OPEN FORUM

Editor Capital Journal: I feel constrained to say a few words about the eight-hour law for women. This might be a good thing for the workers in most every establishment, but there is one exception—the cannery, where it would work a hardship on the very ones it is intended to help. While the efforts of the promoters are appreciated, we fear this law as it is "shaped up" now, would injure the women in the cannery. These workers would prefer to work a little over time during the rush season, when fruit would spoil over night, to being thrown OUT OF WORK, or to work only PART OF THE TIME. The canneries will be cautious about buying fruit and so shorten the time and work. Then, too, who will buy your fruit, during the warm season, you farmers of the valley. Will the voters please look at this from the working women's standpoint, and go against the eight-hour law. A CANNER.

SOME SUGGESTIONS ON PENDING BILLS

For amendment of section 22, article I, of the constitution modifying the uniform rate of taxation, 303 yes, 309 no.

This is the third submission of the amendment twice defeated. It is impossible for it to receive adequate consideration because of organized raids on taxation system embodied in numerous other measures. Vote 309 no.

Constitutional amendment establishing department of industry and public works, 352 yes, 353 no.

Proposes to levy inheritance tax to give work to unemployed. Authorizes legislative appropriations for same work, thereby encouraging higher taxes. Would impose on Oregon the task of caring for the idle of the entire Nation if all could get here. Vote 353 no.

Primary delegate election bill, 354 yes, 35 no.

A bill that would greatly increase election costs and legalize an advisory political assembly. Vote 35 no.

Equal assessment and taxation and \$300 exemption amendment, 356 yes, 357 no.

Imposes a restriction on the initiative in matters of taxation. Vote 357 no.

\$1500 tax exemption, 325 yes, 327 no. Single tax in disguise. In devious ways would inflict higher taxes on the poor on one hand and the rich on the other, relieving chiefly the moderately well-to-do. Inequitable, unjust. Cruelly deceptive, in that it purports to be a poor man's measure. Vote 327 no.

Universal constitutional eight-hour day amendment, 329 yes, 321 no. Defines legal day's work as nine consecutive hours, with one hour off. Applies to every kind of employment. "Consecutive" principle involved means lives of fat and many other industries. Vote 321 no.

Tax code commission bill, 344 yes, 345 no.

Creates a commission and appropriates money for work now undertaken by a paid state board assisted by an appointed legislative committee. A duplication. Vote 345 no.

Measure abolishing Desert Land Board and merging certain offices, 346 yes, 347 no. Vote 346 yes.

Consolidating corporations and insurance department, 338 yes, 339 no.

A personal grievance measure inspired by a corporation which was denied a permit by corporation Commission. Vote 339 no.

Non-partisan judiciary bill, 324 yes, 325 no.

This amendment would remove selection of party politics. Vote 324 yes.
