NO PENALTIES ATTACH TO FOREST PATROL TAX

Whether or not the county tax collectors have the legal authority to attach to and collect the interest and penalty for delinquency in the forest patrol tax, in the same manner as provided for in the case of other property taxes, is the question that has arisen and was passed up to Attorney General Crawford by a decision. Attorney General Crawford is of the opinion that the delinquency and penalty do not apply to the forest patrol tax, otherwise it should have been specifically so stated in a separate section of the act which authorizes the levy and collection of such tax.

A suit for divorce was filed in the circuit court today by Katie Seifer against Anton Seifer and J. B. Orner was made a co-defendant in the suit for the division of the property. When he got out the plaintiff claims that she had sowed a crop on the place, which the defendant harvested, and kept the proceeds. J. B. CLAUD GATCH APPOINTED News received at the governor's office this morning announcing the appointment of Claud Gatch, for the past several years a National Bank Examiner, as one of the directors of the Western Federal Reserve Bank. This news will be of especial interest and delight to the citizenship of Salem for the double reason that the position to which Mr. Gatch has been raised is a most exalted one, and one that has been much coveted by a small army of aspirants throughout the country, and the fact that Mr. Gatch is essentially a Salem product. Mr. Gatch needs no introduction to the majority of the people of Salem. He was cashier of the Ladd & Bush bank of this city when Governor West was paying teller and was appointed United States Bank Examiner for this district from the Bush bank and was later transferred to the California district.
