To begin cut out this entire game section and lay it on the floor face up. Each player selects a penny for a "man" and the one selected for first go stands above the game board and drops the penny upon it. The face upon which it stops shows your expression and you make that many points. Each player takes his or her turn and the first to make 20 points wins the game.

ANNA BELLE'S Uncle Ezra's New Machine

Dear Friends:—Uncle Ezra has a new 1916 model machine and of course he came by to take us out for the first ride. It has seats for seven passengers, but we all crowded in and went out for a long spin in the country. We had plenty of good lunch along and of course, all enjoyed this as well as the delightful ride. How I wish all of my friends could have been with us. Yesterday the mailman brought me a great bunch of encouraging letters from friends, telling me of the great success we're having in SEWING SOCIETY work, and making requests for more Certificates of Membership. Honest, our membership is growing so fast that we ought to be very happy, indeed, for then we can do so much more for the poor children in the cold, dreary days this winter. Have you sent for your Certificate yet? If not just write me care this paper, enclose a two-cent stamp for postage and I'll be only too glad to send as many as you wish for yourself and members. Also tell me of everything you're doing in Society and school work, for I'm interested in everything you do. Be sure and write as often as you can for I'm always so glad to get your interesting letters. Lovingly
Anna Belle
