BOSTON'S TAR BABY SUNK THE GUNBOAT WITH THIRD VOLLEY

Gunboat Smith As Easy Mark for Bean-Eater As Was the Athletics

FREDDIE WELSH IS CAREFUL OF TITLE

Apparently Afraid to Meet Ritchie—Is Looked Upon As a Four-Flusher

Boston, Oct. 21.—Three thousand good American dollars were handed to Gunboat Smith today as salary for his knockout in the third round here last night by Sam Langford, the Boston tar baby. Langford received an equal amount.
It was apparent as early as the first round that the negro was determined to sink the Gunboat, and he did it in a workmanlike manner. Smarting under the 12-round decision Smith gained over him here last November, Sam announced before he entered the ring last night that he was going to wipe out that defeat.
The "bone crusher" sent Smith sprawling on the mat on four occasions. After the second knockdown, Manager Jim Buckley started to throw up the sponge in token of defeat, but changed his mind. The negro laid over Smith like a dreadnought over a torpedo boat, and the Gunner got the beating of his life.

Was Never in It.
In the first minute of the first round Sam sent over a crushing right to the jaw and Smith took the count of seven. He arose unsteadily, but managed to stall out the round. He was given much valuable advice by Buckley, who warned him to look out for the negro's right fist. Smith promised to heed the warning, but early in the second round Langford led with the left and then drove another right home to the Gunner's jaw. Smith sank to the floor, taking the count of nine. He barely staggered to his feet in time to save being counted out.
Smith was weak and groggy when he came up for the third. The negro feinted with his left, and then slammed the Gunner with a volley of terrific rights. Once again Langford feinted with his left, drawing the white man's fire. Then he quickly drove his right to the jaw. Smith fell like a log and was counted out.
The bout drew \$10,000. The boxes received 60 per cent of the gross receipts, which they divided equally.

WELSH IS UNPOPULAR
(By Hal Sheridan.)
New York, Oct. 21.—Freddie Welsh, world's lightweight champion, is rapidly becoming the most unpopular scrapper now seeking public favor. This is due entirely to the fact that he flatly refuses to jeopardize his title in a bout of more than 10 rounds. He has offered to fight Willie Ritchie, the former champion, in a finish fight, but the offer was all bluff.
In the first place he stipulated that Ritchie must guarantee a purse for him of \$25,000. Then he insists, or says he does, that Willie must bet him \$25,000. Welsh would just as soon take the Belgian army as Ritchie in a finish fight. He knows, and his manager, Harry Pollock, knows that Ritchie would have flattened him had their London bout been for 25 instead of 20 rounds. In the closing rounds of that clash Ritchie chased Welsh all over the ring, the Welshman being unable to do more than clinch, sidestep and run away. His attack was gone. Referee Corri gave Welsh the championship because of the points he piled up in the

WATT SHIPP TEAM WON THREE STRAIGHT

The Watt Shipp team won three straight games from the Hauser Bros. aggregation in the second game of the city bowling league, pulled off on the Club alleys last night. Noud, of the Watt shipp, rolled the high game, 210, and also the high average, 188. The Hausers took the lead from the start and were never headed. The next game of the city series will be bowled between the Globe theatre team and the grocers on the Electric alleys, October 25.

30,000 VOICES

And Many Are The Voices of Salem People.
Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Salem people are in this chorus.
Here's a Salem case:
Mrs. M. E. Latham, 1125 S. Twelfth street, Salem, says: "I first heard of Doan's Kidney Pills when living in Bismarck, N. D., about six years ago. I had been miserable for quite awhile from kidney complaint. My back ached constantly and I had a dull, dragging pain just over my kidneys. I couldn't stoop with comfort or lift the least thing. I was nervous and restless and often got up in the morning, feeling as tired as when I went to bed. Doan's Kidney Pills gave me great relief and I kept on taking them until I had a complete cure. I was benefited in every way by Doan's Kidney Pills. I advise all kidney sufferers to try them."
Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Latham had. Foster-Milburn Co., Props., Buffalo, N. Y.

CLABBY BEGINS TRAINING.
San Francisco, Oct. 21.—Jimmy Clabby, the Hammond, Ind., middleweight, accompanied by his manager, Larney Liechtenstein, and several trainers, moved to San Rafael today to start training for his 20-round bout early next month with George Chip, of New Castle. The exact date of the bout has not yet been fixed, but November 6 has been tentatively agreed upon. The Clabby party arrived from the east last night.

DUNDIE GOT DECISION.
Oakland, Cal., Oct. 21.—Johnny Dundie holds a decision today over Joe Asvedo as a result of their 10-round bout here last night. Dundie's showing failed to convince the fans that he is a legitimate lightweight contender. Willie Ritchie, who meets Dundie in a four-round bout in San Francisco Friday night, was among the spectators.

LEVINSKY A WINNER.
New York, Oct. 21.—Battling Levinsky holds a well-earned decision today over Jim Flynn, the Pueblo fireman, as a result of their 10-round bout in Brooklyn last night. Although Flynn outweighted his opponent by 14 pounds, Levinsky had the better of every round, and the Puebloan was outclassed from start to finish.

TRY TO SAVE PRINZIP.
Rome, Oct. 21.—A combined Servian and Montenegrin force had Serajevo completely surrounded today and were making strenuous efforts to take the city in time to rescue Gavrilo Princip, Archduke Francis Ferdinand's assassin, and his accused co-conspirators, now on trial here, according to advices from Cetinje. The Cetinje message intimated that they were meeting with a stubborn resistance.

Late Yesterday
At Washington.—Word was received from Colonel Goethals that the Panama canal was open again, last week's slide in Culebra cut having been cleared away.
At Montreal.—Two men were killed, a dozen persons were injured and a tenement block was wrecked by an explosion, supposedly of a bomb, in a part of the city populated mainly by Russians.
At Oleum, Cal.—After a desperate fight, employees of the Union Oil company succeeded in controlling a fire which for hours threatened complete destruction of the corporation's \$5,000,000 plant.
At Bakersfield, Cal.—The explosion of 8,000 barrels of "crude equivalent" gasoline caused a loss of \$100,000 to the Standard Oil company.
At San Bernardino, Cal.—Election returns were compiled showing that San Bernardino county had voted \$1,750,000 for good roads and \$150,000 for a county hospital.

MUDDLE OVER STOCK RUNNING AT LARGE

The law which relates to stock running at large was bandied back and forth in the circuit court yesterday as it has previously been between the people and the legislature, and as a result the supreme court of the state may have an opportunity to settle the matter. In the event that this case is appealed to the supreme court it will be the first time that the stock law has given rise to legal complications in this county. Attorney Walter Winslow appeared for the defendants in the case of H. E. Magee against J. L. Stoots, and Attorney Custer A. Ross, for the plaintiff. The defendants won the suit of Marion county, by a law of the state making it optional with the counties as to whether or not stock should run at large, voted against stock running at large in this county. In 1911 the legislature met and repealed this law as far as it applied to certain districts in the eastern part of the county. In 1913 the legislature, it was evident, wanted to add more territory to the district in which stock might run at large, and they passed an amendment to the law outlining additional territory.
Attorney Winslow held that by the wording of this amendment that it repealed the former law of 1911 making the free territory, and instead of making more territory free to stock it made considerably less, as it only made the territory included in the amendment free territory, and the territory, acted upon in 1911, reverted back under the provisions of the law passed by the people in 1910, which made it unlawful to permit stock to run at large.
Judge Kelly, while of the opinion that the law of 1913 was a legislative oversight, was constrained to uphold the argument of Mr. Winslow. Attorney Ross asked for 20 days in which to file a bill of exceptions and in case he desires to have the matter tried out in the supreme court will appeal to that tribunal.

THIRTY TONS PARCEL POST IN 15 DAYS

Over thirty tons of parcel post packages were handled by the Salem post-office during the first fifteen days in October as against four tons in April. The rapid growth of business in the district served by the Salem postoffice is reflected by Postmaster Hucklestein's report upon the parcel post package deliveries and receipts for the 15-day period from October 1 to 15, as compared to a like period from April 1 to 15 of this year. The total parcels handled through the Salem office, by city and rural carriers and special delivery, for the October 15-day period were 109,802 as against 5022 in April; the total cost amount of postage collected in October up to and including the 15th was \$1406.10 as against \$304.34 in April, and the total weight of parcels handled by the Salem office for the first 15 days in October was 26,578 pounds as against 9672 pounds in April, or, in other words, the Salem office delivered a total of over 30 tons of parcel post packages during the first half of October as compared to a little over four tons for the April period.

HINDU SHOT DOWN CANADIAN OFFICER

Vancouver, B. C., Oct. 21.—Dominion Immigration Inspector W. C. Hopkinson, while acting as interpreter in court, was shot and instantly killed here this morning by Mowla Singh, a Hindu.
Hopkinson, who was one of the best known of the Dominion immigration officers, had been a marked man ever since he conducted the examination of the Hindu aboard the steamship Komagata Maru last August.
Hopkinson was in attendance as interpreter in court this morning when Mowla Singh drew a revolver and fired at him point blank, killing him instantly. The shooting created a sensation.
This is the 24th violent death as a result of the Komagata Maru incident.

PROTEST THE SEIZURE.
Washington, Oct. 21.—A protest to England against the seizure of the Standard Oil company ship John D. Rockefeller, off the Orkney islands, was handed to Sir Cecil Spring-Rice, the British ambassador here, by an official of the state department today. It was contended that the vessel was an American bottom and that its cargo of petroleum had not been in foreign registry.

LABOR CONDITIONS AS LABOR SEES THEM

Some of the Answers and Suggestions Made by Laborers in Response to Questions Sent Out by Labor Commissioner Hoff.

"The world gives no credit to the man who has devoted his life to an invalid father, a widowed mother, a worthy sister or an unfortunate brother; assumed liabilities and met them honorably, but has remained a single man in order to do these things. But the married man is given the preference over the single man who is devoting his life to an unfortunate member of his parents' family."
This is the summing up of the troubles of one laboring man in Oregon who replied to the list of questions sent out by Labor Commissioner Hoff in collecting data upon the labor question for his biennial report. In this connection it is interesting to note that 80 per cent of the laboring men who answered the circular letter sent out are married men and 40 per cent single.
In touching upon the sanitary conditions of laboring men in camp life some of the answers blame the employers for not insisting upon the men adopting more sanitary habits and taking better care of their sleeping quarters while others claim that, if the employers would provide more homelike and comfortable living quarters it would have a tendency to quiet the wandering and dissatisfied spirit of the working man. Forty per cent of the laborers answering own their homes and 60 per cent have no property.
If contractors who bid upon work where common labor is employed, would agree upon a scale of wages to be paid common labor, in the opinion of some of the laborers answering, conditions would be better for all concerned, while the need of more factories and the education of merchants and other employers to give preference to Oregon labor along with their campaign for Oregon-made goods are advanced by others as means of betterment of labor conditions in the state. It seems that the month of September affords the greatest amount of work of any other month of the year and January the least.
One man says: "I have not been out of employment for ten years and have saved very little money, but that is my fault."

W. C. Hawley

Republican Direct Primary
Nominee
FOR CONGRESS

The people of Oregon sent Representative Hawley to Congress because he was clean and especially able to serve his native state. He has made good, securing more than \$5,000,000 for federal improvements in the First District. Please read his record and platform in the voters' pamphlet for further information.
A vote for Representative Hawley is one for a faithful, honest, able and successful public servant.

Black Silk Stove Polish
This is the Stove Polish YOU Should Use
It's different from others because more care is taken in the making and the materials used are of higher grade.
Makes a brilliant, silky polish that does not rub off or dust off, and the shiniest four times as long as ordinary stove polish. Used on stoves and ironed out by hardware and grocery dealers.
All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Hold on Black Silk Stove Polish. Made in liquid or paste—one quality.
Black Silk Stove Polish Works
Staring, Illinois
The Black Silk Stove Polish from Esamont on stoves, registers, fireplaces—Tremendous results. The Black Silk Metal Polish for silver, nickel or brass. It has no equal for metal maintenance.
