A "Panama" Corn Cob Pipe

With New Amberine Bit

To Each Purchaser of a 10c Pouch of DIXIE QUEEN Plug Cut Tobacco

This "Panama" Corn Cob Pipe with genuine imported Weichsel stem and Amberine bit looks better, is made better and will last longer than the old-time corn cob. The cob bowl absorbs the nicotine; the Weichsel wood stem contains fragrant, aromatic oils which are released when the smoke enters the stem, and the Amberine bit is serviceable, durable and handsome.

NEVER!
Figg—They say that marriage is a failure. Do you believe it?
Fogg—Shouldn't wonder. The bride never gets the best man.—Boston Transcript.

Our idea of a poor excuse of a man is one who solicits dirty linen for his wife to wash and iron.

WOMAN NOT CRAZY IF SHE CARRIES JEWELS IN HER HAT.
[UNITED PRESS LEASED WIRE.]
Oakland, Cal., March 20.—A woman is not crazy if she carries her jewels in her hat instead of her stocking; if she stays up until 3 o'clock in the morning every day, or if she sends packages back to the store unopened. All this and more the jury has learned in the case of Mrs. Mildred Drown, a wealthy Oaklander. The witness was Dr. John W. Robertson, a noted alienist of this county. He took the stand for the prosecution in rebuttal of the expert testimony of the defense, who are trying to prove that Mrs. Drown was insane when she killed her husband. Dr. Robertson admitted, however, that Mrs. Drown was a victim of "psychoneurosis" and was a much-abused and long-suffering woman.

Caring for the Children's Feet

It is most important to a child's welfare that it should have the right kind of shoes. Just any kind will not do—all fitting ones are likely to leave troubles that will cause much suffering in after life. Many able shoemakers have spent years in studying the needs of children's feet. They have designed shoes on correct lines, have made them of right leathers, and have built them with honest workmanship. It is not our purpose to sing the praises of any one make or kind. The right shoes are not hard to find. Every good storekeeper knows them and carries them. First choose your dealer with care—you will find the advertisements of the better ones in this newspaper from day to day. Sometimes they specialize on a particular kind or make of shoes. At all times they are willing to aid the anxious seeker for foot comfort with friendly and reliable advice. First be sure of the dealer—and an excellent introduction to the right one will be his advertisement in this newspaper.

ENDORSED BY THE CLERGY.
The Most Startling as Well as the Most Educational Pictures of the Age.
"The Inside of the White Slave Traffic," are creating a great amount of discussion in various parts of the country. The pictures deal entirely with the white slave traffickers, their victims and the thousands and thousands of unfamiliar methods employed to

snare the prey of those human vultures, not only unfortunate, erring girls and women, whose redemption they make impossible, but innocent victims trapped and secreted from their heart-broken parents and relatives. The pictures are authentic, being presentation of all the points of value gathered by Samuel H. Louson, special white slave investigator, as well as the information secured by the John D. Rockefeller, Jr., Sociological Research

society. Every feature of the investigation, possessing educational importance to our great American people, in order to combat this greatest of all social evils, is portrayed with scientific skill, in which to detect one offending point is impossible. At the Bligh theatre Monday and Tuesday only. As a matter of fact life is a good deal like patronizing a cheap restaurant. The things you really want do not show up on the bill of fare.
