The railroad commission has made an order granting the Portland, Eugene & Eastern Railroad company permission to construct grade crossings over the public highways of Lane county in 10 places, specified in the petition, subject to revocation for cause at any time, and to the condition that the railroad company establish and maintain at each of the crossings safety devices such as crossing warning signs, whistling posts, cattle guards and wing fences. In another instance the commission suggested the change of course of the public highway, which will involve comparatively little trouble and expense, so as to avoid the necessity of a crossing.

Louis Brotherton, the 12-year-old daughter of Mrs. Gertrude Brotherton, of 224 North High street, was struck by an auto driven by G. W. White, of Canby, today at the corner of State and High streets. The auto knocked the girl down and passed completely over her, but she was stunned by the blow she lay still on the pavement and the wheels passed clear of her body. Her injuries proved to be slight and after a few bruises were pressed by Dr. O. B. Miles, she was taken to the office of her grandfather, D. M. Wilson. Mr. White, who was driving the car, is a member of the firm of White & Smith, Canby.

C. J. Cooley, one of the jurymen at the present term of the circuit court, who was arrested on a charge of billing a bona fide plaintiff guilty in the justice court this morning and was assessed the usual fine, Sheriff Esch, who arrested Mr. Cooley, spoke in behalf of his prisoner and succeeded in having the fine remitted. The sheriff stated to Judge Webster that Mr. Cooley was a reputable farmer and one of the first of the farmers living near the city to place his hands within the game reserve. Mr. Cooley stated that he killed the bird by mistake, thinking that it was a rock, and that rather than leave it lying in the field picked it up and was apprehended by a game warden.

Do not be misled—you do not pay any more at Dr. Mendelsohn's than you pay elsewhere. You can rest assured that if he fits your eyes they will be fitted right. His practical experience extending over a period of thirty-two years is your safeguard against incompetence and ignorance. The large number of patients from Marion and Polk counties that he has successfully fitted backs up every claim that he is entirely able to take care of your eyes as they should be taken care of. There will be no experimenting with your eyes at his hands. He guarantees you satisfaction in every respect, and his guarantee is good. He will change your glasses, if necessary, for one year free of charge. Dr. M. P. Mendelsohn, Doctor of Optics, 210-211 U. S. Bank Building, Salem, Oregon.

Mr. Farmer: You Need An Auto!

Your time is worth money. The time of your team and wagon is worth money. The time of your hired man costs you money. The time of some or all of these is wasted in the extra time it takes you to go to town without an auto. If you need parts of a machine because of a breakdown—If you need a veterinary, or special feed, or a doctor—If for any reason you are in a hurry—An automobile will be a great convenience. You and your family are entitled to more pleasure, and an auto makes for health—it will enable you to be real neighbors with families twenty or thirty miles away.

You Can Have An Auto

Easy terms will get you an auto here. Or we will trade you one. Tell us what you have to trade—cows, hogs, mortgages, equities—we can surely get together on something. Anyway, come in and see our stock.

It's Easy

Our cars are nearly all "used" cars that the owners have been willing to sell cheap—and all we ask is "our investment back, whatever we have spent to put the car in good running shape, and a small profit on each sale." That's why we make so many sales. Our best advertisements are satisfied customers, and we'd like to tell you who some of them in your neighborhood are. Come in and get acquainted. Or drop us a letter.
