KEISER NEWS NOTES. (Capital Journal Special Service.) Keiser, Aug. 3.—A party composed of Walter Boardley and family, Dave Silvers and family, Oscar Wilson and family and Jack Murphy, left last Thursday for the coast, where they will enjoy a two weeks' outing. Ralph and Raymond Blount and Roy Smith return from the coast last week. They made the trip on their wheels. The six-year-old son of O. K. Cooper was against a nail, cutting a deep gash over an inch long on his knee. His father, being at home at the time, took a couple of stitches in it. He will be unable to walk for a few days. By skipping out of Mexico City while the nightingales were singing our old friend Vic Huerta gave a very clever exhibition of the safety-first movement.

SPORT NEWS

CHRISTY MATHEWSON FOOLS THE PROPHETS They Predicted Five Years Ago He Had Reached the Limit and Would Soon Have to Retire.

IS PITCHING GREATEST BALL IN GAME'S HISTORY Charley White a 10 to 6 Favorite in His Match With Azevedo—Beavers Have Chance for Pennant.

By Hal Sheridan. New York, Aug. 3.—About five years ago close followers of baseball started predicting the finish of Christy Mathewson, the backbone of the New York Giant's pitching staff. He was referred to as an old man, and another year, they said, would see him relegated to the has-been class.

A glance over the pitching records of the National league, however, will show that the men who predicted the passing of Mattie were not prophets or men of prophetic words. At present he is leading the league with a record of 18 games won and five lost. As a matter of fact, Mathewson's twisting is responsible for the Giant's high position in the pennant race.

Demaree and Marquard have been unable to strike their 1913 form and this is the principal reason for the Giant's being only four games ahead of Chicago. National league players say Mathewson is pitching better ball this season than at any time for the past five years. His famous fadeaway, they say, is breaking better than ever, and when it comes to outguessing the opposing batsman, Mattie is the peer of all twirlers.

Mathewson, McGraw says, along with Hans Wagner, the famous Pittsburgh shortstop, are the two wealthiest players in baseball. Wagner is said to be worth close to \$230,000, and Mattie is not far behind. Both have saved their money and made shrewd investments. McGraw declares that Mattie is good for five years yet, and that he would not trade him for any three players in the league.

White a Favorite. San Francisco, Aug. 3.—Charlie White, the Chicago lightweight, opened today a 10 to 6 favorite over Joe Azevedo in his second fight for the 20-round bout here next Friday night. White's showing against Willie Ritchie, former lightweight champion, and the fact that he holds a 10-round decision over Azevedo were responsible for his strong following. It was expected that White will be a 10 to 4 favorite before ring time.

Nate Lewis, manager of White, announced today that he had received several offers for White, but that he would take no action until after Friday night's bout. "First of all," Lewis said, "before we tie ourselves up I want to see Willie Ritchie. I understand he wants to take a rest for a couple of months. We would like to meet him first, as this is the match the public wants to see. Ritchie deserves a rest, and I would not blame him for taking it."

A match is also possible between White and Harlem Tommy Murphy here. Al Greenwald, Tom McCarey's partner, also has offered us a bout in Los Angeles with Joe Rivers. The Beavers Have a Chance. San Francisco, Aug. 3.—With six games on the right side of the ledger out of eight played, McCredie's Portland Beavers were en route today to Los Angeles, where they clash tomorrow with Venice for the leadership of the Coast league. Oakland won one home game, and the other, played yesterday afternoon, resulted in a 13-inning tie. The northerners played big time ball last week against the Oaks. They are just nine points ahead of the Tigers, and the southern series will be the most important so far this season. McCredie's pitchers are working splendidly, and the regulars are hitting the ball hard. The Oaks were a demoralized crew last week, and the local scribes accused Christian's men of quitting. Oakland will tackle Los Angeles here this week, and Los Angeles moves on to Sacramento.

MARION'S SCHOOLS ABOVE THE AVERAGE

Attendance Five Per Cent Above and Salaries of Women Teachers \$125 Above the State Average.

Marion county schools show an attendance of five per cent above the average for the other counties of the state and the women teachers of this county receive \$4.25 per month more than the average of all of the counties of the state, according to the reports sent in to Superintendent J. A. Churchill. Only about two-thirds of the county school superintendents of the state have sent in their annual report, but from those sent in the average attendance is shown to be 94.5, while that of Marion county is 95. The average monthly salary of the female teacher is \$61.25 for all the counties, while that of Marion county is \$65.50. The average salary of male teachers is \$85, while the average for Marion county is \$87. In 1913 the average monthly salary for male teachers in this county was \$82, while that for female teachers was \$58.50.

Columbia county the average number of days of public school taught was 160.5. This is the highest of any county of the state. Marion county averaged 145 days both in 1913 and 1914. This year a few of the counties averaged 150 days of school and one or two 148 days, but the general average was about 140, as in some of the counties the average fell down to 120 days.

Three School Houses Built. The full report for Marion county for this year and the comparisons with last year follow:

Table with 2 columns: Year, Total. Rows include 1914 (Male 6963, Female 6663, total 13,626) and 1913 (Male 6747, Female 6609, total 13,356).

Salaries Paid in State. The following is the list of the average salaries paid for the year 1914 and the comparisons with the previous year: 1913

Table with 4 columns: District, 1913, 1914, 1913, 1914. Rows include Baker, Benton, Clatsop, Columbia, Gilliam, Grant, Jackson, Josephine, Klamath, Lincoln, Linn, Marion, Morrow, Polk, Sherman, Wheeler, Washington, Union, Yamhill, Wasco, Wallowa.

AUTO CASES MAY LEAD TO REPEAL OF LAW

C. C. Forman, who was arrested Friday for violation of the motor vehicle law in that he stopped a motor car on commercial street and left it for more than five minutes without parking it against the curb, appeared at 5 o'clock this morning in the police court and pleaded guilty to the charge. He pleaded as extenuating circumstances that he left the car just long enough to take a suit of clothes into Bishop's store and return, which he believed was not more than three minutes. He was fined \$10, the minimum prescribed by the ordinance, and Judge Elgin continued the case until Wednesday morning, during which time investigations will be made. Dr. W. P. Morse, who was arrested for turning about in the middle of a block, was dismissed for cause as the ordinance provides that conveyances of

doctors or ambulances are exempted from speed or traffic regulations. The case against G. S. Hamilton, who was arrested for turning across the middle of a street into an alley, was dismissed on the ground that he had a right to turn into the alley, as it is a common thoroughfare.

Mrs. R. P. Boise was arrested Saturday for leaving her auto standing on the street without parking. The machine was left, it is stated in the complaint, more than 30 minutes without parking it against the curb. It is expected that when council convenes this evening there will be several petitions presented asking for the revoking of the ordinance as it now stands. The measure is claimed to be cumbersome, dangerous in operation, and not likely to produce the results desired. Several petitions were circulated last week by citizens who believed the ordinance foolish and illogical. That some sort of traffic regulation is needed for the city of Salem the business and auto owners do not deny, but they believe such regulation should be reasonable.

THE FIRST VICTIM OF 'GAME' PROTECTION

Medford, Ore., Aug. 3.—Mistaken for a deer and shot by a member of a hunting party from Ashland, Henry Hansen, 21, a homesteader in the Elk creek district, is dead today.

What has become of the old-fashioned mother who thought her small son was destined to become a great musician because he could get a tune out of a mouth organ?

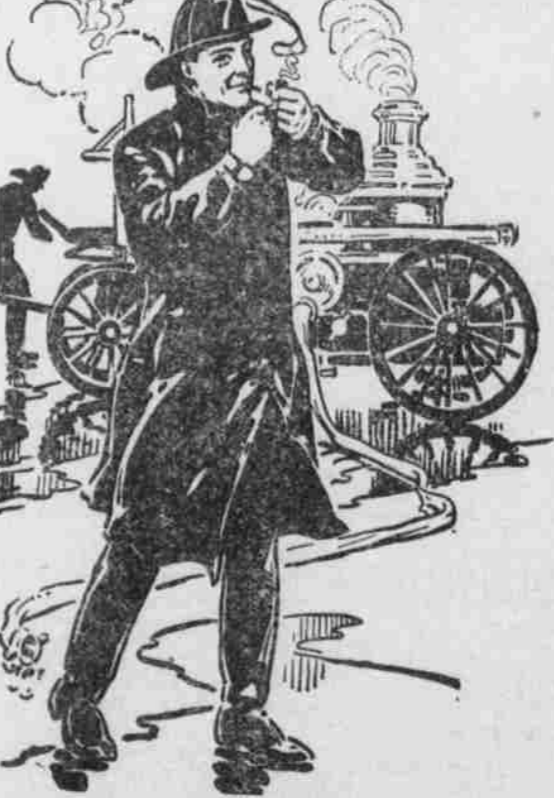

CLIP THIS COUPON

COUPON for NATIONAL EMBROIDERY PATTERNS THE Capital Journal

The National Embroidery Outfit is guaranteed to be the greatest collection and biggest bargain in patterns ever offered. The 200 patterns have a retail value of 10 cents each. The 68 cents is to cover duty, express, handling and the numerous overhead expenses of getting the package from the factory to you. N. B.—Out of town readers add 5 cents for postage and expense of mailing.

For Manly Men

We have purposely made up a tobacco to appeal to the strong, vigorous man who wants full flavor and fragrance combined with natural sweetness in his smoke or chew. This tobacco is DIXIE QUEEN. It is designed especially to satisfy the tobacco-hungry man. It fills the bill. Firemen, policemen, out-of-doors men, two-fisted men in general, all say DIXIE QUEEN satisfies. Once they start using DIXIE QUEEN they cannot get the same satisfaction out of any other brand.

DIXIE QUEEN Plug Cut Tobacco

has character to it. That's why it appeals to and pleases these men of sturdy character.

DIXIE QUEEN is made from pure old Burley leaf, aged for three to five years, so as to bring out slowly and naturally all the juicy mellowness and richness of the tobacco. That's why its quality never varies—and that's why hurried-up, hashed-up tobaccos can't compare with DIXIE QUEEN.

A pipeful of DIXIE QUEEN lasts, because it is slow burning Plug Cut. A long-time chew because the flavor's all through it.

Sold everywhere in convenient 5c foil packages—also in 10c pouches and 50c lunch boxes. THE AMERICAN TOBACCO COMPANY
