## MISS HOBBS REPLIES TO KAY'S CRITICISM

Says "If Mr. Kay Is Correctly Quoted He Was Hasty In Passing Judgment On Matters Which In No Way Concerned Him."

In a statement made today upon her return from Laidlaw, where she went under instructions of Governor West to make an inspection of the Tumalo Irrigation Project, Miss r'ern Hobbs, private secretary to the executive, criticised State Treasurer Kay for a statement belittling per trip and the work which was assigned to her. She said it was necessary that she be familiar with the Tumalo work because she has much

of the governor's correspondence to answer and often gives information to callers regarding the enterprise. Miss Hobbs' statement is as follows:

'I was very much surprised and equally amused to learn of the tempest in a teapot occasioned by my trip to the Tumalo Irrigation Project.

'I am not an employe of the Desert Land Board sor in any way connected with that board, nor accountable to it.

with that board, nor accountable to it. The visit to Tumalo was prompted by my interest in the work which is being done at that place, and in order to se-cure information for use in connection with my duties in the governor's office. Of course I do not know that Mr. Kay was correctly quoted, but if so, I can only saiy that he was hasty in passing judgment upon matters which in no way concerned him. If he had any reason to believe that my trip was a matany member of the hoard, all that it would have been necessary for him to would have been necessary for min to do in order to learn the true facts, would have been to step across tae half into my office and ask me concerning the matter, or to have stopped me Thursday afternoon when I went into Dandee.
