EDGREN SAYS FEDERALISTS HAVE COME TO STAY

Prominent Sporting Writer Discounts Mexican War Menace to Baseball.

OUTLAW LEAGUE WILL JOIN WITH REGULARS

Lopping Off of Salaries Will Follow Admission of Federalists Into Fold.

By Hal Sheridan.

New York, May 7.—Bob Edgren, sporting editor of the New York Evening World, refuses to take seriously Frank Chance's prediction that war between the United States and Mexico would wreck the Federal league. Commenting in this connection, Edgren said:

"The various predictions regarding the imminent failure of the Federal league because of the insidious and undermining influence of the 'Mexican war,' are very amusing. 'It doesn't require the future reading powers of a Scotch seer to tell exactly what will happen. 'Within a year or so organized baseball will still be organized baseball. The Federal league, very much alive, will be amalgamated with the other leagues. There'll be no more baseball war. Probably the circuits will be enlarged to take in 12 clubs. The backers of the Federal league are all business men. They have put up great sums of money building ball parks and paying increased salaries to players. They are going to protect their investment. If the 'Mexican' war, or war, occurs, keeps people away from ball parks it will hurt the organized baseball people, who have their main investment in baseball, more than the Federal league backers, who have other interests working for them and are taking up baseball as an outlet for superfluous capital. 'The players are the ones who need to worry over baseball futures. Probably as soon as the various magnates are gathered under one brand, the first thing they will attend to will be the lopping off of superfluous expense. And as there will be no compensation of players, prices will take a flop. We will go back to the

RED WATSON AND GALLANT FINISH TRAINING FOR BOUT

San Francisco, May 7.—Both Gilbert Gallant of Boston and Red Watson of Los Angeles, lightweights, were resting today preparatory to their scheduled 20-round bout at Daly City tomorrow night. Each finished his training yesterday and will now take things easy until the gong sends them on their journey.

Gallant is confident of victory and says he will take good care that Watson does not reach him again with any of his wild swings. In their last battle here Watson brought over a right-hand swing to the jaw in the fourth round that almost put the Bostonian away. Watson is in splendid condition for the contest, and is confident of winning by a knockout.

REAL SLUGGERS SCHEDULED FOR 20-ROUND BATTLE

Los Angeles, Cal., May 7.—Fight fans in whom the blood lust is strong are awaiting today with eager anticipation tomorrow night's heavyweight mill between Kid Kenneth of Taft, Cal., and Tom McMahon of Pittsburgh. The giants are scheduled to fight 20 rounds at McCarey's Vernon arena, and both claim to be in condition to make the fight an uproarious one. Both are sluggers with no science or cleverness, and the bout promises to partake of the nature of a contest between two playful pile-drivers.

HARRY FOLEY WILL CAST LOT WITH JOE AZEVEDO

San Francisco, May 7.—Harry Foley, recently trainer and manager of Willie Ritchie, was out of a job less than a week.

Following his parting with the champion, Foley received numerous offers from pugilists, but finally decided to take over the management of Joe Azevedo of Sacramento and Sailor Grandee of Vallejo. Azevedo is scheduled to meet Joe Bayley, the Canadian scrapper, in a 10-round bout in Oakland, and Foley will prepare him for the match.

PITCHER CRABB RELEASED TO OAKLAND COAST TEAM

Los Angeles, Cal., May 7.—Roy Crabb, pitcher obtained by Los Angeles from the Philadelphia Athletics in part payment for outfielder Pete Daley, has been released to the Oakland club, which refused to grant waivers on him. He will report next week.

MANAGER McNEELIE OF THE PORTLAND BEAVERS ANNOUNCED WOULD PURCHASE OF CATCHER BREANNIGAN OF PITTSBURGH

Portland, Ore., May 7.—The Oregon varsity team is determined to win today's game with the University of Washington following a 2 to 1 ninth inning defeat by the Puget Sounders yesterday. Oregon made one run in 1 1/2 eighth inning, but two doubles netted Washington two runs in the ninth.

RITCHIE TO TRY WHITE DOG ORDINANCE CLAIMS ATTENTION OF COUNCIL

CHAMPION SIGNS FOR 10 ROUNDS WITH CHICAGO SCRAPPER ON MAY 29.

San Francisco, May 7.—Accompanied by his brother, Henry Steffen, Willie Ritchie, lightweight champion of the world, plans to leave for Milwaukee via Glenwood Springs, Colo., Saturday morning. After spending several days at the Colorado resort, Ritchie will move on to Milwaukee, where he has accepted terms to clash with Charlie White of Chicago in a 10-round bout the latter part of the month.

Ritchie's demand for a flat guarantee of \$10,000 with the privilege of accepting 50 per cent of the receipts, was accepted by Promoter Tom Andrews in the following telegram:

"Your terms satisfactory. There is a big demand for tickets and will duplicate our last house sale. Better arrange to train a few days in Milwaukee, as well as in Chicago. Advise when you leave. We will wire your transportation."

Ritchie immediately notified Andrews of his intention to start Saturday but asked that the date for the fight be changed to May 29 instead of May 26 as suggested by Andrews. The champion will start preliminary training in Colorado and figure on something like two weeks' training in Chicago and Milwaukee.

DOG ORDINANCE CLAIMS ATTENTION OF COUNCIL

Should an ordinance that is now pending before the Salem city council be passed it will be unlawful for any man, woman, child, company, or corporation, to have or to hold any licensed dog within the limits of the municipality.

The measure was introduced at the last meeting of the council and passed from the first to the second reading. Unless something unforeseen takes place, it will be up for final passage at the next meeting. Male dogs over four months old, according to this measure, will be taxed \$4 for permission to live within the city and females \$10. The licensing of the dogs will be something like the registration of voters in its exactitude in asking questions. When the matron appears before the city recorder to get a license for "Fido", "Annabelle", "General", or "Fluffy Rufles", she will have to give its name, its age, sex, the breed—whether Scotch, Skye, Pomeranian, or just plain scrub—and also a description photographs of the dearly beloved may be deposited in lieu of descriptions, if desired.

When in the opinion of the city health officer, on whose shoulders the burden of dog-catching will be shunted, a dog has meandered about the streets long enough without having visible means of support in the way of a license tag, he is empowered, by authority vested in him by the council, to corral such dog, lasso him with a dog-net, cart him in a specially provided wagon to a spot prepared at Thirtieth and Ferry streets for the reception of dogs and then there apply to him by the use of gas. That is what is going to happen to many poor pups in Salem, unless by some feat of legerdemain they can contrive to keep looking as young as Berna Held or the far-famed Mile. Bernhard, who reflects time and eternity in her youthfulness. A pup will be safe as long as he can prove he is under four, but after the age limit is passed it is, "Lo! Youthful canine, beware!"

If no license is secured for the family pet and it strays away and gets caught, it is the duty of the pound master to notify the owner in writing through the mails, by telephone, telegraph, or other means of communication, that his or her dog is impounded and that it is not claimed within three days it will be euthyriated—whatever that means, but doubtful if the Salem product is used—by the city health officer, and then buried in a sanitary and healthful manner.

If anyone is convicted under this ordinance—before it is repealed or rescinded they may be fined all the

OPEN FORUM.

Editor Capital Journal:—The good roads boosters are now telling us that local labor will be employed in building the proposed hard-surface roads. We were told the same thing when we paved our street, but not many of us got steady jobs.

If we vote for the road bonds the same thing will happen again. Judge Bushy can insert into the contract that local labor be employed as far as practical. But what good will that do? He cannot enforce it.

When the contractors start the work they can discharge anybody they please and run in a lot of dagoes and Greeks and other foreigners. And we local laboring men can hunt other jobs so we can earn money to pay the high taxes on our homes. A part of those taxes will be used to meet the contractor's money out of which he will pay his labor.

This promise to employ local labor amounts to nothing. It is only a bid for our votes.

When these country roads are built this city will be filled up with outside labor brought in by the contractors and stranded here. My advice to every laboring man is to vote against the bonds. This will keep out foreign labor and help to keep our taxes down.

POSSES SCOUR HILLS FOR MIDDLETOWN EXPRESS BANDITS

Calistoga, Cal., May 7.—Posses were scouring the hills about Middletown today for the three highwaymen who last night shot and killed Sam Harris, Middletown general merchant and local agent for the Wells Fargo Express company, knocked his brother Orson out with a blow from a pistol butt, robbed them of about \$100 and escaped into the darkness.

The crime was committed in true wild western style. Loaded with arms, the robbers galloped up to Harris' store, drove the brothers inside at the pistols' points and shot the storekeeper because he attempted to shut the express safe. The shooting evidently upset their plans, however, for after robbing Orson Harris and the murdered man's body they galloped away again without stopping to ransack the safe.

Chief John F. Seymour of the Wells Fargo company's general agents was expected soon to take charge of the hunt.

STEAMSHIP CITY OF ROME BURNED TODAY

Erie, Pa., May 7.—The steamship City of Rome was burned to the water's edge off Ripley, N. Y., early today. The vessel was en route from Buffalo to Toledo and discharged a cargo of oats at Buffalo yesterday.

Captain William Dunn as First Mate John McNamara discovered the fire at midnight in the forward hold. They fought the flames for two hours and finally were forced to beach the vessel. The sixteen members of the crew escaped but lost all their personal belongings.

GOES TO SIBERIA FOR KISS.

St. Petersburg, May 7.—Siberia will probably be the penalty of a kiss for M. Ivanhoff, student, who was today indicted for attempted murder. He made the Russian Easter custom of ocular greeting of the faithful the excuse for kissing pretty Mile. Lisa Alibert, a fellow student. The girl, refusing to regard the salutation in its religious aspect, screamed, and her brother, rushing into the room, knocked Ivanhoff down. The latter then drew a revolver and shot at her brother but missed. Meantime the girl had summoned the police, but Ivanhoff,

way from \$5 to \$100 or even sent to jail.

At the council meeting Monday night there was a warm debate over the merits of the measure. Some of the councilmen thought it discriminated—and discrimination is the bane of freedom and political liberty and what the Mexicans are fighting against—in favor of the rich man's dog and against the poor street urchin's pup. How on earth was the newshy who had a ragged, unwashed, loving little cur to tag him about and encourage him by wagging his tail when things went blue and blue, how was this little newshy going to get \$4 together to pay the city for the privilege of having a dog. The councilman from the Seventh ward did not think it right. He was there to defend the youngsters and he did. He wanted the license reduced and placed within the reach of the lowliest lad, who ten to one, loves his little pup just as well as the society belle loves her high bred animal.
