Don't Let a Cold Settle on Your Lungs

Many cases of Lung Trouble can be traced directly to a severe cold which has been neglected, and which, as a result, has affected the lungs. If you have a persistent cough or cold, take warning before it is too late.

Pleasantville, N. J. "Gentlemen: During the winter of 1911 I contracted a severe cold, which settled on my lungs. The doctor pronounced it lung trouble. I tried nearly every preparation without any result and kept getting worse.

OFFICERS ARE NOMINATED

CANDIDATES MAKE GRAND RUSH AS FINAL HOUR APPROACHES AND ORATORY FLOWS FREELY.

The nominations for the officers of the student body of Willamette University were made this morning at the regular student body meeting. In contrast with conditions yesterday, a great pre-election storm broke this morning, and politicians rushed to and fro looking for orators who could make suitable nomination speeches.

The primary ballots for May queen were taken, with Miss Ava McMahon and Miss Mary Pigler as the candidates.

Peter Pfaff, a prominent junior, and one of the most enthusiastic Willamette boosters on the campus, was chosen as manager for May Day festivities, which insures, according to all the campus leaders, that May Day this year will be the best ever held at the university, if good management can accomplish the feat.

The voting on the candidates for the different offices will take place next Wednesday, when the polls will be open all day, and all registered students permitted to cast their ballot.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Backache or Bladder Troubles You—Salts Is Fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in the effort to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges.

The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

TEN PERISH IN FIRE

FIVE INJURED MAY DIE FROM BURNS RECEIVED WHEN NEW YORK ROOMING HOUSE WAS DESTROYED.

New York, April 17.—Ten persons perished and five were so badly injured that it was feared they would die in a fire which destroyed a 6-story rooming house here early today.

Of the dead six were burned beyond recognition. The others were Edward Wallace, 46 years old and his wife; Mrs. Nellie Spencer, 28 years old, and Muriel Davis, aged 4. The injured were rushed to the Polytechnic hospital.

The building contained 40 rooms, mostly occupied by theatrical people and cloak models. How the fire started was not known. A passing policeman saw smoke coming from a basement window and gave the alarm. The flames spread so rapidly that by the time the firemen arrived they were beyond control.

There was a most frightful panic among those in the house, men and women striking, scratching and tearing at one another's hair in the effort for first chance at the fire escapes, with which the building was inadequately provided.

Those who perished were trapped in their rooms and burned or suffocated. The injured were hurt in jumping.

BRUNKAL FILES ANSWER TO WIFE'S DIVORCE SUIT

Allegations to the effect that his wife is constantly desirous of traveling about, and spending her time in pleasure and visiting with young men, without regard for her duties as a mother of five children, are made in an answer filed yesterday in the circuit court for Marion county by the defendant in the divorce suit brought by Bertha Brunkal against Jacob Brunkal. He declares he is a farmer 46 years of age, and desires to live at home in peace and quietness with his family, but his wife won't let him.

The answer denies portions of the complaint, and denies others. There are five children and some real property involved in the case. The children are William R., aged 12 years; Harold M., aged 10; Victor H., aged 8; Duffy O., aged 5, and Archie L., aged 3.

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody Can Tell if You Use Grandmother's Simple Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyoth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darken your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw it through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy. Local agent, J. C. Perry.

but the latter refused to enter the race against Ole Hanson of Seattle.

Progressive leaders regard the second congressional district in an acute condition at this time, and that Falconer is the only progressive sure of election there.

Speaking of appearances, youth with a real nose may have been courted a girl with hand-painted cheeks.

Merely use Cottolene wherever the directions say butter or lard, always remembering to use one-third less Cottolene, for Cottolene goes much farther than either butter or lard. You really have to save money if you cook with Cottolene, for according to chemical laws, a certain amount of flour can only contain a certain amount of shortening. For example, just try this: CODFISH BALLS. Take a pint bowl of codfish picked very fine, two pint bowls of raw peeled potatoes, sliced thickly, and boil in cold water until the potatoes are thoroughly done. Drain off the water, mash, add butter the size of an egg one well-beaten egg and three tablespoonsful of milk. Flour the hands and make into balls. Put two ounces of Cottolene into a frying pan, and when hot, fry the balls to a nice brown. Or the codfish balls may be fried in hot Cottolene after the manner of fritters.
