

# Social and Personal Notes

By Mollie Runcorn

The Salem Woman's club will meet in the public library Saturday afternoon at 2:30 o'clock. Dr. Bertha Stuart, physical director of the University of Oregon, was to have spoken at this meeting, but as she will be unable to do so, the time will be taken up with reports of the different measures discussed at the recent state federation.

Salem will have a most distinguished visitor next week in the person of Dr. Samuel A. Elliott, of Boston, son of Charles Elliott, President Emeritus of Harvard university. Dr. Elliott is a prominent member of the Indiana commissions, and is making a tour of inspection of Indian training schools and institutions of the United States. He is also the national president of the Unitarian association. While in Salem, he will be the guest of Rev. E. F. Fischer, and as his visit will be made on Wednesday it is hoped to secure him for an address before the Men's Liberal club, which meets in Channing hall that evening. This meeting is arranged to discuss the commission form of government.

Mrs. Henry Keene and Mrs. Mills, of Shaw, are with their sister, Mrs. C. A. Smith, who underwent a successful operation at Willamette sanitarium yesterday morning. Mrs. Smith is a daughter of Mrs. Mary Howd, of East State street.

The Frauen Verein society of the Lutheran church was entertained by Mrs. Wilamina Peetz at the J. L. Peetz home yesterday afternoon at its regular monthly meeting. Sixteen members were present.

The usual semi-monthly social afternoon of the W. R. C. was held Thursday at the residence of Mrs. Shipp on Superior street. The time was spent in sewing and making plans for the good of the order. Visitors present were Mrs. Alta Branson, Mrs. James Shipp and Mrs. T. C. Davies. Refreshments were served by the hostess, assisted by Mesdames Pope, Davies, Adair, Caldwell, Watson and Snover.

Mrs. Jennie Pritchard, of Portland, inspected Sedgwick W. R. C. No. 1 last Saturday. She is department secretary and was appointed by the department president, Mrs. Cynthia Dunlap, to inspect the local corps.

After the business session was over, a social time was had and refreshments were served. While in the city Mrs. Pritchard was the guest of Mrs. Dunlap and Mrs. Elizabeth T. Adair.

Mrs. Lizzie W. Smith, department assistant inspector of the W. R. C., has returned from southern Oregon, where she inspected several corps and also visited her son in Fresno, California. Mrs. Smith was away six weeks, and although visiting many beautiful cities on her tour, finds none quite so altogether lovely as Salem.

Cynthia S. Dunlap, department president of the W. R. C. of Oregon, leaves today for Corvallis, Eugene and Cottage Grove. She will visit corps in these places and inspect their work. She has just returned from Portland, where several receptions were given in her honor.

There will be a Parent-Teachers' meeting at the Highland school this evening at 7:30 o'clock. Every parent is urged to be present, as business of importance will be discussed.

Mrs. J. L. Sweney, of Dallas, has returned home after visiting her niece, Mrs. J. R. Mills, at 387 Mission street.

Mrs. J. A. Bernardi and son, Fred, will leave Saturday for Eugene, where they will visit Mrs. Bernardi's mother.

The Ladies' Aid society of the Leslie M. E. church gave a "Hard Times" social in their church parlors Wednesday evening, at which time \$10 was realized, which will be used to augment the society's funds. Many came in costume in keeping with the occasion and the affair was considered most successful. The church will hold its annual bazaar probably during the holidays.

Invitations are out for a series of dances to be given by the Loyal Order of Moose. The dates for the affair are set for Tuesday evening, November 17, December 15, January 12, February 21 and March 23.

Salem lodge No. 336, B. P. O. E., will hold its memorial service for those who have passed away, Sunday, December 6. D. E. Yanis, A. S. Benson and F. S. Bynon are members of the committee having the program in charge. The program will be elaborate, artistic and appropriate to the occasion.

Interest in Salem's art class continues to grow, and it is expected that it will ultimately be made one to which Salem people can point with pride. The city's best-known artists are members of the class which is known as the Salem Art Circle. Classes meet each Thursday evening from 7:30 to 9 o'clock, in room 307 of the Masonic building. Owing to the unpleasant outlook for weather conditions for some time to come the sessions will be devoted largely during the winter to sketching from life, still life, and objects. Some very good work has already been done and it is the hope of circle members that sufficient numbers will become interested to enable them to secure a large, well-lighted room in the downtown section for a permanent location, where classes can meet and work and have their pictures properly exhibited. Anyone interested in sketching is extended an invitation to join, and it is the plan of the circle to have a public exhibition later to arouse interest in the undertaking.

Those who are already affiliated are: Edith Bellinger, Blanche White, Esther Ferguson, E. Monroe Gilbert, Henry Lee, Horace Sykes, C. M. Eppley, H. H. Lucas, Arthur Wilson and E. C. Wygant.

## NEW TROOPS MAKE VIGOROUS ATTACK

Paris, Nov. 13.—A distinct renewal of the allies' offensive along the River Aisne was evident today.

The vigorous repulse of a German counter attack upon a French force and Souppier, northeast of Soissons, was also reported.

These French troops constituted a fresh body which was thrown into the Aisne region to take the places of British forces drawn to the northward to aid in resisting the Kaiser's drive toward Dunkirk and Calais. They were ambitious to excel their predecessors and took the offensive with such energy that they made material gains.

Advices from the region of the coast left no doubt that both sides were worn out by the fury of their struggle. The past week of German assaults had been followed, it was said, by a day or two during which the force of the attack had been diminishing.

It was admitted that the allies had been through so much that they were contented to hold their positions without attempting to overwhelm the enemy.

## KILLED HIS WIFE

Martinez, Cal., Nov. 13.—Peter Manning, an aged Bay Point ranchman, is in jail here today awaiting the coroner's action in the case of his wife, whom he admitted killing by mistake for his daughter.

According to Manning's account, he suspected that the daughter meant to kill him because, he thought, she wanted his fortune. He accordingly waited for her behind a door in his home and fired with a shotgun the moment a woman entered.

The victim was his wife, aged 83. Manning gave himself up to the authorities.

## NO CHANGE IN LEAD IN JOURNAL CONTEST

### Voting Slacked Slightly as Contestants Are Evidently Holding Back for Last Lap

There was no change in the standing of the leaders in the Capital Journal exposition contest today. Mrs. Hibbler still leads and the other contestants come in the order named last Tuesday. Many of the candidates are evidently holding back their votes and building up a reserve, since large numbers of coupons have been issued which have not yet been deposited in the ballot box.

The trip to the great exposition with its wealth of world-wide wonders, will be the event of a lifetime for the fortunate winner, and the Capital Journal guarantees that no expense will be spared in making it a pleasant one. First class railroad fare, the best of hotel accommodations, and facilities for seeing the great fair at its best will be provided free of all charge by this paper. It will be a prize well worth working for.

The plan adopted by this paper for giving the trip does not require the contestant to sell anything. The only thing necessary to secure votes being to patronize some of Salem's most popular stores. The advertisements of these firms in run in each Friday's Capital Journal. These firms have agreed to give a sales check or receipt to every purchaser for cash or for monthly bills paid until January 1, 1915. The sales checks or receipts from these firms may be exchanged for votes at this office—one vote for every 5 cents of your purchase.

The names and standing of the candidates follow:

Mrs. Grace Eoff Hibbler	145,389
Beard Zinn	141,306
Ruth Fugate	139,889
Margaret White	56,980

## AUTOS WILL FORCE STRETCARS TO IT

Los Angeles, Nov. 13.—Three members of the Los Angeles city council went on record today with a statement of belief that the five-cent automobile passenger service which has sprung up here over night is destined to force traction companies to grant universal transfers.

The men went on record at a meeting of the public utilities committee of the council to consider the regulation of the auto busses. Chairman Roberts, of the committee, and Councilman Langdon and Councilman Wheeler were the opponents of the universal transfer. They said that the inroads the automobile carriers were making on the traction companies' profits would force the issue.

Representatives of the Automobile Bus Drivers' association said that the committee met them in a spirit of fairness and readily consented to their request that the hearing be continued two weeks.

Several hundred automobiles are now engaged in passenger carrying in opposition to the traction companies, automobile lines paralleling practically every important car line in Los Angeles.

WANT \$125,000,000.

London, Nov. 13.—The government issued details this afternoon of a bill to be presented to parliament allowing an additional \$125,000,000 war funds. It was anticipated that this much would be necessary to cover expenses to April 1st.

## HORTICULTURISTS TO MEET AT MEDFORD

Medford, Ore., Nov. 13.—Elaborate preparations are being made for the annual meeting of the Oregon State Horticultural society at Medford, on December 2, 3 and 4.

This being the first annual meeting of the society ever held in southern Oregon, all numbers are urged to attend, as Medford is preparing to take care of a large convention, and a part of one day will be given to an automobile trip through the orchard district of the Rogue River valley. Good speakers will be here, as seen in program, which follows:

Wednesday, December 2, 10 a. m.—Address of welcome, Maillon Purdin, mayor of Medford. Response, C. E. Whistler, president of the State Horticultural society. Growings from the state board of horticulture. "Apple and Pear Seed," Prof. M. P. Henderson, Medford, Jackson county Pathologist. General discussion. Informal reception for new members and visitors.

December 2, 2 p. m.—"Necessary Changes in Pear Culture," Prof. F. C. Reimer, in charge of southern Oregon experiment station, Talent. General discussion. "By-products," report on Spokane By-products convention, J. F. Bateheller, Hood River. Discussion, and by H. C. Atwell, manager Forest Grove cannery, A. Rupert, manager Pacific Coast Products Co., Portland. General discussion. "Pruning," Prof. V. R. Gardner, associate professor O. A. C. division of horticulture. General discussion. Automobile trip through the Rogue River valley orchards.

Thursday, December 3, 9:30 a. m.—"The Outlook for Prunes," special reference to standardization of the pack, H. S. Gile, manager Willamette Valley Fruit Growers' association, Salem, Ore. Discussion. "Irrigation Practice," Prof. W. L. Powers, O. A. C. professor irrigation and drainage. Discussion. "Irrigation as Practiced in eastern Oregon," H. D. Lamb, Milton, Ore., manager Fruit Growers' association.

Thursday, 2 p. m.—Horticultural law session. "Uniform Horticultural Laws," A. J. Cook, commissioner of horticulture for California; F. O. Morrison, assistant commissioner of horticulture for Washington; E. C. Roberts, president Oregon state board of horticulture. M. McDonald, report of the committee on uniform horticultural laws of the American association of nurserymen and of the Pacific coast association of nurserymen. Prof. Cook and Mr. McDonald are just returning from attending the 45th California State Fruit Growers' convention at Los Angeles, where this matter was fully discussed with the object of securing more uniform laws between the states. Discussion. This is one of the most important matters now before the fruit growers.

Friday, December 4, 9:30 a. m.—"Work of the Extension Department of the O. A. C.," R. D. Hetzel, director of extension division. Discussion. "Fruit Growing in Oregon," Geo. A. Dorris, Springfield, Ore. Discussion. "The Experiment Station and the Fruit Industry," A. B. Cordley, dean and director, O. A. C. Discussion. "Standard Box Containers," J. B. Knapp, manager Northwestern Association of Box Manufacturers. Discussion. "My Experience in Walnut Growing at Medford," E. P. Geary, M. D., Portland, Ore.

## NEW RATES ON THE GREAT SOUTHERN

After the suspension of the new schedule of advanced rates which the Great Southern Railroad company put into effect several weeks ago and an investigation into conditions, the railroad commission made an order permitting the new rates to go into effect as per schedule, with the exception of those which apply to north-bound shipments of wheat, rye and other cereals, which the commission considered unjust and unreasonable, for which new and reduced schedule was substituted and ordered into effect within 15 days from date of the order. The new rate of wheat, rye and other cereals has been fixed at from 2 1/2 cents per 100 pounds upon maximum intrastate shipments in covered lots from Souther's, to 11 cents per 100 pounds from Friend, and graduated upward in proportion to distance hauled. These rates are about 1/2 cent per hundred pounds lower than the rates the company has adopted. The Great Southern railroad operates exclusively in Wasco county from The Dalles to Friend, a distance of a little over 40 miles.

## Business Men in New Quarters.

(Woodburn Independent.) The recent fire drove several to other and temporary quarters until the buildings damaged are again made habitable. Goodale & Drake have moved to the Seidler brick, H. L. Moore to the Bogard brick, Dr. Waiste to the old Library building opposite the postoffice, Dr. Shorey to the Lewis brick, formerly the Independent office; Dr. Chapman in the former city recorder's rooms in the Odd Fellows building, J. P. Hunt to the Association building, Dr. Marsh to the brick building over the Home Bakery.

O'Farrell, of this city, who will also act as toastmaster at the big banquet in the evening. Rev. Fr. O'Farrell's place at St. Luke's Church next Sunday will be taken by Rev. Fr. Henry of Mt. Angel.

## IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't Look Old! Try Grandmother's Recipe to Darken and Beautify Faded, Lifeless Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

Unless a man who claims to have religion uses it in his business, he has the wrong brand.

Kettles may be thoroughly cleansed by boiling a few potato peelings in them.

When cooking apples always put a pinch of salt with them, they will then be most tender.

If too much salt has been added to soup slice a raw potato and boil it in the soup for a few minutes. The potato will absorb much of the salt.

To prevent the skin from discoloring after a fall or blow, take a little dry starch, moisten it with cold water and lay it on the injured part.

Cayenne pepper is excellent to rid embryos of mice. The floor should be gone over carefully, and each hole stopped up with a piece of rag dipped in water and then in cayenne pepper.

It is not generally known that boiling fruit for some time and skimming it well without the sugar and without covering the can is a very economical and excellent way, because the bulk of the scum rises from the fruit and not from the sugar, if the latter is used.

Honey Cookies.—Mix together one cupful of strained honey, one cupful of granulated sugar, two eggs, well beaten; two level teaspoonfuls of soda, and a little salt. Add flour enough to knead into a soft dough, and let it stand over night. In the morning roll out the dough, and cut it into fancy shapes. Bake in a slow oven.

Apple Tapioca.—Cook quartered, pared apples gently until tender, and place upon it a serving dish. After the tapioca has soaked for about an hour, bring it to the boil in a double boiler and allow it to cook slowly and flavor with lemon; cool slightly, pour over the quartered apples, chill and serve with cream.

Bull's Eye.—This is a variation from the usual form in which eggs appear at the breakfast table. Take as many eggs as you need, beat the whites stiff, and make little nests by putting the beaten whites into muffin rings or small cups; drop the yolks of an egg into the center of each nest, and put the nests and the contents into the oven to brown. Garnish a platter with parsley, and serve the eggs on buttered toast.

Maple Pincodes.—3 cups white sugar; 1 cup milk; 1 teaspoon butter. Boil together, stirring constantly, until it will make a soft ball when dropped in cold water. Take from fire and beat. When ready to pour on buttered pinto, add ten drops of Mapleine and one egg of broken nuts.
