

# Social and Personal

By MOLLIE RUNGERS

**S**OCIAL interest this week has centered around Mrs. A. N. Bush's affair, an afternoon of chamber music, which took place today at the Bush residence, 287 North Capitol street. Miss Winifred Byrd, Salem's gifted young pianist, being presented.

A Most enjoyable entertainment is to be given at the First Christian church next Monday evening, beginning at eight o'clock, when a stereoscopic entertainment and lecture will be given, depicting a trip through the Yellowstone national park. The slides, which are extremely beautiful and the very best that can be purchased, are loaned for the occasion by the Northern Pacific Railroad company. An admittance of 10 and 15 cents will be charged, the money to be used as a benefit for the Bungalow Christian church, corner Southeast and Court street. W. A. Bollock, superintendent of the Bungalow Sunday school, will show the slides. Rev. R. Moxon, pastor of the church, to give the lecture. The pictures number one hundred and eight, and are of all the more interesting places.

Artistically designed posters, advertising the club-inhabitant concert, are attracting much attention in the display windows of the music stores and business houses. They are the work of Ivan Schomacher, a senior of the high school, and a member of the art class. Each poster bears photographs of the noted musicians, who are to appear in Salem at the armory February 12, and a splendidly lettered announcement of the concert. Some excellent work is being done by the high school art class, under the direction of Miss Ethel Miriam, and it is pleasing to note that the pupils' work is along practical as well as artistic lines, and is in demand as such.

Mr. and Mrs. J. A. Wilson have returned to their home in Portland after a brief visit here as the guest of the P. G. Dockbacks. They are former Salem people and are well known here.

Mrs. Edgar Martin (Alta Altman), who has been with her parents, Dr. and Mrs. L. G. Altman, during her husband's business trip to eastern Oregon, will extend her visit another week. Friday evening being the second anniversary of her marriage, Mrs. Altman entertained for her in compliment to those who assisted at her wedding. Mrs. Martin is a graduate of '12 class, Willamette university, those who composed her wedding party being for the greater part present or former students at the same place.

Those present were: Miss Eva Hogue, Miss Margaret Hoyle, Miss Ruth Hoyle, Miss Vera Martin, and Miss Gertrude Eakin; others who assisted at the wedding but who were unable to attend being Mrs. Otto Wilson, Miss Lela Martin, Mrs. L. R. Doncaster, of Spokane, formerly Miss Mildred Bennett; Miss Theodosia Bennett, of Portland, and Mrs. Maurice Bullock, formerly Miss Beulah Clark, of University Park, Denver, Colo.

The "community sing," held at the Highland school, was such a delightful success and gave so much genuine pleasure that it was decided to gather again for a similar affair in two weeks, which would be February third. A large number of pupils, patrons and people residing in the Highland district were in attendance, the boys of the eighth grade acting as ushers. The singing was all done in chorus last night, but it is planned to make the coming event a little more elaborate, with duets to supplement the ensemble selections. Such songs as "Annie Laurie," "Come in, Through the Rye," "Love's Old Sweet Song," "Rocked in the Cradle of the Deep," "Long, Long Ago," "My Bonnie Lies Over the Ocean" and numerous patriotic songs, proved their enduring popularity, all present joining enthusiastically in the singing of them. Miss Eva Fisher, an instructor in the school, played the piano accompaniment for all the numbers.

At the Parent-Teachers' association meeting of the East school, held last Friday evening, a committee was appointed to select a new president, the former president having moved out of the district. This official will be elected at the meeting to be held at the school building next Friday night and a social time enjoyed. An interesting program is being prepared and will be published later.

Mrs. Josephine Culver, of San Francisco, is on an extended visit to friends and relatives here. She is making the greater part of her time with her brother, Stanley Culver, and has also been entertained by the Dr. Charles Robertson. Mrs. Culver resided in Salem during her childhood, and has many friends here.

lem during her childhood, and has many friends here.

Judge and Mrs. Lawrence T. Harris are domiciled at the Hotel Marion during the session of the legislature. Mr. Harris is the newly-appointed supreme court judge, and both already have many friends here who are delighted to learn that they intend leaving here permanently.

Mrs. Ethel Law Gulvin, of Jefferson, is the guest for a few days of her parents, Mr. and Mrs. E. M. Law, of Salem Heights.

Mrs. Murah Hatch Beeman, of Portland, arrived Tuesday to pass the remainder of the week with her parents, Mr. and Mrs. H. W. Hatch. She will be noticed with several little affairs during her stay.

Mrs. Paul H. Hauser entertained her Thimble club yesterday afternoon, the initial hours being passed pleasantly with needlework, luncheon being served later at a prettily decked table, small place cards, with thimbles attached as favors marking the places for the guests. Additional guests were Mrs. L. P. Aldrich, Mrs. Frederick J. Hagedorn and Miss Fern Bureh, of Portland, a guest of the Hagedorns, the personnel of the club being, besides Mrs. Hauser, Mrs. Roy Byrd, Mrs. James Simons, Mrs. Charles Elgin, Mrs. Lloyd Hauser, Mrs. Roma Hauser, Mrs. A. L. Hauser, Mrs. Lloyd Stiff and Mrs. Paul Rasmussen. The club meets every fortnight.

Mrs. I. Cochrane, of Marion, was among the out-of-town attendants at the quarterly meeting of the Pomona grange, held in Hurst hall yesterday. She remained to be the guest of her mother, Mrs. Anna Kaylor.

The latest and most pleasing news in political circles is that the senate will undoubtedly have a feminine member. It being quite certain that Miss Katherine Clark, of Douglas county, is elected to this body, she having a 62 majority with only three precincts to hear from. The senate will thus have no reason to be held in contempt by the proud members of the house. Should Miss Clark be elected, she will probably arrive in Salem in two or three days.

The "Hitandomah" class of the Lutheran Methodist church held a most successful basket social in their church basement Monday evening, seven dollars resulting from the sale of boxes. An enjoyable social time was had, over thirty being in attendance.

Nothing is prettier for the young girl than the soft colors of the fitch fur. The scarf and muff illustrated here are particularly chic models.

## PERSONALS

\*\*\*\*\*

Judge Scott is a Portland visitor today.

W. M. Hamilton left on the morning electric for Portland.

T. G. Bligh, of the Bligh hotel, is in Portland today on business.

C. A. Hoover, of Gervais, is a visitor in the city today.

W. A. Taylor, of Macleay, was in the city today on business.

G. W. Taffler returned today from a two days' business trip to Portland.

Henry A. Thomas and wife, of Sublimity, are in the city today on business.

Henry L. Bowley, a member of the state highway commission, went to Portland this morning.

N. C. Martin, one of the educational workers of the state, is here today, registering from Portland.

W. W. Vanway, one of the prosperous farmers of Victor Point, was in the city yesterday transacting business.

S. H. Reeves, of the Perry drug store, who has been ill at home for the past two weeks, is reported to be improving.

J. W. Porter, former representative from Linn county, was in the city yesterday to attend the Oregon Pure Breed Livestock association.

Miss Ruby Rasmussen and Miss Regina Long, high school teachers, went to Portland this afternoon to see Forbes Robertson, the famous English actor.

L. R. Johnson, steward of the state university, J. S. Magaldi and John P. Kelly, of Eugene, came down to the city this morning on business.

Mr. J. J. Howson, of Corvallis, an ex-member of the Oregon legislature, is in the city this week. Mr. Howson is interested in good roads legislation.

## JAUNTY FITCH FUR SCARF AND MUFF FOR YOUNG GIRL

FOR WINTER DAYS

## PREDICTION OF ANOTHER QUAKE CAUSES ALARM

Totally Old Seers Announced Shock Will Occur on January 25—Panic Result.

By Alice Robe.  
(United Press Staff Correspondent.)  
Rome, Jan. 21.—The prediction voiced by a toothless old seeress that central and southern Italy would be shaken on January 25 by the worst earthquake in history resulted today in a veritable panic among the poor people of Rome and the stricken survivors of the recent tremor in central Italy.

The people of the lower classes are highly superstitious and the work of the seers who are trying to restore order in the earthquake zone has been seriously hampered.

The woman claims the powers of a clairvoyant. She told neighbors it had been foretold to her that another and much more violent earthquake would rock Italy next Monday. The neighbors spread the report rapidly and it soon reached Avezzano and other districts where refugees are still being cared for.

Instantly there was a panic. Hundreds of refugees have been going about wringing their hands, weeping, praying at the roadside shrines and congregating in the ruins of wrecked churches.

Military and government officials have asked the clergy to call the refugees together and quiet their fears.

## Pomona Grange Passes Resolution On Taxes

That the law on delinquent taxes is unfair and unjust to the farmer, and that efforts should be made to change the law, was the opinion expressed in a resolution passed yesterday at the Marion County Pomona Grange held in this city.

A resolution was also passed urging the members of the legislature from Marion county to bring before the present legislature a law changing the penalty when taxes are delinquent. Instead of the 15 per cent penalty November 1 when taxes are not paid, the Grange urges the passing of a law making the penalty 6 per cent on April 1, and 10 per cent on all after November 1. The taxpayers league were also urged to present this proposition to the Marion county legislators.

At the meeting yesterday there was a large attendance from the grange members from Woodburn, Albany, Astoria, Turner and Jefferson. These meetings of all the granges in this section are held every three months. Turner was selected as the next meeting place.

Among those present at the meeting yesterday was A. C. Miller of Albany, A. C. Libby of Jefferson, Mrs. Ethel Law Gulvin of Jefferson and Mrs. I. Cochrane of Marion.

## RIOT AMONG RUSSIANS

Los Angeles, Cal., Jan. 21.—Two Russians were receiving hospital treatment today and a score of their countrymen were nursing injuries received in a riot in the Russian quarter shortly after midnight, which was quelled by police reserves.

John Sabonoff and John Aronchov received nasty shovels on their heads and were seriously hurt. It was their disagreement over a small sum of money that caused the trouble.

Police took sides and before the police arrived a hundred brawling Russians were fighting with sticks, blocks, bricks and clubs. The police were compelled to charge the mob with their clubs and sticks. The belligerents scattered, dragging several of their injured with them.

## MRS. ROCKEFELLER IS SLOWLY DYING

New York, Jan. 21.—Officials at the Rockefeller offices here refused today to confirm a report that Mrs. John D. Rockefeller, Sr., was slowly dying from anemia. "Mrs. Rockefeller," said an office attaché, "has been ill for many months but there is no cause for alarm."

## Regulating Jitneys San Francisco's Problem

San Francisco, Jan. 21.—The 200 Jitney bus owners in San Francisco, or their representatives, will be given an opportunity next week to present their views before the public utilities committee of the board of supervisors regarding the proposed drastic ordinance regulating their business. This was announced today following a preliminary meeting of the committee when the drafting of the measure was begun.

Testimony presented to the committee was that scores of new buses are going into service in this city daily and that double decked autos would soon begin operations here.

The ordinance tentatively proposed to the committee suggests a minimum license fee of \$40 per year for a bus seating five persons or less, the rate being graded up to \$100 for buses seating more than fifteen persons. The provision to which the Jitney men especially object, however, is that suggesting that they be required to file a bond of \$10,000 with their applications for licenses.

## Says Accounting System Saves Money

According to figures compiled by Chief Accountant Richardson, of the Oregon department of accountancy, the system of state accounting of county records and establishment of uniform systems of accounting is found to pay in other states where it has been in practice for a number of years and has saved hundreds of thousands of dollars to the people in the amounts of money found due the several counties and remaining uncollected by the officers whose duty it is to look after the public interests in such matters.

In the state of Ohio, where the system has been in vogue for 10 years or more, he shows that the total cost of conducting the department, including the auditing of county and city records, was \$777,884.74, or approximately \$77,000 per year while the total amount of findings, which represents the amount reported by the examiners as illegally drawn by public officials, or otherwise, from various public treasuries which are recoverable by suit at law or settlement, was \$3,765,971.94. Besides this the total amount of monies uncollected and not turned into the treasury by officials, recovered as a result of the examination, \$1,581.11, and the total return was \$947,593.75.

## Trading Stamp Companies to Pay License of \$6,000

If the bill introduced by Representative Vernon A. Forbes, of Bend, should become a law it will make it pretty hard "slodding" for the trading stamp, certificate-issuing concerns who are doing business in the state of Oregon to continue to ply their trade in this country.

This bill provides that any company using trading stamps, coupons, tickets, certificates, cards or other similar devices for or with the sale of goods, wares or merchandise, without first obtaining a license from the county clerk of the county in which such company or firm desires to conduct its business, it shall be deemed guilty of a gross misdemeanor and subject to the penalty provided in such cases. The amount of license, \$6,000 per annum, is by no means the smallest feature of the measure.

## How To Make The Quickest, Simplest Cough Remedy

Much Better Than The Ready-Made Cough Syrup. Fully Guaranteed.

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you—at a cost of only 24 cents—a full pint of better cough syrup than you could buy for \$2.50. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never spoils.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and breaks the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

## FIRST HIGH SCHOOL DEBATE HERE TONIGHT

Salem Meets Newberg and Oregon City in First Contest of Triangular Series Held in Debate League.

Salem high school will hold the first debate of the series for the state championship at the high school auditorium this evening, a team from Newberg being pitted against the local school in the opening contest.

As provided in the rules of the debating league, this will be a triangular debate, one team having the affirmative of the government ownership of railroads question, meeting Newberg here, while a team supporting the negative of the question will meet the Oregon City team at that place.

The affirmative team consists of Benjamin Ainslie, Kyle Bartholomew and William Carver. The negative trio is made up of Otto Paulus, Beatrice Walton and Victor Brodson.

The debate this evening will commence at eight o'clock. There will be no admittance charged and everyone is cordially invited. Miss Gussie Niles is the manager of the debating team, which has been working ardently for this event. Miss Edith Sigdon and Miss Jessie Cox, head of the English and history departments of the high school, have been coaching the teams, and they believe that they will make a first-class showing tonight.

The last championship for Salem high was in 1907, and all are anxious that the 1914-15 team be one of this kind. If Salem wins tonight, they will be eligible to meet the triangle composed of Canby, Gresham and Woodburn, but if they lose, they will be out entirely.

## Villa Fighting For Liberty of Mexico and That Alone

Washington, Jan. 21.—"Liberty for Mexico is the only thing I am fighting for and I will continue to fight until this end is accomplished."

This was the word sent to the state department today by General Francisco Villa of Mexico, through American Agent Carothers. Villa also assured the state department that Americans would be given ample protection.

## Seattle Gets Car Order For Trans-Siberian Line

Seattle, Wash., Jan. 21.—An order for 15,000 railway cars has been placed by my government with the Seattle Car and Foundry, reads an official statement issued today by N. Bogolayevsky, imperial Russian consul.

While officers of the company would not confirm the statement in its entirety, they admitted they had been negotiating with the Russian minister of railways and communications for two months and that they were to confer late today with the local consul in regard to the order.

The rolling stock, said to be designed for use on the Trans-Siberian line, will cost more than \$10,000,000. The order will be the largest of the kind ever given to a western foundry.

If it comes to Seattle, as Bogolayevsky announces, it will mean the steady employment of 1000 men for a period of two years and a considerable enlargement of the car company's plant, according to Oliver D. Colvin, vice-president and general manager of the company.

The first cars would be turned out in 30 days from the time the specifications were settled on, he added. Shipments would be made by the Russian volunteer fleet service, recently established on the Sound.

## GODFREY FUNERAL HELD HERE THIS AFTERNOON

Floral Tributes Are Beautiful and Large Number of Salem People Are in Attendance.

Masses of beautiful flowers, noted at the funeral of James E. Godfrey today, attested in a slight way to the love of hundreds who had known him personally during his lifetime.

The body arrived in Salem last night, members of the family and close friends accompanying it. A large delegation of local members of the Order of Eastern Star and Masonic lodge, both of which Mr. Godfrey was a prominent member, being at the depot.

The services over the remains were conducted from the Masonic Temple, the spacious hall being filled to capacity. The services were simple and impressive. Rev. E. J. Morton, of the Christian church, of which Mr. Godfrey was a member, delivered a short eulogy. The choir of the Eastern Star, and the Mammans following with their service. Lot L. Pearce, past grand master of the latter lodge, conducting their service. The male quartet, composed of Dr. H. C. Eyles, Chas. Knowland, Fred Mott and S. E. Wolfe, gave appropriate selections.

The pallbearers were Milton L. Meyers, George O. Brown, Charles L. McNary, Glenn Niles, Frank Miller and Walter M. Smith.

A large number of out-of-town people were here for the funeral, coming from all over the state, among them being Mrs. Margaret V. Bayler, of Astoria, grand worthy matron of the Eastern Star, Mr. Godfrey holding with her at the same time the position of grand worthy patron. Many Portland people were noted, Albany, Delta, Eugene, Woodburn and other valley towns being largely represented. Beautiful floral pieces from the Grand lodge of the state of Oregon of Masons and the Grand Chapter of the Eastern Star were sent from Portland, the local chapters also adding splendid pieces. The contribution of the former was in the shape of a huge keystone, the latter an immense floral star in the order's colors, blue, yellow, white, green and

## SHIPLEY'S January Clearance Sale

LIBERTY STREET

## WHAT DYSEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if 'in not right.'"

## Ex-President Taft Opposes Direct Primary

Bloomington, Ind., Jan. 21.—"I say without hesitation that the selection of political candidates at general primaries has not tended towards the elimination of corruption rule of political machines or the selection of better representatives of parties."

Former President William H. Taft made this statement during an address delivered here today at the Foundation Day exercises of the University of Indiana.

"It is not true," he added, "that the primary law in any the least subject to control by a machine, a boss or a political organization than is a political convention."

Reviewing conditions at present the former chief executive said the country was halting in its business progress but was learning that "unwise steps had been taken." These steps, he said, should be retraced with justice, equity and moderation.

"We must grant increased rates to the railroads when conditions require it, and grant them quickly," he added. "The prosperity is important to the prosperity of the whole country."

## TOKALON DAIRY JERSEY CREAM

We are glad to announce that we are going to represent this model dairy in our city. Tokalon Dairy has the reputation of being the model dairy of the state. Everything about the dairy is modern, clean and sanitary in every respect. We deliver this cream to you in half-pint, pint and quart bottles, at the rate of 20¢ per pint. This is regular whipping cream and comes to us fresh from the dairy.

## Hood River Apples

Fancy Spitzenbergs and Yellow Newtowns \$1.35 per box.

Buy Oranges while they are good. We sell the largest and best—30¢ per dozen.

Sinclair Hams, the best sugar cured, at 22 1/2¢ pound.

## Roth Grocery Co.

## RHEUMATISM, One of the Most Dreaded Diseases of Man

All sufferers of this malady at once appreciate the value of Chiropactic adjustments. The effect of a few adjustments even in cases of long standing, are wonderful. They start the circulation, help nature to throw off uric acid from the system, and get your kidneys in good order, so that you at once feel the beneficial results and are well in no time.

Come and consult with me. I make no charges for consultation and am glad to give you my advice as to your condition. My modernized method of Chiropactic reaches a large per cent of the ills of humanity and cures them.

Phone 410.  
Daily attendance.
