## POLICE ARE WORKING ON MURDER MYSTERY

Think Alderman Ballou Was Murdered by Unknown Man and That Mrs. Angle Is Probably Innocent.

Stamford, Conn., June 30.—The police were working today on the theory that Alderman Waldo Ballou was murdered by an unknown man and not by Mrs. Helen Angle, near whose door in the fashionable Ripawan apartments he was found dying a week ago.

Chief of Police Brennan said he expected the mystery would be cleared up Friday when the inquest will be resumed. He intimated that a man, and possibly a woman, not hitherto connected with the case would testify.

A heavy club was found in the room where, the police say, the murder was committed. It bore a number of dark stains, believed to be blood. Mrs. Angle is extremely reticent. Her attorney said that if she is called at Friday's inquest she will refuse to talk.

## FUNERAL SERVICES TODAY—BODY TO BE SENT EAST

The funeral of Samuel Hoffnell was held this morning from the residence of his son, Edwin Hoffnell, 1325 Court street, at 10:30 o'clock, Rev. R. N. Avison and Rev. P. F. Schrock officiating. "Asleep in Jesus" was sung by Mrs. Perry Cupper and Miss Margaret Hodge. The Women's Relief Corps impressively rendered the last rites in the flag service. The active pallbearers were the Sons of Veterans: S. W. Drake, W. P. Ringle, D. G. Drager, S. R. Bonnell, E. R. Bingo and P. A. Cupper. The honorary pallbearers were Comrades Robertson, Thomas, Pratt, Worcester, Webster and Remington.

The funeral party planned to leave on the 2 o'clock Southern Pacific train for Abilene, Kas., where other relatives are waiting. However, on account of the illness of Myrtle Hoffnell, doctors advised that the trip be postponed until Wednesday at the same hour. If Miss Hoffnell is not better by tomorrow the body will be shipped east and Mrs. Samuel Hoffnell and Myrtle Hoffnell will follow later.

## THE BABY VOLCANO.

Redding, Cal., June 30.—After nearly two weeks of inactivity, Mount Lassen burst into violent eruption again at 11:10 a. m. today.

Thick, black smoke ascended 3000 feet or more and, drifting away, obscured the eastern horizon. Ashes fell in a heavy shower. The slope was black with them.

The mountain has been smoking for several days, and the only surprise was that the eruption did not occur sooner. It was plainly visible from Redding, 60 miles from the base of the peak.

Today's eruption was the twelfth since the crater burst into activity about a month ago.

San Francisco, June 30.—A man said by the federal authorities to be W. L. Baxter of Portland, was awaiting a hearing here today relative to his transfer to the Oregon city for trial on a charge of using the mails to defraud.

At the United States marshal's office it was said he was connected with a Portland medical dispensary, was indicted, immediately left town, came to San Francisco by steamship under the name of Johnson, and soon afterward went to Utah, where he was arrested.

## STEEL BRIDGE IS UNSAFE FOR TRAVEL

Auto Trucks and Touring Cars Thunder Over Structure Regardless of Danger to Human Lives.

On the Center street bridge between Marion and Polk counties are signs. On a big yellow and black flat are painted the letters, "look." It points up to a large sign which instructs vehicles and loads to go slow and follow each other 40 feet apart. Another sign reads:

\$100—WARNING—\$100  
Any person riding or driving faster than a walk upon this bridge is liable to a fine of \$100.

These instructions are from the Polk county court and the city of Salem. There is urgent necessity that they be heeded. However, Sunday the old bridge shook many times and was given more rocking and vibrating than the law allows. A huge truck loaded with cases of bottles, the chauffeur and a large family, thundered across the bridge at good speed. This truck was followed by a big five-passenger machine and a seven-passenger w. their extra Sunday crowd of merry-makers. Evidently the seven-passenger car did not care to bite the dust of the car
