A complete Atlas of Europe. A complete Compendium of all important facts involved in this greatest struggle of history. A complete series of brilliant pictures showing the armament on land, on sea and in the air of the fiercely contending European Powers.

FREE

The latest and most important publication upon the present terrible situation in Europe.

More Than An Atlas

It contains all of the Maps of the European Powers and a great Map of Europe, all in colors. But it is more than an Atlas. It is a great collection of famous pictures showing the terrible Armament of Europe. It shows pictures of England's famous Dreadnaughts of the Sea. It shows Germany's great dreadnaughts of the Air with which she is striking from the clouds. It shows all of the famous Leaders of Europe who are back of this War. It has other pages of all the important facts pertaining to this War and written by noted men.

Given Free to Subscribers

This handy and useful Atlas will be given free to subscribers (old or new) of the Daily Capital Journal, who pay for three months' subscription at one time at the regular rates, delivered by carrier. Mail subscribers (old or new) of the Daily Capital Journal who pay one year's subscription at the special rate of \$3.00 will be given a copy of the Atlas free.
