Velopment League About Stopovers and Excursions.

ASHLAND EXHIBIT PLAN

Pointed Out That Thousands Who Are Coming to Fair Will Be In Reality Homeseekers,

[UNIXED PRESS LEASED WIRE.] ducts and manufactured articles to attract the attention of tourists return- Frank Barton. ing from the San Francisco Exposition next year were taken at an enthusiastic meeting of the Oregon Development league held here yesterday afternoon and attended by 600 delegates, reprementing a score of cities in all parts of the state.

In co-operation with the desire of the commercial interests of the state was City Commissioners R. G. Dieck and my children. the announcement of Judge William W. L. Brewster. Colvig, representing the Southern Pacific company, who made the first announcement that his company will grant stopovers at any point in Oregon upon the passenger's request.

In addition he announced that the company will run excursion trains out of Portland on stated days during the week as long as the exposition lasts, coming to Eugene by a line on one side of the Willamette valley and returning by the other. Furthermore, excursion trains will be run between any terminal points on the Southern Pacifid system whenever sufficient passengers are secured for such trains.

To Finance Ashland Plan. To take advantage of the facilities thus granted by the railroad company meeting is to be held in Portland March 12 to consider the financing of the Ashland exhibit plan. Resolutions adopted by the meeting today authorize all commercial organizations of the state each to send a commissioner to project was abandoned. Portland to meet with the Oregon Panama Exposition commission and with the state officers and members of the legislature to see if they are inclined to reimburse persons advancing money to get the project under way.

Speaker after speaker at the meeting emphasized the value of placing days' convention. the exhibit as Ashland. "Even more important than the display at San Prancisco," said one man, giving as his FAMOUS FOR BEAUTY reason that at San Francisco the Open gon exhibit would be confused with the scores of other brilliant exhibitions, while at Ashland it would stand by itself and be all the more noticeable. coming after the tourists, tired out by the glitter and glare of the exposition, were just getting the first rest on their trip to the north.

'Ashland is the psycological place,' declared another speaker. "We need something to joit the travelers out of the tourist attitude and make them ize that it is not just a country to be endured on a long journey, but is a ther Emery, now visiting in the city. of this little child is paramount to with the crime.
