ALL OF NINE WOMAN CANDIDATES BEATEN

Democrats Retain Control of Chicago City Council and Socialists Elect No Aldermen.

"BATHHOUSE" JOHN'S EASY VICTORY DEPRESSES MANY

Sixteen New Counties Are Added to Thirty Previously Dry in Illinois By Vote.

Chicago, April 8.—Except the winning candidates and their closest political and personal friends, everybody was groaning today over the result of Tuesday's elections throughout the state.

The women voters in Chicago did not turn out nearly as well as had been expected. There were registered 217,911 and of these less than 100,000 cast ballots. All of the nine women aldermanic candidates were beaten badly.

The suffrage leaders got what comfort they could out of the situation, however. "By electing three non-partisans and ousting several unscrupulous from the city council," said Mrs. J. J. Bowen, president of the Equal Suffrage association, "women have shown what they can accomplish toward cleaning politics. It is true we elected no women to office, but we achieved a great moral victory."

"Women have shown their courage by entering into politics as candidates," said Jane Addams. "Our future campaigns will be planned months ahead."

The socialists hoped to elect several aldermen. They failed. The republicans had hoped to gain control of the city council. They, too, failed. The democrats, however, lost several wards they had expected to carry. Of the aldermen elected, 21 were democrats, nine republicans and three progressives. This gave the council a total of 41 democrats, 21 republicans, 5 progressives and 3 independents.

The better element was deeply depressed at "Bathhouse" John Coughlin's easy victory in the aldermanic fight in the first ward.

Number of Saloons Reduced. In the state, outside Chicago, the anti-saloon campaigners had hoped to put 3,000 saloons out of business. They succeeded in wiping out only 1,000. This, however, was enough to pain the wet.

To the 20 previously dry Illinois counties there were added the following 16: Boone, Brown, Christian, Dekalb, De Witt, Shelby, Fulton, Henry, Jersey, Knox, Livingston, Macon, McLean, Stevenson, Warren and Winnebago.

Of the larger cities the following previously wet, went dry: Bloomington, Decatur, Belvidere, Canton, Freeport, Galesburg, Joliet, Monmouth, Keokuk, Lockport, Elgin and East Galesburg.

Springfield Dry. The drys made strong efforts to capture Springfield, Quincy, West Galena, Rock Island, Dixon, Aurora, Waukegan, Alton and Moline but failed. The wets, on the other hand, fought hard for Rockford and Galva, but they stayed dry.

A much larger proportion of registered women voted in the country than in Chicago, and the result made it plain that the drys were right in claiming that a majority of them were for prohibition.

Other Election Returns. Other election returns were as follows:

Boston—J. J. Gallivan, democrat, was elected to congress from the 12th Massachusetts district.

New York—Partial returns indicated that New York state had voted for a convention next year to revise the constitution.

Patterson, N. J.—D. H. Drucker, republican, was elected to succeed the late Robert G. Bremer, democrat, in

NOTHING TO STORY OF TILLAMOOK'S HARBOR

Instead Plans Are Being Put Forward for Making Astoria Big Shipping Point of Hill Lines.

NORTH BANK SYSTEM NOT PLANNING CONSTRUCTION

"Far Cry Way Things Look," Says An Official in Regard to Extension Through Coast Mountains.

Portland, Or., April 8.—"Tillamook as the Hill lines' seaport is rather a far cry the way things look now," declared an official of the Spokane, Portland & Seattle railway today, commenting on dispatches from St. Paul that the United Railways would be extended through the mountains to the Tillamook bay.

The official said no plans are being made by the North Bank system for this construction, which certainly could not finish in any event in time for 1915 exposition travel. At the same time, he said, plans are being put forward for development of the Astoria harbor for the port for the two ships now under construction in the Cramp shipyard at Philadelphia.

The official would not say the Hill lines would not eventually develop other harbors than the Columbia river. He said plans of this character are mapped out in the large in the secret chambers of the directorate at St. Paul.

The official would not say the Hill lines would not eventually develop other harbors than the Columbia river. He said plans of this character are mapped out in the large in the secret chambers of the directorate at St. Paul.

congress, defeating J. J. O'Brien, democrat.

Milwaukee—Dr. G. A. Bading, non-partisan candidate, was re-elected mayor by 3,000 majority over Emil Seidel, socialist.

St. Paul—Many Minnesota towns of the fourth class were added to the dry list at the municipal elections.

Kansas City—H. L. Jost, democrat, was re-elected mayor and the commission form of government was badly beaten.

Lincoln, Neb.—Drys won in nine previously wet towns and wets in two previously dry ones at the Nebraska municipal elections. Indications were that Sunday baseball, which the municipalities permit or prohibit as they please, were generally endorsed. At Aquilar, the labor ticket overwhelmingly defeated the citizens' candidates at the election of city officers.

Albuquerque, N. M.—D. H. Boatwright, republican, was elected mayor by a small majority, and returns from other towns indicated republican gains.

Santa Rosa, Cal.—Nearly completed returns indicated the election of Charles E. Lee as mayor.

SAYS MEN IN FINE SHAPE. Oakland, Cal., April 8.—The University of Washington crew was out early today for practice over the course on the Oakland estuary for Saturday's three-cornered race with Stanford and California universities. Coach Coulton says his men are in the finest possible condition, and he expects them early to outdistance the other two shells.

Possibly King George might solve the problem by inducing Mrs. Pankhurst to lead her army into Ulster.

The only hotel in the business district nearest to all depots, theatres and capital buildings. It is strictly modern and reasonable rates. "A HOME AWAY FROM HOME"

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try This! Darkens Beautifully and Nobody Can Tell—Brings Back Its Gloss and Thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large

bottle, at drug stores known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of mess. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Local agent, J. C. Perry.

How women do envy a man when he struts up the street on a rainy day with the bottom of his trousers turned up!

The Markets

A large amount of export flour business has been done recently with the west coast of South America. The prices are extremely low considering the high price of wheat, but without this South American demand the export business would be dead. Crop conditions as to wheat are exceptionally good and Oregon leads the United States in this respect, her wheat condition being rated at 102 while for the United States it is 95.6.

Hops are looking up, and it is reported that 18 cents has been offered within the past few days. Growers are holding firm all over the coast. Strawberry berries are plentiful, are in fairly good condition and are selling at 32 the crate.

The butter market is in better shape with the supply rather short and the demand strong. There is no change in the price of eggs, the 1,000 ton shipment from China going mostly to the east.

PORTLAND MARKETS. Wheat—Track prices: Club 83 cents; Bluestem, \$1.01; Fortyfold, 91c; Red Russian, 92c; Valley, 92c; cranberries, \$12.50; Millstuffs—Bran, 23.65 per ton, shorts 25c; middlings, 31c.

Flour—Patents, \$4.80 per barrel; straight, \$4.20; exports, \$3.80; valley, \$4.80; Graham, \$4.50; whole wheat, \$5.00. Corn—Whole, 34c; cracked, 35c per ton. Hay—Fancy Idaho timothy, \$16.50; fancy eastern Oregon timothy, \$14.00; timothy and clover, \$14@15; timothy and alfalfa, \$13@15; clover, \$8.50@10; oats and vetch, \$10@11; cheat, \$10@11; valley grain hay, \$12@13.50. Oats—No. 1, white, 22c@23.50 per ton. Barley—Feed, 22.50 per ton; brewing, nominal, rolled, 25c.

Groceries, Dried Fruits, Etc. Dairy and Country Produce. Butter—Creamery prints, extra, 22c per pound; cubes, 22c.

slightly streaked with gray has been occupying the spot light with his habit of clipping off cherry blossoms and dropping them to the ground, apparently for no other purpose than the fun of seeing them fall. In fact, however, he is cutting down the blossoms for the little slip of nectar that lies at the base of the ovary. He takes the nectar by the green basal portion and tears out the staminal glands, which he scatters as the blossom falls, sometimes as many as forty blossoms per minute. The owner who sees this is very apt to get mad and take his gun, going after most anything he sees that looks like a bird. Song sparrows, bluebirds and robins are apt to fall before his aim. This is not fair, either to these birds or the finch, since the finch has his good points along with the questionable.

During most of the season he is very active catching insect pests and eating weed seed. And even his most objectionable trait is many times more of a help than a hindrance to a good fruit crop. It is well known that all trees pruned themselves of many blossoms that the remaining fruit may reach good size and quality. In all large orchards the blossoms pruning done by the little finch will be of real advantage. In other cases, where trees are loaded, a little peckish ravaging will prevent most of the danger.

HIGH PRESSURE DAYS.

Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the praiseworthy effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparil for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high pressure days.

BEER FAMINE IN DETROIT.

Detroit, Mich., April 8.—A beer famine prevailed in Detroit today as a result of the strike yesterday of 1,300 brewery workers. The men demand higher wages and shorter hours. The strike leaders said Detroit would be "dry" before midnight.

It is not altogether clear whether England has a regular army or an irregular army.

EASTER HATS

This is headquarters for millinery. Nice up to the minute Headpieces. Sure to please. Best of materials

Low Prices

Little Hats for Little Tots

We are Showing a big display of children's hats. Nice new creations. Little hats at little prices
