Things We Never See

## SPORT NEWS

### STALLINGS PILOTS BOSTON TO THE FRONT

Month After Season Opened Boston Braves Were Apparently in the Cellar With Door Locked.

### NOW HAVE CHANCE TO CAPTURE PENNANT

Bill Rodgers, of the Portland Coasters, Flirting With Gilmore's Band—Leach Cross Goes East.

### Has Seared the Giants

Stallings has given McGraw a good fright and unless the Giants take a stiff brace soon, September 1 is liable to see them in second place with Boston leading the league. For two months now the Braves have played at a clip

of 300, while the Giants were practically standing still.

The success of the Braves has been due entirely to the manner in which Stallings has handled his pitchers and the general fighting spirit that he has instilled in the others. He brought the Highlanders from the cellar into second place, only to lose a job the next season because he refused to come at the beck and call of Ban Johnson, president of the American league. Now Stallings is being hailed as one of the greatest managers in the game.

When McGraw turned Dick Rudolph adrift Stallings picked him up and predicted that he had all the stuff of which great pitchers are made and that he believed he could send him to the front. Today Rudolph leads all pitchers in both leagues in the number of shutouts and has been one of Boston's most consistent winners.

With the possible exception of Mathewson," said Stallings recently. "Dick Rudolph is the most effective twirler in a pinch that I have ever seen."

### Cross Goes East.

Los Angeles, Aug. 18.—Leach Cross was scheduled to depart today for New York, leaving behind him the possibility of a Labor day battle here with the winner of next Friday's Watson-Beecher bout at Vernon. Joe Rivers will get the date, with the probability that he will be matched with Charlie White for the Thanksgiving day date if he wins the September battle.

Beecher is working hard at Doyle's camp and already has won more friends among the Los Angeles fans than the average easterner who tries to break into the southern California game. He is expected to enter the ring no worse than at even money with Watson.

### "Bill" Is Flirting.

Portland, Ore., Aug. 18.—That he was considering a flattering offer from the Federal league was the admission today of "Bill" Rodgers, heavy hitting catcher and infielder of the Portland Coasters, today.

"If I am good enough to play in the majors, I think I ought to be given a chance," said Rodgers. "If the majors don't want me and the Federal do, nobody can blame me if I flirt with Gilmore's aggregation."

### Deal Falls Through.

Portland, Ore., Aug. 18.—That the deal by which infielder Alcock, of the Chicago White Sox, was to have joined the Oakland Coast league team, has fallen through, was the statement today of Manager Tyler Christian. Alcock was to have reported in Portland tomorrow.

Manager Jimmy Callahan, of the White Sox, was anxious to secure outfielder Quinlan, of the Oaks, and offered Alcock another consideration for him. Quinlan was to have reported to the majors next spring.

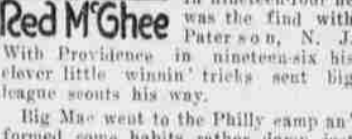

However, when the matter was broached to Quinlan he refused to sign a Chicago contract. He admitted that the Federal league has been flirting with him and intimated that if he was sent to the White Sox against his wishes he would take the merry hop into the camp of the outlaws. As a result Manager Christian called the deal off.

## George McQuillen

By A. M. Corrigan.

### Red McGhee says:

Beneath that shirt that ol' George wears, or in there 'round his frame somewhere, he's got an iron soul. An' that ol' soul is sure a crack—it's solidness brought George back from out the "has-been" hole. A dead one just two years ago—a flivver, easy mark, a crow, a glass-armed, down-an'-out—the ol' boy's back an' goin' strong. They couldn't keep him down for long—not George. Nay, nay, ol' scout!

### Red McGhee

With Providence in nineteen-six his clever little winnin' tricks sent big league scouts his way.

Big Mac went to the Philly camp an' formed some habits rather damp just when he'd reached his prime. Red Lynch switched him to the Reds. He shoots got big as cabbage heads. He slid to A. A. time. 'Twas there he pulled his stellar feat—slid on the water-wagon seat an' started drivin' back. He drove so hard an' fast an' straight that Pittsburg snapped him up. 'Twas great! Moore power to Big George Mac!

### THINK JAPANESE IS MISS SMITH'S SLAYER

Posee Searching for George Kodama, a Japanese, Who Is Suspected of Murdering Helena W. Smith at Monterey.

Monterey, Cal., Aug. 18.—A posse, headed by Sheriff Nesbit, was searching today the woods near Point Lobos for George Kodama, a Japanese, sought in connection with the disappearance of Carmel of Miss Helena W. Smith, a well known painter and etcher. Fresh evidence which developed late yesterday indicated that Kodama was hiding in the woods and a posse was formed immediately to comb the brush and watch the trails and roads.

Hourly the theory that Miss Smith was murdered is gaining ground. It was learned yesterday that Kodama tried to hire a horse and wagon on the night of Miss Smith's disappearance.

"Kodama needed the conveyance," said Sheriff Nesbit. "To remove the body from Miss Smith's bungalow to some lonely spot in the thick chaparral in the forests surrounding Carmel or to the sea."

### KAISER CLAIMS HE IS MISREPRESENTED

Washington, Aug. 18.—Germany is being maligned and her motives misunderstood and misconstrued as the result of a deliberately misrepresented campaign to foster anti-German sentiment in America.

This was the gist of a complaint received here today by Secretary of State Bryan from the German kaiser. Emperor William resented the charge that responsibility for the war rested with Germany and declared that the czar of Russia was to blame.

It was learned from a high official source that Ambassador Gerard sent the kaiser's representations and that the German ruler also requested Gerard to "set him right" with President Wilson.

In his cablegram today to Secretary Bryan, Gerard voiced no comment on the kaiser's declaration.

### NOTICE TO CONTRACTORS.

Sealed bids will be received by the County Court of Marion County, Oregon, until Monday, the 24th day of August, at 12 o'clock noon, for the construction of a brick flue for a heating plant at the Court House, in accordance with the plans and specifications now on file in the office of the County Clerk. The Court reserves the right to reject any or all bids.

MAX GEHLHAR, County Clerk.

## THE LIFE CAREER

May Take Salem Heights in District

School Board Discusses Proposition—Also Prepares Plans for Coming School Year—Meets Again Friday.

To take in school district 128, Salem Heights, the school board has taken under consideration the circulation of a petition within the boundaries of district 24. "In the name of humanity and progress, why not take them in, if it does not burden the district," was the remark of Chairman Miles, adding, "You've got to take a broad view on educational matters." However, it was thought best to take the matter under advisement as two of the members of the board, Lee and Barnes, are out of the city.

Superintendent Elliott has made plans to lengthen the domestic science course from two to three years. In this way, three semesters of the school work will be devoted to domestic art and three to cooking. He also suggested eliminating the advance course in scientific chemistry for girls, in which they are now taking the same instruction as the boys, who are preparing for the college engineering branches, and substituting in its place chemistry as it applies to domestic science.

The board adjourned until Friday of this week at 7:30 p. m.

## PAPER MONEY TO BE USED ON COAST

San Francisco, Aug. 18.—James A. Lynch, vice president of the First National bank and president of the San Francisco Clearing House association, declared here today that paper money will more and more become the medium of exchange in San Francisco.

"While gold can be had if it is wanted," said Lynch, "the banks are paying out paper money and silver almost exclusively. Paper is going to be used a great deal hereafter on the coast and the banks are merely putting it into circulation now so as to accustom their tellers to handling it and overcome California's proverbial suspicion of paper money."

## OREGON PHYSICIAN DIES

Orengo, Ore., Aug. 18.—Dr. W. R. Cunningham, of Orengo, died August 13, in Sierra Madre, Cal., where he has been the last year in search of health. He came to Orengo from West Virginia five years ago. His wife and two children are with Dr. Cunningham's parents in Ramona, Cal.

Let him show you where electricity will HELP YOU.

Phone Main 187 135 N. Liberty St.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running discharge from the ear, and the hearing is lost. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and which is nothing but an inflamed condition of the mucous surfaces.

WE will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by HALL'S CATARRH CURE, sent for free.

J. J. CRENSHAW & CO., Toledo, Ohio.
