

### ECLIPSE OF MOON IS UP TO EXPECTATIONS

Flocking Out of Doors Generally By Salemites to Watch Phenomenon in Eastern Skies.

### EARTH GETS BETWEEN SUN AND MOON EXPLANATION

Slow Movement of Moon Through Shadow Is Explained in That It Is Recession of Moon.

The eclipse of the moon last night was a decided success, the curtain going up for the big free show as silver sized. The moon entered the earth's shadow from the lower north side and slowly obliterated itself, until but a small rim on the south side was visible when the eclipse was greatest. The sky was clear and there was a flocking out of doors generally by Salemites to watch the phenomenon.

Judging from comments we overheard there is pretty wide misinformation as to the cause of an eclipse, as we heard several times that it "was some body coming down between the moon and the earth." It seems, at this time that it would be unnecessary to correct this idea, and at the risk of seeming pedantic we would say that an eclipse of the moon is caused by the earth, moon and sun getting in a line with the earth between the sun and the moon. An eclipse of the sun comes when the moon gets between the sun and the earth. The slow movement of the moon through the shadow is explained, in that the movement is the recession of the moon, in other words it is its movement from west to east around the earth, which takes place in 29 days and some hours. It is safe to say that everybody in Salem saw it, and the young folks will long remember it, as it was about the best eclipse that has shown in this section for some years.

### STENOGRAPHY KEYBOARD

Stenotype—A system of shorthand in plain English letters, with silent letters dropped, written on a machine called the Stenotype. Simplicity is the secret of Stenotype's success. Easy to learn. Easy to write. Easy to read. Any Stenotypist reads the notes of other Stenotypists readily. The result is, Stenotypists will render more efficient service than stenographers, and receive better pay in consequence. Stenotype is now being taught at Salem's business school. Investigate it. A new class will be started next week. We also teach many other branches that enable young people to succeed in business. See the principal any evening between 4 and 5.

### Capital Business College

### NEW INDUSTRIAL CLUB

HIGHLAND CLUB ORGANIZATION HAS 55 CHARTER MEMBERS WHO WILL GET BUSY.

An enthusiastic meeting was held at the Highland School Tuesday evening under the direction of Mrs. Pickett, for the purpose of organizing a Boys' and Girls' Industrial club. The speakers of the evening were County Supt. W. V. Smith and Mr. Maris, the state organizer of these clubs. The club already has 55 charter members and is assured of more, as enthusiasm is running high. The club elected a very efficient corps of officers which of itself assured them of success. The officers are: Clarence White, president; Merle Hall, vice-president; Elmer Lundeen, secretary; Esther Weniger, treasurer, and Principal J. G. Schott, of the Highland school, was made official advisor. The club voted to call itself the "Highland Industrial Club."

The list of prizes offered by the state board is very inviting and the boys and girls have their hearts set upon pulling down some of these, and, if enthusiasm counts, they will get most of them. This organization is the first of its kind in the city and the members assured the organizers that they would do their share and come up to expectations.

### WEBSTERIAN BOYS WIN

DEFEAT PHILODORIAN SOCIETY BASKETBALL TEAM BY SCORE OF 17 TO 12.

A red-hot basketball game occurred at the University gym yesterday afternoon when two teams representing the Philodorian and Websterian literary societies met to contest for honors in the athletic realm, the Webs winning out by the score of 17 to 12.

The members of the two sister societies and the Adalantes and Philodorian were out in force, and evinced as much enthusiasm as has been called forth by any contest this year. The lineup: Philodorians—MacGaddam and Ohling (captain), forwards; Adams, center; Lund and Blain, guards. Websterians—Jewett and Bartlet, forwards; Jory, center; Dean and Page, guards. Referee—Paul Homan.

### SAYS COPS KILLED

(Continued from page one.)

other leaders who are pleading with the men to stand together, but Bailey refuses to do this. He believes that the army will break up peacefully without further arrests. "I have been in close touch with the situation ever since the men were driven over here by the Sacramento authorities," said Bailey at the camp in Yolo county, "and I find that the men intend to do no harm. They want to proceed to Washington, but we have positively refused to assist them in this way. I have been talking with different men and find that a great deal of the enthusiasm has waned and that many are deserting the army and leaving as best they can by small groups. The railroad companies are overlooking the men who are stealing rides out on the freight trains in order to help relieve the condition. Will Remain While Food Lasts. "Yolo county is not worrying much about the situation. We have only a handful of men on the ground and not

a complaint has been made from the people of Broderick or other communities in the vicinity of the unemployed camp. As long as Sacramento people send food over a great many of the men will hang around but I think they will gradually dissolve as the days pass by."

District Attorney Wachhorst announced today that while orders were given to stop sending food across from Sacramento it does not mean that individuals are precluded from helping feed the army. The order placing the ban on sending food, to the army came about through the overworking of an order from the Sacramento supervisors last Monday wherein the county paid for a wagonload of bread. This order had been duplicated so often that a large bill has been run up against Sacramento county and, to stop this, orders were given to stop sending food for which the county would be held responsible. Sends Bread and Eggs. J. Krol of Oak Park sent forty loaves of bread and nine dozen eggs to the army today, and others are doing the same, but even at that the rations are not plentiful. Some relief is coming from San Francisco where the unemployed evidently have secret funds on which to draw in emergencies. Hundreds of men spent almost the entire day fishing in the Sacramento river, and some of the catches have been good ones. Many fish that are caught are catfish and bass which are under the legal size, but so far no game warden has appeared to stop the illegal fishing.

### HEALTH OFFICER TO HELP

SAYS HE WILL AID COMMERCIAL CLUB IN EVERY WAY IN ANTI-FLY CAMPAIGN.

At a meeting held by the members of the promotion department of the Salem Commercial club last night it was decided to start a campaign against the fly in Salem. The organization voted to solicit the aid of all the business men, housewives, schoolchildren and, in fact, everybody in joining hands to exterminate the disease carrying insect. The promotion department members were highly enthusiastic over the plan and "swat the fly" will be the slogan from now on. City Health Officer O. B. Miles has

### WATER RATE HEARING

(Continued from page one.)

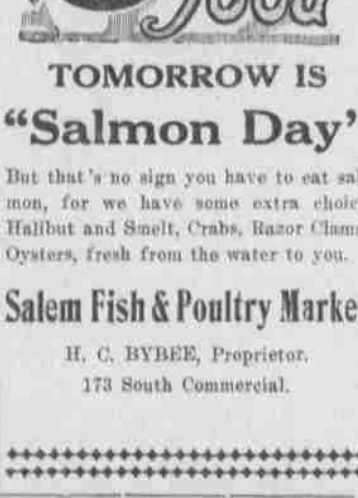

May Differ as to "Rights." The commission's engineer's report had not been introduced at noon, so how far it differs from that of the company is not known. However, it is probable the greatest differences of opinion will probably arise over the value of "rights," such as the privilege of taking water from Minto island, the value of the franchise outside of the value of the plant, and similar values that the company will insist must be included in the estimate of the total, and made a part of the sum on which the company is entitled to base its charges. From present appearances it will take several days to get through the examination, and it will be some time after that before a decision is reached. Whatever that decision is, every citizen of Salem desires only the fairest and squarest treatment of the company. They want the company to earn fair returns on the money actually invested, but they do not feel like standing for any fictitious values as to "rights," and business values, because they, as a community, have made these incorporeal values. They do not want to have to pay interest on the unearned increment of a franchise, or any other fictitious values. Assessment of Company. In this connection it may be noted that the assessment of the Salem Water, Light and Power company, for this year is \$292,000. This does not cover the values of franchises or anything of that kind, but just the plant and material owned by the company and which it values at \$483,433. This would make its assessment just 60 per cent of the value the company places on it.

### TOMORROW IS "Salmon Day"

But that's no sign you have to eat salmon, for we have some extra choice Halibut and Smelt, Crabs, Razor Clams, Oysters, fresh from the water to you.

### Salem Fish & Poultry Market

H. C. BYBEE, Proprietor. 173 South Commercial.

### Stiff Joints and Pains? MUSTEROLE quickly relieves

Keep a jar in the house. It is the premier remedy for Backache, Sore Joints or Muscles, Rheumatic Pains, etc. MUSTEROLE is a clean, white ointment made with oil of mustard. It penetrates to the seat of pain and drives away, but does not blister the tenderest skin.

It takes the place of the mussy, old-fashioned mustard plaster. MUSTEROLE is recommended for Bronchitis, Croup, Asthma, Pleurisy, Lumbago, Neuralgia, Sprains, Bruises, Stiff Neck, Headache and Colds of the Chest (it prevents Pneumonia). At your druggist—in 25c and 50c jars and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid. F. R. L. Secord, 18 W. 128th St., New York City.

Please send me for office use a good size jar of Musterole as I find it most beneficial for application on patients."

this to say in regard to the proposition. "The promotion department of the Salem Commercial club is planning an extensive fly campaign which will have the endorsement and hearty co-operation of this department. It hopes to interest many of the prominent ladies of the city in the fight. The school children will have an active part, while physicians and business men generally are expected to co-operate. "The plan is to organize a permanent anti-fly movement, which shall not be for this year alone, but to continue from season to season. "It is more blessed to prevent than to cure, therefore let us begin early and get all the breeding places for flies destroyed or removed. That means remove all manure piles, make privy vaults flyproof, and keep your yard scrupulously clean and allow no garbage or filth to accumulate. "Do it now! The life of one female fly prevented or destroyed now is the equivalent of millions a few months hence."

### WOMEN DEPUTY ASSESSOR.

Los Angeles, Cal., March 12.—Eight women deputy assessors went to work today for City Assessor Mallard. "They seem to get results without getting people sore," said Mallard.

### NERVOUS DYSPEPSIA, GAS OR INDIGESTION

Each "Pape's Diapepsin" Digests 3000 Grains Food, Ending all Stomach Misery in Five Minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching or undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

### SIGNS ALASKA BILL.

Washington, March 12.—President Wilson this afternoon signed the Alaska railroad bill. He used two pens—one of ivory and silver; the other of ivory and gold.

### Real Estate Bargains

Houses for rent or sale, cheap. Also acreage, 1 1/2 miles east of penitentiary on railroad near depot. Farms of all sizes. Fruit and berry land, from five acres up, at bargains.

R. R. RYAN 235 S. Commercial St.

### WOODBURN NOTES
