MAY BE PORTUGAL NEXT.

Lisbon, Oct. 28.—If official confirmation is received of reports that troops from German Southwest Africa have invaded the adjoining Portuguese possession of Angola, it was expected here today that a declaration of war against the Kaiser would follow immediately. The governor of the colony was called on for a prompt report, and this was all the Lisbon administration was awaiting before taking definite measures. It is estimated that the German army is now within 100 miles of the coast.

SHOT MILLIONAIRE BANKER.

Steubenville, Ohio, Oct. 28.—Charles Gilmore, an attorney, shot and fatally injured Dorham J. Sinclair, millionaire banker, in the latter's office in the Union Deposit Bank building here today. Gilmore then committed suicide. The police say the shooting resulted from Gilmore's hallucination that Sinclair had injured him. Sinclair was president of the Union Deposit Bank, and he habitually went to his office even before any of the clerks arrived. Gilmore followed Sinclair there and shot him down without warning.

It's not an easy task to convince a married woman that man is the noblest work of the Creator.

GERMANS CERTAIN CAMPAIGN WILL WIN

Say Resistance Is Stubborn But That Germans Will Gain Coast Cities
 Berlin, via The Hague, Oct. 28.—The war office admitted today that there had been desperate fighting in Belgium in the past few days and that the number of casualties had been tremendous, but expressed confidence that the German coast campaign would succeed ultimately. The enemy has offered a stubborn resistance," it was stated, "but they have lost enormously in opposing the advance of our troops, who are fighting with the utmost bravery." From Vienna came a charge that the Serbians were butchering non-combatants, burning and looting. From the Germans in Croatia and Slavonia, where Serbian bands are in the field, came an appeal for aid.
LANE AT 6 O'CLOCK.
 Senator Lane will arrive on the Oregon Electric Limited this evening at 6:30. He will be met by friends and escorted to the Marion hotel.

GOOD TIMES AT HAND.

Portland, Ore., Oct. 28.—That the northwest was entering into an era of great prosperity was the announcement today of A. L. Mills, president of the Portland Clearing House Association and the First National bank. Mills predicted that wheat and flour to the value of \$30,000,000 will be exported to foreign ports this year, an increase of several million dollars over last year. He also stated that the lumber market will soon move upward, and that the domestic consumption will take care of the apple crop. "The man with the hoe" will be exceptionally well off," declared Mills.

JAPAN PREPARING FOR "AN EMERGENCY"

New Budget Is Expected to Provide Largest War Fund of Many Years
 Tokyo, Oct. 28.—Immediate expansion of the army and navy, that Japan might be able to act quickly in the event of war of an emergency, was urged by Premier Okuma at a meeting of the party leaders here tonight. It was expected the new budget would provide the largest military fund in years. In what way the Japanese might be called on "to act in an emergency" was explained in the foregoing dispatch, and it seemed unlikely that the censor would have permitted the transmission of an explanation if one had been offered. The possibility has been recognized all along in Tokyo, of course, of complications with China, growing out of the Mikado's operations against the Germans on the Shantung peninsula. In addition to this suggestion has been made that Japan might be asked to keep order in India or South Africa in case of trouble in either of those quarters. There was also a hint some time ago that the Mikado's services might be asked for in the event of Turkish participation in the war, though in this instance, the reference was to the establishment of a naval patrol of the Persian gulf and not to a landing. Japanese statesmen have said several times since the war broke out that there was no intention on their part of sending soldiers to Europe, but this statement seemed to relate to voluntary action on their part, no definite announcement being made that they would refuse to aid their British allies in any fight if asked to do so.

The Markets

Wheat prices showed no falling off yesterday but sales did, only a few small lots changing hands. Big dealers were not anxious and a slight reduction in prices at Chicago caused a tenderness among buyers. There were some sales at a trifle less than the day before but the reduction was trifling, amounting to a cent on some sales of club. Oats showed off 75 cents a ton, being quoted at \$28.75. Barley was 50 cents a ton higher, \$22.50 being offered for feed and \$23 for export. In hops but little was doing. McNeff brothers bought 100 bales here at 9 cents. A sale of 516 bales of Sonomas was reported at 9 cents. A car of head lettuce was received from Los Angeles and put on sale at \$2 for crates and \$1.10 for half crates. California grapes are about cleaned up and prices are firm. The vegetable market is well supplied. Potatoes and onions are each selling at 90 cents to \$1 a sack. Eggs range from 37 to 40 cents for candied with case count going at 35 and storage at 28 to 30 cents. At Chicago wheat prices dropped, selling spot cash for \$1.13 to \$1.14.

BOG MARKET TODAY SHOWING STRENGTH
 Portland, Ore., Oct. 28.—Strength is showing in the egg market since of all the various franchises along the street today. Eggs opened yesterday with a strong upward tendency and this is being maintained today. Strictly fresh Oregon ranch stock is scarce. The statement was made today that not enough of these eggs are coming forward to supply one decent sized hotel. Egg sales are heavy, which shows that there is something being offered aside from fresh Oregon. Restaurants and hotels dislike the idea of paying high prices for eggs for cooking purposes and are constantly in the market for cheaper stuff.
 Today fresh Oregon ranch eggs are

PRUNE SHIPMENTS DROP.

Shipments of prunes out of California by land and sea for the month of September were 8417 tons, compared with 9445 tons for September a year ago, and 2652 tons for September, 1912. Last year there was a very large carryover of old-crop prunes, and a large quantity of these went forward during the month of September, which was not the case this year, as the state was absolutely cleaned up. The shipments this year represent a much larger percentage of new fruit than went forward last year for the same month. A letter received from a prominent operator says: "There is no question in our minds but what the jobbers of the world are very lightly stocked, and they are going to stay in that condition because of the high cost of money. From all we can discover, the consumption is good."

MONEY IS EASIER.

New York, Oct. 28.—Accepting the investment situation as a criterion, conditions continued to show steady improvement. Extensive dealings in city and state issues were announced, the 4 1/2 per cent bonds of two Massachusetts cities selling well above par. One prominent banking house reported an order for \$500,000 worth of high-class bonds, which was not entirely filled at the end of the day because of the small floating supply. It was noteworthy, however, that the inquiry was only for bonds of the first grade, indicating extreme caution on investors.

RESERVE IS RELEASED.

Portland, Ore., Oct. 28.—When the new banking law goes into effect, November 10, Portland banks will have \$3,843,436.46, now held in reserve, which may be put into the channels of trade, according to figures compiled by a member of the clearing-house yesterday. This amount, it is said, is equal to the amount usually called for to move the wheat crop, and its release will mean that the banks will be able to take a more liberal attitude than has been possible during the stringency created by the war.

LULL REPORTED IN HOP BUSINESS

Portland, Ore., Oct. 28.—Hop market has dwindled down so that practically no business has passed in the Willamette valley during the last 24 hours. Leading dealers were unable to find a single purchase of hops in the valley either yesterday or this morning. Some that were reported by a morning paper today as fresh business were alleged by the trade to be from a week to 10 days ago. There is practically no change in the general situation, simply a lull in the buying. While considerable business was reported both here and in Yakima a week or so ago, none is now being offered. A late New York mail advice says of the general situation:
 Receipts for week.....1,024
 Receipts since Sept. 1.....10,754
 Receipts same time last year.....26,992
 Exports to Europe for week.....675
 Exports same time last year.....12,267
 Imports for week.....491
 Imports same time last year.....948
 Exports to Sept. 1.....312
 Imports same time last year.....612
 "Almost an entire absence of business is reported in New York state and while there is not much pressure to sell lower prices would be accepted. It is doubtful that the best lots would bring over 20c, and the lower grades range downward to 20c or less for some very poor stock. Trading on our local market has been much quieter. After securing a fair quantity of stock buyers are again holding off and the lack of buying interest is softening the market. We have reduced quotations for nearly all grades, and

Give the family a treat! Make a Maple Pie

Here's a dandy recipe:
 Boil to a sugar cup and a half of **TOWLE'S LOG CABIN CANE AND MAPLE SYRUP**
 Makes Home, "Sweet" Home, Indeed

—then let cool. Line a custard pie plate with puff paste, or crust as for a custard pie. Crack the maple sugar and cover the bottom thickly with it. Over it pour custard made of a lump of butter, size of walnut, one cup of milk, one egg, one tablespoon flour, a little nutmeg. Beat all together before pouring over sugar. Bake in hot oven about 20 minutes.
 There are dozens of delightful uses of Log Cabin Syrup. It's supreme for pancakes, waffles and muffins. Buy your grocer in the log-cabin-shaped can.

SUNDAY BLUE LAWS ARE UNCONSTITUTIONAL

Eugene, Ore., Oct. 28.—The Oregon Sunday closing law, section 3125, Lord's Oregon Laws, was today declared unconstitutional and unconstitutional by Judge R. G. Morrow, sitting in the Lane circuit court. The decision is the result of a test case brought following the closing on Sunday of cigar stores, fruit shops and confectionery stores in Eugene by the district attorney several weeks ago. The effect of the decision is to leave Eugene wide open for any class of business on Sunday, except pool rooms and theaters, which are closed by city ordinance. The district attorney said tonight that he will not carry the case to the supreme court. The decree of Judge Morrow held that the law not only contravened section 20, article 1, of the state constitution, but violated the Fourteenth amendment to the constitution of the United States. "The law is unconstitutional on more grounds than claimed by the defendant," declared Judge Morrow in returning his decision. "If a young man is not allowed to take his lady friend to get some ice cream on Sunday afternoon, she is deprived of that constitutional right of granting life, liberty and pursuit of happiness." He emphasized the "pursuit of happiness," and continued: "I've been waiting five years to get a check at that law, and I'm glad that I've had the opportunity."
 One kind of a danger signal is the tick a woman gives her husband under the table when there is company for dinner.
SAGE TEA PUTS LIFE AND COLOR IN HAIR
 Don't Stay Gray! Sage Tea and Sulphur Darkens Hair so Naturally that Nobody Can Tell.
 You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied. Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops. This is the age of youth, Gray-haired unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Legal agent, J. C. Perry.

SMITH FOR GOVERNOR

DR. C. J. SMITH
 Tells where he stands on all public questions without equivocation.
 Independent and outspoken.
 Stands for the single item vote, and the direct primary without the assembly attachment.
 Is not in favor of Chinese labor in Oregon.
 A business man in the governor's office will give the people a business administration.
 Will enforce the laws without fear or favor.
 As governor he will be just an Independent and outspoken as he has been as a candidate.
 Mark your ballot No. 24, C. J. Smith, for governor.
 (Paid Adv.)

CIGARETTE BOYS GREATEST ENEMY

Strict enforcement of the cigarette law was one of the strong points elaborated upon by Superintendent Will Hale, of the state training school for boys, in an address before the Men's 50c Club in the basement room of the First Methodist church last evening, having taken for his subject "The Boy at the State Training School, and What to Do For Him." Mr. Hale said that the cigarette habit was one of the greatest evils with which he had to contend in the government of boys, and he urged that some organized action be taken to combat the evil and protect the boys. There is a stringent law against the selling of tobacco in any form to minors, and steps will be taken to compel observance of such laws. Mr. Hale also stated the need of a building for the older boys and new legislation in regard to matters of interest to the school and its work, and a committee composed of Rev. K. N. Avison, Dr. B. L. Steeves and Dr. E. F. Beamer was appointed to assist Mr. Hale in the drafting of such legislation. Mr. Hale's address was well received by the large audience in attendance, and he was warmly applauded.

AMERICAN SHIP HELD.

Washington, Oct. 28.—The state department was advised today by the United States consul at Gibraltar that the liner Kraonland, an American ship, carrying a cargo of copper from New York to Naples and Greek ports, was being held at Gibraltar. No details were given in the cablegram.
 Our outside figures must be considered extreme. About 300 bales of German sugar have arrived thus far, and further lots are in transit. Some 300 bales have also come in from England. Beer sales in the United States for September were 5,847,077 barrels, against 5,777,600 barrels same month last year. The increase of 69,477 barrels was due probably to dealers' stocking up in anticipation of the increased tax.

TWO REFORM SCHOOL BOYS ON THE ROAD

Steal Pony and Buggy, Rob Several Stores and Continue Flight in Auto

"Leave it 'th' Irish," Mike Hogan, 18 years old, and Pat Riley, 17, came to the Oregon state training school recently with practically nothing and are now riding around the country in an Overland auto. The auto, however, was taken from Spry's garage in Jefferson and Mr. Spry is now looking for his car, which Sheriff Eeach is also trying to locate. The boys left the institution last night and appropriated a spotted pony and a top buggy in Turber. The store at Marion was entered in the night, presumably by the boys in search of clothing. This was not found, and only some cigars, cigarettes and cookies were taken from the store and about \$3 in change from the till. The hardware store of A. B. Hind, at Jefferson, was also entered, but only some knives were missing from this place. Across the steel bridge at Jefferson, on the Lion county side, the spotted pony and the buggy were found. The pony was not unhitched from the buggy, but was untied and was grazing when the Jefferson officers found the outfit. An investigation showed that the boys had left Jefferson in Spry's car and the indications were that they had driven to Albany, as a clothing store in Albany was robbed of some men's apparel and the two youthful runaways left the city for parts unknown. Sheriff Eeach has notified the officers in all the towns out of Albany through which they would be obliged to pass to get out of the country and it is thought that the boys will be captured without trouble. Both of the boys are old offenders and have been in the reform school twice before this last term. They are
