Included among the guests were many Portland manufacturers. The proceeds of the banquet are to be used for the benefit of Riverside cemetery here. H. M. Crooks, president of the Albany college, was toastmaster. After an invocation by Rev. Dr. Leach, pastor of the First Methodist church, of Albany, L. M. Carl, mayor of Albany, welcomed the visitors. David M. Dunn, of Portland, president of the Oregon Manufacturers' association, responded. Toasts were responded to by J. S. Van Winkle, president of the Albany Commercial club; Thomas B. **HAS 13 DISGUISES AND WANTS TO BE A DETECTIVE**

[UNITED PRESS LEASED WIRE.] Columbus, Ohio, March 21.—Newspaper editors are not the only ones who receive strange letters. George F. Burba, secretary to Gov. Cox and himself a former newspaper editor, is authority for this statement: "Here's a sample of many that come to the governor," said Burba today as he reached into his desk for a bundle of letters. "Please send me a permit to dress in male attire", one read. A Werton, Ohio, woman wrote it. "Please send me a license to be a private detective. I have thirteen disguises and am ready to go to work on a moment's notice", read another from a Newark, Ohio, man. The letter was addressed to Governor Harmon. Burba replied, advising the man to put on one of his disguises and find out who was the governor of Ohio. From Oxford, Ohio, a man wrote: "Please send me the laws for lawful and unlawful gambling in Ohio". "You will remember I asked you some time ago for a pardon for my husband who is in the penitentiary," read a letter from a Warren, Ohio, woman. "I have changed my mind. Would you please give me a divorce instead."

**FRANK WRIGHTMAN IS SEEKING SENATORSHIP**

Frank T. Wrightman has filed his declaration of intention with the secretary of state as a candidate for the nomination for state senator on the republican ticket at the primaries on May 13. Mr. Wrightman is well known throughout Marion county and the state of Oregon having been a resident of the county and state for more than 40 years and during that time has held various important offices of trust which he filled to the satisfaction of the public and his friends. He served the people of Marion county ten years as the sheriff's office from 1888 to 1899, the last two years as sheriff of the county, and his record in this office was a model of efficiency. For five years he had charge of the corporation department of the state of Oregon under Secretary of State F. J. Dunbar and F. W. Benson and put into operation the present corporation tax law which brings a large revenue into the treasury of the state.

He has been a close student of political economy and advocates that it is more important to repeal the useless laws now on our statute books than to enact unnecessary new ones; that good government is always one administered with economy, and that something must be done for the relief of present conditions.

Mr. Wrightman was raised on a farm in the Waldo Hills and has practiced law, and has many friends throughout Marion county, where he is known to almost every resident. He will, if elected, be a power for good in the senate of the Oregon legislature and will work for both efficiency and economy in all public affairs of the state and counties. It is predicted he will make a record for himself, his county and his state.

He has taken for his slogan, "Reduce the high cost of living by a reduction of the high cost of government."

**WOULD HAVE HARMLESS ANIMALS IN PARK AT SALEM**

The promotion department of the Commercial club has been requested to take up and act upon a suggestion that the city parks be provided with several harmless animal creatures. It is proposed that a number of pine, black eastern and grey squirrels be turned loose in Marion Square and Willson avenue this summer. The presence of these cunning little creatures will render the parks more cheerful, it is believed, and have a tendency to encourage the children to use the parks as play grounds more. The squirrels can be obtained at a very nominal expense and it is believed that they will be both useful and ornamental in the public squares. Both the parks and the state house grounds are ideal for the little creatures and it would be no trouble whatever to care for them in winter. The promotion department plan upon taking this matter up at the next regular meeting.

**MRS. BELMONT TELLS ALL EARLIEST FIRE REPORTED**

**NEVER WAS AN ACTRESS AND MET MILLIONAIRE'S SON IN DISORDERLY HOUSE**

New York, March 21.—Mrs. Ethel Lorraine Belmont, wife of Raymond Belmont son of August Belmont, the millionaire, was the first witness yesterday afternoon in her suit to force her husband to support her in the style she expected when she married him.

"Two days before our marriage we met at the Knickerbocker hotel," she testified. "Raymond wanted to live in the country. He said he would give me \$400 a month for household expenses, and more if necessary. He figured his own income at \$7,000, independent of what his father gave him."

"Raymond said he would go into the dog business and raise Beagles and Pekinese mostly. The day before our marriage he discussed our housekeeping details, even including the pots and pans. Raymond also intended to buy an automobile, and said if necessary he could raise \$30,000 on stock he owned in the Belmont race track."

Under cross-examination Mrs. Belmont admitted she had never been an actress but had met Raymond in a disorderly house in 1909. She said he established her in an apartment and gave her an allowance of \$200 monthly. Later, she said, he increased this to \$250 and then to \$300.

In December, 1911, both were said to have signed an agreement releasing Raymond from all claims, he paying her \$20,000 at the time. This agreement was introduced at yesterday afternoon's hearing.

**ALL CLEVELAND POLICEMEN NOW ON STREET TO BE "TALS"**

[UNITED PRESS LEASED WIRE.] Cleveland, March 21.—If you don't know what a "Tal" is go to any Cleveland policeman after today and he'll be able to tell you the answer. He'll also probably tell you that it pays to be a "Tal". A few days ago School Director Frederick, violated a traffic rule in the busiest part of the downtown section of Cleveland. A traffic policeman, quietly but firmly held up Director Frederick's automobile and courteously explained to Frederick and the chauffeur, the traffic regulations. Frederick made note of the policeman's number and wrote a letter of appreciation to Chief of Police Rowe and today copies of the letter are in the hands of all traffic policemen. Now all are "Tals". To be a "Tal" is to be an apostle of "Talosology", which is to be both courteous and appreciative of courtesy, as Cleveland's "Tals" explain it.

**POLK COUNTY BARKISES NO LACK OF MATERIAL FOR VARIOUS COUNTY OFFICES TO BE FILLED THIS YEAR**

[UNITED PRESS LEASED WIRE.] Dallas, Or., March 21.—F. J. Hohman, of Black Rock, for several years postmaster at that place, and Charles Dunmore, of Independence, for many years active as a clergyman, but more recently identified with the good roads movement and the Commercial club life of Independence, and both Republicans, filed their petitions for the Republican nomination for the office of county treasurer, Hugh Black, Democrat, whose friends have been urging him to make the race for county treasurer, has announced his intention of remaining out of the fight.

As yet no Democrat has filed for the nomination for the office of joint representative of the counties of Lincoln and Polk, and S. J. Irvin, of Newport, Republican candidate, has an open field. Until yesterday indications were that Thomas Brunk, candidate for the Democratic nomination for representative from Polk county would have no opposition, but L. D. Butler, an attorney of Independence, was in Dallas yesterday and announced that he intended entering the primaries against Mr. Brunk. For the Republican nomination for this office, no one has filed as yet, but it is said that Walter L. Toose, an attorney of Dallas, will file within a few days. It is not believed that the Prohibition party will have a county ticket this year.

**CHINA TO SUPPLY COAST STATES WITH ITS PRODUCE**

The plan also provides for importing beef from cattle raised in the provinces of Honan and Stantung, which contain many hundreds of miles of the finest pasture. The Russians, it is said, prefer this beef to the Australian variety and it is probable according to reports, that the United States troops in the Philippines will be provided from this source during the coming year. Better of the best quality, it is said, also may be secured from the Honan and Stantung provinces. A Tientsin firm keeps the refrigerating steamer Guthrie plying constantly between that port and Vladivostok with produce.

**RECORDS BROKEN BY A BLAZE WHICH STARTS NEAR GRANDE RONDE IN OLD BURN**

The first forest fire of the season was reported to State Forester Elliott today by Charles Unicume, chief fire warden for the James D. Lacey company.

The fire is near Grande Ronde and started in an old burn. Mr. Naicume was instructed to make every effort to subdue the blaze, the state fire warden not having been assigned to duty as yet.

"It is the earliest forest fire in that state on record," said Mr. Elliott, "and is due to the dry weather of the past week and the lack of snow on the mountains."

**HELEN KELLER COMES TO GRAND ON MONDAY EVENING**

Helen Keller who has all her life enjoyed being entertained by the greatest of our actors, will reverse the usual order of such events and become the entertainer Monday night, March 30th, when she gives her first lecture at the Grand Opera House. She likes things theatrical as much as most people—perhaps she brings to the theatre a keener appreciation of what is being said and done upon the stage when she "saw" Elsie Leslie in "The Prince and the Pauper," up to her latest glimpse of "The Poor Little Rich Girl." Miss Keller has taken the liveliest interest in anybody and everybody of moment who really does something, as she expresses it from behind the foot-lights. Ellen Terry and Henry Irving, Joseph Jefferson and other great stage personages are among her dearest remembrances. "I love to go to the theatre," said Miss Keller. "I enjoy having a play described to me while it is being acted on the stage far more than reading it, because it seems as if I were really living in the midst of stirring events. I love to touch the faces and costumes of the great people of the stage and even try to indicate as far as I can the gestures and action that go with their lines. I never forget the ripples of alternating joy and woe that run through a beautiful play."

H. A. Johnson & Co., report the following sales in real estate since January: Mr. Masley, of Minnesota, bought a beautiful acre tract with fine house and surroundings and is well pleased with Salem and the Willamette valley. Mr. Dawley, of Red Bluff, Cal., purchased a 10 acre tract near Salem, and intends to make this his home in the near future. Also the Tom Jones Peod Barn on High street is in new hands, and doing a good business. We have sold the old Martin Smith home in the Waldo Hills to A. D. Hanson who hails from Idaho. Mr. Hanson has a fine farm and a beautiful home, and is a first class farmer, and no doubt will make lots of money. He is more than pleased with his purchase. We have sold N. S. Savage a nice home on 14th street. Mr. Savage sold his fine farm on the Garden road and decided to move to the city to make his future home. Frank Gripenhag of South Dakota has bought a 5 acre tract with fine improvements, one mile from Salem on the Garden road and is setting out fruit and shrubbery and making a beautiful home. Owing to the large increase in the auto business, Vick Bros. have bought another lot to build a fine building on

**TWO MILLION TO PROTECT VISITORS TO PANAMA FAIR**

San Francisco, March 21.—More money and men today were asked by Police Chief White to protect visitors to the Panama Pacific Exposition here in 1915 from crooks. "A much larger force of police," said White, "will be required during the exposition and the department generally will have to be strengthened. I intend to ask for nearly \$500,000 increase in my appropriation for 1915. The amount allowed me this year was \$1,518,128. I shall need \$2,015,148 next year." Foodstuffs are said to be lower now than five years ago. Guess our grocer doesn't read the papers.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. That is a function of the advertising printed in this newspaper every day. It helps those who want guidance in judicious buying. It is the story of the market place telling you what is best for your wants, and where it is sold. Frequently prices are presented in competition with each other, and advertising readers are always posted as to where their money will do the best work. It is as foolish to purchase without first seeing what the advertisements say as it would be to purchase without looking at the goods themselves. It is only by making the advertising pay you that the advertisers can hope to make it pay themselves. Get your full service out of the advertising in this newspaper.
