## BASEBALL LOSING ITS ATTRACTIONS

Mad Scramble for Coin Made by Players Has Completely Disgusted American Lovers of Clean Sport.

Money Grabbers Will Defeat Themselves by Making the Game Unpopular, Thus Cutting Big Salaries.

By Hal Sheridan.

New York, Aug. 28.—The 1914 games for the world's baseball championship are expected to attract less interest and fewer spectators than any series staged in years. Ralph Davis, sporting editor of the Pittsburg Press, cites several reasons for this. He said:

"In the first place, general interest in the national pastime is at present at a lower ebb than for many seasons. In the second place, the world's series is not as popular as it once was, for the simple reason that the players have disgusted the fans with their grasping, money-grabbing ways.

"Nothing like the mad scramble for coin which preceded the series of 1911, 1912 and 1913 on the part of the players concerned in the games has ever been known. The fact of the matter is that the series is being endangered as a result of its great prosperity—its drawing power, which has made it a gigantic financial proposition. So much money is involved in it that the players have gone mad in their desire to increase their respective pockets and they have passed years with practices that did not meet with public approval.

The chief reason, however, why interest in the 1914 season is likely to be lessened is the fact that the Philadelphia team is most certain to win the American league pennant, and the opinion is general that no team in the National league stands a chance of conquering Connie Mack's great crew. The Athletics have beaten the Giants each time they have met in recent years, until it is figured that the New Yorkers mental state is going against the Mackites is as much against them as the prowess of their opponents. This being the case, many national league fans believe the Boston Braves would have a better chance of winning the world's series from Philadelphia than would the Giants, and this is an additional reason why many are pulling for Boston to beat out McGraw's men."

### MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and you have like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

### HEAVY SUIT FILED AGAINST STRAMSHIP

Seattle, Wash., Aug. 28.—The Pacific Alaska Navigation company gave the Canadian Pacific no chance Wednesday to hustle the damaged liner Princess Victoria out of the jurisdiction of the United States courts after the vessel's arrival in this port, following her ramming of the Alaska liner Admiral Sampson, as a result of which 11 lives were lost.

Within an hour of the landing by the Princess of survivors from the steamship Admiral Sampson, a libel suit for \$670,000 was filed against the vessel and the federal court took possession.

The libel charges that the Princess Victoria was going along too fast—she is recognized as the fastest vessel on Puget Sound—in the fog, and that she did not properly regard the Sampson's signals. Also that she did not stop and reverse when she should have done so, and that she was carelessly navigated.

Final checking up of the passenger list verifies yesterday's report that a total of 11 were lost.

### NOT DRY IN OREGON.

"Dry weather in the Willamette valley is not so bad after all," said D. A. White, the feed and seed dealer, today, as he finished reading a newspaper clipping sent to him from his old home county, Woodford, in Illinois. The clipping reads as follows and refers to localities that are entirely familiar to Mr. White:

"R. J. Gilliar came in from Jubilee last Saturday and purchased fourteen pairs of big spectacles with green glasses at McKown's optical emporium. He says the pastures are so darn dry and browned up over there that he thought he'd put the green goggles on the cows and see if he couldn't fool 'em into eating further into the ground, an squeeze out a little more milk. He says he has to prime four of his cows now in order to get any milk at all, and the Lord only knows what is coming next. There isn't enough water in the Town house creek to furnish a month's wash for a ship's poke, and the mud hens are kicking up such a dust in Duffy's hollow that the people haven't seen the sin since last Saturday morning. He says he'll be blown if he ever saw such a time. He hasn't had a drink of water since the joints opened in Kiekapoo, and doesn't care a continental when he does get one, either. Mosquitoes have to pack water in order to cross the township."

## Big Jim Vaughn

By A. M. Corrigan.

Red McGhee says:

Big Jim was with the Cubs last year, but somehow Jim did not appear in box scores very much. He battled fungoes now and then and "warmed up" with the other men on "carried bats" and such. "Too wild," was Johnny Evers' hunch. "He's gotta get the big league punch before we let him start." So all that big Jim vaughn could do was wait for some chance to come through an "show his pitehin' art."

He got that chance against the Sox. They called on him to fill the box in one post-season tilt. He made that tribe of Callahan believe he was a "pitchin' man" whose arm was edged with gilt. Chicago fans began to see why he'd been bought from old Kay See. He made his mark right there. This year he's crowdin' Matty's pace, helps keep the Cubs up in the race — he's "pitchin' like a bear."

I don't know what got into Jim that filled his left leg with vim. When he was up before he didn't wear well with the Yanks. Perhaps it was his southpaw pranks that made the big town sore. The rep he's makin' now will last an' overshadow all the past, so Jim don't need to fret. He's laid the wild stuff on the snaf and "steadied down an' made himself a safe, sane pitchin' bet."

### JUDGE FOR YOURSELF.

Which is Better—Try an Experiment or Profit by a Salem Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of the manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, a lame, weak or aching one, Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home. Easy to prove local testimony. Read this Salem case:

Joseph Wint, 608 High street, Salem, says: "My kidneys were disordered and my back seemed to lose its strength. Doan's Kidney Pills soon fixed me up all right. I know that Doan's Kidney Pills are a fine kidney medicine and I willingly recommend them."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wint had. Foster-Milburn Co., Props., Buffalo, N. Y.

### The Fairy Girl.

There's a charming, graceful Fairy,  
And this Fairy you may see  
Rosy cheeks all smiles and sunshine;  
She's as happy as can be.

She's a wondrous little treasure,  
For she drives away dull care;  
She's a new flower in creation,  
And she's welcome everywhere.

She is with me in her beauty,  
When the morning breaks its light;  
She is with me in love's splendor,  
When the day's eclipsed by night.

She's ever, ever with me,  
Bidding courage, steady, strong;  
She's my new flower in Creation,  
She's the "Glorious" of my song.  
— GLEN MARY.

### ARE ASKING AID FOR RED CROSS WORK

Los Angeles, Cal., Aug. 28.—Telegraphic appeals for aid in raising Red Cross funds for relief of injured on the battle fields of Europe are in the hands of acting Mayor Whiffen today from the New York office of the American Red Cross Society. According to the telegrams, the funds are to be used to charter a vessel, stock it with medical supplies and sail for Europe to render whatever help is possible.

The mayor referred the appeal to the finance committee of the city council action on it is expected today.

## BRITISH TROOPS PUT UP GOOD FIGHT

Premier Asquith Tells House of Commons of Gallant Defense Made by British Troops Stationed at Cambrai.

London, Aug. 28.—"The British troops on the French frontier," announced Premier Asquith in the House of Commons today, "sustained the assault Wednesday of five complete German army corps.

"Our forces held their ground until the brunt of the attack had been met, then retired slightly to a new position." "The British inflicted enormous losses on the Germans. I regret to state that our losses were correspondingly heavy."

The British troops, the premier explained, were holding the line in the vicinity of Cambrai. This was the first time their position had been made known definitely since they left Mons. "Two forces of German cavalry, supporting the five army corps," Asquith announced, "first attacked the British position. The British second corps bore the brunt of their assault. "The Germans charged again and again, but were repulsed with heavy losses. The British rifle corps, supported by artillery, proved most effective.

"The fighting covered most of Wednesday.

"No detailed list of British casualties has yet been received."

### PORTLAND MERCHANTS GET SOME INFORMATION

Portland, Ore., Aug. 28.—Hard on a set of resolutions adopted by the Portland Grocers' and Merchants' association demanding a federal investigation of food price juggling, Acting United States Attorney Johnson announced yesterday that he has reported to the attorney general at Washington that local members of the association are themselves responsible for much of the food price elevations. Johnson, acting under orders of the attorney general, is directing an investigation in Oregon for the government to ascertain where the responsibilities for advanced price of foodstuffs lies.

In the resolution adopted by the Portland Grocers' and Merchants' association, the grocers deny that they took advantage of the European war situation to boost prices, lay the blame on jobbers and refiners, and demand an investigation.

### LIFE PRISONERS MAY APPEAR AS WITNESSES

San Francisco, Aug. 28.—That Herman Suhr and Richard Ford, sentenced to life imprisonment in connection with the Wheatland hay field riots, may be brought from the Marysville jail, where they are held pending an appeal, to testify before the Federal Industrial Relations commission in its investigation into labor troubles, was admitted here today by Wm. O. Thompson, counsel for the commission. Labor leaders here claim that to make an inquiry into the Wheatland affair without hearing Suhr and Ford would be discriminatory. The Wheatland riot is being brought up daily in the investigation. Labor leaders claiming it was the outgrowth of unfair labor conditions.

### Corns Quit, Pains Stop, With "Gets-It"

Quit Plasters, Salves and What-Nots.

After using "GETS-IT" once you will never again have occasion for asking, "What can I do to get rid of my corn?" "GETS-IT" is the first sure, certain corn-ender ever known. If you

Why "Suffer With Corns? Use "GETS-IT." They'll Vanish!

have tried other things by the score and will now try "GETS-IT," you will realize this glorious fact.

You probably are tired sticking on tape that won't stay stuck, plasters that shift themselves right onto your corn, contraptions that make a bundle of your toe and press right down on the corn. Put two drops of "GETS-IT" on that corn in two seconds. The corn is then doomed as sure as night follows day. The corn shrivels. There's no pain, no fuss. If you think this sounds too good to be true, try it tonight on any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

### OBJECT TO MORATORIUM.

Washington, Aug. 28.—Administration officials today were opposed to agitation for an administration moratorium because of the unsettled condition of the world's finances. Wall Street interests and foreign importers, it was said, were behind the clamor, but it was considered doubtful whether congress or the president were empowered to act.
