

FIVE THOUSAND OF POLICE CALLED OUT

Small Army Detailed to Deal With Anarchists Who Make Demonstration Today Over Victims of the Bombs.

New York, July 11.—Five thousand policemen were held in reserve at the station houses here today in readiness to deal with the Union Square demonstration promised by local anarchist leaders in memory of their four fellow-radicals killed July 4 by the explosion of a bomb which the police believe was being manufactured to assassinate John D. Rockefeller but which the anarchists assert was "planted" by tools of their capitalist enemies.

Inspector Schmittberger said he would not interfere with a mere gathering in the square, provided it was orderly and did not interfere with traffic, but would disperse any semblance of an organized parade or anything in the nature of a formal demonstration.

Mayor Mitchell and Police Commissioner Woods also issued orders forbidding the display of the urns in which were the ashes of the cremated quartette. To have them in Union Square it was necessary for the anarchists to bring them from the crematory on Long Island and as a precaution 600 police were stationed at the Thirty-fourth street ferry station where it was expected they would land to stop them.

The anarchist leaders were going forward with their plans regardless of the authorities' orders, and it was expected 20,000 people would gather in Union Square.

Passed Off Quietly. New York, July 11.—Seven hundred police, with drawn clubs, were massed in Union Square this afternoon at the hour set for the opening of the anarchist and I. W. W. demonstration in honor of the three men and one woman killed July 4 by the explosion of a bomb in a Harlem tenement here.

Fully 5,000 people had gathered in the square and more continued to pour in from all four sides as the speaking progressed. Alexander Berkman, who served a long prison term for an attempt to assassinate Henry C. Frick, was the principal orator.

THOUSANDS STARVE AS RESULT OF FLOODS

West River Section With Its Swarming Millions Is Left Absolutely Without Food of Any Kind.

DRIVEN BY HUNGER TURN TO BRIGANDAGE

These Prey Upon the Bordering Countries Thus Extending the Area of Death and Desolation.

Hongkong, July 11.—People are starving to death by thousands in the recently flooded West river valley, according to arrivals here today from up-country.

Under the most favorable conditions the West river valley crop, though normally large, is barely sufficient for the swarming population. Or rather, the population increases again, every time it is reduced by famine up to the country's capacity to support it, and naturally stops there.

A crop shortage simply means that a corresponding number of people must die of starvation.

In the present case the loss was total and but for outside relief the flooded area would practically be depopulated. Outside relief has, indeed, been given liberally but the number of sufferers is so enormous, running into the millions, that to care for any number of the sufferers adequately or even to care for a large proportion of them at all is nearly an impossibility.

To make matters worse many of those who lost everything in the flood have turned to brigandage. Even those outlaws are finding slim pickings in a country where nothing is left to steal. Most of the bands, however, direct their activities against the district's bordering upon the flooded sections where, by plundering others little better off than themselves they spread the area of desolation.

Not only, according to persons who have visited the region, can there be no improvement for weeks, but conditions will grow worse and worse until there is a new crop to harvest.

The organizing work for the new court was done by Mrs. Wilbur C. Phillips and Mrs. Albert O'Brien. Mrs. Phillips has been a member of Court Oregon for several years. The ladies of St. Joseph parish have accomplished a great work.

CLOUDBURST KILLS FIVE

Seranton, Pa., July 11.—Ray Ellis was dead and five other persons were missing today following a cloudburst which yesterday caused the Lackawanna river to overflow its banks. Much property was destroyed.

CAN SAVE FIFTEEN CENTS ON ROUND TRIP

Persons traveling on mileage between this city and Portland may save 15 cents a round trip, according to a statement made today by Railroad Commissioner Campbell. Thinking there was a discrimination somewhere, Mr. Campbell communicated with General Passenger Agent Skinner, who explained that the scale was all right and that he did not know of any reason for changing it.

Under present conditions a person who boards a train at Salem and says he is going to Portland has 51 miles taken from his mileage book. If he says he is going to Gold Hill only 46 miles are "pulled." At that station he hands his book again to the conductor, who "pulls" two miles more as far as Portland, making the total mileage 48 miles. The cash fare from Gold Hill to Portland is 5 cents and the law provides that a railroad company may not charge a higher mileage rate than the cash fare.

The passenger from Portland to Salem may make the same saving with his mileage by having fare "pulled" first to Gold Hill and again from there to Salem.

EMMELINE IS OUT

London, July 11.—Mrs. Emmeline Pankhurst, very weak from hunger striking, was again released from prison today. She was given her liberty under the "cat and mouse" act, and can be locked up once more whenever the authorities please.

Arguments on the demurrer in the case of J. W. Taylor against the Portland Eugene and Eastern and the Arena Construction Company were heard by Judge Kelly this morning and the case taken under advisement.

C. L. Stickney, of Deland, California, wrote to the promotion department of the Salem commercial club asking information about improved ranches, and the price wanted. He says that if he decides to come he will bring four other families with him.

When a man is anxious to lose his identity all he has to do is to marry a violent suffragette.

THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood.

If the blood is very impure, the bones become diseased; the muscles become enfeebled, the step loses its elasticity, and there is inability to perform the usual amount of labor. The skin loses its clearness, and pimples, blotches and other eruptions appear.

Hood's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of scrofula and other humors, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling. Be sure to get Hood's and get it today. All druggists.

GREAT STRIKE PROBABLE

Chicago, July 11.—A strike of engineers and firemen on 67 railroads unless the men's working hours are reduced was declared certain by railroad union leaders who were conferring here today and counting the ballots cast in the vote taken on the strike question.

This referendum would clear the way, the union heads said, to an ultimatum to be delivered to the railroad Tuesday. It was understood 90 per cent of the men voted in favor of a strike.

HOLD STORSTAD RESPONSIBLE

Montreal, July 11.—The Royal commission which investigated the collision between the liner Empress of Ireland and the collier Storstad in the St. Lawrence recently, resulting in the loss of about 1000 lives, today placed the responsibility for the disaster on the Storstad.

William Porter, of this city, was arrested by Constable Cooper today and lodged in the county jail on the charge of giving beer to another in dry territory. It is alleged by the police that Porter gave beer to a waitress named Emma Sands, employed at the White House restaurant.

The Howell case was taking up the time in department number 2 of the circuit court today. The opposing attorneys, Senator Carson and George Bingham were arguing before Judge Galloway this afternoon. The Howell case involves the support of Felucia Howell, an aged woman, who is incapable of supporting herself. Her grand-children are the plaintiffs in the case. The plaintiffs filed an offer to compromise the suit and to support the old lady during the rest of her life time if the case were decided in their favor and they were given the title to the property. This is opposed by the defendants however, on the grounds that it would leave her no legal redress in case the promises were not kept.

CALIFORNIA COURTS TAKE NEW DEPARTURE

Richmond, Cal., July 11.—Taking a course probably unprecedented in California's history, the first district court of appeals had issued today four writs of mandate directing the mayor and council of Richmond to call an election asked in an initiative and referendum petition presented to the council last Monday night and ignored by that body, or show cause by next Thursday why such an election should not be called.
