A marriage license was issued yesterday to Roland N. Southwick of this city and Mrs. Grace Perkins of Seiling, Oklahoma. The groom is well known about this city and is the son of ex-Councilman F. B. Southwick. This license used up the last one in the book which has been in use since November 8, 1914, during which time but 105 marriage licenses have been issued at the office of the county clerk. This indicates that the winter has been a bad one for matrimonial ventures. The month of June alone last year used up nearly all of one book from this department.

G. W. Johnson received word last night of the sudden death of his daughter Mrs. Rose E. McElroy at Portland, following an operation at the Good Samaritan hospital. Paul Johnson went to Portland last night and will return with the body this evening. Until word is received from a son in Chicago, no funeral arrangements will be made. Until funeral arrangements are made, the body will be at the undertaking parlors of Rigdon & Richardson. She was the wife of Prof. W. E. McElroy and leaves three children: George E. 21, of Chicago; Agnes Marie, 17, and Earl, 10, of Portland.

West Salem Parent-Teacher Association met last night.

The Parent Teachers' Association of West Salem held their regular monthly meeting yesterday afternoon. Addresses were made by H. C. Seymour, of the Dallas, county superintendent of Polk county and by Mr. Griffith, who is interested in educational work.

Mr. Seymour in his address urged the parents to encourage the children to take greater interest in the growth of home products, and general industrial work. Mr. Griffith illustrated his lecture with stereopticon views, showing what had been done by children in growing home products, and urged them to now begin taking an interest in their exhibits for the state fair next fall.

Washington, Feb. 25.—Having been halted, apparently, by a foreign censor, the message sent by Secretary of the Navy Daniels instructing Lieutenant Commander Walter P. Gherard, United States naval attaché at Berlin, to investigate the sinking by mines of the American steamer Evelyn, was never delivered, it was learned this afternoon.

The message was reported to Berlin by the wireless at Tuckerton, N. J., and reached Gherard.

# TAX COLLECTING IS PUZZLING OFFICIALS

## Probability of Referending New Law Passed by Legislature Causes Difficulties

The tax collection business is full of puzzling situations according to Tax Collector George Paulus and County Treasurer Drager and the solution seems to be a difficult matter and probably will depend upon time alone to await further developments. To begin with the tax collector began collecting the penalty on the second half of the taxes last year and was enjoined from this in a test case which called for a decision of the supreme court. The supreme court held that the penalty on the second half of the 1913 taxes could not be collected. About \$1,000 in penalties had been collected by County Tax Collector Paulus, however, when this decision was made. This sum had been turned over to the county treasurer and the county court refused to return it to the tax payers. As the collections this year are being made under the 1913 law a similar case would undoubtedly result in the same decision. The 1913 legislature passed a new tax law to cure the defect in the old law and the bill is now in the hands of the governor for his signature. The new measure, however, carries an emergency clause and in case the governor signs it it will not become effective for 90 days or until about June 1. The new law proposes that there shall be no penalties on the second half of the taxes but until June the tax collectors will labor under the 1913 law which says that there shall be a penalty of 1 per cent per month for the unpaid second half after April 1. This would make a period of 90 days upon which there would be penalty and leave the remainder of the time from June 1 to October 1 without a penalty. The county court however, can declare the penalty off until June 1 and in that event there will be no penalty for the unpaid second half before the taxes become delinquent in the fall.

Another element which enters the complication is the law recently passed which returns the collection of taxes to the sheriff. There appears to be a strong sentiment against this and it is practically certain that the measure will be held up by a referendum petition until the people have a chance to vote on the proposition at the special election to be held in November, 1916. Attorneys differ on the provisions of the law and the tax commission can offer nothing but suggestions until the matter is finally settled.

In the meantime the taxes of Marion county will be collected as in the past under the provisions of the 1913 law. The largest tax payers have not paid taxes yet except in a few instances though the tax collectors have been busy since the office was opened on February 1. It is probable that if the first half of the taxes are paid by April 31 that there will be no penalty charged on the second half if paid before October 1.

The 50,000 booklets "Willamette Valley, Oregon" issued by the Willamette Valley Exposition association were shipped a few days ago to San Francisco. These booklets will be distributed by the Willamette Valley association from their display in the Oregon building. The shipment weighed 9,000 pounds.

Leota Tucker, a 16-year-old girl referred by her parents on Howell Prairie, became angered because she was punished by her mother and packed her grip and left home about 6 o'clock last night. She spent the night at the home of a friend in the neighborhood last night and this morning it is believed she came on to Salem. The Salem police have been notified to be on the lookout for her.

H. Gilroy, H. L. Burt, L. Wilson, Lake Price and L. R. M. Pierce, the members of the Club bowling team, will leave Salem this afternoon for Albany to bowl the Albany team in that city. Next Sunday afternoon the Club and Electric teams of this city are scheduled to bowl a match for the city championship, each team having so far won three straight from the other.

**SENATOR BISHOP PLANS TO HAVE EXPERT HERE**

Is Making Arrangements For Duncan Morrison to Talk to Marion County Boys on Agricultural Activities.

C. P. Bishop, proprietor of the Salem Woolen Mills store and Marion county senator in the legislative assembly, is contemplating giving about 2,000 farmers' boys of Marion county, and all others who desire to take advantage of the occasion, the treat of their lives some time during the coming spring in the nature of an address by the Hon. Duncan Morrison, minister of agriculture of the Province of Alberta, British Columbia, one of the most noted authorities on the practical principles of agriculture in the world.

Senator Bishop had the pleasure of listening to an address delivered by Mr. Morrison at the recent Northwest Agricultural congress, held in Portland, when he held the attention of over 600 men for more than two hours in a discussion of the subject and Senator Bishop states that through the medium of the county school superintendents, he intends bringing Mr. Morrison to Salem some time during the coming spring and make arrangements for all of the farmers' boys within a radius of many miles to come to Salem and receive the benefit of a two hours' talk upon the subject of the fundamental principles of agriculture. He has not perfected his plans as yet but intends to take the matter up with the school authorities very soon.

**Court House News**

**COURT HOUSE**—Oliver Reibeck was given a preliminary hearing in the justice court this afternoon on a charge of larceny. Reibeck and Emmett Perry were arrested last week on a charge of being drunk and were given 15 days because they beat up a prisoner when thrown into the city jail. The next morning they were put to work and both escaped, but when Reibeck went home his father brought him back to jail. It is charged that they broke in to the basement of Maurice Klinger and took some liquor that was stored there. Mr. Klinger, who is a brewer, was experimenting with the liquor and had the bottles marked with the dates and other information, and the bottles were identified by him. Perry has not yet been recaptured.

A suit was brought in the circuit court this afternoon by Ed Lytle against M. Linnett. It is alleged that the plaintiff sold meat to the defendant for the sum of \$99.83, and that no part of this sum has been paid. The plaintiff seeks to recover the original sum and the costs and disbursements of the action.
