BOY SHOT BY COB-ANION.
Goldendale, Wash., July 21.—Charles
Bergen, aged 14, son of Mrs. G. H.
Taylor of Goldendale, was accidentally
shot with a .22 caliber pistol in the
hands of Robin Ballou, a slum of the
same age, early today at the Rusk soda
springs, and died before medical atten-
tion could reach him.
The boys were members of a camping
party.

MARRIED HER WAY
OUT OF THE SCHOOL

Catherine D'Orsay, Now Mrs. Warner,
Is Paroled From Industrial School by
Board of Control.

The state board of control today paroled Mrs. Harry Warner, formerly Catherine D'Orsay, who was married after escaping from the state industrial school for girls. The action was taken after the husband and his father and mother promised that the girl would be well taken care of and would have the best surroundings. She was paroled in the custody of John Warner, father of the bridegroom, who said the couple would live with him at his home near Amity.

Catherine D'Orsay, with three other girls, escaped from the institution several weeks ago. When she was captured in Amity she declared she had been married and resisted being returned to the institution. Mrs. Catherine Hopkins, matron of the school, upon the advice of the attorney general's office, insisted that she be brought back pending an investigation. When the marriage license was shown to the members of the state board of control and the elder Warner promised to see that his daughter-in-law was provided with a good home, the board was of the unanimous opinion that the bride should be freed.

DOCTOR'S BOYISH FACE
REVEALS SKIN RENEWER

I heard the other day the story of the physician with so admirable a skin that all his women patients asked his secret. He told one, who generously told others, that, knowing the remarkable absorbent property of ordinary mercurized wax, he concluded this substance would make an excellent complexion renews and preserver. Knowing the wax could do no injury, he began using it after shaving. He soon observed that the old, withered, colorless cuticle was being gradually absorbed and replaced by younger, healthier skin. This was the simple secret of the silver-haired doctor with the boyish face. The secret became public property. Now women everywhere use mercurized wax, applying it nightly like cold cream, washing it off mornings—continuing until the complexion is entirely renovated. An ounce of this wax, procurable at any druggist's, will banish the worst complexion.

Another valuable rejuvenator used by this doctor was a wrinkle-remover and preventive in the form of a face bath, made by dissolving an ounce of salicylic acid in a half pint witch hazel. This also has become famous.—Fashion Re-
view.

CRUISERS GUNS.

fashioning weapons. They will be given the alternative of leaving peacefully. Whether they accept this remains to be seen.

Ball cartridges were issued to the soldiers at the pier this morning.

At 10:30 o'clock this morning after a forenoon of events which would be hard to surpass in ludicrousness, Imma-
gration Officer Malcolm J. Rice, aboard the tug Sea Lion, approached the Hindu ship detained in the Vancouver harbor, and demanded that the Sikhs aboard the Komagata surrender to the author-
ities, and get us steam. An ultimatum was delivered that the Hindu ship be prepared either to move at noon or fight. No steam had been up in any but the auxiliary boiler for two months. The order was impossible to fulfill.

The Canadian cruiser Rainbow is anchored alongside the Komagata. Craft of every description are cruising around the vessel but keeping a safe distance away.

Through glasses from the shore tur-
banned Indians can be seen with weap-
ons at hand, and a plentiful supply of coal to leave at anyone attempting to board her. A clash is imminent.

It is understood from semaphore re-
ceived from ship to shore that the Jap-
anese crew on board the prison ship is
helpless, bound with ropes by the in-
furiated Hindus.

"Gets-It" for Corns On
Your Piggy-Wiggles!

Quit Puttering With Corns—Use This
Sure, New-Plan Corn Cure.

A few drops of "GETS-IT," the big-
gest seller in the world today of any
corn remedy, is enough to spell positive

doom to the fiercest corn that ever ce-
mented itself to a toe. It's good-by
Johnny. You apply "GETS-IT" in
two seconds—no fumbling with plasters
that don't stay put, with salves that
make corns "pull" and make the toe
beefy and raw, with knives, scissors,
razors and diggers that make corns
grow faster and that may cause blood
poison from corn-cutting and corn-
bleeding. "GETS-IT" shrivels up corns
they come right off. That's the new
principle. It's just common sense. No
more corn-pains. "GETS-IT" is safe,
and never hurts the flesh. Get rid of
corns and callouses.

"GETS-IT" is sold at 25c a bottle
by all druggists, or sent direct if you
wish, from E. Lawrence & Co., Chic-
ago.

A NURSE TAKES
DOCTOR'S ADVICE

And is Restored to Health by
Lydia E. Pinkham's Veg-
etable Compound.

Euphemia, Ohio.—"Because of total
ignorance of how to care for myself
when verging into womanhood, and from
taking cold when going to school, I suf-
fered from a displacement, and each
month I had severe pains and nausea
which always meant a lay-off from work
for two to four days from the time I
was 16 years old.

"I went to Kansas to live with my sis-
ter and while there a doctor told me of
the Pinkham remedies but I did not use
them then as my faith in patent med-
icines was limited. After my sister died
I came home to Ohio to live and that
has been my home for the last 18 years.

"The Change of Life came when I was
47 years old and about this time I saw
my physical condition plainly described
in one of your advertisements. Then I
began using Lydia E. Pinkham's Veg-
etable Compound and I cannot tell you
or any one the relief it gave me in the
first three months. It put me right
where I need not lay off every month
and during the last 18 years I have not
paid out two dollars to a doctor, and have
been blest with excellent health for a wo-
man of my age and I can thank Lydia
E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I
have been a maternity nurse and being
wholly self-supporting I cannot over-
estimate the value of good health. I
have now earned a comfortable little
home just by sewing and nursing. I
have recommended the Compound to
many with good results, as it is excel-
lent to take before and after child-
birth."—Miss EVELYN ADELIA STEW-
ART, Euphemia, Ohio.

HIS VOICE SAVED
HIM FROM ARREST

Sheriff William Esch returned this
afternoon from Albany where he went
with Mrs. J. W. Scott to see if she
identified any of the men held at that
city as her assailant of a few days ago.
Mrs. Scott looked over the three men
held but was unable to identify any of
them as the men who attacked her at
the camp near the Southern Pacific
depot. The one suspected by Sheriff
Esch as the most closely answering her
description, she said talked exactly but
the voice of the prisoner was not the
voice of the man who demanded her
money.

The robber she said had a particularly
gruff voice and the man held being lit
more than a youth did not possess
the gruff voice necessary and all three
prisoners were released.

HE CHANGED HIS PLEA
AND MADE IT GUILTY

Albert McDowell, who was being
tried in the circuit court today on a
charge of bigamy, withdrew his plea
of not guilty entered on April 11 and
entered a plea of guilty to a charge of
lewd and lascivious cohabitation. He
will receive sentence at 10 o'clock a.
m., August 8. Bertie Friend, a wait-
ress of this city, was the principal wit-
ness against the defendant. She testi-
fied on the stand that McDowell
brought her here from Corvallis and
that she lived with him in apartments
here until the investigation by Police
Matron Lynch.

McDowell is a brick layer and has
been employed in this city for some
time. The case has been pending since
the last term of court. Walter Winslow
appeared for the defendant, and Dis-
trict Attorney Ringo was assisted in
the prosecution by Murray Wheat.

EXPERT INFORMATION
WILL BE FURNISHED

In order to furnish authentic expert
information on the loganberry industry
in this county to the many interested
people who write to the commercial club
a pamphlet giving all the particulars
is being prepared. Secretary Ralph
Moore says that the loganberry indus-
try of this county has been so well
advertised that dozens of letters are
received at the club asking for all avail-
able information on the subject. To
answer their inquiries fully a single
letter is inadequate, so Mr. Moore has
asked Luther J. Chapin to write upon
such subjects as land required, prepara-
tion of land, selection of stock, plant-
ing and training. The Oregon Agricul-
tural college will supply information re-
garding the history and cultivation.
The Salem Fruit union will tell about
picking, marketing, profits to be ex-
pected, yields and its uses.

Mr. Moore states that it will not be
a scientific treatise, but every effort
will be made to produce a short concise
treatment of the subject which will sup-
ply all the information needed.

COUNCIL DISPOSES

(Continued from page one.)
to do. Councilman Constable then dip-
lomatically moved that Dr. Miles be
instructed to instruct Hartwell to do
it, and the motion carried.

Feed for the Stock.
It was voted to advertise for bids
for 35 tons of oat and vetch hay for
the street department and 500 bushels
of gray oats for the same department.
The street superintendent to have the
right to reject any and all bids where
the quality of the hay did not come up
to specifications.

When Councilman Hatch asked for
authority to purchase amount of 10,000-
gallon tank of oil to oil Saginaw and
Twenty-first street he said that the
residents along these streets had al-
ready subscribed more than their share
of the amount. Here Councilman Jones
said that in order to eliminate the pos-
sibility of criticism that bids should be
advertised for on the tank of oil.
Councilman Hatch replied that there
were but two companies that could bid
on oil, the Standard and the Union Oil
company. Both, he said, had exactly
the same price, one and one-half cents
per gallon. There was no need of the
delay or the expense of advertising, as
both companies were owned by the
same corporation and offered exactly
the same terms.

Oil on the Waters.
Jones replied that it was only the
principal that he upheld and that at
various times he had heard a storm
of protest against the council because
they did not advertise for bids.

Councilman Von Eschen here suggest-
ed that if Mr. Jones would listen in
another direction he would hear a
storm of protest because the people of
the city were not afforded adequate
police protection. Mr. Jones was on
his feet in an instant and turned loose
a volley of words against Mr. Von
Eschen until he was called to order by
the acting mayor. Councilman McClell-
and suggested that some of the oil in
question be poured upon the troubled
waters of the council, and the council
adjourned amid the laugh which fol-
lowed.

STATE PRINTER SAYS
THE SAVING IS \$7658

State Printer Harris today issued the
following statement to the taxpayers:
The sum of \$7,657.09 for the quarter
ending June 30 last, or \$2,552 for each
month of the quarter, is the gain due
to the present state ownership system
in the state printing department.

Every item of printing has been care-
fully computed at the rates fixed by
the old law and the difference of cost
under the present law, in your favor,
is as shown above.

These figures are higher than any es-
timate or prediction of mine, and are
a surprise to me.

Detailed records of cost, showing mi-
nutely every item of overhead and gen-
eral expense, is at your disposal in the
printing department.

The complete record of gains to date
by virtue of state ownership is as fol-
lows:

September 8 to December 31,
1913 \$ 3,257.34
January 1 to March 31, 1914. 5,417.23
April 1 to June 30, 1914. 7,657.99

Total \$16,332.56

The amount saved to date (at the
end of 10 months) is nearly \$1000 in
excess of the initial cost of the printing
plant, although liberal depreciation
and interest has been regularly charg-
ed to the cost of the public printing.

CITY NEWS

Miss Eva McLagan, of Tangent, is
substituting at the Capital City Cream-
ery for Miss Orilla Baker, who is tak-
ing a month's vacation at Trout Lake,
Washington.

"This is ideal weather for the farm-
ers," said D. A. White, the freedom,
this morning. "It gives them a fine
chance to get their hay harvested, and
the crop has been a big one. By Satur-
day most of the hay will be under
cover or in the bale, and then thresh-
ing will commence in earnest."

The funeral services of Mrs. Electa
De Long were held this morning from
the Christian church. There were many
friends and relatives present, and Rev.
F. T. Porter spoke a loving tribute. A
quartet composed of Mrs. Alice Wen-
ger, Mrs. Barbee, Mr. Smith and Ros-
porter sang the hymns "Calling Out
Over the Tide" and "Death is Only a
Dream." The floral offerings were
many and beautiful. Interment was at
City View cemetery.

The case of C. W. Pugh against J. A.
Pickens which was on in department
No. 1 of the circuit court yesterday,
was settled when the jury brought in
a verdict awarding the plaintiff a judg-
ment in the sum of \$19.17. The case
was first tried in the justice court but
appealed to the circuit court.

G. V. Doust, of Seattle, Wash., is
acting as manager of the Capital City
Creamery in place of David Catlin, re-
signed. Mr. Doust has been in the lum-
ber and shingle business in Washing-
ton, managing mills at Grasmere and
Anacortes. Two months ago he pur-
chased the Osterman ranch, three miles
north of Salem and with Mrs. Doust
and his sons, Harry and George, is
building up a dairy and fruit farm.
They are enthusiastic over this state
and valley as Doust said, "It can't be
beat."
