## VANDERBILT CUP RACE AT FRISCO SATURDAY

### Prizes Are Given To Winners In Grand Prix Race Last Saturday

San Francisco, March 1.—With the Grand Prix automobile race of 1915 now a matter of history, interest centered today in the postponed Vanderbilt cup race, which is to be run over the Panama-Pacific exposition course here next Saturday. As the Vanderbilt race is 100 miles shorter than the Grand Prix, Chairman W. L. Hughson, of the race committee, announced today that the hour for the start probably will be fixed for noon. It was calculated that this would give automobile enthusiasts an opportunity to see their Saturday afternoon off to better advantage.

The five drivers who figured in the money in the Grand Prix race will receive their awards Thursday. Darius Resta, the English driver, who finished first, will receive the \$5000 Grand Prix gold cup and \$3,000. Howard Wilson, who finished second, \$2,000, and Hughie Hughes, third, \$1,500. Louis Dishrow, who finished fourth, will be paid \$1,000, and Gil Anderson, fifth, \$500.

Despite their nerve-wracking contest, the drivers were in excellent condition today. Practically all the Grand Prix drivers are entered in the Vanderbilt race.

Referring to Saturday's race, Chairman Hughson said today:

"I doubt if ever before has such wonderful driving been seen. The pace, the rain and the mud were a great tax on the endurance of the contestants. A 400 mile race is a terrible strain under any conditions, but when contrary circumstances are met, it is many times worse."

### Shoot Yesterday Was Big Success—Many High Scores

Arvid Wilson won the Dupont trophy yesterday by breaking 50 birds without a miss and winning out over Mark Siddall, who broke 48 out of 50. When the shooting for the trophy was finished it was found that Wilson and Siddall were tied with a score of 139 out of a possible 150. They shot 23 more to settle the tie. In the shoot-off Siddall broke 24 out of 25 and Wilson broke 25 straight. Wilson shot 100 targets yesterday and broke 96 of them, of this number 71 were broken without a miss.

The eight men who finished the entire shoot for the Dupont trophy yesterday totaled the following scores out of a possible 150:

|           |     |
|-----------|-----|
| Wilson    | 139 |
| Siddall   | 139 |
| Dalympole | 137 |
| L. Hauser | 134 |
| Lewis     | 133 |
| Tobin     | 131 |
| Rider     | 131 |
| P. Hauser | 129 |

The next shoot will be for the Fred Gilbert trophy and in this contest the sliding handicap will be used instead of the method used in the Dupont shoot. The men will be handicapped according to distance, shooting from 10 yards, the regulation distance, to 20 yards. To test the strength of the handicap five of the shooters shoot 25 targets

each from a distance of 20 yards with the following results:

Wilson, 23; Dalympole, 22; Siddall, 21; Tobin, 19; Moore, 17.

#### D. RESTA WINNER

San Francisco, March 1.—Under the most miserable conditions in the history of the classes, D. Resta, driving a Peugeot car, Saturday afternoon won the Grand Prix race, the blue ribbon event of America, over the course laid out on the grounds of the Panama-Pacific International exposition.

His official time was 7 hours, 7 minutes, and 57 seconds—the lowest in the history of the event. His average speed throughout the 402.20 miles covered by the race was 57 1/2 miles, 7 1/2 miles per hour slower than the slowest previous Grand Prix.

Howard Wilson, in a Stutz, was second, time 7:14:30, average 55 1/2 miles. Hughie Hughes, in an Olds, finished third, time 7:21:46. Louis Dishrow was fourth. He drove a Simplex. His time was 7:31:38. Gil Anderson, pilot of a Stutz, finished fifth. His time was 7:34:51.

After Anderson has crossed the line all of the other contestants were flagged off the course and the race officially ended.

### Hogan Takes His Ball Team To San Diego Stadium

Los Angeles, Cal., March 1.—Accompanied by 18 baseball players and Trainer "Shine" Scott, Manager Ray Hogan of the Venice Pacific league club, left Los Angeles on a Santa Fe train for San Diego at 9:10 o'clock this morning. The team, which returned to Los Angeles on Saturday night from President Ed Milers' San in Susana ranch, where one week's preliminary work was done, is due to arrive in San Diego early this afternoon. President Milers did not accompany the team but will go south later in the week.

The Tigers will train at the Exposition stadium and exhibition games have been scheduled with the Chicago White Sox and the Indianapolis club of the American Association. The Indianapolis team will reach Los Angeles on March 4 and will then proceed to San Diego.

### Says Jack Johnson Will Be Brought Back to U. S.

Chicago, March 1.—Flat declaration that Jack Johnson, negro heavyweight world's champion, would return to the United States and "take his medicine" was made today by United States District Attorney Clyne here. Johnson stands convicted here on a white slavery charge, and when he left Chicago more than a year ago he jumped bail bonds of \$50,000, pending action on an appeal application to higher court.

"Johnson is a fugitive from justice and I will not treat with him," declared the federal prosecutor. "I have been receiving persons representing him almost daily, however."

Clyne would not say when he expected Johnson to reach Chicago.

### Biff Ball Teams Will Meet at Y. M. Tonight

The Business Men's class of the Y. M. C. A. will meet tonight for the preliminary games of biff and volley ball before starting the March series on Wednesday night. No points made tonight will count in final averages. The class held its regular monthly banquet last Friday night at which the winners were the guests of the losing team. The teams will lineup for the March series as follows:

Wilson, H. L., captain; Slade, lieutenant; Bishop, Duerfler, Scott, Dr. Dyer, Pugh, Staley, Richardson, Cross, Reed, Young, Spears, Knowland, Wallace, Wilder, Hunt, Uranch, Abrams, Allen, Stumeral, R. W., Newby, Hingoes, Walls, Harrison, Hatch, Myers, Frank.

Price, O. E., captain; Albion, lieutenant; Gabrielson, Schramm, Hamilton, Parzer, Collins, Evans, Hartwell, M. G. Gueffroy, Gregg Turner, Walton, Elgin, Asseln, Compton, L. N., Jenks, Pricke, Reinhardt, Simeral, C. C. Elvin, Kahle, Rice, Fry, Trindell, Dubuis.

#### JOHNSON WILL BE WITH FEDS.

Chicago, March 1.—James A. Gilmore, president of the Federal league, announced here today that Walter Johnson, star twirler of the Washington Americans, was certain to pitch for the Chicago Federal league club this season. He refused, however, to go into details.

At the close of the 1914 season Johnson, according to reports, signed a Federal league contract, but later reconsidered and decided to play with the Senators.

### Washington Legislature Concur in Action Taken

Secretary of State Elliott is in receipt of advice from the chief clerk of the Washington senate that Oregon senators concurred in resolution No. 12 had passed both branches of the Washington legislature, and also from the governor of Montana, to the effect that the Montana legislature would act upon the resolution immediately, and from the governor of Wyoming stating that the legislative assembly of that state had adjourned before receipt of the resolution. This resolution provides for the appointment of five delegates from each of the states of the northwest to attend conference to be held in Portland during the current year for the purpose of declaring in specific detail the principles which water power and public land states of the west desire a just and equitable basis for developing their resources.

### Court House News

Judge Galloway did not finish his court business in Portland last Saturday as expected and as a result was unable to open court here this morning. The judge was unable to say when he would be able to return to Salem but thought that he would be here tomorrow or next day unless something unexpected happened in Portland to detain him in that city.

A suit to collect money alleged due on a promissory note was filed today by J. E. Pettycorn against William C. Rice, Ida May Rice and Thomas A. Williams. It is alleged that the note for \$625 is still unpaid and the plaintiff seeks in addition \$100 for attorney's fees. The alleged note is secured by a mortgage on real estate in this city and in default of payment the plaintiff seeks a decree foreclosing the mortgage. Uranch and Macy are attorneys for the plaintiff.

The sheriff's office today received a photograph of the O. J. Rose alias Oscar Russell, wanted in St. Joseph, Missouri, on a charge of defaulting with \$5,000. The photograph dispels all doubt as to the identity of the man now in the custody of the sheriff. The officer from that city to take Rose back for trial will arrive here Wednesday or Thursday of this week.

Mrs. Winniford Clark, of this city, spent the week in Jefferson as a guest at the home of Mr. and Mrs. Joseph A. Fontaine in that city.

### Institute Big Success Held Last Saturday

The teachers and farmers institute held in Stayton on Saturday, February 28, was a marked success in every respect.

The meeting was held under the auspices of the Marion County Principal's association, directed by Superintendent W. M. Smith.

The morning session was given over to discussions by teachers of subjects of professional interest. The keynote of all the discussions was "practicability." Each speaker emphasized the need of connecting the school work with the home. A very important truth was brought out in the discussions—the great need of vitalizing all school subjects. The child interested in life therefore the best way to reach him is to put him in close touch with the things around him.

In the afternoon Superintendent Smith instructed the question box. Many interesting questions were asked and answered. Among the most important ones were the new high school fund law and playground equipment. All present were very much interested in playground equipment so that organized play might be possible.

Prof. F. L. Griffin then discussed at length the work the agricultural college is doing in organizing boys' and girls' clubs. He told many interesting stories of what boys and girls are doing in Oregon and other states to improve farm and home life. This feature of the program was listened to by a large number of farmers, who live near Stayton, and many citizens of the town.

The meeting was voted a success by all, and everyone expressed a desire to hold another and larger one at an early date.—Stayton Mail.

### Dallas May Purchase Water Plant of Gates

(Capital Journal Special Service.)

Dallas, Tex., March 1.—At the regular meeting of the city council this evening an ordinance to propose and submit to the legal voters of the city an amendment to the charter providing for and authorizing the purchase of all right, title and interest of H. V. Gates in the water plant and equipment and for the termination of the lease to Mr. Gates and to authorize the city to issue bonds for the purpose of raising funds to acquire the said plant and which was introduced at an adjourned meeting of the council last Friday night will come up for number of important changes upon the reading of the same. The ordinance provides that if the voters of the city see fit to purchase the plant when the council, after the amendment becomes effective, shall elect three persons to compose a water commission; one of which commission shall hold office for the term of two years, one for four years and one for six years after the date of such election, and that every two years after such first election a competent person shall be elected by the city council as a member of such board, the term of each commissioner to be six years. It is the purpose of the commission to have complete control and management of the water system, employ help, fix the rates, etc. The proposed amendment gives the council power to issue bonds in the sum necessary to purchase the water plant without submitting the question of issuing such bonds to the legal voters of the city.

#### INTER-COLLEGIATE DEBATE

Corvallis, March 1.—Tomorrow above all others with the exception of C. J. Young, of Keok college, who was first place in the state peace oratorical contest held at Oregon Agricultural college Friday night, Peter Crockett, representing the University of Oregon, captured second place and was awarded a \$50 cash prize. Crockett spoke on "An Illogical State's Consent" and presented a strong argument superbly. There were eight contestants, and when it is known that S. W. Grathwell, who represented Pacific university, had won four state contests but could land only third place Friday, the superior work of the top numbers may be better appreciated. W. L. Myers of the Eugene Ribbs university won fifth place, speaking on "America and the World's Great War." It is contended, considering the ability of contestants, this was the most notable oratorical contest held in the northwest in recent years.

### Germany Delivers Reply To Note From United States

(By Karl H. VonWiegand.)

Berlin, via The Hague, March 1.—Germany delivered her reply today to the last American note to American Ambassador Gerard here. It was learned upon the highest authority that the note was of the most friendly nature.

### Mrs. Stegler Is Released Today by New York Court

New York, March 1.—Mrs. Richard Stegler, whose husband has confessed conspiracy with Captain Boyed, German naval attaché, to get a fraudulent American passport for use by Stegler as a German spy, was released today in the West Side court here and the charge of felonious assault lodged against her was dismissed. She was arraigned after having spent the night in jail.

Mrs. Stegler declared she had been inveigled into the Greendale hotel, where she was arrested last night, by a German newspaper reporter, and confronted with the alternative of repudiating her husband or sacrificing her reputation. She chose the latter, she declared, rather than sign a statement that her husband had lied when he asserted German diplomatic agents had conspired to get passports for spies.

### Output of Gasoline Is To Be Greatly Increased

Washington, March 1.—That the new process of treating crude oil whereby the production of gasoline will be enormously increased and by which the production of kerosene and benzol, bases for dyes and high explosives, also will be enhanced, will be of great benefit to the oil producers of California was the declaration today of an official of the interior department.

### Many Prominent Salemites Attend Ceremonial of Shrine

The semi-annual ceremonial session of the Order of the Mystic Shrine, held in Portland last Saturday was largely attended by the Shriners of this city. The ceremonial work was in charge of the officers of Al Kader Temple and the tender feet of the 32 novitiates who aspired to membership in the journey over the hot and burning order of the Mystic Shrine were properly grilled and blistered in their souls.

Among the Shriners attending from this city were: Walter Smith, Dr. T. C. Smith, Lot L. Pearce, J. C. Moreland, Blaine Hubbard, Dr. Kenworthy, Joe Bernardi, Sr., E. M. LaFore, W. T. Davis, A. J. Anderson, W. C. Knighton, George Dunsford, Percy Cotton, Dr. Olinger, Frank Turner, Fred Erickson, Howard Ramp, Dr. W. H. Byrd, Dr. Reynolds, J. T. Chincook, and Judge Ryan.

### New Councilman To Be Elected at Meeting Tonight

The election of a councilman from the Third Ward to take the place of C. W. Brown whose resignation was handed in and accepted at the last meeting of the city council will be one of the principal items of interest at tonight's council meeting. The matter of a purchasing agent for the city will come up for the third and final vote tonight and the ordinance proposing to regulate the use of roller skates in the city will also be reported out of committee. The ordinance proposed at the last meeting of the city council to regulate the use of roller skates was referred to the ordinance committee. It is probable that the bill in its final form will prohibit the use of roller skates only in the business district of the city.

### 450 Marion County Voters Are Disfranchised by Bill

The passage of the senate bill No. 212 which makes it the duty of the county clerks to remove the names of aliens from the registration rolls will deprive about 450 voters in Marion county of the right of the ballot. Out of the 17,000 voters in Marion county between 400 and 500 of them have been lawfully granted the right of the ballot after they had taken out their first papers and made their initial declaration to become American citizens. The bill recently passed provides that the county clerk shall notify each of the voters whose name has been removed from the rolls of the action taken. In some cases the voters in question have taken out their final papers and in these cases they will be given a chance to make proof before the clerk and if their proof is accepted their names will be restored to the rolls. The books of registration are required to be open for the purpose of registering those who come under the provisions of this law within 15 days after the passage of the act. The bill carried an emergency clause which made it in effect upon its being signed by the governor.

### Huppner Has New Bank

State Bank Superintendent Sargent this morning issued a charter to the new Huppner Loan & Savings bank, of Huppner, Ore., to transact business in that city. The capital stock of the new institution is given at \$15,000 and the amount of surplus is \$1,000. M. S. Garrigal is named as president of the new bank and T. J. Mahoney vice-president.

### Fall of Forts Affects Portland Wheat Market

Portland, Ore., March 1.—Due to reports that the Derdanelles were being forced by the French-British fleet, cash wheat bids on the Merchants' Exchange today declined from 10 to 17 cents over Saturday's prices.

The greatest decline was shown in red tide and the smallest in club.

The bid prices today were: Red tide, \$1.15; bluestem, \$1.20; forty-fort, \$1.22; club, \$1.25; red Russian, \$1.15.

### ST. PAUL IS SAFE AT LIVERPOOL

Liverpool, March 1.—The American liner St. Paul arrived here today from New York after an uneventful voyage.

### Old Army Navy Officials Rejoice Over New Society

New York, March 1.—Former army and navy men throughout the nation, according to reports received here today, are jubilant over last night's announcement of the formation of an organization of first reserves, to be known as American Legion, to be composed of retired army and navy men. The plan is intended to better insure America's preparedness in case of war. The plan was announced by Captain Gordon Johnston, aide de camp to Major General Leonard Wood, commanding the department of the east. It is proposed, according to Captain Johnston, to establish a first reserve of between 250,000 and 300,000 former army and navy men and militia men for instant call in case of emergency.

In addition to General Wood and ex-President Roosevelt, numerous other public men are said to have endorsed the movement. In a letter to the organizers of the plan, Colonel Roosevelt said: "I and my four sons will gladly become members. I very earnestly hope and pray that there will be no war. But the surest way to avoid war is to be prepared for it; and the only way to avert disaster and disgrace in war is by preparation both military and naval, in advance."

"In the event of war I should ask permission of congress to raise a division of cavalry; that is, nine regiments such as the regiment I commanded in Cuba; and unquestionably the ranks of these regiments would largely be filled from the men of the Legion."

### Steamship Co.'s Officials Charged With Fraud Today

New York, March 1.—The Hamburg-American Steamship company, one of its directors, its superintendent and three of its employees were indicted this afternoon by the federal grand jury here on charge of entering a conspiracy to defraud the government.

It is alleged that false manifests of cargoes were made, enabling the company to take supplies from American ports for use by German warships off South America.

Carl Hulse, director of the company; George Kotter, superintendent; J. Pappaghaus, Adolph Hachmeister and Felix Seiffers, employees.

The complaint on which the men were indicted was filed by Sir Courtenay Bennett, the British consul here. It is alleged that the company has been violating American neutrality since last August.

### President Still Undecided As to Time of Western Tour

Washington, March 1.—Whether President Wilson will be able to leave for San Francisco in time to reach there March 21 as originally intended, will be decided soon.

It was stated today that the time of departure depends largely on the international situation. If this clears, the president probably will be able to get away between March 10 and 12. He probably will go by way of St. Louis and Chicago, making a number of set speeches on route.

### Rural Credits Legislation Will Be Put Through at Once

Washington, March 1.—The administration leaders decided today to push through the proposed rural credits legislation before final adjournment Thursday.

They will support the Hollis bill proposing state "farm land banks." The house took up at 4 o'clock this afternoon the bill for amendments with the prospect of carrying on the fight all the way through and getting a vote Tuesday.

### Hubbard Wants Cut Off

As mentioned in a previous issue of the Enterprise the territory to the west and north of Hubbard was about to be given a more direct route to Hubbard through a proposed cutoff which would leave the city limits at the Advertiser church corner and go north to the Boone's Ferry road at the Carothers home.

In the past week the course has been given a definite beginning and ending as required by the county court and all things are now ready to have the matter brought to the official notice of the county court. The road will not have smooth sailing, however, the people are a unit as to the need of the road, as is evidenced by the readiness with which the petition for the road is being signed.

### Choice Vacant Lots

The best 81 acre farm, improved, in Howell Prairie, price \$11,000; terms with crop. Implements, some stock. Insurance.

We write insurance—best old line companies. Houses for Rent in all parts of the city.

L. Bechtel & Co. 347 State Street.

### Public Library Lecture

Professor A. E. Caswell of the University of Oregon gives the next library lecture with "Weather Predictions and Weather Lore" for his subject. The lecture will be illustrated with lantern slides and will be given Friday evening, March 5, at the usual time, 8 o'clock, in the public library auditorium. The lecture is free.

## The "Utterly Different" cigarette

We KNOW it is "Utterly Different" and wonderfully superior.

YOU will know it as soon as you pass your dime over the counter for the oval package of 20.

"Utterly Different," not merely in one or two points, but in every way that counts. That's why smokers have given NEBO plain end such a royal welcome.

That's why it is rapidly becoming more popular than any 20-for-10 cents cigarette ever made—because it is "Utterly Different."

➤ GUARANTEE—If after smoking half the package of NEBO plain end you are not delighted, return balance of package to P. Lorillard Co., New York (Established 1760) and receive your money back.

### Harney County To Have Railroad Soon Says Editor

Feeling sure that the prospects of an extension of the line of the Oregon Central railroad into the Harney valley during the coming year are very promising the inhabitants of that section of the state are making ready for the wave of prosperity that is bound to follow the advent of the trail of the locomotive. P. J. Gallagher, editor and proprietor of the Juniper, of Juntura, Malheur county, who is in Salem today on business of a legal nature, is very optimistic of the future for the Harney valley country, which has in immediate prospect the reclamation of over 150,000 acres of rich semi-arid land in what is known as the Bully creek project, as well as other equally important and extensive irrigation ventures which will flourish as a result of the recent decision of the supreme court which cleared up all of the disputes along Willow creek, in Malheur county, and with the extension of the Oregon Central from Riverside into the heart of the Harney valley, it spells unlimited prosperity for that vastly wealthy section of the state hitherto undeveloped on account of the lack of transportation facilities.

### Range For Goats On The National Forests

Portland, Ore., March 1.—The District Forester at Portland, Ore., announces that there is available on the National Forests located on the west slopes of the Cascades, range that will take care of from 20,000 to 25,000 head of goats.

It has been felt for some time by the grazing men of the Forest Service, that the range on the west slopes of the Cascades, which is covered quite extensively with brush and heavy undergrowth, is better adapted to goats than to sheep and cattle. Fatness and it is thought that the browsing of this brush would be of great benefit to the forest, as it would remove what now constitutes a serious fire menace. The goats have been received from all the supervisors of the west side forests, and it is now estimated that from 20,000 to 25,000 goats can be taken care of on the available range. If the goat men are inclined to avail themselves of this range, and the experiment proves a success, it is probable that other areas may be found that are suitable for goats.

### MONITOR DOINGS

The program at the Adventist church Sunday evening was very successful, especially the scenes from the Chinese Mission hospital, the girls doing well and making it very realistic. The solo by Mr. T. D. Thornton was enjoyed by Thornton having a magnificent baritone voice. The children also did well. The receipts, amounting to \$6, will go to foreign mission. In the congregation was our storekeeper, Fred Miller, who was much interested, having a daughter who is a missionary in China. It is rumored that a bank will be started in Monitor soon.—Woodburn Independent.

### TO BE SOLD

This week at a sacrifice, house 60x125, large lots, good soil, bearing fruit trees, barn, chicken house and park. Price for this week only \$1,900; terms.

Beautiful 6 Acre Tract, bearing close in; house, barn, fruit, berry, deep rich black soil; cash—\$2,500; terms; look this up, we furnish the auto.
