### SAY MURRAY HAS GOOD OUTSIDE CHANCE TODAY

Close Students of Fighting Game Unwilling to Concede Jimmy Clabby Will Surely Win.

### BOTH FIGHTERS EXPRESS CONFIDENCE IN OUTCOME

Believe There is No Question They Will Be Winners and Clabby Says He Has Trained Hard.

San Francisco, April 3.—A light drizzle early today, which threatened to develop into a downpour, may result in the postponement of the scheduled 20 round bout at Daly City tonight between Jim Clabby of Hammond, Ind., and Lyle Murray of Sacramento. "Sunshine Jim" Coffroth, however, was certain that the bout would be staged. He predicted the weather would clear up this afternoon, and that tonight would be ideal for the staging of an outdoor fight.

Both Murray and Clabby were on edge for the contest. They have trained faithfully, and neither can consistently advance lack of condition as an excuse in the event of defeat. Each man, too, was confident of victory, and predicted a knockout would end the battle.

The betting public, however, favored Clabby. His speed, cleverness and experience, the fans believed, would more than offset Murray's stamina and his punching power, and they installed the Indiana 2 to 1 favorite. The short odd boys were stringing with Murray, and it was regarded as not improbable that the ring-side prices would be about 10 to 6.

### Murray Has Outside Chance.

Close students of the game figured Murray has a good outside chance to win. They point to the way in which he gradually wore down Leo Honk of Philadelphia recently; his coolness, his ability to take a hard wallop and then hold enough strength in reserve to put over a knockout.

"I have no more fear of Clabby than I had of Honk," said Murray today. "He may be there with the speed and fancy stuff, but that lets him out. It's the boy with the punch that wins. I am willing to take five blows from Clabby to get in one. He can't hurt me, but I can put him out with one punch."

"They have made Clabby a 2 to 1 favorite. The late Stanley Ketchel was a rank outsider in his earlier bouts, but he invariably headed over his man. I feel that I have it in me to beat Clabby and I am going right after him from the first tap of the gong."

Clabby said he didn't fear Murray's highly touted punch. He admitted, however, that he had trained harder for the bout than for any other he has had on the coast.

### Clabby Not Afraid.

"They tell me," said Clabby, "that Murray is a fast boxer with a hard punch. I think I have enough speed to keep away from his swings and I expect systematically to beat him down and then put over the finisher. Just because I did not knock out Saller Petrovsky many people think I don't carry much of a punch. They are wrong. They should remember Frank Klutz, one of the hardest hitting middleweights in the game, was unable to put the sailor away. Petrovsky has an iron jaw."

The preliminaries will be put on before the main bout. All will be six round affairs, as follows:

Charlie Givens vs. Chet Neff, Eddie James vs. Young Nabisco and Sammy Good vs. Eddie Beatty.

Jim Griffin will referee the main event.

### MAY HAVE RETURN MATCH.

San Francisco, April 3.—The managers of Red Watson of Los Angeles and Gilbert Gallant of Boston, will meet Promoter James W. Coffroth here today, and it is almost certain that the two boys will be seen in a return match either the latter part of the month or early in May. Coffroth plans to stage the bout in Daly City.

Watson and Gallant met in 20 round contest here a few weeks ago, which was called a draw.

### HIGH BALL TEAM STRONG ED WALSH IS "RIGHT" AGAIN, IT IS SAID

NEARLY ALL OF LAST YEAR'S MEN BACK, AND AGGREGATION SHOWS UP WELL.

### ENCOURAGING REPORTS IN REGARD TO CHASE COME

Stick Work is Said to Have Improved and His Fielding Was Never Better and Redie Also Hits.

### BY HAL SHERIDAN.

New York, April 3.—"Big Moose" Ed Walsh "is right" again, according to reports received here from Coach Kid Gleason. If the "big reel" really has the old break on his spitter, coupled with the same old speed of several seasons ago, then watch out for the Chicago White Sox.

"Just take it from Your Uncle William," said Gleason in a letter to a friend, "that the big boy is right again. You may just gamble on that, for I am willing to bet I have had my eyes glued on Ed ever since we started on our training tour, and I have watched him improve day by day. He will be ready to take his turn with the other flingers at the opening of the season, and, what is better, he will be there with the old spitter all oiled up and in working order."

Encouraging reports also are received regarding Hal Chase. His stick work is said to have improved and his fielding never was better. "Ping" Bodie also is said to be hitting like a fiend and if all the reports reached here are true, Callahan's team will certainly be a contender.

Levin's return. The defeat he sustained here at the hands of Bob McAllister is still ranking in the bosom of battling Levin's and he is banking for a return match with the Californian.

"I am going to write Jim Coffroth to give Levin's a return match on the coast," said Dan Morgan. "What we want is a 20 round bout and we won't ask for the world either if he decides to stage such a match. Levin's is the best light heavyweight in the world and he is improving all the time. I believe Pacific coast fans would like to see him in action."

### BAKER GIVEN WALLOWING BY O. A. C. AGGREGATION

The Baker Tri-State League club, which has been training here, was defeated 15 to 4 in a game with the O. A. C. team at Corvallis yesterday. Pitcher Dillard overplayed, and was touched in the final inning for a homer, triple, two doubles and two singles, issued one pass and hit one man with a pitched ball. Nine O. A. C. men scored in that inning. Dillard issued three passes in the first inning, but braced up and twirled a better game during the rest of the game.

### WILLIE RITCHIE LEAVES FOR SAN FRANCISCO TONIGHT

Greenwood Springs, Colo., April 3.—Lightweight Champion Willie Ritchie planned to leave for San Francisco tonight to prepare for his scheduled 20 round bout there on the evening of April 17 with Harlem Tommy. He expected to start training next Tuesday.

"I never was in better condition to start training in all my life," said the champion today. "The baths here were just what I needed, and they have done me a world of good. If it were necessary I could go into the ring tonight and give a good account of myself."

### DILLON CHALLENGES WINNER.

Kansas City, Mo., April 3.—A challenge to the winner of the Jimmy Clabby-Billy Murphy fight in Saly City, Cal., tonight was issued here today by Jack Dillon, of Indianapolis. Dillon is matched to box Battling Levin's 12 rounds in Butte, Mont., April 15.

### HALF HOLIDAY FOR KIDS.

Portland, Or., April 3.—The school kids won't have to play hooky April 14 to see the opening game of the Coast League season in Portland. The school board declared a half holiday.

### MISTAKEN FOR DEER.

Port Orford, Or., April 3.—Mistaken for a deer while hunting near here, J. L. Bush was shot by a companion and is dead today as the result of his injuries.

### Marital Frankness.

Mrs. Spitzer—When you married me you didn't know I could cook, did you, dear?

Mr. S.—No, dear, and I'm not sure yet.—Chicago News.

### Circumstances Alter Cases.

"A bird in the hand is worth two in the bush," observed the man who was stepping into the political job.

"Not when you are called upon to eat crow," said the man who was stepping out of the political job.—Philadelphia Press.

### Seizing His Chances.

Judge—You are charged with whipping your wife. Why did you do it?

Prisoner—Why, Judge, she's sick abed. I have to lick her when I can!—Chicago News.

### Stomach Troubles Due to Acidity.

No-curious stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food, are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisulphated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisulphated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.—M. F. P.

### No, as usual, the fruit crop is ruined.

Hopes for early adjournment of congress are vanishing.

Each year supplies the same inspiration to spring poets.

### RUB SORE, LAME BACK STOPS PAIN AT ONCE

Rub Backache and Lumbago Right Out With a Small Bottle of Old St. Jacobs Oil.

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or may be from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and it doesn't burn or discolor the skin.

Linger up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

### Local Druggist Says: "Take Only One Dose."

We want to tell those in Salem suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler's-Ka, the remedy which became famous by curing appendicitis. This is the most thorough bowel cleanser known and JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY, druggist.

### CRUISER NASHVILLE MAY BE UNABLE TO PRESERVE ORDER

Puerto Plata, San Domingo, April 3.—That the United States cruiser Nashville alone will be in adequate to keep peace here long between the government and the revolutionary factions was generally predicted today by Foreign residents. Peace negotiations between President Bordas and General Arias have fallen through completely, despite the Washington administration's efforts to bring the two to an agreement, and fighting was looked for any day. Arias was said to have a strong following.

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children, for use throughout the season. They break up Colds, relieve Feverishness, Constipation, Teething Disorders, Headache and Stomach Troubles. Used by Mothers for 24 years. THESE POWDERS NEVER FAIL. Sold by all Drug stores 25c. Don't accept any substitute. Sample mailed FREE. Address Allen S. Olmsted, Le Roy, N. Y.

Salt Rheum is one of the worst and unfortunately one of the most common of all diseases. How it reddens the skin, itches, oozes, dries and scales, then does this all over again! Sometimes it covers the whole body with inflamed, burning patches and causes intense suffering.

Salt rheum comes from humors in the blood. This is why local applications do so little good. It will continue to exist, annoy, pain and perhaps agonize, until these humors have been removed.

### Today's Short Story

### The Derelict

I WAS first mate of the Mary Goodwin of Philadelphia when the strongest thing in all my seafaring life happened. We were on the banks of Newfoundland, the home of the fog king, and the mist had come down on us thicker than I had ever seen it. One night the watch heard the sound of a distant bell. For an hour it tolled faintly, then very slowly became more distinct. It was evidently coming toward us. It must be drifting, for there was no wind to fill sails, and we could hear no sound of steam. At last the bell tolled diabolically within a cable's length of us.

We began to be anxious and rang our own bell to let the stranger know that we were in her course.

Our signal excited no reply, except the tolling of the bell, which continued constantly.

We were on a terrible strain for awhile, fearing that we would clash with the stranger; then we caught a glimpse of her stern under our bowsprit. She had evidently passed us.

At eight bells the next morning the fog lifted. There was no sign of land, but on our starboard quarter was a barkentine without sails, her foremast gone, rolling with the waves. The captain sent a boat's crew to investigate.

We found a derelict that had evidently been floating a long while. The only thing aboard that had ever had life in it was the body of a woman, and we had to stare in the door of the captain's cabin to find that it was lying in a berth, and notwithstanding the many tossings the vessel had received, it had not rolled out. We looked on the log book for the last entry. It was dated eighteen months before, Nov. 10, 1854.

We read the entry, and went back further for an explanation. No part of the log made mention of anything un-

usual occurring aboard. Nevertheless we traced what must have been something of the story. A bundle of love letters from a woman to the captain, the last dated not long before the log began, told us that he and his wife must have made the voyage a wedding trip. The last observation showed latitude 23 degrees 35 minutes north, longitude 18.20 east, or about 300 miles south of the Canary Islands and of the coast of Africa. The ship's boats were gone, which led us to believe that every one on board except the woman had left the vessel and made for the land.

The period, 1854, was when the slavers were running the last cargoes of negroes from the African coast to the United States. In the forecastle we found a scrap of paper on which was written: "The old man won't consent. Do the job." We interpreted this to mean that they had wished to force the captain to take the crew aboard to secure a cargo of slaves. He declined, and they were to kill him. All this accounts for the captain's wife being locked in his cabin. The port anchor was gone. This indicated that the ship was at anchor when the crew left her. Probably while the men were ashore after negroes a storm came up and broke the cable. Likely the captain was killed on the ship, and during the melee his wife went to the cabin and locked herself in. Possibly she may have lain on the berth, faint from fright, and died there.

And so it was that this woman's bier floated no one knew where. The rope to the bell rotted away, and the waves tolled with it a requiem for this bride whose happiness was so short lived.

But it was destined to float no longer. Such a derelict so near the line of Atlantic steamers between Europe and America was a menace to life. Fortunately we had on board plenty of combustibles to destroy her, and after giving the body of the bride a sea burial we placed a large quantity of gunpowder in the hold, fixed a slow match, then, getting into our boats, pulled away, the bell still tolling its requiem. Presently a flame shot up, the waters trembled, and the last of the slavers sank to the bottom.
