CAUSES TALK OF JUDGE PUNISHING DIVULGER

JUDGE KELLY TAKES HAND

Possible that Certain Person or Persons Will be Brought Before Him and Punished for Contempt.

Rumors current about the court house today are to the effect that either one or two of Marion county's officials will be haled before Circuit Judge Kelly shortly and formally charged with contempt of court on the grounds that certain information and facts concerning several indictments returned by the grand jury were disclosed before the cases were ready for public inspection.

This is a sensation arising out of artieles appearing in the local and Portland press concerning the indictments returned against Sheriff Kelsay, of Wheeler county, who stands charged with giving liquor to a miner, and varions other true informations returned by the grand jury which is in session at the present time.

Who Is It?

Just who the giver of the grand jury's opinion is remains to be seen. Sheriff Each or County Clerk Gehlhar refuse to make any statements concerning the matter and it is impossible to obtain any information from other likely sources. Suffice to say, however, Ciecuit Judge Kelly is having a minute investigation made and will make strenious efforts to place the blame upon the right persons who have violated Section 1431 of Lord's Oregon laws, which reads as follows:

"No grand jaror or officer of the court must disclose any fact concerning uch indictment while it is not subject this section, or the prohibitions of section 1430, is punishable as a contempt.

Maneuver is Regarded Everywhere as One of Most Adroit in History of British Politics--- Field Marshal French and Adjutant General Ewart Refuse to withdraw Resignations, Despite War Secretary Seely's Retirement --- News of Gough's Dismissal from Service and Wholesale Resignations of Army Officers Expected.

London, March 30,-War Secretary John Seely's resignation was announced in the house of commons this afternoon by Premier Asquith.

Asquith assumed the war portfolio himself, saying he would resign his seat in parliament as the representative of East Fife and go before the people at a by-election for return to office as premier and war minister.

As he is practically certain to victory in East Fife, he will by this means regularize his position as holder of the war portfolio and at the same time have secured what the liberals will consider un electoral endorsement of his policy without a dissolution of parliament and a general election, which the conserva tives might carry.

Blow to Opposition.

The maneuver was everywhere regarded as one of the most adroit of the history of British politics. The unex pectedness with which it was an sounced completely disorganized the opsition and threw the liberals labo-Irish coalition members of parliament into a frenzy of enthusiasm

Despite War Minister Seely's retirement, Pield Marshal Sir John French and Adjutant General Sir John Ewart refused to withdraw their resignations. This was taken as implying that Brigi-Seely and endorsed by French and Ewart, that troops would not be used to force home rule on Ulster, but only to maintain order there.

It was believed Asquith would not apwar in the house of commons again until after his re-election, and the im ression was that either Foreign Sec retary Sir Edward Grey or Chancellor of the Exchequer David Lloyd George would lead the liberals in the mean time-more likely Grey, since Lloyd \* \* \* \* \* \* \* \* \* \* \* \* \* \* \* Jeorge was reported III.
