Great Exposition Opens Doors In Week

San Francisco, Feb. 13.—The Pan-Pacific International exposition will open its doors to the world a week from today. Exposition officials predict the opening attendance will exceed 300,000.

The builders of the fair have smashed their way through a prodigious amount of work in the last week and the officials say the exposition will be complete when its gates are thrown open next Saturday.

Railroad officials say that the tide of travel westward to the exposition already has set in. It was estimated that all traffic lines entering San Francisco are handling more than three times their normal amount of traffic. Although the low exposition rates don't go into effect until March 1, all trains are coming in with from three to ten sections.

MILL WILL RESUME

Aberdeen, Wash., Feb. 13.—Announcement was made here today that the Donovan mill employing 150 men, idle for some time, will resume operations Monday. It was said that all idle mills on Grays Harbor will start up March 1.

Judge Galloway's court today was the scene of the arguments in the South High street paving cases brought by Juliet M. Lead and Montague Lord, Daniel J. Fry and Hattie Fry, and John A. Carson against the City of Salem. There were eight attorneys in the three cases, and the presentation of the argument required considerable time in department No. 2.

Court House News

A suit was filed in the circuit court of this county today by Agnes B. Parlin, of Hillsboro, against C. A. Yergen. It is alleged in the complaint that the plaintiff holds the defendant's note for \$1250 to be collected by the bank of Hillsboro and that none of this amount has been paid and is now overdue. The plaintiff asks for a judgment against the defendant for the sum of \$1250 with the costs of the suit and \$150 as attorney's fees. N. R. Jacobson, of Portland, is attorney for the plaintiff.

The Fleckenstein-Mayer Co., a corporation, today filed an action in the circuit court of this county to collect the sum of \$315.35 from Walter Wenzel and Otto H. Kulper. It is alleged that the plaintiffs furnished the defendants with certain goods, wares and merchandise to the sum of \$714.10 and that but \$398.75 has been paid. The balance claimed is \$315.35 with the costs and accrued interest in the suit.

Alleging that a promissory note for \$400 is now due and owing to the plaintiffs, J. W. Cusick & Co., of Albany, today brought suit against W. L. Peres in the circuit court. It is alleged that no part of this note has yet been paid and the plaintiffs seek to recover the principal sum, accrued interest, and \$400 as attorney's fees. Hill and Marks, of Albany, are attorneys for the plaintiff.

There were no arrests made yesterday and even the beggars appeared to emulate the example of the eminent rail splitter, whose birthday was celebrated by sawing wood instead of demanding small silver contributions. Two sneakers appeared at the police station for beds and were released this morning by Chief of Police Welsh.

Anthony Burr, an inmate of the feeble minded home, about 35 years of age, escaped from that institution at 9:30 this morning and was captured a little later out on 12th street by the Salem police. He was brought to the station to be locked up to await the arrival of an officer from the institution.

Robe had been stolen last night from the barn of Mace Mickenham, of 725 South Thirteenth street. Mr. Mickenham said that the thief entered the barn last night by cutting a strap that held the door shut, and after sleeping on the straw in the barn departed early this morning with the overcoat and the robe.

The new registration law fathered by County Clerk Max Gehlhar has been reported out of the committee on the revision of laws of the house to which it was referred with an amendment requiring the voter registering to give the names of his or her father and mother in addition to the other data. Mr. Gehlhar's proposed law is by the card index system and will eliminate the necessity of the voter registering for each election unless a change of residence is noted. The proposed amendment makes it necessary that all voters upon registering give the additional family history.

Robert Hutcheon, David Hutcheon and Allen Hutcheon, doing business as the Hutcheon Paint Co., have begun an action in the circuit court against John E. Crowe. It is alleged by the plaintiffs that they performed certain work for the defendant in painting and finishing a bungalow for the agreed sum of \$85. They seek to gain a judgment for this sum with the costs of the action.

There were no arrests made yesterday and even the beggars appeared to emulate the example of the eminent rail splitter, whose birthday was celebrated by sawing wood instead of demanding small silver contributions. Two sneakers appeared at the police station for beds and were released this morning by Chief of Police Welsh.

Anthony Burr, an inmate of the feeble minded home, about 35 years of age, escaped from that institution at 9:30 this morning and was captured a little later out on 12th street by the Salem police. He was brought to the station to be locked up to await the arrival of an officer from the institution.

S. Parks, the man from the Men's Club who found the muff belonging to Mrs. George W. Gray, and returned it to the police station, was lauded by the Chief of Police White yesterday and received the reward of \$1 that was offered for the return of the muff. Parks was without a cent when he took the small job of putting in wood where he found the muff on his way back to town. He was complimented by the chief on his honesty and replied that he was broke but would not stoop to crime even if he were without funds or work.

San Francisco, Feb. 12.—A great battle between the Transcontinental railroads and the steamship companies operating through the Panama canal was predicted today as the result of the decision of the interstate commerce commission in the intermountain rate case. Control of the Pacific coast trade will be the prize.

The commission's ruling permitted railroads to make a lower rate to the coast from the east. Before Henry Thurtell, the interstate commerce commission representative, the Southern Pacific railroad attorneys next Monday will begin arguments in an effort to prove that a similar decision should be made regarding freight shipped from the Pacific coast to Atlantic and Gulf terminals.

Many shippers predicted today that the steamship companies would meet the issue by reducing their rates through the canal. Recently these were raised on the ground that the old rates had been too low. On certain classes of freight rates were raised at that time from \$1 to \$2 a ton.

There was great jubilation among shippers and manufacturers today over the decision. It marks the successful conclusion of a fight which San Francisco has been making for many years. As a result coast trade is expected to leap forward rapidly.

Are Your Eyes Needing Attention?

If you are thinking of buying new glasses or of having your old ones repaired, bear in mind we use only the best grade of lenses and mountings. We make a searching examination of the eyes; we fit glasses correctly. We guarantee our work. Let us prove it.

Transcontinental Roads Will Fight Steamships

San Francisco, Feb. 12.—A great battle between the Transcontinental railroads and the steamship companies operating through the Panama canal was predicted today as the result of the decision of the interstate commerce commission in the intermountain rate case. Control of the Pacific coast trade will be the prize.

The commission's ruling permitted railroads to make a lower rate to the coast from the east. Before Henry Thurtell, the interstate commerce commission representative, the Southern Pacific railroad attorneys next Monday will begin arguments in an effort to prove that a similar decision should be made regarding freight shipped from the Pacific coast to Atlantic and Gulf terminals.

Many shippers predicted today that the steamship companies would meet the issue by reducing their rates through the canal. Recently these were raised on the ground that the old rates had been too low. On certain classes of freight rates were raised at that time from \$1 to \$2 a ton.

There was great jubilation among shippers and manufacturers today over the decision. It marks the successful conclusion of a fight which San Francisco has been making for many years. As a result coast trade is expected to leap forward rapidly.

WOMEN OF RUSSIA

Petrograd, Feb. 13.—As the war continues the women on the border suffer the horrors of war and the mothers and orphans left at home are the ones who suffer most. In America are many mothers and daughters who were left penniless by the war of the Rebellion, but their suffering are as nothing to the women and children left as widows and orphans of the soldiers who have fought and bled for their country in Europe.

Many a mother and daughter have reason to be thankful to Dr. Pierce for relief from suffering and the cure of those weaknesses of their sex, because of his "Favorite Prescription." This tonic, which is strictly a temperance medicine, has cured thousands of those weaknesses, headaches, nervousness, backaches, which are the outward manifestations of disease in women. Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed on wrapper, get it this very day at any medicine dealers in either liquid or tablet form.

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.—Adv.

At the age of threescore and ten, a man may realize how little he knows—although his wife could have told him many years earlier.

When a badly spoiled child is a little sick it takes on almost as much as father does when he has an ailment that neither would notice.

TWO HUNDRED YEARS OF PEACE BETWEEN GREAT BRITAIN AND UNITED STATES.

Dear Friends:

On behalf of the Society of Friends in Great Britain, we address to you a hearty fraternal greeting on the occasion of the conclusion of one hundred years of peace between our two nations. The celebration which had been planned for this happy anniversary will inevitably be overshadowed, if not altogether prevented, by the sudden outbreak of European war on the vastest scale the world has ever seen. But the best celebration of the long reign of peace between us will be to take steps to maintain it unbroken and extend its blessings to others. We rejoice in the important step just taken in this direction by your senate in ratifying the treaties with our country and with France and Spain, providing for a year's delay for inquiry and friendly discussion before war can be begun. The present war affords an object lesson of a stupendous scale of the failure of material defenses to preserve peace between nations. Our two countries on the other hand can point to a century of peace achieved with a land frontier of some 3000 miles, unguarded by fort or soldier, and a lake frontier on which, by mutual agreement, no warship ever sailed. This success may indicate what would be the effect if two nations were willing to be taught by the spirit of Jesus Christ our Lord to trust in spiritual weapons only, relying on justice, liberty and frank and righteous dealing instead of the false security of armaments.

Whatever may be the outcome of the present terrible conflict, we in Europe shall sorely need the help of American experience and wisdom in reaching a settlement that may bring good out of evil by substituting for the material defenses that have failed the spiritual ones that cannot fail. You can help to form a public opinion in the world which will insist that the opportunity shall not be wasted for an arrangement between the nations which shall be based on trust and mutual respect. Such a settlement would not be considered fully satisfactory unless the nations concerned in it bind themselves to unlimited arbitration with one another, a condition which would naturally lead to universal disarmament, or, at least, to the diminution of armaments on land and at sea. If this unique opportunity is lost, if material precautions alone are taken to prevent the recurrence of strife, it is certain that failure will result, and a new cycle will begin of arming for mutual destruction.

Another need at the present time, which our century of peace may well suggest to us, is that of radiating from our schools on both sides of the Atlantic, methods of teaching history which serve to keep alive the unity created by past conflicts, and of substituting for them such a view of human progress as may bring out the broadening spirit of friendship and brotherhood, and the success of this spirit in keeping the nations of peace.

Signed, on behalf of the meeting for signatures of London yearly meeting of the Society of Friends, on 13th Feb. 1917.
