CARPENTIER HAS THE USAL MODESTY

French Puglist Tells With Blushing Diffidence How Far Superior to His Opponent Smith, He Is.

THINKS HE CAN STOP CHAMPION JOHNSON

And Says He Will Give Him a Trial If He Gets Away With Gunboat Smith—Other Sport Gossip.

(By Hal Sheridan)

New York, July 10.—Georges Carpentier who meets Gunboat Smith in London a week from tonight, and who referred the Jack Johnson-Frank Moran bout, was not much impressed with the negro's work, according to advices received here.

"Johnson tried hard," said Carpentier, "but he lacked snap, speed and vigor. Johnson failed to show the class

expected of a champion. He appeared to hit Moran as hard as he could but he was unable to knock the white man off his feet. I think I could defeat Johnson, and if I get away with Smith I am going after the negro's title."

Carpentier says he has been told that Smith is very slow and predicts that he will win the bout on points if it goes 20 rounds. He also has been told of the Gunboat's punishing powers but he thinks he is clever enough to avoid the American's swings.

"These rushing, tearing fighters," said Carpentier, "have never bothered me. I have always been able to avoid their rushes and also inflict quite a bit of punishment while the rushing was in progress. The gunner also is said to have a terrific wallow and that if he ever lands it will end my pugilistic ambition. I have some punch myself and if I connect solidly with Smith's jaw he's liable to be counted out himself."

NOT BACKING LIPTON.

London, July 10.—Pessimism regarding the chances of Sir Thomas Lipton's challenger in its attempt to lift the America's cup was felt among yachting enthusiasts here today. Indirect information from Designer-Nicholson indicated that the challenger's speed

isn't up to the mark that has been reported. Yachtsmen are said to believe that the Shamrock III's slowness compared with the Challenger has been purposely exaggerated.

JOHNSON TO BE IN IT.

New York, July 10.—Following his sensational win over W. A. Larned, W. M. Johnston, California champion, was considered certain today to be in the fight for the Dwight F. Davis tennis trophy. Johnston, reaching here yesterday morning after a trip across the continent, played Larned without any preparation and won 6-3, 6-3, 6-3.

WANTS TO SCRAP RIVERS.

Los Angeles, July 10.—Johnny Dundee was expected to arrive in Los Angeles late today seeking a match with Joe Rivers. Whether he will get it depends upon Tom McCarey's decision in a three-cornered case. Leach Cross has demanded a meeting with Rivers and stood in a fair way to get it until Dundee announced his coming. It was believed today that Rivers surely will be one of the principals in a late July match, with Cross and Dundee offering the other possibility.

ANOTHER WHITE HOPE.

San Francisco, July 10.—Tom McMahon, a heavyweight who comes here highly touted, will make his first appearance before San Francisco fight fans at the four round show tonight, when he meets Al Kaufman in the main event on the card. The remainder of the card follows:

Jack Hemphill vs. Battling Lewis; Harry Dell vs. Frankie Driscoll; Kid Romeo vs. Eddie James; Bobby Dobbins vs. Eddie Tait; Joe Ferro vs. Sam McCue; Kid Keller vs. George Brand

ENGLAND NOT REPRESENTED.

London, July 10.—It was announced here today that England will send no entrants to play for the American open golf championship at Chicago next month. Braid and Dunes, who had intended to compete, found it impossible to make the trip. It was stated, however, that Harry Vardon and several other British experts will go to America in 1915.

PUNISHED FOR KICKING.

Chicago, July 10.—For protesting too strongly against a decision of Umpire Byron's in Wednesday's game, Heinie Zimmerman, third baseman, stood suspended today for three days by order of President Tener of the National league. A fine of \$50 was also assessed against Zimmerman by the local club. Outfielder Leach also drew a similar fine for kicking too strenuously on a decision.

ANOTHER 20-ROUND BOUT.

San Francisco, July 10.—A 20-round bout here the latter part of this month month between Joe Bayley, the Canadian lightweight, and Frankie Burns of Oakland was on the cards today. Bayley meets Johnny O'Leary in Vancouver the night of July 11, and Burns clashes with Eddie Moy here next week. If either fails to make a good showing, "Red" Watson may be substituted in the latter bout.

PITCHERS ARE SOLD.

Boston, July 10.—Pitchers Ruth and Shore of the Baltimore International league club are the property of Boston Red Sox today, according to announcement by President Lannin of the local team. Catcher Egan was secured in the same deal, in which \$25,000 was said to have been involved.

"PSYCHOLOGICAL" SUICIDE IS LATEST

Pasadena, Cal., July 10.—Psychological cruelty was the extent of the torture inflicted upon Consul Silliman and his American associates at Saltillo. The details of that imprisonment, long withheld from the public, are made known in a long letter from Dr. P. P. Moore, one of the prisoners, to a friend in this city. The Americans were well treated, apparently, except for the fact that the assistant jailer, whom the Americans called "the field," continually harassed them with the prediction that they had but a few hours to live. In the morning he would predict their execution at noon. Later in the day he would warn them that prisoners were often shot at midnight, and still oftener at sunrise. He made life almost unendurable for the 11 Americans until they discovered that none of his threats had any official authorization.

RAMMED THE PILOT BOAT.

New York, July 10.—The United Fruit liner Marchionni this morning rammed and sank the steam pilot boat New Jersey in the outer harbor here. The New Jersey's crew of 17 and 15 pilots were rescued. The accident was due to a heavy fog.

Jake Daubert

By A. M. Corrigan.

Red McGhee says:

For all 'round value Jack's a bird. For some years now the fans have heard his praises loudly sung. He's climbed Fame's ladder pretty high an' he'll dispute with any guy the right to that top rung. Nap Rucker's old left arm an' Jake have worked in harmony to make the Brooklyn team show class. An' Jake has done the heavy part—he's made first basing quite an art. His mem'ry won't soon pass.

He's won one Chalmers' trophy car for bein' leadin' all 'round star—he copped that last year. Such honors don't turn Jackie's head, he just keeps pluggin' right ahead to polish his career. He sets a weird and fancy pace at fieldin' 'round that 'initial base—his lank form seems all wire. He cheers the pitcher all the way—just oozes fire out all day an' never, never tires. He's some club swinger, too, this boy. His wallows are a lastin' joy to any roglar fan. He's strong on extra cushion drives an' stands out in the dope archives a sure 300 man.

Fat Robbie's ol' Superba nine would likely hit the greased incline without our ol' friend Jake. At any rate the ol' turnstiles would click lots less. An' Robbie's smiles a fond farewell would take.

FOOLISH EDUCATOR STIRS THE HORNETS

Professor Ross Starts Trouble by Saying Preponderance of Women, Teachers is Turning Out Generation of Sissies.

St. Paul, Minn., July 10.—Having elected Professor David Starr Jordan president and chosen Oakland as their next meeting place, delegates to the National Education association were already leaving here today, though the convention will not end officially until Saturday.

Fred Barber, of the Illinois normal university, speaking at today's forenoon session, attacked what he termed over-specialization in the general science courses in the public schools. James Peabody of New York spoke in favor of a "safe and sane" method of sex instruction in the schools. Yesterday's speech by E. A. Ross of the University of Wisconsin, expressing the opinion that the preponderance of women among the country's teachers is resulting in the turning out of a generation of "sissies," was the subject of much comment, and if the convention had not been so far advanced there was no doubt that the speaker would have been warmly answered. As it was, promises were made that there would be several published replies in the near future.

WAR WAGED ON SPEEDERS.

Medford, Ore., July 10.—Following instructions from the city council, Chief of Police Hittson yesterday appointed a motorcycle policeman to look after speeding automobiles. The name of the officer will be kept secret and a fine of \$25 has been fixed for the first offense instead of \$2.50 in a last desperate effort to eliminate the automobile speeders from the streets of Medford.

A suggestion that the policeman be given a percentage of the fines was abandoned by the city fathers, his remuneration being fixed at \$3 a day.

PRISON MUTINY RENEWED.

New York, July 10.—Another outbreak among prisoners in the penitentiary at Blackwell's Island occurred today as a sequel to one last night in which several keepers were set on and badly hurt. The trouble today happened in the tailor shop, where a fire was started by the rebels and the power belting was cut. Six ringleaders were out back in their cells. The prisoners mutinied as a protest against the refusal of the authorities to restore yesterday's culprits to good standing.

The answer proved time and again—the WANT AD.
