Following Report Received From Portland.

COYOTE ATTACKS BOY BUT IS KILLED WITH CLUB

Thirty Hogs in Baker Valley, Not Far From Baker City, Bitten and Boy Bitten By Cow Treated.

[UNITED PRESS LEASED WIRE.] Baker, Or., Feb. 12.—Dr. F. T. Notz, county stock inspector, yesterday received a report from Dr. Calvin S. White, state health officer, at Portland, that the brains of a dog and a cow which had been sent by Dr. Notz for examination showed negri bodies in large quantities, indicating without a doubt that these were both cases of hydrophobia. The brain of the dog was from an animal which had bitten several cattle and other dogs in the Burnt River country, and the brain of the cow was from one of several animals which had been bitten at Sparta, in an entirely different part of Baker county.

The city commissioners today passed a strict ordinance requiring muzzling and ordering every dog shot which is not muzzled within five days. Several stores have sent telegraphic orders for muzzles to Portland houses.

A report from North Powder was received yesterday that a boy driving along a country road at the Oliver ranch was attacked by a coyote. The apparently infuriated beast first fought and bit the Oliver boy's dog, and when the boy got down from the wagon attacked the boy. Young Oliver picked up a club and killed the animal, which did not bite him. The dog was killed today.

A report that more than 30 hogs have been bitten in the Baker valley, within a few miles of the city, reached here last night. Dr. Notz also has reports that house cats, dogs, hogs and cattle have suffered seriously in the Upper Burnt River country.

Perle Wright, a son of a rancher of Sparta, yesterday began taking the Pasteur treatment from serum obtained by telegraph from Portland. The youth was bitten by a dog which bit the same cow which later died of hydrophobia and in the brains of which Dr. White today reported had been found large negri bodies, indicating rabies.

OPEN FORUM

OUR BONDED DEBT.

Editor Capital Journal: From a circular recently issued in Seattle it appears that, while the population of that city and county increased 96 per cent in ten years, the assessed valuation of property increased 293 per cent, and the cost of government increased 470 per cent. That is, the cost of government increased 470 per cent. That is, the cost of government increased one and one-half times faster than the value of property, and five times faster than the growth of population. Seattle probably fairly represents the other coast cities.

The tax levy there is 4.3 per cent on a 45 per cent assessment. In Salem the levy is 3.4 per cent on 100 per cent assessment, so that our taxes are about one-third higher than in Seattle. The bonded debt of Seattle is 10 per cent of the value, and one-fifth of the taxes go to interest on bonds. In Salem the bonded debt, I believe, is 10 1/2 per cent, and, with the road bonds added, will be 12 1/2 per cent.

Of course, if we expect our children to repudiate our debts, rub off the slate and take a fair start for themselves, we might sell all the bonds there is market for; but even then we punish ourselves with the interest on a 12 1/2 per cent bonded debt, added to all the other taxes, while the cost of government keeps on running five times faster than population. It is not at all encouraging to the struggling taxpayer, nor is it inviting to the average investor.

L. D. RATLIFF.

WOMAN IS CANDIDATE

Burlingame, Cal., Feb. 12.—Mrs. Belton Rhodes, a prominent club woman, today announced her candidacy for city treasurer. Three other women have already announced their candidacy for city trustees of San Mateo. "I believe a woman is as capable of handling the funds of a town as a man," said Mrs. Rhodes.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

There are some good husbands but most of them are dead.

OREGON UNIVERSITY STUDENTS WILL WORK

Departure of 33 Students Who Failed to Pass Examination Spurs the Others On In Labors.

MISS BEULAH STEBNO GETS COVETED "ALL H" CARD

Examinations Are Little Harder Than Usual This Year But Marking Is Close and Faculty Strict.

[UNITED PRESS LEASED WIRE.] University of Oregon Eugene, Feb. 12.—Saddened by contemplation of 33 fellow students departing for home, University of Oregon men and women are setting down today to a semester of work that seems likely to be uncommonly faithful. The resolutions heard upon every hand are all for hard work, at any rate, and students say it will be many semesters before another such cleanup has to be made by the faculty.

Of 700 students taking examinations on the campus, a great number was failed or conditioned in from two to six hours of work but succeeded in passing enough hours to remain in college. A freshman must make eight or more hours; other classes must make nine or more hours. Most of those getting "F's" or conditions in a certain subject, consequently, made hours enough in other subjects to be safe.

Those making less than the required eight or nine hours, numbered 40, most of them second or third year students. Freshmen failing totaled only 7 but many others lost hours.

Of the 40 "flunkers" only 7 were re-instated.

The story of "flunks" and conditions is by no means the only one to go from the university this semester, however. That rare distinction, an "All H" card, went to one young woman, Miss Beulah Stebno, a junior. An "All H" card means honors in every subject, and Miss Stebno was carrying 17 hours. Miss Anna Neufeld of Portland received "H" in 12 hours and "S" (superior) in five with no grade below "S." Miss Maude Mastick of Portland received eight hours of "H" and 10 hours of "S." Miss Neufeld finished college with this examination; Miss Mastick is a senior.

The best showing among freshmen was made by a Baker, Oregon boy, Frederick E. Metzler. He made "H" in 15 hours and "M" (medium) in one. His honors were in subjects considered among the most difficult: Advanced algebra, Greek, English composition, and chemistry; the "M" was in practical ethics.

Examinations were little harder than usual this year but the gradual stiffening of the Oregon standard resulted in closer marking and in a disposition among the faculty to send home any student who failed to make his hours, unless unusual cause could be shown.

Fifty new students have entered for the second semester, the largest second semester crowd in years. The number is believed to herald another big freshman class next fall.

FAVORABLE TO BERRY. [UNITED PRESS LEASED WIRE.] Philadelphia, Feb. 12.—The trial of Captain Oswyn Berry of the liner Nantucket, charged with negligence in connection with the sinking near Norfolk of the steamship Monroe, was resumed here today. Captain Edward Johnson of the Monroe testified. He admitted that the Nantucket did not strike his vessel until two minutes after he had heard her siren.

COMMITTEES FOR MEN'S LIBERAL CLUB NAMED

Will Take Up Membership and Program Features As Well As Looking After Auditing Accounts.

PERMANENT ORGANIZATION IS EFFECTED AT SESSION

Next Meeting Will Be Devoted to Address on Washington and Discussion of Unemployed Problem.

Following an adjourned meeting last night of the Men's Liberal club President W. A. Denton has announced the appointment of several committees to take up membership and program features as well as an auditing committee.

On membership C. L. Schwab, J. W. Cox and Dana H. Allen were appointed; on program, R. F. Tischer, Carl Smith and J. B. Eaton; auditing committee, A. M. Dalrymple, W. S. Mott and John R. Pollock.

The club, which is preparing to make a campaign for a vigorous civic center, non-political and non-sectarian, completed its permanent organization last night by the election of Roy Burton as treasurer and C. S. Hamilton, Daniel Webster and Gideon Stolz as members of the executive committee.

The latter will be composed of five members, the three just chosen serving with the president and secretary, W. A. Denton and Carl Smith.

Lincoln Discussed.

As the meeting was a special one and no formal program had been arranged, a short excursion was taken on the subject of Abraham Lincoln's character and times. Short addresses were made by Daniel Webster, Dana H. Allen, Carl Smith, R. F. Tischer and J. B. Eaton. The talk of the first speaker consisted largely of personal reminiscences of the stirring days before the war, when the speaker, as a boy, began to take note of the mighty movement that was soon to lead the strife. He told of the time when Lincoln as president was vilified and cartooned with the features of an ape, followed by the bitterness of reconstruction and the final unting of sentiment north and south in tribute to the lofty character and unselfish purpose of the great punishment.

Duty to Unemployed.

The club voted to give part of the time at the next meeting to a program in appreciation of the services of Washington, and Dana H. Allen will make

a short address on that subject. The remainder of that time will be devoted to the subject, "What Is the Duty of Society to Its Unemployed?" a topic that will first be treated in 10-minute periods by A. M. Dalrymple and Guy O. Smith, to be followed by open discussion.

Seven new members were added to the club last night, and several of these stated that they felt a club conducted on the lines marked out will be useful to the community, as it will attract thinking men and lead to profitable discussion of topics that will be of no benefit to Salem at large as well as educative to the membership. With the appointment of committees the organization of work will be taken up in earnest and plans are making for some unusually interesting programs.

PRINCE OF WALES COMING

[UNITED PRESS LEASED WIRE.] London, Feb. 12.—The Prince of Wales will visit the United States in 1915, and probably will take in the Panama-Pacific exposition, according to announcement here today. A tour of the British empire will be made also by his majesty during that year.

WHAT'S INDIGESTION? WHO CARES? LISTEN

"Pape's Diapepsin" Makes Sick, Sour, Gassy Stomachs Surely Feel Fine in Five Minutes.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations or undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from any stomach misery.

Please, for your sake, get a large 50-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.
