

Women's New Waists

This new and beautiful collection of charming styles in Women's Waists makes this section especially attractive just now. Many women have been waiting for these new arrivals. They're of pretty crepe de chinos, cotton crepes, marquisette, shadow lace, pussy-willow taffetas. Fashion's latest modes—high and low neck styles, with vestee effects very prominent. These are pretty models, suited to the demands of all the occasions when the dainty separate waist is worn. See the window display.

Tomorrow is Remnant Friday. All remnants at half price. Come and look them over.

Carpenter Falls Twenty Feet and Breaks Leg

While assisting the work of building a new barn on the farm place owned by Kola Nais, the hop merchant and grower, about two miles out of the city on the Turner road, fell about 20 feet to the ground when the scaffolding, upon which he was working, collapsed and he suffered a badly fractured thigh bone about half way between the knee and the hip and his right foot was also badly crushed. He was rushed to the Salem hospital after Dr. W. H. Byrd had been summoned to make an examination, and his injuries were dressed and the patient made as easy as possible. He is about 35 years of age and, owing to his inability to speak English, little or nothing could be learned about him. Young Carl, who fell with him from the scaffold, escaped with a few slight bruises.

Dr. Asselin, dentist, second floor Bank of Commerce building.

Dr. Stone's chublain remedy 25c guaranteed.

I. G. McDaniel, assistant manager of the Commercial club, has been appointed secretary of the Social Service Center. Mr. McDaniel is also secretary of the Social Hygienic society of Salem.

The Commercial club is in receipt of 250 copies of a booklet recently issued by the Southern Pacific, entitled 'Oregon for the Settler.' These booklets are to be used for advertising especially in the east. Another booklet, 'California and Its Two Expositions,' has been sent to the club by John M. Scott, general passenger agent, for distribution to those interested in the two big expositions.

An effort is being made by H. A. Hineshaw, general freight agent of the Southern Pacific, to have the 600 bushels of fiber flax seed ordered by the state board of control shipped here without freight charges. Today he is taking this matter up with the eastern connecting lines.

The state board of control has ordered 600 bushels of fiber flax seed from Yale, Mich. This seed has been purchased at the wholesale price of \$2.50 per bushel and will be shipped in care of D. A. White & Sons. By the time packing and delivery charges are paid the fiber seed will be laid down here at a cost of about \$3 per bushel.

County Commissioner J. T. Beckwith, who is a successful farmer and an expert stock raiser when he is not 'com-mingling' plums to have the price much of soap for profits. Mr. Beckwith bought 40 ewes in the early part of December and yesterday Mr. Beckwith weighed three of them at his farm at Sidney and the lambs weighed 48, 48 and 50 pounds, respectively. He says that he has 20 more lambs in the bunch that will weigh as heavy. He will turn them off for the eastern market and says that they will be worth from 37 to 48 a head, and he expects to average \$7.50 each from his lambs. He has taken good care of them and says that a little feed and warm shed room will return big profits in the sheep business.

Little Eva Benjamin, the 16-year-old daughter of Mr. and Mrs. G. H. Benjamin, of Gevrais, departed for home from the Salem hospital this morning following an operation for subacute appendicitis, which was most successful, and the little patient rallied rapidly from the effects of the operation, and will soon be able to join her playmates in riotous romping.

Albert Johnson, an alcoholic patient at the insane asylum eloped from the kitchen department of that institution yesterday afternoon and up to a late hour this afternoon no trace had been heard of him. He was of the harmless variety, merely committed for the purpose of giving him a treatment of the booze habit, and arrangements had been to give him his discharge this morning.

If you need a surety bond, consult H. B. White, 275 State street, phone 16.

Tom R. Wilson, formerly bookkeeper and Bertillon expert at the state penitentiary, who resigned to accept the position of inspector of income tax in connection with the U. S. internal revenue office at Portland, will assume his new duties tomorrow and will leave with his family for Portland, for that purpose, this evening.

Dr. Stone's itch ointment cures the itch. Mrs. Miles C. Bell, who was accidentally killed at Hilo, Hawaii, on February 25, will be buried here this week. The body was brought to San Francisco on the steamer Great Northern and from there will be brought to this city by rail. Mrs. Bell is survived by a son in Portland, C. A. Bell, and two brothers, J. A. Jefferson, a contractor of this city, and H. E. Jefferson, living in the country near Salem. Captain Bell, who died several years ago, will be remembered by the older residents as active in the river commerce of years ago.

Notice. Unruh & Macy have moved their law offices to suites 202-3 Salem Bank of Commerce building. Phone 415. The Men's Liberal club enjoyed a very pleasant and enthusiastic meeting last evening in Channing hall. Much interest was shown by the different members and valuable suggestions were offered to the program committee as to the future work of the club. That a number of live wires are interested in the deliberations and work of the club was thoroughly attested at last

HITTING THE HAY IS NO JOKE SAYS MATRON

Girls at State Industrial School Sleep on Plain Hay Mattresses, Is Report to Board.

According to the report of Matron Hopkins, the girls of the state industrial school 'hit the hay' when they retire for the night's repose, both literally speaking and as a matter of fact, for Mrs. Hopkins declared before the board of control yesterday afternoon that on account of the lack of furnishings for the new building many of the girls sleep on beds of hay in the rooms and corridors of the building. She was authorized, in the light of the emergency, to purchase such articles of furniture, such as bedding, etc., immediately for the relief of conditions.

At the board meeting yesterday afternoon, when the reports and recommendations of the heads of the different state institutions were received and considered, provisions were made for the filling of the fields of at least two of the institutions, the tuberculosis hospital and the girls' industrial school, and, indeed, so many reports of low, swampy places which needed draining were made that Governor Withycombe, sitting for the first time as chairman of the board, was led to remark: 'My goodness, is all of the state farm land swampy?'

In the case of the tuberculosis hospital authority was given Superintendent Bellingham to purchase a total of 2000 feet of 6-inch and 4-inch tiling from the penitentiary to drain one of the fields in connection with his institution, and to employ convict labor on the job, and, inasmuch as there are no funds available for making improvements for the girls' industrial school, it was arranged that the penitentiary furnish the required amount of tiling and labor with which to lay it and the cost is to be charged up to the institution.

Upon the recommendation of Superintendent W. W. Elder, of the Oregon soldiers' home, the board appointed E. B. Stewart, of Roseburg, physician of the home, to succeed Dr. E. E. Hoover, resigned. The position carries an annual salary of \$480. The superintendent of all of the institutions reported everything in shipshape at their respective hospitals, and Superintendent Hale, of the boys' industrial school, reported that the epidemic of diphtheria, as a result of which the school has been under quarantine for several weeks, has subsided, that the institution has been thoroughly fumigated and disinfected and will be thrown open again on or about April 1.

CARE OF THE EYES. Health as Well as Beauty Demands That Eyes Get Attention.

The woman who takes care of herself should give as much attention to her eyes as she does to her skin or to her hair. In the first place after driving or being in the dust of the city or country she should wash or bathe her eyes with tepid water. This removes the irritating dust or small particles. After reading or before going to bed she should bathe the eyes with salt water or tepid water to which is added a pinch of salt, and using an eye cup, will be surprised at the difference in the sparkle of the eyes. If inflamed they should be bathed several times a day. The dull, sunken eyes, the hollow circles and the sallow complexion of many women is due, however, to the complaints and diseases peculiar to women. The best thing I know for this is Dr. Pierce's Prescription, because it is a temperance tonic, being made of roots and herbs with pure glycerine. It establishes regularity, heals inflammation and hemorrhoids, and it is not a habit-forming drug. Dr. Pierce publishes the ingredients of his medicine so it is not a secret and I have seen many women cured by it and not only that, but the dull sunken eyes, the sunken cheeks and husky, have taken on a sparkle and beautiful appearance. Thousands of women have testified to having been cured of womanly diseases by this prescription. It speedsily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time. Keep the bowels healthy by using Dr. Pierce's Pellets. They don't grip.

Dr. and Mrs. M. P. Mendelsohn and daughter Ruth have returned from Portland, where they attended the wedding of the doctor's son, Lieutenant Harry I. Mendelsohn, which was a society event there, Wednesday. The doctor is again at his office as usual.

The Rev. A. M. Crum, who will have charge of the evangelistic meetings of the Christian church beginning next Sunday, was recently elected to the pastorate of the Central Christian church, Portland, Mr. Crum was formerly located at Tacoma, where he was prominent in religious work. Before coming west, he resided in Indiana, where he was a leader in the prohibition movement in that state.

The Pilgrim's club, of the First Congregational church, will hold their next monthly meeting at the parlors of the church on Tuesday evening, March 9, at 8:00 o'clock. The program for the evening will be the reading of a paper on the new banking laws and their practical application, by E. W. Hazard, cashier of the United States National bank. In addition to the reading of the paper, a musical program will be given. The regular dinner will be served by the ladies of the church.

EVANGELICAL ASS'N WILL BUILD NEW CHURCH

Old Structure Will Be Torn Down Soon and Will Be Replaced by Modern Edifice at Same Place.

After having served the Evangelical association as a place of worship for the past 49 years, the church at the corner of Liberty and Chemekeka streets is about to be sold and torn down, to be replaced by a new modern structure. The church has been known as the Liberty Street church of the Evangelical association. The lot was bought by the members of the church in 1864, and two years later the building now occupying the corner was built. Among the first pastors of the church were James Crossman, C. F. Deinger and J. Bowers. During the first 15 years of the church, the services were held in the English language. In later years, the German language was used for all services, while today the morning services are held in German and the evening services in the English language. For the Sunday school services both languages are now used.

The new church soon to be erected will be 38 by 60 feet, with a main auditorium seating about 150. Adjoining this, the Sunday school room will accommodate about 100, so arranged that it can be used as part of the main auditorium. The church will also include the pastor's study and choir loft. A basement will be under the whole building in which will be placed a modern furnace heating plant.

The building will be furnished in modern style throughout. As yet, it has not been decided whether the exterior will be of rustic finish or brick veneer.

The Rev. H. E. Hornschuch, the present pastor, had charge of the church in 1894 when the membership was 55. At the close of his four years the membership had increased to 100. From here Mr. Hornschuch went to Seattle for four years, Bellingham one year, and for the succeeding eight years was presiding elder for this district. On account of failing health he was obliged to give up the work as presiding elder, and again accepted the offer of this church to become their pastor, returning to this city last spring. The Hornschuch family came to this country from Pennsylvania in 1878, and of the four boys coming at that time all are now active pastors in the Associated Evangelical church. H. E. Hornschuch is pastor of the Chemekeka street Evangelical church; T. R. Hornschuch is located in the work at Leuz, Oregon, and E. D. Hornschuch is pastor of the First Evangelical church in Portland.

Joe Keller to Succeed Frank Snodgrass as Parol Officer

Although no official announcement has yet been made it was the accepted belief around the state house this afternoon that Captain Joe Keller of Portland, former captain of the Portland parol officer, would be appointed parol officer to succeed Frank Snodgrass, resigned.

BIG SNOWSTORMS IN NEBRASKA.

Lincoln, March 4.—Terrible snowstorms were reported throughout Nebraska, Kansas, North and South Dakota, Wyoming and other middle western states today. The snowfall in Nebraska this winter so far has exceeded 47 inches. The average depth of snow in Nebraska now is from 8 to 9 inches.

George Stewart, a plumber, employed by John Judge, reported to the police today that a brown suit of clothes had been stolen from his room in the Eldridge rooming house. It just happened also that in the pocket of his coat which was stolen was a diamond ring valued at \$150 belonging to Mr. Stewart. He had removed the ring from his finger when he went to work this morning and dropped it in the pocket of the coat. The stone was set in a lion's claws with eight points and the setting was heavier than usual, nearly covering the stone.

MUSICAL SALEM—Piano tuning

is not 'Good or Poor.' The instrument is 'Tuned' or it is out of tune. When 'Tuned' it possesses that wonderful facility of modulation, permitting the artist to range at will through the whole field of tonalities. I tender this kind of tuning service to Salem musicians. H. F. Kuck, Phone 2354-J.
