COAST LEAGUE OPENS WITH BLARE OF BRASS

Each Manager Claims He Has Corraled Championship Aggregation

San Francisco, March 30.--They're off in the Pacific Coast League. The opening gun in the 1915 baseball season was fired today in three of the larger cities west of the Rockies when the Coast League, one of the larger minor league organizations, got under way. San Francisco, Los Angeles and Salt Lake were the cities where Hot Stove Leagues were disbanded and the fans came into their own. Here's the way they lined up: Oakland at San Francisco; Portland at Los Angeles; Vernon at Salt Lake. The usual ceremonies, including brass bands, parades and speeches, preceded the games. And then the fans and fan-ettes settled down, so far as the Pacific Coast is concerned, to eight months of baseball. The same old brand of predictions were voiced by the managers of the several clubs. "Every man on my team is a champion," said "Happy" Hogan, manager of the Vernon Tigers, "and I can't see how they can keep us from annexing the pennant." The five other managers in the league were to the front with similar statements, but unbiased experts have declared the San Francisco club to be the greatest aggregation of players ever assembled in a minor league. This team was constructed by Harry Wolverton, former manager of the New York Highlanders, Portland and Los Angeles also loom up as contenders. Several changes have occurred in the Pacific Coast League since the close of the 1914 season. Cal Ewing and Frank Ish, two of the best known baseball men in the country, disposed of their holdings in the San Francisco club to Henry Berry, formerly owner of the Los Angeles club. Berry disposed of his interests in the Los Angeles club to John Powers, son of Alderman Powers of Chicago. After several disastrous seasons, the Sacramento franchise was sold to Salt Lake, one of the best baseball cities in the west. Cliff Blankenship is manager of the "Mormon" team.

JOE TOBIN RELEASED. San Francisco, March 30.--Having failed to place outfielder Joe Tobin with the Vancouver club, of the Northwest League, Manager Harry Wolverton, of the Seals, today handed Tobin his unconditional release. Last year Tobin led the Pacific Coast League batmen for the first two months, but slumped thereafter. He finished with an average of .240. Tip O'Neill, president of the Western League, who visited California with the Chicago White Sox, has wired to the Omaha club suggesting Tobin for a berth. A telegram requesting his name was received by Tobin from the Victoria club, of the Northwestern League, but Tobin does not want to play there.

The average telephone may be used 13 per cent of the time, but of course families who have no grown daughter in the home fall far below the average.

WILL TRADE

Improved 60-acre farm, for land in Canada--Saskatchewan preferred. 117 acre farm near Dallas, trade for acreage near Gervais. Fine 640 acres in Crook county, \$8 per acre; will take city or acreage up to \$2,000. 60 acres on Howell prairie \$7,000; will take some cash, balance city property.

Houses for Rent

Houses looked after for non-residents. We can place your money on good real estate security for 8 per cent. Place your insurance with L. BECHTEL & CO. 347 State Street. Phone 492

For Trade

160 A. No. 1 wheat land in N. D. Good buildings, all well fenced, will take in a deal \$1500 Salem property, part cash, bal. terms, price \$4500. This place is on an auto road 6 miles from county seat. See P. W. Geiser at Cherry City Flouring Mill.

English Champion Is Knocked Out By Moran

London, March 30.--Frank Moran, the American heavyweight, who hails from Pittsburgh, knocked out the English champion, Bombardier Wells, in the tenth round before 4500 spectators in the London Opera-House tonight. The match was for 20 rounds and a purse of \$3500. Moran sent a right to Wells' jaw and the English champion fell flat on his face in the ring as if dead. The crowd, which had watched Wells clever boxing enthusiastically, seemed stunned; then cheers burst forth, and Wells' seconds lifted his prostrate form and carried it over the ropes. In the first round Moran outfought and outgeneraled the Englishman, but in the second Wells seemed to regain his nerve, and from then until the knockout fought the cleaner and more scientific battle, although Moran's blows seemed to do the greater damage. The second round went to Wells on points, in the third honors were even, but Wells had the advantage in the fourth. Both men were now bleeding over the left eye. Again in the fifth Wells' superiority was marked, but Moran smothered him in the sixth, and before the eighth was over Wells was bleeding profusely and appeared to be tired, while Moran was smiling and confident. In the tenth Wells slipped and Moran put a vicious right to the jaw, which sent Wells sprawling on his back. He lay until the count of six and then rose unsteadily, while the crowd roared. As Wells got to his feet, Moran sent another lightning right to the jaw and the Englishman took the count.

University Defeats Chemawa Second Time

Eugene, Or., March 28.--By slipping one of "Bill" Tuerck's groove balls in the bad with the bases full, R. Adams, shortstop for Chemawa, poked out a clean threebase hit and made four bases on it when Grebe failed to throw the ball in from second after catching it on the relay, and made possible the close score of seven to six in favor of Oregon yesterday afternoon. Beckett relieved Tuerck in the fifth and held the Reds to two runs for the balance of the game. Yesterday's game was much better than on the previous day from a spectator's standpoint as the Oregon batsmen did not find Elk, pitcher for Chemawa, as easy as they did Adams the day previously and long hits were not so plentiful. Oregon did not get going with the bases full twice, did not get their signals straightened out in time to clean the bases. Morris Bigbee secured the only home run of the day on a long drive while most of the drives were received by the Indian outfielders who proved death on them.

MEXICAN SITUATION ASSUMES THREATENING ON AMERICAN BORDER

Mexico City Seems Certain To Again Fall Into Hands of Carranzistas

Washington, March 30.--The situation in Mexico became increasingly alarming today. In addition to the tense situation at Brownsville where American lives and property are threatened, and the alarm created by the news that the Carranzistas seem certain to recapture Mexico City within two days, it was reported that the railroad line from the capital had again been cut. Although refraining from taking sides in the renewed activities in Mexico, government officials are extremely anxious as a result as the evident growing strength of General Carranza. The latest development in the relations between the United States and Carranza came in the reply from the first chief to American representations. It fairly bristled with defiance. The details of this reply are not known, but it is evident that the government and foreign diplomats are deeply concerned. With word today that a Villista force is moving toward Nuevo Laredo, the war department admitted today that artillery might be ordered to Laredo, Texas, to safeguard American interests there. It was reported today that fifteen carloads of artillery of the Villista army is enroute from Monterey to Matamoros, across the border from Brownsville.

MOORE DEFEATED DALY.

Chicago, March 30.--In the play-off of a three-cornered tie in the billiard tournament here, George Moore defeated J. Daly 50 to 47. W. Huxy and Daly will meet in their match tonight, with Moore and Huxy scheduled to meet tomorrow.

OPENING GAME POSTPONED.

San Francisco, March 30.--The San Francisco-Oakland opening game this afternoon was postponed on account of rain.

TOMAN WILL BE UMPIRE.

San Francisco, March 30.--President Allan T. Baum, of the Pacific Coast League, announced yesterday that Jimmy Toman, veteran Los Angeles infielder, would be the league's sixth umpire temporarily, and would arbitrate with Bill Phyle in the series between

THE MARKETS

Owing to the scant offerings in the country, potatoes are now bringing from 50 to 55 cents in the wholesale market. Poultry still holds at the 15-cent price, although the demand for the last few days has been greater than the supply. There is nothing doing in the fruit and vegetable market. The same may be said of the livestock market, as quotations have not changed for several days.

Table with market prices for various goods including Hay, Clover, Oats, Wheat, Corn, etc. Prices are listed in dollars and cents.

Portland Markets.

Portland, Or., March 30.--Wheat-Club, \$1.24; Bluestem \$1.25. Oats--No. 1 white feed \$31. Barley--Feed, \$24.00. Hogs--Best live \$7.45. Prime steers \$7.25@8.50; fancy cows \$6.25; best calves \$8@8.25. Spring lambs \$12.50. Butter--City creamery 29 1/2c. Eggs--Selected local extras 19c. Hens-16 1/2c; broilers 25c; geese 30c.

HAYESVILLE NEWS

Hayesville, Or., March 30.--(Capital Journal Special Service)--The annual business meeting of the Hayesville Baptist church was held Thursday evening. Nominations were made by informal ballot and but few changes occurred in choice of officers. Sunday school adjourned Sunday on account of the Sunday School convention at Chemawa. One hundred and three members of our school were present there. In the evening the ordinance of baptism was administered to thirteen candidates at the First Baptist church of Salem. A number of others will come into the church soon. Easter exercises will be held next Sunday immediately after the Sunday school session. Rev. Lawrence will occupy the pulpit again the second Sunday in April. Misses Lottie McAfee and Martha Denny spent the week end at home. Mr. Simmons of Minneapolis gave an eloquent sermon at the school house Friday evening. A good crowd was out to hear him and all enjoyed his sermons. Mrs. Ringo of Pioneer is visiting at the home of her sister, Mrs. Ritchey. Some bold thief pried open the window and entered the home of E. A. Zimmerman Friday afternoon while Mr. and Mrs. Zimmerman were in Salem, and leaving an old coat in its place, helped himself to Mr. Zimmerman's good suit. No show to the theft has yet been found. Mrs. Banks of Portland, a returned missionary, gave two very interesting addresses about her work in Africa, at the Hayesville church last Wednesday. One was given to the ladies in the afternoon and one to the public in the evening. Hayesville is a most beautiful locality these days with its various orchards in blossom interspersed with the soft greens of fields and groves. A prettier place would be hard to find.

Portland and Los Angeles this week. Hal Townsend, who belonged to the Northwestern League, which he has for the past few seasons, seems to have appointed him to fill the vacant position. "I consider Tomman a very capable umpire," said Baum today, after announcing Tomman's temporary appointment. "and would surely have offered him a berth." Who will be the sixth umpire when Tomman reports to the Northwestern League is problematical. Two may play at the game of Jova, but three spell it.

WHAT WOULD YOU NEED? HERB BUSTUM, THE BAGGAGEMAN, SAYS ANY STATION AGENT WITH A FREE PASS AND THE RIGHT TO CHARGE EXCESS BAGGAGE OUGHT TO BE HAPPY. I TOLD HIM TO BE HOPPING HAPPY I ONLY NEED AN

CANTINE IS ELECTED BOWLBY'S SUCCESSOR

Bowlby Is Reprimanded For Giving Out Highway Apportionments In Advance

As forecasted in The Capital Journal of yesterday the state highway commission yesterday afternoon elected E. L. Cantine, of Portland, state highway engineer to succeed Major Bowlby. Mr. Cantine was placed in nomination by Governor Withycombe and State Treasurer Kay voted with the governor for his election, Secretary of State Olcott voting no. The newly elected engineer will assume his duties as soon as practicable for him to do so and will have charge of all plans and specifications for new construction work in contemplation by the commission for the future. A resolution was unanimously adopted whereby the terms of which Major Bowlby will be retained under salary by the state to finish up the Columbia highway work now in progress in Hood River county and act in behalf of Columbia and Jackson counties in the adjustment of all differences between the counties and the contractors arising out of the claims of the contractors for an excess in the cost of road reconstruction in those counties over the state engineer's estimates. This latter action was taken by the commission for the reason that it was not deemed fair or just to the incoming highway engineer to inherit and assume the responsibilities created by his predecessor and because of the fact that Major Bowlby is familiar with all of the facts and details connected with the original estimates and the contractors claims he would be in better position to arbitrate the differences and protect the counties in the event of threatened lawsuits. Hope was also expressed that the newly elected engineer would get the new work in prospect under way at the earliest possible date in order that construction work may be begun and finished under favorable weather conditions. Before the meeting adjourned Governor Withycombe called attention to the recent alleged act of Highway Engineer Bowlby in making public certain estimates of the highway commission in the allotment of the 1915 highway funds before final action was taken upon it by the commission or its publication authorized in which connection the governor characterized the action of Engineer Bowlby as wholly unwarranted and unethical. He charged the making of the supposed estimates public as an act of insubordination which he would not excuse in any subordinate officer and declared that, if for no other reason, he would be in favor of discharging any state officer for such an offense. Treasurer Kay and Secretary Olcott agreed with the governor in this respect and Major Bowlby was openly censured for making the matter public prematurely and without authority from his superiors. The commission also selected three prominent citizens and good roads enthusiasts from different sections of the state to act as an advisory committee to the state highway commission whose duties will consist of relieving the commission whose duties will consist of relieving the commission of the greater burden of the details of state highway reconstruction, pending within the jurisdiction of the commission. This advisory committee is composed of S. Benson, of Portland; J. H. Albert, of Salem, and Leslie Butler, of Hood River, and their duties began immediately. J. B. Yeon was tendered a berth upon this committee but he declined the honor but agreed to work in support and harmony with the committee and commission at any time his services or advice was deemed necessary.

Court House News

The suit of P. W. Bowertman and others against the Falls City Lumber Co. was heard in Judge Galloway's department of the circuit court yesterday. The plaintiff alleges that as a subcontractor working on a contract secured by John Almeter he gave the lumber company an order on Mr. Almeter for \$655. He further alleges that the lumber company reported to him that Mr. Almeter refused to honor the order and that he and his wife gave the lumber company a mortgage on certain real estate to secure the bill. He claims that the lumber company falsely reported the case and that Mr. Almeter stood ready to pay the bill, and as a result asks that the mortgage be annulled. Alleging that his wife used profane language "of which she possessed a most picturesque and varied vocabulary," A. V. Wood has filed a suit in the office of the county clerk. The couple were married in Nebraska in April 1912 and the plaintiff alleges that his wife continually abused him because he was unable to accumulate property, saying that she thought she married a man worth some money. Her nagging became cruel and inhuman treatment according to his allegations and he asks for a decree of absolute divorce. The store of Bohand & Reeves, in Jefferson, was robbed last night of some jewelry, shoes, clothing, cigars and tobacco and some fountain pens. The thieves evidently only cared for such loot as they were able to conceal easily and to dispose of in some other town. The information was sent in to the sheriff's office this morning as well as the robbery was discovered when the proprietors opened up their store this morning. There is no clue to the robbers. Judge Galloway today granted a writ of habeas corpus upon the application of W. T. Gardner who is at present inmate in the Oregon state hospital for the insane. The petition alleges that Gardner is wrongfully deprived of his liberty by Dr. K. E. L. Steiner and he is ordered to produce the man in court at a date to be set later. Delbert Stone who was found guilty of "disorderly contempt" and insolent behavior" in the court of Justice A. F. Hawkins, of the Horeb district, was fined \$25 according to the report of the case filed at the office of County Clerk Max Gehlar today. The case was tried March 23 and the trouble arose during the trial of Neil Stone and H. McCoy who were being tried on a charge of disorderly conduct. A suit was filed today in the circuit court by Tillman Dearing against Ladd & Huxh in which the plaintiff is endeavoring to quiet title to lots 10, 11, 12, 13, and 14 in block 6 Brooklyn addition to the city of Salem. The defendant is cited to appear in court and show what interest is held in the property. Seattle may have strike. Seattle, Wash., March 30.--Upon the temper of a mass meeting in the lobby temple tonight will depend whether organized labor is to declare a street car strike in Seattle, tying up the system of the Puget Sound Traction, Light and Power company, a trolly and Webster corporation. The meeting tonight is called to protest against the dismissal of a number of employees suspected by the Stone and Webster officials of union affiliation.

DISTRICT 20 HAULS GRAVEL AT LOW PRICES

Supervisor Kaplinger Makes Favorable Contract With Salem Teamsters

According to the reports of road supervisors of this county which have reached the office of County Clerk Max Gehlar, W. F. Kaplinger of District No. 20 just south of Salem, has placed gravel on the roads at the lowest price. Mr. Kaplinger pays 85 cents per cubic yard for gravel hauled five miles and \$1.00 for gravel hauled six miles. The gravel is loaded at the haulers in this city and there is no charge for loading, the 85 cents for the five mile haul is the total price for placing the gravel on the roads exclusive of the first cost of the gravel. It is hauled on a contract by city teamsters who have two yard gravel beds and who make \$5.00 per day for wages. None of the residents of the district are hauling as they were unable to compete with the city teamsters at these prices. Five years ago this same district paid 70c for a five mile haul for the hauling alone. At that time also gravel cost 85 cents per yard with an extra charge of 15 cents per yard for loading. Gravel at the haulers now costs the district 40 cents per yard. At the rate now being paid by Mr. Kaplinger, the gravel road is costing the district about \$800 per mile. Most of the Marion county roads are gravel roads but in no other district is gravel hauled the same distance at such a low cost.

CITY HALL NEWS

Salem was hit by an invasion of beggars yesterday and five were collected by the police and brought to the station to tell their troubles to Judge Elgin this morning. Harry Warner, who was captured in the outskirts of town, got five days; Jim Lane, Tom Boka, August Oswald and John Flug appeared this morning to answer to the charge of living without any visible means of support, and each was sentenced to five days of hard labor. John Powers and Arthur Shelly were two men brought to the police station this morning on the charge that they were attempting to sell stamps at less than their face value. Each of them had three stamp books which they were attempting to sell at about half-price, according to the information placed in at the police station. They told conflicting stories and were held by the police pending further investigation. MOVIE RULE COUNTRY. Seattle, Wash., March 30.--"You men who run the moving picture machines may not realize it, but it is your business that is revolutionizing our government. It is your business that voted the state of Washington dry at the last election," declared Mayor H. C. Gill at a shaker given by the Moving Picture Operators of Seattle last night. "Every screen in the land is giving the bad side of the liquor traffic publicity," said Gill. "The films voted this state dry last fall. They have voted other states dry and ultimately they will vote the nation dry. The films are working other great reforms. They will give the women the ballot for one thing."
