WILLIAMS-KILBANE FIGHT NEXT IN ORDER

Six Round Go at Philadelphia Now Holding Center of Attention

(By Hal Sheridan.)
New York, Feb. 4.—One of the choice events in the title line that has been dished up for the box-fight fans in a long time will be Johnny Williams-Johnny Kilbane six round setto, carded for Philadelphia February 24.
This will be the first time in the recent history of the padded mitt game that two actual undefeated champions have faced each other in battle. Williams is a "regular" champion. In his recent battles in this city the conqueror of Johnny Coulon made the old timers think of the famous masters of the past.

"None of the great little men of the past ever had anything on that youngster," said one gray-haired fan, as he watched Williams beat a tattoo on the ribs of one Dutch Bramley, a New York star. "Williams is a far better man than Johnny Coulon ever was."

One thing that made Williams look mighty good in his contests here was his splendid condition. He fairly radiated good health. He started off like a veritable whirlwind in his bout with Bramley. And each round saw him increasing his speed a little. In the tenth round he was going like a buzz and didn't give the least impression of being tired.

Williams will have a tremendous handicap to overcome, however, when he tangles with the king of the featherweights. Kilbane will have a tremendous advantage in height and reach. The Cleveland boxer has a wallop, too, as he has demonstrated on several occasions.

Over the six round course the wise ones are stringing with Kilbane. It is their belief that he will show too much speed for his lighter opponent for the short distance. If the pair should ever hook up over the marathon route—twenty rounds—Williams probably would be the favorite.

Court House News

A suit to collect money for legal services was filed in the circuit court yesterday afternoon by R. W. May against D. D. Steele and Belle Steele. It is alleged in the complaint that the plaintiff with G. E. Unruh performed legal services to the reasonable value of \$75 for the defendants at the defendants' request. Lot 7 in block 3 Broadway addition to the city of Salem has been attached in connection with the controversy.

A suit for divorce was filed today in the circuit court by Joseph A. McLean against Mildred McLean. It is alleged that the couple were married in 1911 in the state of Washington. No children or property rights are involved in the transaction. Desertion is alleged for cause in the suit.

Judge Galloway has handed down a decree in the case of the Peerless Pacific Co. against W. H. Rogers awarding the plaintiff a judgment by default in the sum of \$1000 with \$75 as attorney's fees. A lien on lot 12 Spring Bank front tracts was ordered foreclosed and the property sold to satisfy the claims.

The South High street paving cases are still being heard in department No. 2 of the circuit court before Judge Galloway. The testimony in the case of Julius M. Lord and others against the city of Salem was finished last night and the case of Dan Fry and others against the city of Salem was taken up this morning. No arguments have been made in the case as yet. The case of John A. Carson against the city, one of these cases, will be heard next.

Julia M. Doherty was given a divorce in a decree handed down by Judge Galloway yesterday in department No. 2 of the circuit court, from her husband, Daniel P. Doherty. She was also given the custody of two minor children of the couple on condition that the father be allowed to visit them at stated intervals. The defendant was ordered to contribute to the support of the children.

Earl Shortgen, the lad who was arrested yesterday afternoon on a charge of petty larceny was sentenced to 30 days in the county jail today by Judge Webster upon the boy's plea of guilty. The prisoner was taken to the county jail immediately and began the serving of his sentence.

James R. Hunt was appointed today by the county court as county road viewer to serve with the county surveyor and county road master as the county board of road viewers. Mr. Hunt formerly held the position as road viewer with this county and is considered a competent man in this department.

The county district boundary board was in session this afternoon to consider the petition of a number of residents of the Sidney school district No. 12, who wish to form a new district out of the southern part of the Sidney district and a part of the Jefferson district No. 14. Attorney Walter Winslow is appearing in behalf of the petitioners.

William Petrol, administrator of the estate of Joseph F. Petrol, deceased, has filed a suit in the circuit court against J. J. Barnes to collect the sum of \$271 damages alleged due for the destruction of some logs by fire. The allegations state that when Joseph Petrol died, August 26, 1915, that he had a contract for some logs cut on the land of K. D. Alexander and that he had until September 1, 1916, to remove the logs. It is alleged that in May of that year J. J. Barnes, who had purchased the land, set out some fires in a negligent manner and destroyed the logs with the result that 150,000 feet of timber were destroyed and \$271 damages with attorney's fees in the case. S. H. Helzel is appearing for the plaintiff.

Hardyburg, Ill., Feb. 5.—Hardyburg, continuing four minutes, cracked southern Illinois shortly after midnight. No serious damage was reported.

SENATE SPENDS ENTIRE MORNING IN DEBATE

(Continued from page one.)
ing added to the public school system at the expense of the taxpayers.
Senator Mosier told of the fact that had been made of the annual school meeting in Portland and argued that Multnomah county be given more relief. He stated that the school meetings there were packed each year by representatives of special factions an measure were crowded through that the public had no general desire for.
Senator Butler, Strayer, Ringham, Day and others spoke at length in support of the position that Senator Galloway had taken in his minority report. Senator Day took direct issue with Senator Mosier for the first time this session and stated that he was tired of special Multnomah county legislation as he believed that what was good for one was good for all.
Senator Hawley and Senator Vinton of the committee made lengthy pleas for the rejection of the minority report and the passage of the bill but with no effect. The final vote on the adoption of the minority report resulted in 11 ayes and 8 nays.
The vote was as follows: Ayes—Butler, Ringham, Bishop, Burgess, Holt, Cook, Day, Dumick, Garland, Hollis, Kollberg, Kiddle, LaFollet, Lott, McManis, McBride, Ragland, Smith, Josephson, Stearns, Strayer, Van der Hellen, Wood, and President Thompson. Nays—Clark, Farrell, Hawley, Langguth, Moser, Perkins, Smith of Cass and Curry, Vinton.

WINGO AND DOOIN, TWO CATCHERS WHO CHANGE THEIR SCENES OF ENDEAVOR

Ivy Wingo and Red Dooin, catchers, have had the fans guessing for some weeks, but Wingo has finally landed with the Cincinnati Reds. Last fall he announced that he had decided to leave the St. Louis Cardinals for the Buffalo Federals, but Manager Herzog of Cincinnati got hold of him and induced him to sign a St. Louis contract again. Then Wingo was traded to Cincinnati. Dooin, who was released as manager of the Phillies at the close of the last season, has been threatening to jump to the Federal league unless he gets the money he thinks he should have in the National league. Cincinnati decried for him, but the deal has apparently failed, Dooin having what is regarded as a fallacious notion of his value as a player.

May Wheat at \$1.67 In Chicago Pit Today

Chicago, Feb. 5.—Another sensational session of the wheat pit was ended this afternoon when the gang closed the close of the market.
After covering a range of 4 1/2 cents and once touching \$1.67 May wheat closed at \$1.64 1/2. The price of \$1.67 was the high water mark of the present movement of the grain. The low for the day was \$1.62 1/2, and the opening \$1.65.
July wheat also fluctuated sensationally. It opened at \$1.43 1/2 and after floating nervously closed at \$1.41 1/2.
Corney Is Suspected.
Later District Attorney Clynne said he suspected there was a plot to corner May wheat and force up the price to \$2 a bushel.
"I am investigating the matter thoroughly," he said. "Sensational developments are expected within a week or two, but I am not prepared now to say that Chicago will be the scene of the greatest activity."
Duluth, Kansas City, Buffalo or some of the other large markets may be entered today or tomorrow by a buyer or a syndicate which, I believe, will be controlled by one man."
Clynne said big flour mills may be expected to open soon, or else an effort is being made to evade detection by storing millions of bushels of wheat.
"It may be," he said, "that there are more than 10,000,000 bushels of wheat stored in Milwaukee and Madison, Wis., for milling purposes, as reported. It also may be held to be sold again. The investigation has not reached a stage yet, where I can speak definitely."

SALEM HIGH WILL PLAY ASTORIA SATURDAY

Local Quintet Accompanied by Coach Glancy and Referee Uter Will Leave for Astoria in Morning.

Coach Glancy of the Salem high school and six of his basketball players with Eber Uter as referee will leave Salem tomorrow morning for Astoria to play the high school team of that city. The Astoria team was the only team that defeated the Salem high school in a single game last year and the Salem lads are preparing for a close contest in the Salmon city. The Salem team led by the narrow margin of 21 to 23 in Astoria but defeated the Astoria team in Salem by a score of 31 to 18. Roy Keene, Charles Lowe, Proctor, Radcliffe, William Reinhardt, manager, and White Oil, substitute, will be taken on the trip.

Winn Is Arrested For Black Murder

Marshall, Texas, Feb. 5.—Harry Winn of Marshall, was arrested today on a charge of murdering William Black, an anti-Catholic lecturer, who was shot to death Wednesday night during a quarrel in his room in a hotel here, with some prominent local men who were protesting against his utterances. Walter Verhalen, who had also been taken into custody, proved an alibi and was dismissed today.
George Ryan and George Tier are jointly charged with Winn. All three men are out on bonds signed by property owners here.
The body of Black was shipped today to Bellville, Ohio, his home. The funeral of John Rogers, a prominent citizen of Marshall, who was slain at the same time as Black, was held this afternoon, a great crowd attending.

American Vessel on Rocks Off Coast of Mexico

(Continued from page one.)
If the 500 marooned Japanese sailors are brought to this port on board the Raleigh it may be necessary to intern them here, this being a neutral country. The government was keeping its movements secret, and practically nothing was given out today as to the course to be pursued.
The Japanese battle cruiser Hizen was said to be steaming for the scene of the wreck at top speed from Hawaii under orders to salvage the ammunition and guns of the Asama.
The officers and crew of the Asama are all thought to have landed safely, but the country is barren where the cruiser struck, with no habitation for many miles. By this time the men are thought to be suffering from hunger and thirst, as the accident, although not reported until yesterday, occurred Sunday.
Fearing the arrival of belligerent warships in case the Asama sounded the "S. O. S." call for assistance, the Japanese wireless was silent. An officer was placed upon the British collier Boyne, which happened to pass, and sent to San Diego for aid. He kept secret his presence here. Admiral Howard did not learn of the wreck until 72 hours after it occurred.
The Japanese officer filed a full report of the wreck here to be forwarded to the Japanese government.
The Asama was reported today to be holding together but was in a position to go to pieces at any moment. The arrival of German cruisers was feared by the Japanese.
The local Japanese colony sent five fishing boats south today to assist the stranded crew.

INSANE MAN KILLS FAMILY.

Des Moines, Iowa, Feb. 5.—Frank Andio went suddenly insane here early today and shot and killed his wife and 13-year-old daughter as they slept. Andio then fatally shot his 4-year-old son and out his own throat. He will die.

SENTENCED STAYED.

Albany, N. Y., Feb. 5.—Cynthia Bufum, sentenced to die in the electric chair for poisoning her husband and two children, was granted a new trial here today.

GO NO FARTHER

The Evidence Is At Your Door.
Salem proof is what you want and the statement of this highly respected resident will banish all doubt.
W. H. Root, Route No. 9 Salem, says: "I believe a cold started kidney trouble in my case. Too frequent action of my kidneys annoyed me day and night and sometimes I was unable to sleep. The passages of the kidney secretions were attended with a burning pain. If I tried to stoop, I had sharp twinges in the small of my back. I felt weak, tired and languid and often I got dizzy. Nothing helped me until I took Duan's Kidney Pills on a friend's advice. In less than a month I felt like a different man and four boxes made me well. The pains went away and the kidney secretions became normal. I publicly recommended Duan's Kidney Pills after they helped me so greatly and I now willingly confirm that statement."
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Duan's Kidney Pills—the same that Mr. Root had. Foster-Milburn Co., Props., Buffalo, N. Y.

THE WAR LINEUP.

United States.—State department considering whether to protest Germany's order extending "war zone" to French and British waters. No precedent for such action is believed to exist. Order effective February 18.

England.—Admiralty officials considering German "war zone" decree. Reported destroyer flotilla will patrol North sea, attempting to clear waters of German submarines. British officials call order "paper blockade" and "bluff." Newspapers predict America involved if Germans sink American liner.

Poland.—Seven German divisions, 100,000 troops attacking Russian positions west of Warsaw. General Von Mackensen making supreme effort to smash Russian lines. Fiercest fighting between Dvina and Rawa rivers. Both sides reinforcing heavily. Germans claim general success in this region.

Germany.—War office issued new proclamation to neutral shipping, saying intended attack transports soon expected bear troops and munitions from England to France.

France.—German infantry attacking in Argonne. Forced French evacuate 100 yards of trenches which French later recaptured. Outstanding general throughout France.

Belgium.—Squadrons of German aviators bombarded allied trenches near Furnes. Believed expect attack Dunkirk again. Country between Nieuport and Ypres bombarded.

Egypt.—Thirty thousand Turks crossed Sinai peninsula preparing to attack Suez canal.

Hobson Wants Navy Strongest in World

Washington, Feb. 5.—A navy more powerful than those of England and Japan combined was urged in the house today by Representative Hobson of Alabama.
"America," he said, "must protect China from Japanese exploitation. We cannot sit still and let China become a military vassal. Japan has made 21 separate demands on China, and I request that the state department give us the text of these demands."
"It has been England's policy heretofore to have a larger navy than those of any other two nations combined. This must be America's policy hereafter."

Men's Club Gives Work To Many Past Month

During the month of January, 18 Salem men applied for work at the Men's club, 460 Ferry street. This club was started December 15 to take care of the men who are out of work, preference being given to men living in the city. Work was found for 80 men at different times during the month, and 1795 meals were served, an average of about 58 per day. During the cold weather in December it was much easier to find jobs for these men than it has been for the past few weeks. While the club is taking care of the down and outs who drift through the county, it is no loafing place, as all who enter must work. The rooms at 460 Ferry street are given free of rent by Geo. F. Rodgers.

WERE POSITIONS REVERSED.

(Reburg News.)
Suppose that conditions were reversed and these United States involved in a war that strained us to the limits of our strength, and we found out that the merchants and manufacturers of other countries were selling of their products to our enemy, Germany was shipping cannon and cartridges, France was furnishing airplanes and submarines, England was running her mills day and night making clothing and other necessities for men in the field.

Supposing that all these impossible things were reality, how much effort and weight would our protests have in stopping the traffic? Not very much, that is sure, and under some other guise or other the goods would be shipped and the money taken in exchange. If the main actors in this great world drama could have their way about the matter, American manufacturers would have to close their mills, and American workmen remain idle until they had cooled their troubles. The only articles that would find free passage and entry to any of the ports would be those which are collected through the great charity and benevolence of the people of this country and forwarded as a contribution. It is high time that some firm stand was taken on this position, the American people are in no mood to be cowed and browbeaten much longer.

Most people could earn a living if the magazine would pay for hard luck stories.

Three Women Slain By Brutal Murderer

Saltzman, N. Y., Feb. 5.—The bodies of Mrs. Lizzie Drake, aged 65 years; Mrs. Irene Spencer, 35, and the latter's daughter, Gertrude, with their heads beaten to a pulp, were found today in bedrooms of the Drake home here. The murderer used a sledge hammer in his work, and frightfully mutilated the bodies of his victims.
The police were searching this afternoon for an Italian who boarded at the Drake home and who has disappeared. The motive for the murders was not known. Valuables in the house were not molested. Revenge was believed by the police, however, to have prompted the crime.
The bodies were discovered by postmen who noticed the front door to the house was open. A sledge hammer, stained with blood, was found first.
The coroner said the women apparently had been dead for several days. Tracks in the snow were traced from the rear of the house to the railroad yards, where they were lost.

ENGLAND NOW EXPECTS GERMANS TO TRY BIG ZEPPELIN ATTACK ON LONDON AS REAL BLOW

England looks upon the Zeppelin raid of the six Norfolk towns on the North sea coast as a test made by the Germans purposely in preparation of aerial attack on London. It is fully realized in England that such a raid as that on Yarmouth and the other five towns has little significance as far as the war goes except for the loss of life and great destruction of property, would be a serious thing. London is the heart and head of England. A typical new Zeppelin is here shown with a view of Britannia terrace at Yarmouth. The map shows some of the towns in England which were attacked by German airships. Yarmouth, on the east coast, is 105 miles from London and is about fifty-five miles east of Sandringham, the seat of a royal palace, and King's Lynn. Yarmouth is 370 miles from the German naval base at Wilhelmshaven and 280 miles from Cuxhaven. It is 110 miles from Ostend, where the Germans may have started their attack, crossing over the strait of Dover. The map also shows the towns of Sherringham, Beeston and Cromer, which were damaged by the German bombs.
