WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Swan Creek, Mich. - "I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again.

Another Sufferer Relieved. Hebron, Me. - "Before taking your remedies I was all run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and find today that I am an entirely new woman, ready and willing to do my household work, where before taking your medicine it was a dread.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BURGLARIZED STORE, PROBABLY DEMENTED

An aged man who gave his name to the desk sergeant at the police station as Sidney Demer alias Stiner was arrested this morning by Officer Phillips on a charge of burglary. Demer heaved a rock through the window of C. L. Sperling grocery store at 311 North Commercial street at 6:15 this morning, entered the store and took out two boxes of cigars, three boxes of crackers and about a pound of cheap candy.

The officers saw Demer early this morning and asked him what he was doing on the streets. He told them he "could not sleep and had come out to take the air."

A little later some boys delivering papers told the officers that the man had broken the window of the store and the officers found him with the loot. One of the cigar boxes was nearly empty. Both were the cheapest cigars in stock. Demer cut his hand badly on the broken glass in making his entry. His actions indicate he is slightly demented, though he may be seeking board and lodging for the winter.

For Constable for Turner District. 98 Holt R. Miles, Republican.

For Justice of the Peace for Salem District.

U. J. Lehman, Prohibition.

A. C. Minton, Independent.

Jacob Solomon, Socialist.

Daniel Webster, Republican-Democratic-Progressive.

For Constable for Salem District.

A. J. Cook, Prohibition.

E. E. Cooper, Republican-Democratic-Progressive.

F. P. Reddaway, Socialist.

INSURING GOOD DIGESTION

Importance of Preventing Food Fermentation in Stomach

Good digestion usually means good health. So long as the stomach does its work properly disease can find no lodgment in the human system; the liver, kidneys and intestines will perform their work perfectly and remain in perfect health; but permit anything to interfere with the proper digestion of food, an unending train of troubles is set in motion. About the only thing that will upset the stomach and interfere with digestion is an excess of acid, usually caused by food fermentation.

Medicine and tonics cannot relieve this condition—they usually make it worse. The fermentation and acid are to blame and these must be overcome and prevented by taking after meals a teaspoonful of bisurated magnesia in a little hot or cold water. Physicians recommend bisurated magnesia especially because it stops and prevents fermentation of food and neutralizes the acid instantly, making it bland and harmless, without irritating the stomach in any way. Get a little bisurated magnesia from your druggist and try it the next time your food ferments and upsets your stomach. Note how quickly the acid is neutralized and how soon you forget that you have such a thing as a stomach.

SILVERTON LOCAL NEWS

(Capital Journal Special Service.)

Silverton, Ore., Oct. 5.—O. E. Thompson, cashier of the Peoples' bank, of this city, has resigned his position here to accept a more lucrative position in a Seattle bank. He has been associated with the banking business for the past 23 years. He leaves a multitude of close friends, accumulated during his three years of residence here.

Mr. and Mrs. Seafuse, of Portland, are spending the week at the R. S. Trumbull home. Mrs. Seafuse is a niece of Mr. Trumbull's.

In order that they may have plenty of logs to run all winter, the Silverton Lumber company has begun storing logs near their tracks about 300 yards north of the mill. In the winter months the snow is so deep at their logging camps in the mountains that the men are unable to work in the timber so the company has taken this means of guarding against the possibility of their having to close down part of the winter. They are getting most of the logs from their own timber, about 15 miles southeast, and are buying some from the Silver Falls Lumber company, whose logging camps are located about five miles further into the mountains. It is the intention of the Silverton Lumber company to store up about eight million feet of logs for the winter's run.

How to Have the Best Cough Remedy and Save 22 by Making it at Home

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 1/2 pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy. Then get from your druggist 24 ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you, at a cost of only 54 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs. It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiaac, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for "24 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

In the Supreme Court of Public Opinion FREE STATE OF OREGON vs. S. (STATE) W. (WIDE) PROHIBITION

Foreword

The trial of S. W. Prohibition is a prosecution against the theory of the proposed statewide amendment and is not an attack against the supporters of the measure whose motives are, no doubt, above reproach.

The testimony of Mr. Experience having shown conclusively that the charge of INTEMPERANCE against the defendant is true we will now take up the second charge.

Mr. Observer, formerly a resident of New Hampshire, and now of Oregon is called as a witness against S. W. Prohibition charged with obtaining Recognition Under False Pretenses.

Q. State from your personal experience and observation what you know of the defendant relative to the charge that he has "Obtained Recognition in the State of Oregon under False Pretenses."

A. I have been intimately acquainted with the Defendant, first in the State of New Hampshire and afterwards in Massachusetts and Connecticut. When he first came to those states he made the same pretense that he is now making in Oregon. He claimed that the sole remedy for all "civic ills" was his "theories." He claimed that everything necessary for a full "moral uplift" was embodied in his "beliefs."

He claimed that the Merchant would find business improved. He claimed that "hard times" would cease. The voters of these states believed that if his claims were true that they would aid him. They welcomed him with open arms. He now comes into Oregon and is attempting to show the people here that his "theories" prove up. We gave his "theories" and "promises" a full and sincere trial in

CHARGES

Intemperance. Obtaining Recognition Under False Pretenses. Bringing into the State of Oregon Paid Agitators for the Purpose of inoculating her citizens with the Germs of Hysteria.

Offering for acceptance in Oregon broken theories rejected by 15 Eastern States where defendant was ordered "out" after years of bitter experience.

Attempting to Rob Independent Communities of their Rights of Self Government.

Attempting to Kill the Hop Industry of Oregon.

EXTRACTS

The defendant was crest-fallen to day when he looked around the Court Room and recognized many citizens who are to be called as witnesses and whom he realized were familiar with his Record.

The defendant admitted, after Court adjourned, that the reason he came to Oregon this year was because he felt that it was so far away from where he was best known that his record would not reach here in time to interfere with his "promises."

One of the jurors asked the witness if it were a fact that the defendant had made exactly the same promises in the Eastern States that he is now making in Oregon and was extremely surprised when told that EXACTLY the same claims had been made there and were PROVEN untrue.

The Attorney for S. W. Prohibition made a motion to Judge Wisdom asking that all testimony showing up defendant's "RECORD" should be stricken out for the reason that if his RECORD was bad where he was known that was no reason why it should be used against him in Oregon. Judge Wisdom, however, denied the motion and stated: "The only means we have of knowing whether the defendant's claims are true is to ascertain how they have worked out in other States. I will rule that if they proved false in other states the people of Oregon should know it and not make the same mistake."

R. W. Prohibition last night complained of heart failure when Mr. Observer had finished his testimony. He looked haggard and worn by the rigor of his trial.
