## STAYTON NEWS.

Stayton, Ore., July 9.—Stayton now has what the people have long desired, a mail service from West Stayton. This went into effect July 1, and the patrons of the Stayton Postoffice are now enabled to get their Portland evening papers the same day printed. It is hoped that arrangements will soon be made to carry mail on the Salem-Gear branch, so that Salem mail may reach here in the evening, and readers of the Journal may have it on the day of issue. Three mails are received from West Stayton—9 a. m., 1:45 p. m. and 7 p. m. Two mails Sunday—9 a. m. and 1:45 p. m. Mails from Kingston, on the Corvallis & Eastern road, arrive at 10:15 a. m. and 4 p. m.

The old stage route between Turner and Lyons, via Aumsville, Sublimity and Stayton and Meham, which has served these places with mail for many years, has been discontinued, and while the new mail service is a benefit to the Sublimity people, cutting out the stages from Turner and Aumsville makes it inconvenient for that place as far as passenger traffic is concerned. The people of that neighborhood used the stage largely as a conveyance to trains either at Aumsville or Turner, and there is considerable dissatisfaction at its being discontinued, as it makes necessary their getting to trains by private conveyance.

A very large portion of Stayton's population celebrated the Fourth with their Sublimity neighbors. A good program was provided and a large crowd was in attendance.

Dr. Al Korinek, of Medford, is visiting Stayton relatives.

Captain Cramer, who was injured when an auto in which he was riding capsized on the hill near the Henry Miller place, north of town, is able to be about again.

J. M. Ringe and wife, Dr. Korinek and wife, Dr. Beauchamp and wife, Gus Ekman and Miss Kearns spent the 4th, 5th and 6th at Cascade, going in automobiles.

Misses Eliza and Milva Roy leave Saturday for an extended visit to Newport. Mrs. Curtis Cole will take the former's place in the Stayton State

bank during her absence. Supervisor Lambert has a force of men at work widening the road through the "swamp" between Stayton and Sublimity.

The Colonial Players, presented by Manager Rizzo, of the Stayton theater, gave good satisfaction.

Humor has it that G. L. Brown will again be connected with the sawmill here, entering into partnership with the Joe Petzel estate.

The Stayton steam laundry is under new management, Mr. Dunagan having sold the plant to Mr. Payne, of Vancouver, Wash.

The new building for the Stayton Mutual Telephone central office is fast nearing completion, and will make a very suitable place for the business.

It's really a simple matter to renovate a face soiled by sun, wind or dirt. Ordinary mercurized wax, used like cold cream, will transform the worst old complexion into one of snowy whiteness and velvety softness. It literally peels off the outer veil of surface skin, but so gently, gradually, there's no discomfort. The worn-out skin comes off, not in patches, but evenly, in tiny particles, leaving no evidence of the treatment. The younger, healthier under-skin, forming the new complexion, is one of captivating loveliness. One ounce of mercurized wax, to be had at any drug store, is enough to remove any tanned, reddened, pimpled, freckled or blotchy skin. Apply before retiring, washing it off mornings.

Many skins wrinkle easily with every wind that blows, with heat, worry, etc. An excellent wrinkle-remover, because it tightens the skin and strengthens the relaxed muscles, is a wash lotion made as follows: Powdered saxolite, 1 oz., dissolved in witch hazel, 1/2 pt. This gives immediate results.

President Wilson conferred today with Senators Shafroth and Thomas. The latter was confident that the senate would confirm Warburg's nomination even if the senate currency committee reports unfavorably on his nomination.

In his talk with Senator Shafroth,

the president, however, urged the former to force a report of some sort. He made it clear that he was determined on a finish fight in the upper house.

The chief executive telephoned also to Warburg, endorsing his refusal to submit to the committee's cross questioning.

BERT DINGLEY HAS CHANCE TO RECOVER

"I am sure my kid will pull through all right. He is better today and the doctors feel encouraged."

Except for his race in France, the Tacoma meet is the only one in which Dingley has driven that his father had not been in attendance, fearing the father said, some accident would happen. Dingley, Sr., is sheriff at Modesto, Cal., his home, and added today that when he passed through Oregon, he saw one of his escaped prisoners working on the railroad and waved to him, but did not stop, being in too big a hurry to get to the bedside of his boy.

President Wilson conferred today with Senators Shafroth and Thomas. The latter was confident that the senate would confirm Warburg's nomination even if the senate currency committee reports unfavorably on his nomination.

Sebastopol, Cal., July 9.—Governor Johnson and President Eshleman, of the state railroad commission, were scheduled to speak here this afternoon concerning the issues of the coming California campaign. Tonight they will be at Santa Rosa.

At Petaluma last night the governor was quoted as telling his audience: "Within a brief period California will witness a campaign of vituperation and falsehood, the most contemptible and despicable ever attempted in any state."

"Our confidence in the discrimination and right thinking of the men and women of California causes us to view this line of attack with absolute disgust and the utmost contempt."

## "THE LORD" STRUCK HIM A POWERFUL BLOW

Seattle, Wash., July 9.—When John Carey, one of a committee in charge of a religious meeting held in Vancouver hall Tuesday evening, attempted to eject a boisterous visitor, he was struck on the back of the head and knocked to the floor. Max Cander was charged with having struck the blow and was arrested on a charge of disorderly conduct.

"Did you strike that man?" questioned the city attorney in police court yesterday.

"I did not," replied Cander.

"Do you know who did hit him?" asked the attorney.

"The Lord did, your honor," he replied.

"Whose fist was used in striking him?" queried the prosecutor.

"The Lord used mine," said Cander.

Judge Gordon gave Cander 30 days in jail.

## CO-OPERATIVE CHILDREN'S CLUB IS FORMED

Pasadena, July 9.—The Morton Avenue Neighborhood club has gone in for the co-operative care of children. The club has a dozen members, all mothers. It also has a playground. instances because it is necessary for each legislator to make certain concessions in the interests of his own schemes.

## Governor Should Be the Head.

"The governor should be the head of these men and manage the affairs of the state as a business is managed," said Dr. Smith, "and state affairs should be conducted as a great business enterprise is conducted. The greatest club that the governor has to wield is the veto for among laudable bills are sandwiched single items of needless expense that must be carried through in order to pass necessary appropriations."

Here Mr. Smith recalled the \$1,500,000 appropriation bill with its 73 items that was rushed through during the last seven days of the last session of the legislature. He went on to explain that the time was short and that if it had been possible to veto single items of this and many thousands of dollars would have been saved to the taxpayers of the state.

And in conclusion, gentlemen, I would like to be a pioneer in a business administration for the State of Oregon," said Dr. Smith as he took his seat amid the hearty applause.

In his talk upon "The Relation of the School System to the Industrial Development of the Community," Professor Elliott stated that he was delighted with Salem, its people, its public buildings, its streets and its resources. The school he said should reflect the industrial activity of the community and that the Salem local problems and to make themselves a benefit to the industrial life of the community.

Some Other Suggestions.

Rev. Carl Elliott, the Presbyterian minister, was called upon and stated that he was glad of this opportunity to speak to the business men of the city. "Because," he said, "for most of you I do not have the opportunity otherwise."

George Weeks, and C. P. Bishop were both called upon and made short talks endorsing the ideas suggested by Dr. Smith. The condition of the steel
