FUNERAL SERVICES HELD

BIG DEMONSTRATION IN FRONT OF STANDARD OIL OFFICES IN SAN FRANCISCO. San Francisco, May 5.—Funeral services for the workmen and woman and their children, shot down in Colorado during the clash at Ludlow with mine guards and militiamen, will be held in front of the San Francisco offices of the Standard Oil company at noon Friday. The demonstration is being arranged by the International Workers' Defense League. The league members will wear arched arms and before and after the services a silent "mourners' patrol" will be maintained in front of the Standard Oil offices. Several San Francisco ministers will conduct the funeral services. John D. Has No Interest. That recent criticism of Joan D. Rockefeller, Jr., regarding the present industrial upheaval in Colorado was unjust because the multi-millionaire has no interest in their coal properties and had made no effort to influence their attitude, was the declaration today of 20 of the principal coal operators of Colorado in a lengthy telegram to President Wilson. Officials of the Colorado Fuel & Iron company did not sign the message. "The Rockefeller's have no interest in our properties," said the message. "They don't control them and have never attempted to influence us in any way. The criticism hurled in their direction is unjust." Along with the admission went a flat refusal to negotiate with any representative of the United Mine Workers of America for a settlement of strike disputes. The operators recited the history of the walkout, blamed union leaders for all lawlessness and denounced the miners' union as "defiantly organized society to thwart its plan of rule or ruin."
