## ALL AROUND TOWN

Residents of North Salem were somewhat startled yesterday morning by the sight of a drunk man staggering his way to Salem. He was loaded to the guards and was making the best time possible under the conditions south on Broadway street. Just where he came from and where he intended to hold up was not ascertained by the North Salenites, but they say he had about 14 more drinks than he could well manage and was apparently in search of more. The police report that they saw nothing of the man in the city.

## Dr. M. P. MENDELSON

"Take Care of Your Eyes and They Will Take Care of You."

Ask the average man to stop and think what the loss of sight would mean to him. Truly, it is a question of vital importance—this problem of keeping the eyes in good condition.

When you entrust your vision to the care of any one, make sure in advance who that person is.

Make sure that he is well qualified to study your eyes and take the right care of them.

During more than thirty-one years I have specialized on Eyesight.

Just as you know your particular business through training and experience, so I claim to know mine.

Weak eyes, poor sight, painful or inflamed eyes, cloudiness of vision, cross eyes, floating spots, feeling like sand in the eyes, burning, smarting or itching eyes and many other eye troubles can be relieved by wearing glasses correctly fitted.

Let me give you the value of my 31 years' experience in fitting glasses for eyesight in all its forms.

I guarantee satisfaction in every respect. No extra charge for examination.

You are invited to come where absolute accuracy in correcting eye defects is placed above every other consideration. My prices are lower than elsewhere for the service and material you get of me, and I can refer you to over five hundred prominent citizens of Salem, that I have fitted since coming here.

No drops or drugs used, as they are dangerous. The entire problem lies in these words—Rightly Fitted Lenses, Fitted by the Right Man. All broken lenses replaced while you wait. Office hours, 9:00 a. m. to 12 m.; 1 to 5:30 p. m. Evenings by appointment.

Dr. M. P. MENDELSON Doctor of Optics. Offices 210-211 United States National Bank Building.
