### FIELDERS MUST BE ABLE TO PICK UP GROUNDERS

### Bill Donovan Not Satisfied With Ability To Bag Skiers Only

New York, Feb. 2.—Candidates for outfield berths on the rejuvenated Yankees this season will have to prove themselves as adept at handling ground balls as they are at snaring the elusive fly before they can be sure of their jobs.

This is the latest ultimatum laid down by Manager Bill Donovan and only one of the several innovations Wild William is planning to introduce in the hope that the Highlanders can be kicked back in the elite section of Ithaca Johnson's loop.

"Many is the game," soliloquized Bill recently, "but I can't see myself as a catcher or pitcher or shortstop or outfielder kicking a ground ball clear to the fence."

In directing his gardeners toward this end, Wild William will be aided by Joe Kelly, one time famous outfielder on the Baltimore Orioles, and now chief ivory snouter for the Yankees.

"We need to do it the old way," said Joe, the other day, "and I can't see why we can't do it now. Many is the time I have seen Hugh Jennings, McGraw and many other old stars work for hours at a stretch learning the hon of a ball over a certain bit of ground. An infielder isn't considered much of a man if he isn't a good judge of a fly ball—then why shouldn't the outer defenses be just as good a judge of a ground ball?"

Bob Shawkey just learned recently that he broke his hand in the world's series last October. The hand had been troubling him for some time and not long ago he had a doctor examine it. The examination showed that the two small bones in his right flipper were badly cracked. Shawkey buys the blame onto Rabbit Marvulle. He remembers, he said, after stopping a misplay off the Rabbit's bat, that his hand pained him. The M. D. fixed it up and promised Bob he would be as good as ever next season.

Has Used Chamberlain's Cough Remedy for 20 Years.

"Chamberlain's Cough Remedy has been used in my household for the past twenty years. I began giving it to my children when they were small. As a quick relief for cough, whooping cough, and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors, who have used it and speak highly of it," writes Mrs. Mary Minke, Shortsville, N. Y. Obtainable everywhere.

To know that sugar is getting cheaper again helps to sweeten the general adversity.

### SOME BARGAINS

\$250 down balance on easy payments. Price \$1250, modern 5-room bungalow, large lot, paved street, \$4,000.

Will buy a strictly modern and up-to-date home 7-room, paved street, corner, this property is well worth \$5000.

Close In Suburban Home Cheap. Five 1/2 acre tract improved stock and implements, \$2,800.

Beautiful 6 Acre Tract. All under cultivation, close in for \$1250; terms.

Improved 81 Acre Farm. On the famous Howell Prairie, price \$155 per acre; terms.

31 Acres Improved on Howell Prairie \$4500; terms.

EXCHANGE. Large list of eastern Oregon farms for trade for Willamette Valley property.

List Your Property now if you want to sell or exchange. Houses For Rent.

### RUSSIANS WIN IN BOTH POLAND AND THE CARPATHIANS

(Continued From Page One.)

carefully bombarded Danzig, raining 60 shells upon the seacoast town. Parisians are bitterly indignant. Newspapers are demanding retaliation.

The latest German sky raids were executed from Metz. At least six German aviators, with observers, rained bombs on Pont-a-Mousson, Nancy, Lunville, Remiremont and other towns within a radius of 75 miles.

### CANADIANS FIGHT BRAVELY

By Henry Wood.

Paris, Feb. 2.—The Princess Patricia's Canadian Cavalry regiment, here the best of another furious German charge west of LaBassee, according to dispatches from the front today. The Canadians fought brilliantly, hurling the enemy back with severe loss. Then they counter-attacked and captured a position along the canal to Bethune which was occupied by the Germans in last week's fighting.

Renewal of the bloody infantry engagements between LaBassee and Bethune and violent cannonading of the Belgian positions near Ypres were the principal features in today's advances from the front.

Those advances said the Germans are now shelling the Belgian trenches. Another series of infantry charges is anticipated.

French shells set fire to a German supply depot near Novion. Along the Aisne the French gunners silenced several German batteries.

Slight progress has been made in the Perthes region.

General Von Kluck's Son Dead.

London, Feb. 2.—The Star's Copenhagen correspondent wired today that General Von Kluck's eldest son, Egon Davall, a lieutenant attached to the German machine, was killed at Middlebury on the Belgian coast, when that town was bombarded by British warships.

Charge Russian Atrocities.

Berlin, via wireless to Saville, L. I., Feb. 2.—The government press bureau today asserted that the Bucharest paper, "Lupta," complains bitterly of acts of Russian troops who entered Bukovina. The Lupta, according to the press bureau, charged Russian pillaged villages and ravished women and girls.

German Report Slight Gains.

Berlin, via wireless to London, Feb. 2.—Slight gains have been made by the Germans attacking the Russian lines along the Przemysl west of Warsaw, official dispatches stated today.

North of the Vistula there have been skirmishes between Russian Cossacks and German outposts southeast of Lwow and also near Biemsk, northwest of Sargus.

Kaiser to Wilhelmshaven.

Berlin, via Amsterdam, Feb. 2.—Kaiser Wilhelm will go to Wilhelmshaven tomorrow to inspect the German fleet and confer with naval commanders.

WINTER DOUBLES WORK.

In summer the work of eliminating poisons that acids from the blood is helped by perspiration. In cold weather, with little outdoor work or exercise to cause sweating, the kidneys have to do double work. Foley's Kidney Pills help overworked, weak and diseased kidneys to filter and cast out of the blood the waste matter that causes pain in sides or back, rheumatism, lumbago, stiffness of joints, sore throats and other ills resulting from impure circulation. J. G. Perry.

LOREIMER CASE CONTINUED.

Chicago, Feb. 2.—The case against former United States Senator Lorimer of misappropriating funds of the De La Salle Street Trust and Savings bank has been continued to April 7. Lorimer is believed to be in California.

sex leveling and finally become unclean. Nobody ever was reformer by law or punishment. The reform must come from within. In the case of the so-called girls' industrial school, I venture to say that 75 per cent of our taxpayers' daughters, fine girls and honest working girls, do not enjoy one-half the luxuries of these fallen angels do. They can't afford it, nor are they lazy or indolent or silly enough. It puts a premium and a reward on immorality and sloth, \$2000 a year of hard-earned money besides home and furnishings to reform a soiled love. It is about time to put sense into our educational system. Build from the foundation and stop experimenting from the top.

Years truly,  
F. A. ENGLISH.

### THE MARKETS

The egg market is showing signs of breaking, although the local dealers are still paying the prices of last week. There is an oversupply on the market, and this, with the arrival of a large consignment of Chinese eggs now on the way, will break the present quotations, according to the opinion of local dealers.

The hog market is firmer, mostly because the stocks are pretty well cleaned up and offerings less.

A car of navel oranges was received this morning, shipped from Southern California.

There are no changes in the fruit or vegetable market.

### GERLINGER-FRANK CASE DECIDED BY SUPREME COURT

(Continued From page one.)

marriage with such a man as plaintiff describes the defendant to be would have been a veritable hell instead of an advantage to the plaintiff, even under the circumstances mentioned, and that she lost but little by being rid of such an untoward alliance."

Chief Justice Moore and Justice McBride and Benson, concur in the opinion.

Corporation Is a "Citizen."

Holding that when a corporation is incorporated under the laws of any state in the union is a citizen within the meaning of the statutes governing the purchase of state school and tide lands, the supreme court this morning awarded ownership of a strip of tide land fronting the lumber plant of the Denver Lumber company, of Columbia county, to said company, and held that R. F. Barker, who purchased the land from the state land board for the lumber company and held the title in his own name was not entitled to the property. The decree of Judge Eakin of the circuit court for Columbia county is reversed in this case and the cause remanded for further proceedings in harmony with the opinion which was written by Justice Benson.

Holding that an agreement, drawn up and signed by all of the heirs to the property acknowledging final settlement of the estate and discharge of the administrator, was entered into in good faith and in all respects legal and binding, the supreme court this morning reversed the decree of Judge Webster Holmes, of the circuit court for Polk county, and dismissed the suit for an accounting against Isaac Simpson, an attorney in fact of Martha Simpson, deceased. The action was brought by L. S. Laughon, administrator of the estate of Martha Simpson, deceased, and accounted by Isaac Simpson for the sum of \$3,922.45, with interest. The opinion dismissing the action was written by Justice Benson.

Opinions in other cases were handed down this morning as follows:

Northwest Telephone company, appellant, vs. George Cox et al., appealed from Lake county; temporary injunction proceeding restraining sale of real and personal property of appellant dismissed; opinion by Justice Burnett.

Estate of W. F. Webster, deceased, appellant, vs. Alma Webster et al., appeal from Crook county; R. L. Mayrow, judge affirmed. Opinion by Justice Burnett.

L. Vasquez, respondent, vs. J. Pettit, appellant, from Multnomah county; W. S. Gaters, judge reversed and remanded. Opinion by Chief Justice Moore.

State of Oregon, plaintiff and respondent, vs. C. A. Robinson; from Clatsop county; T. J. Clifton, judge reversed and remanded. Opinion by Justice Harris.

Frank Long Sr., plaintiff and respondent, vs. Pacific Railway and Navigation company, appellant; from Tillamook county; original opinion reversing Judge Galloway, sustained. Opinion by Justice McBride.

Willard Hayden et al., appellants, vs. City of Astoria; from Clatsop county; Judge J. A. Eakin reversed and cause remanded. Opinion by Justice Benson.

Governor Names Delegates.

The governor today appointed the following delegates from Oregon to attend the convention of the Navy League of the United States, to be held in San Francisco, March 25-27. All the delegates are members of the league in Oregon.

Yam W. Anderson, A. E. Clark, Edward Conington, David M. Dunn, Edward J. Felling, Miss Mary B. Felling, John J. Harrison, David W. Hayes, M. F. Henderson, H. W. Rogers, Benjamin M. Leonard, Frederick J. Maskey, John McNulty, H. M. Shattuck, E. C. Ruser, George S. Shattuck, A. J. Vantine, William D. Wheelwright, T. R. Wilcox, all of Portland; Reginald H. Parsons, of Medford; and O. L. Peterson, of Astoria.

Rose C. Mitchell, convention secretary of the league, is in Portland today; and it is at his request that the governor is taking immediate action.

Governor Withycombe has been asked to be present at the convention, which President Wilson will be a guest, and probably a number of governors. Whether or not he will be able to accept is as yet undecided.

It is understood the general work of the league is to bring influence to bear for the establishment of a permanent naval policy for a strong navy as the best guarantee of peace.

### AFTERNOON PAPER IS FOUND TO BE BEST

Detroit, Feb. 2.—Officers of the Evening News Association of this city announce the merger of the Detroit Tribune, a morning newspaper, into the Detroit News, afternoon paper, and the discontinuance of the morning publication, except on Sundays, when it will be known as the Detroit News-Tribune. The Detroit Tribune was first established 70 years ago.

Committee to Confer Over Shipping Bill.

Washington, Feb. 2.—A committee to confer with the independent republicans who may be won over to the ship purchase bill, and with the democrats who have kicked over the party traces, was appointed by a democratic senate caucus after two hours of discussion today. Senator Martin, Simmons and Fletcher were appointed as the envoys.

Wilson Will Compromise.

Washington, Feb. 2.—That President Wilson agreed to modifications of the administration's ship purchase bill in a conference with Senators Norris and Kenyon, progressive republicans, was broadly intimated today after the sessions. The senators stood pat for their proposal to eliminate from the bill the leasing plan and to make the system permanent.

Senator Clapp, in his conference with the president, frankly declined to "talk turkey." He is said to have told the president that he did not consider the president interesting himself in legislation before congress to be an executive function. Senators Kenyon and Norris were understood to have had a satisfactory talk. They also were reported to have laid before the president the views of Senator LaFollette.

Feasible and viable efforts to get Senator Kenyon back with the old line republicans in their opposition to the bill were made on his return from the White House.

A resolution was introduced by Senator Burton of Ohio calling on Secretary of State Bryan to know whether any protests had been made by any foreign countries over the proposed ship purchase bill, and particularly the possible buying of interned ships.

The president indicated later to newspaper men that he was agreeable to changes to meet progress of republican demands, although these shifts, he held, would be for the purpose of making the plan more definite.

As to the Norris proposal to make certain that no belligerent ships would be purchased, the president said the senator wanted a policy defined and not a fight surrendered.

The executive also declared that the question of turning the ship lines over to private capital would be up to subsequent congresses. The domestic bill, however, he said did not seem to be permanent.

Amendments Agreed To.

Washington, Feb. 2.—Ship purchase bill amendments limiting to six months the length of time the government may fix minimum rates under the lease and invalidating the lease itself if those terms are violated, were introduced in the upper house this afternoon by Senator LaFollette. It was reported they represented the agreement between the president and the independent republicans with whom he had conferred.

Senate Adjourns.

Washington, Feb. 2.—Without taking up the ship purchase bill at all, the senate adjourned until 12 o'clock Wednesday, immediately on the conclusion of routine business from either side. There was no objection from either side.

TRUST EXCHANGE ELBETS.

Seattle, Wash., Feb. 2.—Directors at the Northwestern Trust Exchange held their annual meeting last week at the new headquarters in this city. A few changes were made in the list of officers who are now as follows: President, Englehard H. Parsons, vice-president and general manager, W. E. Goring, secretary, Arthur A. Phipps, treasurer, D. H. White, assistant secretary and assistant treasurer, H. H. King.

A PERSONAL STATEMENT.

These are so-called "honey and tar" preparations that cost the dealer half as much but sell at the same price as the original and genuine Foley's Honey and Tar Compound. We never offer these imitations and substitutes. We know you will buy Foley's whenever you need a cough syrup if you come to it. People come long distances for the true FOLEY'S—over thirty years the leading remedy for coughs, colds, croup, whooping cough, bronchitis and laryngitis. J. C. Perry.
