Company That Audited Marion Books Charge High

Chief Accountant John Y. Richardson, of the department of accountancy, office of insurance commissioner, has issued a statement showing by what firm of expert accountants the work of auditing the books of the county of Marion was done. Richardson charged more for their services in the other counties where they performed their work than any other accountants or firm of accountants. In Polk county they charged \$923.04, in Washington county \$1,273.33 and in Yamhill, \$1,193.80.

Fair Consolidates With Poultry Show

(Capital Journal Special Service.) Dallas, Ore., Jan. 21.—At a business meeting of the Polk County Poultry association, held Monday afternoon, it was unanimously voted to become affiliated with the Polk County Fair association so far as exhibits are concerned. The fair association's proposal was to appropriate \$250 for premiums, the poultry people to assume the management of this department the only exception being the industrial school exhibit. The poultry association will be continued as heretofore a separate and distinct organization, but will hold its shows in the fall in conjunction with the county fair. There was some opposition by poultrymen to the affiliation, but it did not develop at the meeting. Some were in favor of holding the show in Independence in the future, as that city had made them a flattering offer, but the majority were in favor of the consolidation.

Huge Timber Will Go To San Francisco Expo.

(Capital Journal Special Service.) Dallas, Ore., Jan. 21.—The Willamette Valley Lumber company, of this city, last week sawed some mammoth square timbers to be used as a bed for a donkey engine to be exhibited at the Panama-Pacific exposition by Smith & Watson of Portland. Without a doubt the timbers are the largest ever felled out by a mill on this coast and comprised two pieces 14x10 inches 50 feet long, and one piece 42x12 inches, 14 feet long. The timbers are of red fir and came from the company's camp above Black Rock.

DALLAS LOCAL ITEMS

(Capital Journal Special Service.) Dallas, Ore., Jan. 21.—Catherine, the six-year-old child of Mr. and Mrs. A. B. Banta, who has been ill for the past three weeks with tubercular meningitis died Monday evening at the Banta home in Southeast Dallas. The funeral was held Tuesday from the Chapman undertaking parlors interment taking place in the Odd Fellow's cemetery.

The music section of the Woman's Club will meet next Monday at the home of Mrs. Gilbert MacGregor at 2:30 o'clock. The change in date has been made to avoid conflict with the sale of home baking by the club which will be conducted on Wednesday, January 27, for the benefit of the scholarship loan fund.

One of the girls, a veteran of the civil war is seriously ill at his home in this city. Sheriff Odell of Benton county was a business visitor in the city Monday.

Frank Barrett, of the Oregon Power company, was a Monmouth visitor Saturday night. Mr. and Mrs. O. E. Dennis of Oakdale have received word from their son Chaucery Dennis of Anderson, California, informing them that he lost two fingers while operating a wood saw at his home.

Chas. Dunn of Polk Station was a Dallas visitor Tuesday.

Auto Truck and Taxi Drivers Should Be Over 21 Says Bill

Under the provisions of a bill introduced by Representative Horne, of Multnomah county, yesterday, any employer, foreman or any other person in authority who employs a person under the age of 21 years to drive or operate any gas, oil, electric or steam vehicle in the carrying or delivering of freight, passengers or express in any part of the state, he or she will be subject to a fine of not less than \$10 nor more than \$50, or go to jail for not less than five nor more than 30 days for the first offense. It also provides that in towns of 4000 or more inhabitants, based upon the population of the last federal census, the minimum age limit for drivers of vehicles of any kind is fixed at 18 years, with the same degree of punishment for those responsible for the employment of a person under the legal age.

BAD BLOOD. Hatred of the Nations for One Another.

This European war was born of the hatred caused by earlier warfare—it will engender other wars between the same nations in the future. The same yet unborn will carry this hatred in their blood to blaze into warfare when the spark is touched by kings or statesmen who are yet in infancy. It's bad blood that makes your liver sluggish, and the same bad blood causes your stomach muscles to lose their elasticity and become flabby and weak, and that means indigestion. Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics, is not a secret remedy for all its ingredients are printed on wrapper. Take it as directed and it will search out and remove any poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will replace all the bad blood it drives out, with rich, pure blood full of vital force. It will furnish you with the kind of blood that increases energy and ambition, that puts the entire body in such perfect physical condition that brain or muscles know no fatigue. It will clear the skin; eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away never to appear again. Get Dr. Pierce's Golden Medical Discovery at any medicine dealer today, in either liquid or tablet form as you prefer. It's the one great blood maker and purifier that all weak or run down people ought to start to use at once. If you want good blood, good health and clear skin, get a supply today.

SIDE LIGHTS ON THE LEGISLATURE

Contending that since the law of 1913 went into effect, providing for a medical certificate as one of the qualifications of the groom necessary to the taking out of a marriage certificate, Dan Cupid has removed his headquarters from Portland to Vancouver, Wash., to Multnomah county's financial loss, aggregating several thousands of dollars per year, County Clerk John B. Coffey is offering Cupid a bonus if he will move back to the Oregon side of the Columbia river. Through the medium of a bill introduced in the house by Dr. Anderson, of Wasco county, yesterday afternoon, Mr. Coffey proposes to repeal the medical certificate matrimonial qualification law which he denounces as a farce and a job put up for the purpose of legalizing some additional fees for the benefit of the medical fraternity.

Senator Dimick, the sage of Clackamas, is indulging in a considerable amount of self-glorification on account of the passage of his measure which abolishes the office of state immigration agent under the assumption that it carries with it an appropriation of \$71,000. As a matter of fact, the office of state immigration agent is purely an honorary one and does not carry a cent's worth of appropriation with it, either for salary or even traveling expenses. It has nothing whatever to do with the item in the budget, amounting \$71,000, which the immigration commission might ask for for the ensuing biennium (but which it has not asked for), as this sum, or any other sum, if it should be appropriated, would be left entirely within the discretion of the immigration commission for disbursement, and the immigration agent merely has supervisory jurisdiction over the publications that are authorized by the commission, and his labors are contributed to the state absolutely gratuitously.

Rev. ——— was opening the proceedings of the house with prayer, and, in course of his supplications, he thanked the Almighty for Oregon; its salubrious climate; its unlimited resources; for peace; for plenty; for the legislature, and, in fact, for everything that one should be thankful for, Joe Singer, assistant sergeant-at-arms in the house, stood directly beneath and in front of the speaker in an attitude of profound respect and expectancy. After the minister had finished Joe sidestepped and whispered into the ear of one of the members, and, in a stage whisper, exclaimed: "Say, who is that preacher? It's a cinch he isn't a rabbi. Why, he thanked God for everything else in Oregon and the legislature but me. What do you suppose he has against me?"

Representative Michelbook, of Yamhill, yesterday afternoon introduced a bill in the house making it compulsory upon every person of either sex to take a rest of at least one day, consisting of 24 consecutive hours, in each and every week. Somebody suggested that, while Mr. Michelbook had his "hand in," he might have drafted a companion bill making it compulsory on the part of somebody to give someone of the small army of unemployed at least one day's work out of every seven, and he might legislate himself into everlasting fame and blessing. Or it might be provided in his compulsory day-of-rest bill that this "day off" be given to somebody who is out of work.

Since time immemorial the members of the legal profession have been accused by the laity of being primarily being found on the side of the "interests," particularly the corporate interests, or wherever the money power was dominant, especially in matters legislative. In direct contradiction of this old impeachment was the result of the vote in the house yesterday morning on the Schuebel lobbyist-registration bill when it developed that of the 19 members voting against the bill, only one—Thos. Brown, of Marion—was a practicing attorney. The other callings represented were farmer, hotel keeper, stenographer, newspaperman and merchant. There are 20 attorneys among the 66 members of the house at that—one-third of the total membership.

To give everybody the right to "angle on his own land, or hunt game animals in the waters of the Pacific ocean" with a license, is one of the features, and, in fact, the principal feature of the bill which was introduced in the house yesterday afternoon by Representative Irvin, of Lincoln county, the genial, hospitable and popular Nye Creek beach hotelkeeper. Now Newport and Nye Creek beach, everybody knows, are the two (silly-silly) most popular seaside resorts on the coast and Mr. Irvin, who is the man who put the "beach" in "Booster," is always on the qui vive for the best interests of the thousands of regular patrons of the resort, and he knows that if everybody over in Lincoln is allowed to "angle on his own land and hunt game in his own Pacific ocean" that that "everybody" will graciously and gladly extend that privilege to the guests of the resort.

"I move that we embody the bill," declared Senator Kollmer, after he had worried over the long-drawn-out wrangling (commonly called debate) over the merits of his bill proposing to license and regulate the fine art of embalming and embalmers in the senate yesterday. After all, this might be just as good a way as any to reserve legislation of this character, which springs up at every recurrent session of the legislature and destined to extend the powers and increase the license fees of the board of medical examiners, at least that is the opinion of some who have been heard to express themselves upon the subject.

JEWELRY WINDOW ROBBED.

Los Angeles, Cal., Jan. 21.—After removing a section of a plate glass window of the jewelry store of Peasgans & Co., in the heart of the business district here, thieves early today looted the show window of watches and other articles valued at \$400.

PROOF OF A GREAT KIDNEY MEDICINE

Several years ago I was taken violently ill. My trouble began with a pain in my stomach, so severe that it seemed as if knives were cutting me. I was treated by two of the best physicians in the country, and consulted another. None of them suspected that the cause of my trouble was kidney disease. They all told me that I had cancer of the stomach, and would die. I grew so weak that I could not walk any more than a child a month old, and I only weighed sixty pounds. One day my brother saw in the paper your advertisement of Swamp-Root, the great kidney remedy. He bought me a bottle and I took it. They could see a change in me so they obtained more, and I took fit all thirty bottles of Swamp-Root. That may seem a great deal, but I spent more than the cost of thirty bottles of Swamp-Root for doctor's medicine, and it did not do me a particle of good. I was so weak and run down that it took considerable to build me up again. I am well now, thanks to Dr. Kilmor's Swamp-Root, and weigh 135 pounds, and am keeping house for my husband and brother on a farm. Gratefully yours, GERTRUDE WARNER SCOTT, 934 Iowa St., Vinton, Iowa.

WANT MAN ON STATE RAILROAD COMMISSION

Eastern Oregon Introduces Bill Requiring That One Man Be Given That Section. If, perchance, the bill introduced in the house by the eastern Oregon delegation should be successfully piloted through the devious ways and straight of legislation and come out of the mill in the form of a law there will be a re-organization of the personnel of the state railroad commission, with one of the members a representative of that section of the state east of the Cascade mountains, another from Multnomah county and a third from Western Oregon outside of Multnomah county. The bill will permit the present incumbents to serve out the terms for which they have been elected, the terms of the successors will be four years each, to begin on the first Monday in January after election, and any vacancy occurring in either office is to be filled by appointment by the majority of the board, composed of the governor, secretary of state and state treasurer. Under the present organization of the commission, C. R. Atchison is a resident of Multnomah county, and both Frank J. Miller and Thos. K. Campbell are residents of the Willamette valley.

LOS ANGELES IS TO BE HENRY'S HOME TOWN

Regulation of Jitney's Up to Supervisors

San Francisco, Jan. 20.—Regulation of the Jitney bus will be put up to the board of supervisors here. A tentative ordinance, providing for such regulation, will be considered late today at a special meeting of the public utilities committee of the board. The measure defines the Jitney bus as a common carrier and outlines methods of regulation. It gives the police commission absolute power over Jitney buses, provides that each vehicle must obtain a license to operate along a certain route and that each owner must file a bond with the commission.

DISCOLORED OR SPOTTY SKIN EASILY PEELED OFF

The discoloring or roughening to which many skins are subject at this season, may readily be gotten rid of. Mergolized wax, spread lightly over the face before retiring and removed in the morning with soap and water, completely peels off the disfigured skin. Get no ounce of the wax at any drug-gist's. There's no more effective way of banishing chaps, blotches, pimples, freckles or other cutaneous defects. Little skin particles come off each day, as the process itself doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, girlishly beautiful face. Wrinkles caused by weather, worry or illness, are best treated by a simple solution of powdered exfolite, 1 or 2 dissolved in 1/2 pint weak lard. Bathing the face in this produces a truly marvelous transformation.
