## The Markets

A bid of \$1.12 1/2 for 100,000 bushels of club wheat was made at the noon session of the Merchants' Exchange yesterday. Five thousand bushels of club sold at \$1.14, and for December delivery there were offerings at \$1.14. The sales of 5000 bushels of December bluestem at \$1.20 was another indication of the strength of the market. For May bluestem \$1.25 was bid and \$1.28 1/2 was asked. Five thousand bushels of December rice went at \$1.09. There was not much buying under way in the country. Farmers are very strong and inclined to speculate, and some of them are known to have bought wheat. No heavy selling movement is looked for from now on. Oats and barley were strong. Oats sold at \$20 on the local market yesterday. For towing barley \$25.00 was bid on the exchange and \$26 was asked. Flour prices were advanced 20 cents a barrel yesterday on all domestic grades. Patents are now quoted at \$5.80.

### HENRY CLEW'S WEEKLY FINANCIAL LETTER

New York, October 31, 1914.—The financial situation grows brighter all the more daily in spite of the heavier European war clouds. This week there has been marked progress in clearing up the foreign exchange situation, and the restrictions upon credit, foreign and domestic, are being gradually lessened. One of the most striking evidences of improvement has been in the recovery of our foreign trade, particularly in exports, from the effects of war shown in the September statistics. In that month it will be recalled our exports declined \$60,000,000 and our imports \$21,000,000, the loss in exports being largely in cotton and the loss in imports being chiefly in manufactured products. Our export trade during the current month, and especially during the past week, has been particularly active. The increase in raw products and war supplies has been very conspicuous. Cotton has been going forward very freely, and the announcement by Great Britain that cotton will not be considered contraband, even to Germany, insures a continued free movement of this staple. This of course will materially relieve the cotton situation, and will also serve to settle our foreign debit balance and check gold exports. As the month, which is largely dependent upon foreign buying of cotton, this movement will be particularly welcome, even if cotton does go out at a very low price. The proposed cotton loan of \$125,000,000 under the management of a committee of the federal reserve board, has received considerable support, although there are some doubts as to its legality. The plan is meeting with much favor, particularly in the south, as a matter of expediency in a great emergency. The federal reserve banks will open about two weeks hence. This insures additional relief and ease in the monetary situation. Harming any temporary local transfers of funds to the federal institutions, it is estimated that the reduction in reserve requirements which will follow this operation will result in an expansion of possibly \$200,000,000 in loans. This should insure continued ease in money, and will materially facilitate the retirement of clearing house certificates and emergency currency which have already been withdrawn to a considerable extent. These five conditions—easier money, better foreign exchange situation, early opening of the federal reserve banks, improvement in our export trade and a good harvest—are the five brightest and most encouraging features in the American business situation, which in other respects is still very unsatisfactory and passing through a critical period. It is not desirable to dwell too strongly upon the discouraging side of affairs, yet it would be dangerously foolish to ignore the many unsatisfactory conditions. Bank clearings are still running 25 per cent below a year ago, the decrease being greatly emphasized by suspension of the various stock and commodity exchanges. Railroad earnings are unsatisfactory, those reported for the month of September showing a loss of 7 per cent, while for the first two weeks of October the losses have been from 12 to 15 per cent. Building operations are running about one-third below last year. Dividends have been cut or passed through a critical period. ### SWEEP IOWA CLEAN.

Des Moines, Ia., Nov. 4.—The republicans made a clean sweep of Iowa in Tuesday's election by a majority which today's figures indicated would reach 25,000 to 40,000. They swept their entire state ticket and 11 congressmen. The progressives' showing was a poor one. Generally throughout the entire country," said Senator Cummins, commenting on the result, "the republican party is recovering its strength. I believe the returns show that the democratic administration has been condemned."

### CATTLE DISEASE HURTS STOCKYARDS

Chicago, Nov. 4.—New cases of foot and mouth disease were discovered today in the Union Stock Yards here. Tightening of the quarantine regulations for the month of September showing a loss of 7 per cent, while for the first two weeks of October the losses have been from 12 to 15 per cent. Building operations are running about one-third below last year. Dividends have been cut or passed through a critical period. ### DEPARTMENT STOPS CATTLE SHIPMENTS

Washington, Nov. 4.—The department of agriculture this afternoon extended its quarantine to shipments of cattle to New York and Maryland because of the spread of the foot and mouth disease. It was announced that 600 new cases had been found in the Chicago stockyards. In telling a man of his faults use a long distance telephone.

## CALIFORNIA IS FOR GOVERNOR "HIRAM", PHELAN SENATOR

Johnson Only One Saved From Wreck of Progressive Party

CARRIES MOST OF TICKET WITH HIM

Phelan and Knowland Run Close Race for Senate with Heney Third

San Francisco, Nov. 4.—Hiram Johnson, re-elected governor of California by approximately 70,000 plurality, appeared this afternoon the outstanding figure in the wreck of the national progressive party. His popularity, in contrast to his party leaders in other states, was striking, and carried with it every other candidate on the progressive ticket with the sole exception of Frank C. Jordan, republican secretary of state, whose election seemed assured. Johnson and Eshleman, for lieutenant governor, carried almost every county in the state. James D. Phelan, democrat, and Jos. R. Knowland, republican, for United States senator, were running a neck and neck race, with Francis J. Heney, progressive, third. The prohibition and universal eight hour law amendments were overwhelmingly defeated.

### SHERMAN HAS LEAD OVER SULLIVAN

Chicago, Nov. 4.—Returns from Chicago complete and from 1,708 down state precincts showed Lawrence Y. Sherman, republican, leading Roger Sullivan, democrat for United States senator, by from 5,000 to 10,000 votes. These returns gave Sherman 189,837; Sullivan 129,682; Robbins, progressive, 71,184. Estimates based on this showing gave Sherman the state outside of Cook county by 62,000. Sullivan's plurality in Cook county was 54,000.

### SOCIALIST ELECT ONE CONGRESSMAN

New York, Nov. 4.—Meyer London, socialist, the only successful congressional candidate of his party, defeated Representative Goldfogle, democrat, in the Twelfth New York district, according to today's returns. Goldfogle conceded his defeat by 1,500. London's victory was the cause of jubilation on the lower east side here. Three processions marched to his home to congratulate him on his election. London has long been prominent in socialist and labor circles. He acted as counsel for the cloakmakers union during the big garment workers' strike here.

### GAIN TWO IN INDIANA.

Indianapolis, Nov. 4.—Indiana's solid democratic congressional delegation was broken in yesterday's election. Returns, while incomplete, showed that the republicans had gained at least two seats, with the result doubtful in some others. United States Senator Shively, democrat, was re-elected by 20,000. Albert J. Beveridge, his progressive opponent, was a poor third.

### GAIN THIRTEEN SEATS.

Philadelphia, Nov. 4.—Complete returns from this city showed today that the republicans had made a clean sweep. Incomplete returns from the state at large indicated that the republicans had elected 31 out of the 39 congressmen, a gain of 13 seats.

### LOOKS LIKE PHELAN.

San Francisco, Nov. 4.—Phelan for United States senator will carry San Francisco by 20,000," said Registrar Zemsky today. "Every indication is that Knowland will be second and Heney third in this city."

### SOCIALISTS BEATEN.

Milwaukee, Wis., Nov. 4.—Practically complete returns from the fourth and fifth congressional districts showed today that the socialist candidates there, at first thought to have been elected, were defeated by a narrow margin. Victor I. Berger, socialist, was beaten by William Stafford, republican, by 3500 votes. Winifred Gayler, the socialist candidate in the sixth district, was running behind William Carey, republican.

## WASHINGTON IS DRY BUT FAR FROM DUSTY

Two Quarts of Booze, 24 of Beer Every 20 Days for Each Person

Seattle, Wash., Nov. 4.—The state of Washington has moved into the prohibition column. With 100,000 votes in, out of approximately 300,000 in the state, most of them from the cities, where the "wets" had expected their strongest support, the "drys" are 1200 votes ahead. Returns from smaller towns and the country districts are expected to increase the drys' lead. There is a controversy over the date when the bill will take effect. The measure itself provides that it shall go into effect January 1, 1916, but the state constitution provides that any initiative bill shall take effect 30 days after its adoption. Litigation, however, can be depended upon to delay operation of the law until the time limit specified in the bill itself. The prohibition bill allows any person, paying 25 cents to the county auditor for a permit, to have 24 quarts of beer or two quarts of spirituous liquors shipped to him from outside the state every 20 days. The bill puts a dozen large breweries out of business.

## DEMOCRATS GAIN SEATS IN SENATE

(Continued from page one.) San, Illinois and Utah were still doubtful in the latter state. Moyle has a lead over Reed Smoot, republican incumbent but the returns are far from complete.

## HELPFUL WORDS

From a Salem Citizen. Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms suggest weak kidneys. If so there is danger in delay. Weak kidneys get fast weaker. Give your trouble prompt attention. Doan's Kidney Pills are for weak kidneys. Your neighbors use and recommend them. Read this Salem testimony. A. W. Lobach, R. F. D. No. 1, Salem, says: "A strain weakened my kidneys and I was laid up for two weeks. I tried several remedies, but got no relief. On a neighbor's advice, I began using Doan's Kidney Pills and one box made me well enough to go back to work. Doan's Kidney Pills did more to fix me up in good shape than anything else I ever tried." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lobach had. Foster-Milburn Co., Props., Buffalo, N. Y.

## TURK QUILTS PARIS.

Paris, Nov. 4.—Rifaat Pasha, the Turkish ambassador to France, asked for and received his passports at Bordeaux today. elected. In the other district—the Fifth—the result was doubtful.

## MONTANA DEMOCRATIC.

Butte, Mont., Nov. 4.—Today's returns indicated that woman suffrage in Montana probably was defeated by a small plurality. Except in two counties—Missoula and Galatin—the equal right amendments is running behind everywhere. The result will be extremely close. The suffragists refuse to admit defeat. For congress, 300 precincts in Montana give Evans, democrat, 12,922; Stout, democrat, 11,784; Maddox, republican, 9,400; and McCormick, republican, 10,124.

## WISCONSIN REPUBLICAN.

Milwaukee, Nov. 4.—Early returns indicated today that the entire republican state ticket as well as the republican candidates for United States senator and republican congressmen, were elected. The democrats apparently elected three congressmen. Results in two districts remained doubtful. It was considered possible that two socialist candidates for congress might pull through.

## SUPREME JUDGES ALL REPUBLICANS

Other State Officials Sure of Election Are Also All of that Party

Portland, Ore., Nov. 4.—On account of the length of the ballot, returns on all but the principal offices in the state are very slow, but indications this afternoon were that the following had been elected: State treasurer—Thomas B. Kuy, republican. Justices of the supreme court—Henry J. Bean, republican; Henry L. Benson, republican; Lawrence T. Harris, republican, and Thomas A. McBride, republican. Judge Gallway leads the democratic ticket, but will fall of election. Attorney general—George M. Brown, republican. Superintendent of public instruction—J. A. Churchill, republican. State engineer—John H. Lewis, republican. Commissioner of labor—O. P. Hoff, republican. Railroad commissioner—Frank J. Miller.
