FREDERICKS, CURTIN AND JOHNSON NAMED

Three Are Named for Governor, With Knowland, Heney and Phelan Selected for United States Senate.

San Francisco, Aug. 28.—Returns received here in the last 24 hours from Tuesday's primary election indicated that John D. Fredericks of Los Angeles, won the republican nomination for governor over his nearest opponent by a majority between 30,000 and 40,000 votes.

Congressman J. R. Knowland increased his lead over Samuel M. Shortridge for the republican senatorial nomination and a good contest in November is expected between Knowland, Heney and Phelan—republican, progressive and democrat, respectively.

Latest returns indicate that it is doubtful as to whether Judge Walter Bordwell or Judge Wm. Conley will contest with Judge F. M. Angellotti for the office of chief justice of the state supreme court.

Late figures also developed a sharp contest for the progressive nomination for secretary of state between E. J. O'Brien and James M. Murphy, the labor leader. At 7:30 a. m. today Murphy was leading O'Brien by about 100 votes.

The following telegram was exchanged today between Chester H. Rowell, defeated candidate for the progressive nomination for senator, and Francis J. Heney, the victorious candidate:

Francis J. Heney, San Francisco, Congratulations on your nomination. You can, of course, count on my unqualified support and I am glad the majority is so decisive as to leave no excuse for any one to hesitate in doing likewise.

CHINESE SYMPATHY IS WITH THE GERMANS

Claim This Is So Strong as to Be Liable to Cause a Clash With Japan—Japanese Admiral Searching for Mines.

Tokio, Aug. 28.—Ambassadors Count Von Bex and Baron Muller de Saenzgory, representing Germany and Austria-Hungary, respectively, were turning over their official affairs today to United States Ambassador Guthrie, who will act for their governments, following their departure for home via America on the steamship Minnesota Saturday.

The censorship was so strict that it was possible to learn little concerning Japanese operations off Kiao Chau, but it was believed, Admiral Kato was searching the waters of the coast for mines which were said to be sown so thickly at the bay entrance as to interfere with his fleet's maneuvers.

Reports were current that the Chinese were showing such strong German sympathies as to threaten friction between them and the Japanese, but these rumors were unverified.

afterward and talk over the situation. (Signed) "Chester H. Rowell." Heney replied as follows: "I deeply appreciate your generous message and shall be more than glad to talk over the situation with you fully at your earliest opportunity. I agree with you that my position is stronger than it would have been if the nomination had come to me without any contest. My only regret is that one of us had to lose. One of the pleasantest features of our campaign has been the realization by each of us that he would receive the loyal support of the other if nominated. I think we are both to be congratulated upon the fact that our contest has been conducted in such good spirit that it will have helped to make the direct primary law popular and effective."

Claim Hall Beats Curtin

San Francisco, Aug. 28.—That Fred H. Hall, of Bakersfield, one of the democratic candidates for the governorship, had forged ahead of State Senator Jean H. Curtin, was the claim here this afternoon of Hall's campaign managers. Eugene Bowles, Hall's publicity manager, declared the county showed Hall was now leading Curtin by 1,500 votes, and that San Diego, Riverside, Santa Barbara and Contra Costa counties and a portion of Los Angeles county, all he claimed Hall strongholds, yet to hear from.

The Markets

The hop market is strong and daily growing stronger. Unwillingness of growers at all points on the coast to sell is gradually but surely forcing the price higher. Pines & Laws, of Independence, yesterday sold 60,000 pounds of 1914 hops to Joseph L. Harris at 18 cents, and Louis Lachmund has sold 50,000 pounds at 18 1/2 cents. A few sales of 1913 crop are reported at from 15 to 17 cents. It is expected a 20-cent price will be established by the closing of next week.

Wheat advanced a cent yesterday and is quoted at \$1.07 1/2. Other notes are off from half a cent to two cents from the day before's price. Oats are up another dollar, being quoted at \$5. Wool prices are higher and it is expected the market will still further stiffen. Several lots, including Oregon, were sold recently at from 19 to 23 cents. Lamens are due for a 50-cent drop with the beginning of the week. There never was any reason or cause for their rise.

The butter market is closely cleaned up and prices are very firm, but unless it becomes necessary to buy supplies in outside markets at a higher range, the present local quotations will be maintained. No imported butter will reach this market before October. Poultry is in good supply and springs are quoted one cent lower. There was a slight advance yesterday in raw sugar, and prices here are expected to swing upward again.

HOP MARKET GROWING STRONGER

Portland, Ore., Aug. 28.—There is no question about the strength of the hop market. The unwillingness of growers at all points on the coast to sell new hops on contract is slowly but surely forcing prices to a higher level.

The Pines & Laws Hop Company, of Independence, yesterday sold 60,000 pounds of 1914 hops to Joseph L. Harris at 18 cents. Louis Lachmund has sold 50,000 pounds to McNeff Bros. at 18 1/2 cents. Word was received from California that Jesse Jewell had bought 100 bales of Sonomas on contract at 20 cents. The belief prevailed that a 20-cent market will be general on the coast by the opening of next week.

A few deals in last year's crop are being put through, but these are not many sellers. The Richardson lot of 54 bales at Buena Vista was bought by McNeff Bros. at 16 1/2 cents. A Sonoma crop was bought by Hall at 17 cents. London hop dealers' market letters, dated August 19 to 22, said: "There has been a better inquiry for hops for immediate requirements at a substantial advance in values and the few remaining parcels still unsold are being held for higher prices."

Thornton & Manger—Our market is better and values are somewhat higher than they were last week. Manger & Hanley—A much stronger tone has prevailed during the past week, and a further inroad has been made in the extremely small stock left. Prices have advanced 5c to 10c from the lowest point, and a firm tone prevails.

W. H. and H. L. May—During the past week a good many parcels of hops changed hands with the result that the market must now be quoted higher. The few parcels that are left in growers' hands have now been withdrawn from sale.

PORTLAND MARKETS.

Portland, Ore., Aug. 28.—Wheat—Club, 94c; bluestem, \$1.08 1/2; Walla Walla bluestem, \$1 at Walla Walla. Oats—No. 1 white feed, 30c. Baresly—Brewing, 23.50; feed, 23c. Hogs—Best live, 9 1/2c. Prime steers, 7c; fancy cows, 6c; best calves, 8 1/2c.

A SERIES OF LECTURES.

A series of lectures by Rev. E. L. House, D. D., will start in the First Congregational church Sunday evening and continue during the week, on the subject of "Psychology of Health." Dr. House is one of the leading pastors of the country. He is now moderator of the Congregational Pacific Coast congress. The Daily Review, of Pacific Grove, says: "More people attend these lectures than those of the chautauqua." The program follows: Sunday evening, 7:30 o'clock—"An Available God." Monday, 3 p. m.—"Realizing God." Tuesday, 3 p. m.—"The Powers of the Mind." Wednesday, 3 p. m.—"The Psychology of Prayer." Thursday, 3 p. m.—"The Forces of Suggestion." Friday, 3 p. m.—"Tuning to the Infinite." Saturday, 3 p. m.—"The Destroyers and Builders of Health." Sunday, 3 p. m.—"Jesus' Method of Healing." Monday, 3 p. m.—"Jesus, the Conscious Mind of God." Tuesday, 3 p. m.—"The Power of Affirmation." Wednesday, 3 p. m.—"What Is Spiritual Healing? How Applied?"

BLEW POSTOFFICE SAFE.

Ontario, Cal., Aug. 28.—Cracksmen blew the postoffice safe at Casa Monte, near here, early today and escaped with \$300 in cash and stamps. Nobody in the village heard the explosion.

EACH MOVEMENT HAS MEANING OF ITS OWN

Daily the Tension Between Italy and Austria Increases, and That Italy Will Turn Against Her Old Allies Seems Certain.

Rome, Aug. 28.—Austrian correspondents of Italian newspapers were crossing the frontier into Italy today under an order by the Vienna government expelling them from the country. The massing of troops in the Tyrol continued and the conviction was growing throughout Italy that a declaration of hostilities would come soon. The Italians will not be unprepared for it. Like the Austrians, they have been concentrating soldiers on the border, which is strongly fortified.

MACLEAY HAPPENINGS.

(Capital Journal Special Service.) Macleay, Aug. 28.—A fine big boy, weight eight pounds, has arrived at the home of Mr. and Mrs. William Payree, and is being greeted with much joy, as he is the first boy in Mr. Payree's family. Mrs. Payree (formerly Miss Jessie Probes) is getting along as well as could be expected. Her mother is with her.

One of the largest hogs that has come into the Salem market for a long time was when Mr. Olson delivered one to the E. C. Choss market, live weight 590 pounds. The Walds hills is an excellent place for hogs owing to the dairying and grain growing that is being done there.

Mrs. D. J. Miller and family spent a few days' vacation in the mountains and had a delightful time. Mr. B. F. Chamberlain was a Salem visitor one day this week. Mr. and Mrs. H. O. Taylor have as their house guests Mrs. Alta Bon and son, William, from White Bluffs. Mrs. Bon's husband is the proprietor of one of the largest hardware houses in that part of the country.

Mr. H. E. Martia is building a new garage for his new Overland, which he just recently purchased. Voicing the sentiment of a number of Macleay and Waldo Hill farmers, they say they uphold the county court in their work of not appropriating any money for the retaining of our county agriculturist, Mr. Luther Chapin. They think the farmers are capable of knowing what will grow best and also what will do the best in their part of the county. One very prominent farmer and fruit grower said: "Hurray for the Marion county court! Come at them again! We need more of that same kind of business, then our taxes would be more reasonable."

Mrs. Perry Taylor, who fell several weeks ago and hurt her limb, is not getting along as well as she should. The wound seems to be very painful. Mr. and Mrs. A. C. Bohmstead have returned from their vacation in the mountains. They report an excellent trip with many good things to eat and some good fishing.

Mr. Frank Robertson made a business trip to Salem Monday. Mr. and Mrs. Wilton Simeral, who are feeling quite proud of their new grandson, George, Jr., arose at 4 o'clock last Sunday and made the chores look rather small in a very short time, rushed to Salem to see their new possession. Since then Mr. Simeral is wearing the "wear ever" smile and feeling twice his normal size.

Chances are a German cruiser would have been a better sport than the New York Yacht club.

FRENCH REFUSE TO BE ANYTHING BUT GAY

Letter Tells of Gay Parade—Laugh and Jest About Their Relations at the Front as Though Comic Opera War.

(By William Philip Sims.) Paris, Aug. 17.—(By mail to New York.)—Gay Paris. Never has the French capital so well deserved its reputation for high spirits as at present.

The Paris of war times is not the Paris of peace times, to be sure, but it is Paris just the same, and more happy-go-lucky than ever.

Tables and chairs on the sidewalks in front of cafes, the Frenchiest of French institutions, are tabooed under martial law, but inside the merry throng still sits sipping its drinks—generally soft ones—swapping funny stories and enjoying itself as cheerfully as ever.

To look and listen, one would never suppose there was not a family in France without its soldier at the front—but these people simply refuse to mope or brood. Alphonse is present, too old to go to war. Gaston is the same age, so his services, too, were refused when he offered them.

"My son," says Alphonse, who is very rich, "writes me he is having a hot time at the front." "Indeed, and what is he doing?" asks Gaston. "He's the company cook," replies Alphonse, chuckling, for his son is a social lion.

Gaston chuckles also, for he has a joke of his own, it seems. "What do you think," he says, "you know Jean, the butcher? He has joined the ranks." "But, no," exclaims Alphonse. "I thought he was re-used because too fat." "They took him in the auxiliary, however," explains Gaston. "He is the company barber."

Whereupon the two old cronies, each with sons and grandsons in the trenches, facing German shrapnel, bullets, shells and bayonets, if not already dead on the battlefield, laughed heartily as they sipped their syrup of greasoline.

The French simply will not mope. Amusement Places Closed. Yes, Paris keeps its temper, and its gaiety, but it is a vastly different Paris from the one the average tourist knows.

For instance, the only way of getting about is by taxi or horse cab. The famous automobile stages disappeared the first day of mobilization. They were wanted to carry troops in. Bicycles are at a premium. The theatres have been closed. The managements of many of them offered them to the government for whatever uses it might desire to put them to.

The Jardin de Paris, well known to American visitors, has become a nursery for the babies of women who have been compelled, through their breadwinners' absence at the front, to go out and earn their own livings. It is a very much changed Paris, but it remains a jolly one.

ABOUT WHEAT PRICES.

Washington, Aug. 28.—A resolution calling upon the department of justice to investigate the advance in the price of wheat was introduced in the House today by Representative Carey of Illinois.

BERLIN DELIRIOUS OVER VICTORIES ON FRENCH FRONTIER

Berlin, via Rome, Aug. 28.—Convinced by Germany's latest victories on the French frontier that the kaiser's troops will soon reach Paris, Berlin was half-delirious with joy today.

The fatherland's infantry, it was officially announced, had shown its superiority over the enemy's at Meuse, Longwy, Namur and other places. Much of the fighting was said to have been at the point of the bayonet.

It was admitted, however, that German losses were tremendous.

Germans in Brussels.

Brussels, via Antwerp, Aug. 28.—The Germans in occupation of Brussels have mounted rapid firing guns at the city's main entrance. Automatic guns mounted on auto trucks are patrolling the suburbs. The city, however, is calm. There have been no outbreaks. Burgomaster Max has refused to leave the city hall since the Germans' arrival. His firmness has won German respect, and he has been treated with every courtesy.

This Lung Remedy Known Fifteen Years

If everybody who suffers from or is threatened with Lung Trouble would investigate the many cases where recoveries were brought about through the use of Eckman's Alternative, a remedy which has stood the test for nearly fifteen years, a strong opinion in favor of it would be the result. What it has accomplished for others it may do for you. Read this:

"Gentlemen: Last December I took a sudden cold, which developed into Pneumonia. The doctor did all he possibly could for me, but could not clear my lungs. One day I saw a testimonial in one of the papers telling of the good results someone had from taking Eckman's Alternative for a trouble of the lungs. I began taking it and soon felt good results. My lungs began to clear up and I began to gain in strength and was soon well enough to take up my work again. I am in better health now than I have been at any time. I am a missionary worker for the New York Home for Homeless and Friendless Boys."

(Affidavit) ERNEST P. WILCOX (Above abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomach Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. Accept no substitute.
