as Investigate "Dope" Baseball Team Cannot Be Bucket for Signs of Early Season Lineup

Emburg, March 13.—Charles and his history March 13.—Charke and his present the process of the Printes before Charke in that matter—have always been the first matter—have always been the hist of the big league teams to go south that the big league teams to go south that the rabins began to chirp and the teat the rabins began to chirp and the two the rabins began to chirp and the possibilities of a rise in the price of population of a baseball glove that 35 cents will buy. Still the Salem baseball bug wriggles but refuses to venture out and boost for a baseball team. A movement was sup of the team could be doped for a baseball team. A movement was

the Disyster promise to be an exception fans in the proposition of starting a he year promise to a second and the proposition of starting a baseball team that would be a credit to the city. Individuals said "Sure, it will be a fine thing. I'd like to see a graphy again. But where is unit baseball team here this summer", and the afterward to the city. Individuals said "Sure, it will be a fine thing. I'd like to see a baseball team here this summer", and baseball team here this summer?, and there is a care as that the Fiving Durchman will let in all flap about the U.—menning conter Corner, alins first base. Barry Profuss agrees with the dopesters to be extent that he thinks this possible. Fred Clarke opines there is more many warg in an elaming spot. As for Wagner—such heme.

In the first base is still Hinchman, late of thinks. C. Hinchman will play in that field. That is just an certain as it is that Wagner will play first base. In the others:

In the store the matter rests.

The proposition started this venr in an effort to place the baseball business in this city upon a sound business hasis. John D. Turner has promised to give up part of his time to promote and manage the team but Mr. Turner will charge nothing for his services and cannot be expected to spend all of ois time for nothing. Mr. Turner promised a conscientious administration and to discove his time and energy to the proposition once it was started under way but he has not the time to promote the whole proposition.

my will play in the field. View mote the whole proposition. Cary will play in the field. View while proposition.

Again it is not a one man proposition of the city who are interested in the national pame were to be given a chance to subscribe to some baseball stock in order that they would take a greater interest in the proposition.

The Firsters this year is to be an magnetial team.

What this ready received a number of letters from Portland team.

but they couldn't copy my mind.
So I left them sweating and standing a
year and a half behind.'
'The Maxwell man has a long record

of successes behind it. You will probably remember that it was one of the first names used in the automobile world. You may also have recollections of cars that existed in the early days, but which have since passed by the way side for the reason that the ears did not come up to the people's require-

ments.

"The best instance I can cite which will prove that the Maxwell company is having an unusual demand for their own curs, in suite of all the announce."

"The best instance I can cite which tending physicians. The dend: Miss Emily Martin, 30.

George Martin, 18.

Ritchie Martin, 5. "It is natural that people want to will prove that the Maxwell company see the new things in automobiles as own cars, in spite of all the aunouncethey are placed on the market," said ments of ears listing around the same Mr. Rees, of the Rees & Elgin company, price, is that the Maxwell company were working more men in December, 1914, than they were in August of 1914, and that their payroll in the latter quarter of the last year exceeded by scarly double the payroll of the same period for 1913. We have had a very large working the most varie of the same severe winter in most parts of the country and the surprising thing to most of Her brothers followed in a few hours us in the industry is that the Maxwell and and some chickers are of the company have been reporting sales in places that had hardly semed possible. In Orillia, Canada, where the thermometer goes away down around the 30 below zero mark, the dealer sold three Maxwells in December this in succession. Maxwells in December; this in spite of the cold weather and the fact that De-

were asking far more intelligent questions at the automobile shows this year than they had ever asked at previous shows. This also proves my contention that you cannot sell an unproven carno mater how much interest is shown in it, because the purchasers today have been taught that because a thing is new does not prove its durability nor its efficiency. Every man is willing to let his neighbor experiment with the new thing, while he buys a car that hus proven itself by at least two or three years service in hundreds of owners hands. It is now about three years service in hundreds of owners hands. It is now about three years service in hundreds of owners hands. It is now about three years service in hundreds of owners hands. It is now about three years service in hundreds of owners hands. It is now about three years service in hundreds of owners hands. It is now about three years service in hundreds of owners hands. It is now about three years service in hundreds of owners that hus proved the market.

"It was the first company to put a car of so much value at this price of the market. Before its advent, this price of the market. Before its novent, this price of the waster of lower price, as well as many town, you will find that he will give you the same kind of intermation; sales throughout the years and buying Maxwell cars and buying Maxwell cars and buying them in greater quantas since the Maxwell company put the \$750 car on the market.

"It was the first company to put a car of so much value at this price of the wester of the weather of the market of lower price, as well as many cars in the market of lower price, as well as many cars in the market of lower price, as well as many cars in the market of lower price, as well as many cars in the market of lower price, as well as many cars in the market of lower price, as well as many cars in the market of lower price, as well as many cars in the market of lower price, as well as many cars in the market of lower price, as well as many cars in the cold whith the Maxw

FROM POISON IN FRUIT

Martins Ate Canned Apricots at Sunday Dinner With Fatal Results-Dog and Chickens Die.

San Diego, Cal., March 13 .- Investigation why the deaths from poison of three persons at Fallbrook, this county, were not made known more promptly was ordered today by County Coronee Marsh. The victims succumbed after cating preserved apricots which con-tained a poison unfamiliar to the at-

Mrs. J. G. Martin and her 11-year-old laughter Flora are desperately III. One theory is that the fruit contain-od a chemical used in spraying the trees. The apricots were served at dia-uer Sunday. Not until Wednesday were and all effects felt. Then Miss Engly Martin complained. She soon after-ward lest her speech and died Thursday.

FRUITLAND

WACONDA AND VICINITY.

Last Tuesday Mr. J. C. Savage was called to the bedside of his father, who was seriously ill.

Let plus sales as reported in my hast news items amounted to \$14.55 and not \$14.45 as the printer made me say. Some of the pies sold for \$1.00 each, which goes to show that the mothers and daughters of Fruitland know how two seriously ill.

sell around the price of the Maxwell. Miss Teresa Finney and Miss Charlotte to show the goods. The fans here say of the great showing he made with the d's middle name. But, then, of course, we ball. Dodge Brothers Motor C.

The Car With the Touch

Those hidden qualities which are the real source of responsiveness and flexibility will show themselves before you have been at the wheel five minutes. It gets away instantaneously. The motor seems to have more, and still more power as occasion requires it. On direct drive, the speed can be varied from low to high with exceptional smoothness. See this little car demonstrated and be convinced of its adaptability for all around service.
