ITALY PREVENTED AIDING HER ALLIES
King Would Keep His Promise. But Public Sentiment Is Such That This Might Cost Him His Crown.

Rome, Aug. 3.—Workingmen's meetings were in progress here and at all other important cities throughout Italy today, in response to a summons from the labor leaders for gatherings to plan precautions against their country's participation in a European conflict.

It has been generally understood Italy would remain neutral but the government has taken some steps toward a massing of troops in the north, namely, it was explained, to be prepared for eventualities which were not expected actually to develop. The labor leaders' proposal was to serve warning that even such movements must be stopped or a general strike would be declared.

The government is acting with much caution, since in the present state of public opinion it is recognized that a false step might precipitate a formidable revolt.

GOVERNOR WEST TELLS OF HIS EASTERN TRIP

Governor Oswald West went to Seattle Saturday, where his family has been for the past few weeks, returning to take up the grind of office work today. In regard to his recent trip east, the governor said:

"While in Washington I took up with the interior department the matter of expediting certain school indemnity selections covering about 15,000 acres of land, to which the state hopes to secure title, and also furnished Congressman Sinnott with further data for his use in advancing the Chamberlain forest exchange bill, now before the house. Mr. Sinnott has been making an earnest effort to get this bill through, but owing to the press of matters before the house, it is not likely he will be successful this session.

"While east, I was advised of the adverse action of the commissioner of the general land office in reference to the state's application for lands for the Tumalo reservoir site, and after taking the matter up with Secretary of the Interior Lane and Senator Chamberlain, and fully explaining the public importance of the undertaking, succeeded in getting a favorable ruling.

"During my absence I visited a number of state institutions with a view of gathering ideas as to institutional management, and I am pleased to say that our penal and eleemosynary institutions are far ahead of anything I saw in the east. The management is as a rule governed by politics, and this with a lack of interest upon the part of the public, has resulted in many of their institutions dropping behind in the procession of progress.

"Oregon has much to be proud of in the equipment and management of her institutions, and I was more than pleased when I found how she was looked upon as a leader along the lines of institutional reform.

"The more one sees of the east, the more one likes the west. The east has skimmed the cream from her resources, and many of her cities are showing the effects of the skinning. The experiences of the east in this direction teaches many lessons and we of the west will do well to study them closely, and take every precaution to see that our natural resources are not wasted, but on the other hand conserved to the fullest extent.

"I had an opportunity to speak of Oregon and her resources to about 75,000 people. As a rule I found them deeply interested in the state of Oregon, not only as to her wonderful re-

sources, but as to her progressive system of government."

Remarkable cure of Dysentery. "I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill of Snow Hill, N. C. For sale by all dealers.

At Louisville, Ky.—Nearly complete returns from the Kentucky primary showed the following senatorial nominees: Ex-Governor Becham, democrat; ex-Governor Willson, republican; Burton Vance, progressive.

Richmond, Cal.—Taking a short cut through the Santa Fe railroad tunnel, Mrs. J. H. Wenig, 70, was killed Mrs. J. Oakley was fatally injured, and the latter's baby daughter was less seriously hurt by a train.

Good Reason for His Enthusiasm.
When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially in this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.
