**WHAT KIND OF ADVERTISING IS THE BEST?**

The kind that will sell YOUR goods and add to your reputation.

The kind that makes sales and makes character.

The kind that individualizes your "product" and "your business" — that brings its personality before the public.

The kind that is "truthful," "square" and "interesting."

What is the best medium?

The daily newspaper, because it holds its franchise from the people, is read by the people, and has the confidence of its readers.

Put your advertisement in The Journal and get results.

## SPORT NEWS

**WINNER MUST BEAT 82 MILES PER HOUR**

Expected 100,000 Will See the Great 300 Mile Auto Race at Corona

Corona, Cal., Nov. 25.—With the course in perfect condition for speed, racing drivers and automobile experts gathered here for tomorrow's annual motor race generally predicted today that the winner must exceed the record of 82 miles an hour (average) made on the Indianapolis speedway.

Twenty cars will respond to starter Wagner's signal gun.

Among the drivers will be some of the best known pilots in the motor racing world. Barney Oldfield was an overnight entry. He will drive a Max well car. Other men of national reputation who will compete are DePalma, Burman, Cooper, Grant and Pullen.

The length of the race is approximately 300 miles. The drivers will make 100 circuits of a three-mile course that circles the town of Corona.

Stands have been erected to accommodate 30,000 spectators. It is estimated that 75,000 persons will see the races. Last year's crowd was within a few thousand of this number—in deed, many estimated it at as much as 100,000.

**LANGFORD TO MEET WILLS TOMORROW**

Experts Say the Tar Baby Is Up Against a Man Who May Defeat Him

Los Angeles, Cal., Nov. 25.—When Harry Wills and Sam Langford touch gloves at Vernon tomorrow afternoon, Langford, according to popular belief here, will be opposed for the first time in many years of his bone crushing career by a man who has a chance to defeat him. Though Langford remained a favorite today among those inclined to back their judgment with coin Wills had considerable support, and many of the so-called experts picked him to give Langford the beating he has escaped for years.

Wills appears to be in perfect physical condition. He has worked hard for the match tomorrow, and should be able to travel the entire 20 rounds, if necessary, at high speed. Langford has given his training much more attention than in his woe, and is surely in better shape than when he took up the gauntlet. True, he is a trifle flabby about the waist line, but his manager, Joe Woodman, claims he has nothing to fear from the standpoint of condition.

Since tomorrow's battle probably will be the last meeting of "class" that Los Angeles fans will be permitted to witness for some years, a capacity house is expected. Advance sales of seats have been heavy. Several good preliminaries have been arranged.

Langford and Wills are expected to answer the first gong at about 3 o'clock. George Blanke will referee.

**CHRISTMAS SHIP ARRIVES**

Davenport, Eng., Nov. 25.—The American Christmas ship Jason, carrying presents for the children of war-stricken Europe, arrived here today.

The Earl of Beauchamp and Francis Dyke Acland were at the wharf to officially welcome the Christmas ship but a heavy fog prevented the Jason from docking and delayed the ceremonies. Representatives of the war office also were present to arrange for the unloading of the cargo.

**UNEMPLOYMENT; SIMPLER GOVERNMENT OF STATE; WATER POWER DISTRICTS**

Reports Upon These Three Oregon Problems Are to Be Followed by Recommendations to January Legislature.

To discuss three definite legislative problems, a special session of the state Commonwealth Conference will be held in Willard hall, at the University of Oregon, Eugene, on Thursday, Friday and Saturday, December 10, 11 and 12. Governor-elect James Withycombe is to open the conference.

The three main topics will be:

1. Unemployment.
2. Greater economy and efficiency in state administration.
3. Hydro-electric districts, made up of a city, as a nucleus, and its tributary watershed area.

The three days of consideration are to culminate in appointment of committees, each of which is to draft the recommendations of the conference upon its special problem, and to submit these recommendations to the proper committee in the Oregon legislature. The presumption is that the recommendations in each case will reach the legislature of next January in the form of a bill.

The three days of consideration are to culminate in appointment of committees, each of which is to draft the recommendations of the conference upon its special problem, and to submit these recommendations to the proper committee in the Oregon legislature. The presumption is that the recommendations in each case will reach the legislature of next January in the form of a bill.

The persons whose participation is expected in this conference represent about all the elements directly interested in each of the three items, and are roughly these:

1. Unemployment: The state legislative committee on unemployment; representatives of labor; social service workers; city officials, especially members of the Oregon League of Municipalities; state officials; members of the incoming Oregon legislature; members of state commissions or other bodies having to do with labor in any form; representatives of employment agencies; the state labor commissioner.
2. State administration for greater economy and efficiency: State officials; members of the incoming legislature; efficiency experts.
3. Hydro-electric districts: The state hydro-electric commission; all city officials who can come; persons interested in power development; legislators; the state engineer.

**BASEBALL MAGNATES STARTING TROUBLE**

(By Hal Sheridan.)

New York, Nov. 25.—The magnates of organized baseball, commented a San Francisco sport writer recently, "see fit to cut down their expenses all along the line, but they have not said anything yet about letting the fans in any cheaper. Now, let us wait and see how the fans are going to take to the brush stuff at big league prices."

The above remarks were made in connection with the recent action of Pacific Coast league directors in ruling that each club must slice \$1000 a month from its payroll. This, of course, means that the six clubs making up the Coast league will have to reduce salaries or cut down the number of their players.

It's pretty much of a certainty that the players really worth while will not stand for a cut in salary. They can command good wages by jumping to the Federal league, and when the signing up season comes they are pretty sure to have something to say about the signing order.

Pacific Coast league patrons pay about the same prices as the big league fans but they don't get near as much action for their money. The league is filled with players who have served their time in the big circuits and the promising youngsters are sent up as soon as they have had sufficient experience to warrant a trial in fast company.

**OREGON SPORTSMEN MEET DECEMBER 6**

The annual meeting of the Oregon Sportsmen's League will be held in Portland, December 6 and 7.

On the former date, December 6, the Portland Gun Club and the Multnomah Angler's Club have joined in arranging a state shoot and state fly and bait casting contests. Suitable prizes have been offered for the various events.

Monday, December 7, the delegates will gather in the Convention Hall of the Portland Commercial Club to consider the needs and desires of the sportsmen of the various sections of the

**CLUB TEAM BEATEN IN CORVALLIS GAME**

The Club team of this city went down to defeat in three straight games before the Corvallis Julians at Corvallis last night in the Willamette Valley league. The strange alloys were too much for the visitors, especially when these alloys had some peculiarities all their own. Gilroy, of the Club team, who is high man in the City league, piled up a total of 11 splits during the contest.

Stokes of the Corvallis team rulled the high game, 192, and Pierce of the Club team was but one point behind for high game. Stokes also had the high average of .84. The club bowlers were coming stronger as the game progressed but they lost out in the early part of the contest. Corvallis made a total of 2477 pins and the Club 2150. The scores:

	1	2	3	Tot.	Avg.
Doonille	154	162	148	464	155
Borgholz	150	159	171	480	160
Polk	173	158	150	481	160
Eberling	173	140	142	455	152
Stokes	192	192	167	551	184
Total	881	817	779	2477	162

**GRIPSASK LOADED TO ITS CAPACITY**

A Maxwell man walked into the Marion hotel yesterday with a long, black, mysterious looking handbag, which he handled very carefully, and as though it were very heavy. When the boy, after a struggle, lifted it, he remarked: "Boss, that's a heavy. What you got?" His eyes and ears opened and he dropped the bag when he was told "That bag contains five of the Maxwell motor car plants, three of the highest California mountains, the Indianapolis speedway, and part of Grant park in Chicago."

The boy came back with: "I'm sure has got some load in here, ain't it? And you talk like you had some load yourself."

As a matter of fact, the bag contained over a mile of motion picture film, devoted to the above and many other subjects, and the Maxwell man had just arrived to exhibit the film before the public in this town free of charge. The pictures are most interesting and instructive. They portray the automobile industry from start to finish, and are made keenly alive by the thread of human interest which runs through them.

**CHINKS MUST QUIT OR BE DEPORTED**

Portland, Or., Nov. 25.—Following the signing of a peace pact, it was believed here today that all danger of further outbreaks between the Hop Sing and Sney Sing gangs was over.

The treaty was signed late yesterday after Sheriff Word and deputies had rounded up 120 tong men and compelled them to thoroughly discuss their grievances.

When the meeting adjourned the leaders of the gangs were given an hour in which to reach an agreement. Shortly afterward peace was formally declared.

District Attorney Evans declared he would stop tong trouble in Portland even though it were necessary to ship every Chinese back to his native land.

**'OLD LIBRARY' IS 79.**

New York, Nov. 25.—"Old age and myself have not yet become acquainted," said Andrew Carnegie, who was 79 today.

**OAKLAND SALOONS IN HANDS OF SHERIFF**

Roseburg, Or., Nov. 25.—Oakland, in this county, is dry as a result of the insolvency of its saloons. The saloons allowed their wholesale bills to run as long as they could, awaiting the result of the state election. Then they let their creditors get judgment, close their saloons and take the fixtures. This Sheriff Quine has done. The Crouch saloon, it is claimed, neglected part of its preparations until it was too late, as the Sheriff seized \$200 in coin, which was found in the safe. Oakland went dry at the recent election under the local option law, effective January 1, 1915, and the saloons could have kept open until that date had they so wished.

**POLK DAIRYING GROWING.**

The butter production of the Month creamery increased materially this fall, according to figures given by a correspondent at that place. The dairy industry is growing faster in Polk county than any other industry. The creameries of the county, located at Month and Independence, have an annual combined output valued at about \$4,000,000. The creameries have recently made numerous improvements in order to handle the winter's incoming cream, and the dairymen also have provided more room for the herds and improved the stock.

Even the pessimists must admit some cheer in the news that this is going to be a fine season for chestnuts.
