MRS. PANKHURST IS AGAIN ARRESTED

Authorities Worried Over Her Condition as Her Death Would Have the Effect of Stimulating Militants.

London, July 17.—The Home Office was much worried today concerning Mrs. Emmeline Pankhurst's physical condition.

The suffragette leader, who had been hunger striking in jail, as usual, was released only a few days ago. Last night she was to have addressed a meeting in Holland Park hall. In line with their campaign to break up the suffragette organization, the authorities determined to prevent this.

They learned that Mrs. Pankhurst was too weak to walk and would be carried to the meeting on a stretcher. Accordingly they had a motor ambulance waiting close to her residence, and when she was brought out detectives seized the stretcher from its bearers, bundled it into the ambulance and sped away to Holloway prison before her bodyguard had time to interfere.

Resumed Hunger Strike.

In prison Mrs. Pankhurst immediately resumed her hunger strike. She had made so little progress toward recovery from her previous one that physicians said her life was in danger unless she was released immediately. The Home Office was unwilling to do this so quickly, believing the suffragettes would interpret it as a victory. At the same time they are in terror of her death, not only on humanitarian grounds but because they know she would be killed as a martyr, which probably would only stimulate the militants' activities.

There was a riot at the hall where the suffragette leader was to have spoken, the hall's interior being wrecked and a number of persons injured.

AUTOIST IS FOUND DEAD IN THE GUTTER

Moscow, Idaho, July 17.—After a night said to have been spent in joy riding, William Crowley, a well known farmer, was found dead in a gutter here early today, with his automobile standing on a curbing nearby lodged against a tree.

Wounds on the neck and head have caused an investigation by the police, although Crowley's chest was crushed from having been run over by the machine.

No one has been found who will admit being with Crowley at the time of the accident.

KING'S COUSIN MARRIES.

London, July 17.—Unknown to his royal relatives, Prince Louis of Bourbon, cousin to King Alfonso of Spain, was quietly married here today to Miss Beatrice Harrington, a pretty untitled English girl.

VICE INVESTIGATORS KILL POLICE OFFICER

"Morals Investigators" Open Fire on Police, Killing One—Bad Feeling Between Forces Said to be Behind It.

Chicago, July 17.—Conflicting accounts were given today of a fight in the former "red light" district Thursday night between regular policemen and members of the forces' moral department, in which Detective Sergeant Stanley Birns was killed and three of the morals investigators were wounded.

It was known that a party of four morals investigators had undertaken a raid in the segregated district, now supposed to be closed. From the best information obtainable, a crowd gathered and the investigators were surrounded and threatened with violence. Then some one in the mob fired a shot.

Detective Sergeant Birns and Sloop, who were on the opposite side of the street, started to run toward the crowd. The rioters fled, leaving only the four investigators, who, having drawn their own pistols, opened fire on the detectives.

The latter replied with their own weapons and more than 60 shots were exchanged before, according to the morals investigators, the regular police were recognized as such.

Chief of Police Gleason and Morals Censor Finkhauser were investigating the affair today. They said today they were convinced that policemen on both sides were excited and did not know one another.

It is a fact, however, that the regular police and morals investigators have long hated one another.

TURN HAIR DARK WITH SAGE TEA

Grandma kept her locks dark, glossy and thick with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandma's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though we don't have the troublesome task of gathering the sage and the money mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; repeating the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. Local agent, J. C. Ferry.

SOUTHERN PACIFIC PAYS DEMURRAGE

The first payment of reciprocal demurrages in Oregon, and probably in the United States, has been made by the Southern Pacific company, according to an announcement of the state railroad commission today.

The payment was made to Travis & Gleason for delay in providing cars for a shipment of wood at Middletown.

Under the Oregon laws a shipper is charged \$2 a day for delay in loading or unloading cars and the railroads are charged the same for delay in furnishing cars when properly ordered. The first law providing reciprocal demurrage in this state was declared unconstitutional because of apparent conflict with interstate railroad regulations. A new act, under which the payment of the Southern Pacific company was made, authorizes the railroad commission to fix an intra-state demurrage, and it announced sometime ago that it would be \$2 a day, the same as that charged the shippers. Interstate regulations impose a charge of \$2 a day on shippers but none on the railroads.

FACT

Local Evidence
Evidence that can be verified.
Fact is what we want.
Opinion is not enough.
Opinions differ.
Here's a Salem fact.
You can test it.
W. H. Root, Route No. 9, Salem, Oregon, says: "I believe a cold started kidney trouble in my case. Frequent action of the kidneys annoyed me day and night, and sometimes I was unable to sleep. The passages of the kidney secretions were attended with a burning pain. If I tried to sleep, I had sharp twinges in the small of my back. I felt weak, tired and languid, and I often got dizzy. Nothing helped me until I took Doan's Kidney Pills on a friend's advice. In less than a month I felt like a different man, and four boxes made me well. The pains went away and the kidney secretions became natural. I publicly recommended Doan's Kidney Pills after they helped me so greatly, and I now willingly confirm that statement. I still use Doan's Kidney Pills off and on when I catch cold in my kidneys, and they always help me."
Price 50c. At all dealers. Don't simply ask for a kidney remedy. Get Doan's Kidney Pills, the same that Mr. Root had. Foster-McMillan Co., props., Buffalo, N. Y.

DEAD IN HIS ROOM.

San Francisco, July 17.—C. Stenbeker, a seaman, 45 years old, was found dead in his room here today, presumably from accidental asphyxiation.

BABY VOLCANO HAS ANOTHER ERUPTION

The Nineteenth Explosion Today Almost Equals the Big Show Wednesday—Crater Is Greatly Enlarged.

Redding, Cal., July 17.—Mount Lassen burst into eruption again today for the nineteenth time. The outbreak was a violent one, though of a little less magnitude than Wednesday noon's whopper.

The black smoke with which the eruption started soon shaded into gray and was drifting to the southwest for many miles.

The crater has greatly enlarged in the past few days, measuring at latest accounts, roughly 400 by 700 feet in an irregular oval. Near it are ashes in great quantities. Smaller particles of ash fell 20 miles from the volcano following Wednesday's eruption.

ALL SCHOOLS SHOW A GOOD ATTENDANCE

The Salem city schools finished the past school year with an average attendance one percent above the average attendance for all the schools of Marion county, according to the annual report of County School Superintendent Walter Smith, now being prepared. Salem schools averaged an attendance of 96 per cent and the average of all of the schools of the county was 95. The average attendance all over the county has been good this year according to Mr. Smith and the good records have been made possible through the cooperation of teachers, patrons and pupils in the various districts.

The best record of attendance made by any school was made by District No. 81, Oak Glen school near Stayton and by District No. 95, the Davis school near Silverton, 99.

Good records of attendance were made by the following schools:

St. Angel	98
Noble	98
Salem Heights	97
Cloverdale	97
Center View	97
Parkersville	97
Sidney	97
Witzel	97
Central Howell	97
West Stayton	97
Thomas	97

Attendance certificates were given each month to those schools and rooms making an average attendance for the month of 95 per cent or over.

Teachers, patrons and pupils have cooperated in making this good record of attendance.

DON'T LET A COLD SETTLE ON YOUR LUNGS

Many cases of Lung Trouble can be traced directly to a severe cold which has been neglected and which, as a result, has affected the lungs. If you have a persistent cough or cold, take warning before it is too late. Eckman's Alternative is most beneficial in such cases and has been the means of completely restoring to health many persons who had serious lung trouble. Read of this case:

Pleasantville, N. J.

"Gentlemen: During the winter of 1911 I contracted a severe cold, which settled on my lungs. The doctor pronounced it lung trouble. I tried nearly every preparation without any result and kept getting worse. Eckman's Alternative was recommended to me and I commenced using it as a last resort. The first bottle seemed to give no relief; in fact, I seemed to feel worse, but I kept on using the medicine and found out the first bottle had really started me on the road to recovery by loosening the mucus and making me expectorate freely. After using the medicine for some time my cough ceased, I gained flesh and today I am a well man."
(Signed) GEO. M. BATES.
(Above abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa. for evidence. For sale by all leading druggists.

MR. RYAN MAKES STATEMENT.

Editor Journal: Will you kindly allow me space to reply to the Building Trades Council ad. being circulated by them? In the first place, the bunch of men from the union did not give me satisfaction. The so-called unfair painters, Mr. Brown, one of the best painters in town, finished his work as per agreement and quit. As for him being unfair, they have not got in their order as fair a man, or as good or better painter. I reserved the right to discharge any man not giving me satisfaction, so, after two weeks of trial, I fired the whole bunch, and am running my own business and took back my own workmen. Mr. Ed. Steuter, the contractor to do the lathing and plastering, has done about one-fourth of the work and received pay for same. Now he and not the union is responsible for damage caused by delay in finishing the building, and he will complete same or pay damage on same.

The market will open July 25th, and all producers and consumers will find a hearty welcome. All the schools in city and country are invited to bring in their products and sell them; also, the ladies of the churches and Women's Exchange will be provided free tables for display and sale of their home cooking, etc.

Respectfully,
—R. E. RYAN.

STORM IN NORTH SEA.

Hull, Eng., July 17.—Several vessels were overdue and it was feared there had been heavy loss of life among fishermen as the result of a storm which was sweeping the North sea today.

LASSEN HAS SECOND ERUPTION AT NOON

Redding, Cal., July 17.—Mount Lassen erupted for its twentieth time at noon today.

A column of inky smoke the full size of the big crater's diameter ascended to a height of 3000 feet, where it opened out like a fountain, raining ashes instead of water.

The eruption was not over at the end of an hour.

CRUISERS AWAIT

(Continued from page one.)

man he does not intend to punish the rank and file of the federals, but he has not promised an amnesty including the more important of the leaders.

Silliman warned him that he would not be recognized by the United States unless he "assumes power with his hands clean." Nevertheless, the junta here, presumably with the general's authority, insisted that the Juarez decree of 1902, providing for the execution of persons implicated in overthrowing a president, would be invoked against the late President Madero's murderers.

"Reports that a wholesale butchery is contemplated," it was stated at the junta, "are unfounded. General Carranza has no intention of molesting anyone not involved in Madero's overthrow, but these executions will be carried out and no outside interference will be tolerated."

It was stated also, on high constitutional authority, that Carranza would refuse to recognize debts incurred by Huerta.

It was recognized that an attitude of this kind might involve complications, if persisted in unyieldingly, but to some extent Washington official circles sympathized with the constitutionalist view concerning the matter of the Huerta obligations. In fact, one reason why the administration has been all along so firmly determined to do nothing which might be interpreted as recognition, thereby indorsing concessions granted by the dictator and undertakings into which he entered.

Much satisfaction was expressed at Carranza's announcement that he was usually ambitious and only accepted the presidency "to facilitate a solution of the grave problems which weigh upon our country."

You Are Wanted

Very important—very interesting to you.
What's the message?
Find it for yourself and you will be glad you looked. It is in the advertising columns of The Journal.
It's a message of goods and service—perhaps a message of money saved.
First run through the advertising. If you have not been an advertising reader you will be surprised at the interesting things you have been overlooking.

CRUJAL ACTS SENSIBLY.

Mexico City, July 17.—Peace was believed here today to be in sight.

General Carranza and other rebel leaders were expected shortly in the capital to confer with President Carrabal and his advisors concerning the turning of the government over to the constitutionalists.

One of the new provisional president's first acts was to free all political prisoners.

He also issued an order prohibiting gambling.

Ricardo Robelo's resignation as attorney general was accepted and Francisco Canseco was appointed governor of Puebla, succeeding Governor Hermander.

The whereabouts of ex-President Huerta and ex-War Minister Blanquet were unknown. Railroad officials were

Villa Approves Plan.

Juarez, Mex., July 17.—General Villa spoke approvingly today of General Carranza's plan to have 5,000 men each of the divisions under Generals Villa, Gonzalez and Obregon, commanded by their respective leaders, with Carranza as commander in chief, enter and police Mexico City as soon as Provisional President Carrabal turns over the government to the constitutionalists.

Villa, however, wants General Angeles to take over the general military command after the capital has been occupied, investing Carranza with civil authority only.

A message from Guadalajara said President Carrabal's peace envoys would enter into conference with General Obregon's representatives as soon as Carranza authorized negotiations.

General Ortega, a rebel leader, prominent in most of the fighting in northern Mexico, died yesterday at Chihuahua City of a wound he received in the battle of Zazatecas. General Benavides has been taken to El Paso suffering from typhoid.

AN IDLE MIND

Is Said to Be the
Workshop of the Devil

It is the parents' duty to themselves to keep the children busy.
For the little girls and young ladies, nothing is so interesting, entertaining and instructive as embroidering.
Knowing the usual expense of tracing patterns, The Capital Journal has placed within the means of everyone the complete

National Embroidery Pattern Outfit

- Which Contains**
- Complete Pamphlet of Instructions.
 - The Cupid All-Wood Beaded Hoop.
 - Five Skeins of Richardson's Silk.
 - Five Skeins of American Beauty Floss.
 - 2,000 Hot Iron Transfer Designs.

Every Reader of the CAPITAL JOURNAL can secure this complete outfit by clipping four coupons from the woman's page of this paper and bringing them to this office with

SIXTY-EIGHT CENTS

Out of town readers will add 5 cents for postage.
