

AIRMEN BOMBARD ALLIED TRENCHES NEAR NIEUPOORT

(Continued From Page One.)

troops west of Warsaw have captured 6000 Russians, including 26 officers, during the past four days' fighting. The Russians are making a furious counter attack, but without result. Efforts of the Slavs to re-capture positions lost to the Germans east of Holtman were met by a heavy artillery fire and repulsed.

There are many indications that the Russians are trying to resume the offensive in East Prussia, near Tilsit. Strong attacks on the German positions along the Niemen river are declared to have been checked.

The present fighting in Flanders is regarded as unimportant. An isolated French attack on Perthes has been repulsed. Elsewhere in the west military activities are confined to artillery exchanges.

Turks Mass Along Canal

Alexandria, Feb. 5.—Thirty thousand Turks have crossed the Sudd peninsula and are massing along the Sudd canal between Port Said and Suez, according to advices received here today.

The Muslims are delaying their general advance against the British, pending the arrival of further reinforcements.

Pacific Coast Harbors Get Appropriation

Washington, Feb. 5.—The senate committee on commerce, in reporting on the rivers and harbors bill, increased by \$4,889,300 the amount carried by the measure as it passed the house, making the total appropriations \$35,637,880.

Among the increases recommended by the senate committee is \$500,000 for Grays Harbor and bar entrance, Washington, and for maintenance of the north jetty in that harbor. The senate committee also recommended that surveys toward improvements be added to those already authorized including Coquille bar and harbor, Nehalem bay and river, Port Orford and Columbia slough, all in Oregon, and Arcata channels, Humboldt bay, California, and Port Watson harbor, California.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's a Simple Recipe that Anybody can Apply with a Hair Brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

Bub brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully black, glossy, soft and abundant. Local agent J. C. Perry.

MOTHER JONES AND JOHN D. JR., ARE TO TALK OVER THE COLORADO STRIKE

MOTHER JONES, JOHN D. ROCKEFELLER, JR. PHOTOS © 1915 BY AMERICAN PRESS ASSOCIATION

New York, Feb. 4.—John D. Rockefeller, Jr. and Mother Jones are scheduled to meet in the former's office in the Standard Oil building. That ought to be an interesting conference, Mother Jones was one of the leaders in the Colorado strike trouble, for which she blamed young Mr. Rockefeller. Both were witnesses before the federal commission on industrial relations and they met in the room where the inquiry into great foundations is being held. When Mr. Rockefeller, Jr., entered the room he went at once to where Mother Jones was sitting. "I wish you would come to see me and give me any information you have on the Colorado situation," he said to the aged woman. "Well, that's very nice of you, Mr. Rockefeller," replied Mother Jones. "I've always said that you could know little but what those hirelings in Colorado would tell you."

DEPUTY SHERIFFS INDICTED

New Brunswick, N. J., Feb. 5.—Twenty-six deputy sheriffs were fired on a number of strikes at the fertilizer plant at Roosevelt, N. J., recently, were indicted today on charge of murder. All of the indicted men are in custody. Of the strikers who were fired on, two died later.

IRRIGATION BILL (Continued from Page One.)

An appropriation of \$1000 for the purchase of 8-10 acres of land adjacent to the state penitentiary, which belong to A. M. Jerman, of this city, and for the purchase of which former Governor West gave his personal note three years ago and repudiated the same last September when he failed to meet the note. The ways and means committee also rejected the Yamhill county delegation bill asking for an appropriation of \$300 for the maintenance of the Yamhill water experiment station, and this will also fall by the wayside by indefinite postponement. Also the claim of Miss Ella Ellerson for \$600 damages sustained through an injury while employed at the insane asylum in November, 1913, has been turned down by the committee. Representative Allen's bill asking for \$15,000 to pay the expenses of camp instruction for the Oregon National Guard for two years, will be withdrawn because the committee will not pass it through, and this means that some other means will have to be provided or the militia will not hold its annual encampments during the next two years.

Another means which received the axe of the ways and means committee is Mr. Anderson's bill, of Wasco, asking for an appropriation of \$5000 for the establishment of a "division of pictorial instruction" in connection with the state board of education, and calls for the employment of a head of the division at a salary of \$150 per month and a stenographer or clerk at 600 per month. The purpose of this "division" of the educational department was to establish and loan free to institutions and organizations of public education in the state, lantern slides, picture films and like means, for imparting instruction in visual and graphic form, in the natural and applied sciences, useful and fine arts, geography and travel, literature and history.

All the bills noted upon unfavorably last night were quickly postponed in definitely in the house today, except the irrigation measure, over which there was a hard and prolonged fight. Two bills will be recommended favorably by the finance committee, one being the claim of sheriff Singler, of Jackson county, for \$96.50 reimbursement for expenses incurred in bringing a prisoner back from Boise, Idaho, and the other is Representative Handley's bill reducing the sheep bounty on goats and mules in Tillamook county from 25 cents to 5 cents.

At a joint meeting of the ways and means committee last night the bureau of mines and geology was allowed an appropriation of \$35,000 of \$50,000 asked for maintenance for the ensuing two years; the Oregon Historical society was allowed \$10,000 of \$10,800 asked, and the state board of horticulture \$12,000 of \$15,000 requested. A bill was also introduced in the house this morning asking for an appropriation of \$25,000 to apply in part payment of the expenses of the recent assembly. This is done to make provision for some of the officers and clerks of the session who are without immediate means of subsistence.

It's easier for a young man to raise a jaw than a mustache.

WORLD AT WAR ATLAS. The Capital Journal has just received a new shipment of the "World at War" atlases. They are of a later and revised edition and consist of 24 large, highly-illustrated pages, printed on heavy enameled book. The atlas contains splendid colored maps of all the warring countries, with routes of travel and railroad lines; many tables of army and navy and general statistics—in fact, the work is a complete ready-reference library for students of the great war. It is a book which would ordinarily sell for \$1.00 or \$1.50, but we are having them made up in large lots and buy them at a price which allows us to give them away to subscribers on very easy conditions. All who pay three months subscription, old or new, back subscription or in advance, in case their paper is delivered by carrier, will receive one of these atlases free. All mail subscribers, old or new, who pay a year's subscription (\$3.00), either back subscription or in advance, will also be entitled to receive an atlas without extra charge. This is the most liberal offer the Capital Journal has ever made.

Many Cattle Tested In Marion County Past Year

During the past year, 1012 cattle have been given the tuberculin test in the county of Marion, according to the first biennial report of the Oregon state livestock sanitary board, which has just been issued from the state press. Of this number, 963 were passed, sixteen horses were tested for mallein and all were passed. According to the same report, there are 20,000 sheep and lambs in Marion county owned by 612 farms. In the state of Oregon, according to a livestock valuation and census taken in April, 1914, there were 184,564 dairy cows in the state with an average value of \$70.00 each. The average price at that date of a horse was \$102, and of a mule \$106. Some people would rather die a natural death than send for a doctor. Dirty politics begets dirty streets.

GRAVES OF ENGLISH SOLDIERS IN FRANCE AND AUSTRIAN PRISONERS AT NISCH, SERBIA

1. GRAVES OF ENGLISH SOLDIERS IN FRANCE. 2. AUSTRIAN PRISONERS AT NISCH, SERBIA. PHOTOS © 1914 BY AMERICAN PRESS ASSOCIATION

One of these pictures shows a number of English graves on French soil. The wooden crosses mark the last resting place of the soldiers who were killed along the trenches. As far as possible the soldiers' names are placed on the wooden markers. The other picture shows Austrian prisoners answering roll call before two Serbian officers at Nisch.

Orrine for Drink Habit. TRY IT AT OUR EXPENSE. We are in earnest when we ask you to give ORRINE a trial. You have nothing to risk and everything to gain, for your money will be returned if after a trial you fail to get results from ORRINE. This offer gives the wives and mothers of those who drink to excess an opportunity to try the ORRINE treatment.
